Empowering Our Local Communities

"People Helping People" is a philosophy and founding principle of the credit union movement. Last year, with fewer than 200 total employees, Arizona Central participated in 70+ community engagement activities and donated over 2,000 hours of service. These events helped us raise over \$100,000 for local organizations who make a difference in people's lives every day — such as Cancer Support Community Arizona, Ryan House, Phoenix Children's Hospital, and the Tucson Medical Center.
