

122-07 ENERGY CONSERVATION—PROCEDURE

1. PURPOSE

The purpose of this procedure is to outline steps to manage and reduce energy consumption on campus in a manner that is consistent with the College's mission and goals.

2. PROCEDURE

1. The Facilities Department is responsible to establish, implement and maintain this procedure and related procedural guidelines.
2. The Facilities Department is also responsible to ensure every effort to reduce energy consumption on campus is made, whenever possible, through the support and everyday efforts of faculty, staff, students and college visitors.
3. The campus community shall acknowledge the importance of energy conservation on campus by following the guidelines outlined in the procedural guidelines.
