

23-00 CONFLICT OF INTEREST—POLICY

Members of the District Governing Board are subject to the requirements established by the Arizona Legislation for addressing conflicts of interest, including the provisions of Article 8 of Chapter 3 of Title 38 of the Arizona Revised Statutes. Those requirements include, but are not limited to, refraining from voting on or participating in any manner in any contract, rule or procedure in which the member (or his or her relative) has a substantial interest, refraining from disclosing or using confidential information for personal gain and refraining from receiving any compensation (other than compensation provided for by law) for services rendered in any matter before the Board.

If a DGB member has a conflict, they may request a conflict of interest form from the Office of the President to comply with A.R.S. §38-503(B), which provides that any officer who has a substantial interest in a decision of the District “shall make known such interest in the official records” of the District and refrain from participating in any manner in the decision.
