EQUAL OPPORTUNITY/NONDISCRIMINATION STATEMENT

Coconino Community College is committed to the policy of equal opportunity in employment and education regardless of race, color, religion, creed, age, gender, national origin, physical and mental disability or veteran status in accordance with applicable federal and state statues and regulations. Coconino Community College is an Equal Opportunity/Affirmative Action Institution.

Coconino Community College District, in compliance with Title VI and VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, the Americans with Disabilities Act and Sections 503 and 504 of the Rehabilitation Act of 1973, A.R.S. 41-1463 et. seq., the Age Discrimination in Employment Act of 1967 and A.R.S. 41-1463 - 41-1465, and section 402 of the Vietnam Era Veteran’s Readjustment Act of 1974 does not discriminate against any employee or student or employee or student. This policy covers admission, access, and service in college programs and activities, and application and treatment in college employment.

Inquiries regarding equal opportunity policies, the filing of grievances, or requests for a copy of procedures covering discrimination complaints may be directed to the Director of Human Resources and Public Relations.

This material may be made available in an alternative format by contacting the Disability Resource Services Office at 800-350-7122, in Arizona, or (520) 527-1222, ext. 243.

This catalog was prepared on the basis of the best information available at the time. All information is subject to change without notice, obligation, or liability.

Catalog replacement cost is $3.00

Welcome to Coconino Community College
Congratulations on your interest in Coconino Community College. I am pleased you are interested in this fine institution. Should you become a student here, you will find CCC is a stimulating learning environment where many people are very eager to help you reach your educational and career goals.

Coconino Community College is accredited by the North Central Association which is a regional organization for accrediting colleges and schools. This means that most college level courses in which you may enroll are transferable to 4-year institutions. Through transfer agreements and the use of our course equivalency guide, you can transfer easily to Arizona universities. We find our students who transfer perform as well or better than students who began their studies at a 4-year institution.

At Coconino Community College our primary goal is quality education. Here students are the number one priority. I am proud of our excellent faculty and staff who are deeply committed to serving students. We provide high-quality associate degree programs which make up the first 2 years of a baccalaureate program. We also provide vocational, technical and basic skill courses and programs through which you may acquire or update your skills necessary for successful employment and advancement in the work force. Coconino Community College is becoming well known as a primary learning institution.

I believe you have made an excellent decision to join nearly 4,000 fine students at this College. Accept my warmest welcome and most sincere wishes for an excellent and rewarding academic year.

Sincerely,

V. Philip Tullar, Ph.D.
President

Coconino County
Representative State
Board of Directors
for Community
Colleges of Arizona
The mission of Coconino Community College is to promote student success through comprehensive learning opportunities for its community.

Coconino Community College is a multi-campus public institution of higher education serving primarily the residents of Coconino County. College faculty and staff aspire to challenge students academically, encourage pride in self and heritage, and promote an appreciation for other cultures. The College is dedicated to the ideals of life-long learning by addressing the whole person through its commitment to those who seek to improve their skills, enrich their lives, and enhance their futures. The faculty and staff strive to advance the democratic ideals of equal opportunity for success, individual worth, and informed responsible citizenship.

The College is fiscally accountable for its educational programs and support services. As a degree-granting institution, the College assesses its programs, services, and student academic achievement for the purpose of continuous improvement and to guide strategic planning and decision-making. To accomplish its mission, the College provides access to educational opportunities for a diverse student population. The College promotes cultural, intellectual, physical and social development, technical competence, and serves as a resource for community development. As a member of the Arizona State Community College System, Coconino Community College accepts the mandate to offer the following:

- Transfer education
- Occupational education
- General education
- Continuing education
- Developmental education
- Student services
- Cultural and community service
STRATEGIC GOALS

In order to carry out our mission, Coconino Community College has developed the following strategic goals:

- Promote student success and satisfaction through support services, attention to “at risk” students, and innovative instruction and delivery.
- Provide an environment of excellence in which individual worth and diversity are valued through recruitment, retention, team building, instruction, and organizational culture.
- Prepare students for work in a technological world economy.
- Offer transfer and general education which provides basic skills and emphasizes communication, critical thinking, and logical reasoning, enabling students to contribute as responsible members of society.
- Foster partnerships with business, industry, educational institutions, and other community organizations for mutual benefit.
- Provide community service, continuing education, and cultural activities.
- Strengthen the fiscal base of the College to better meet student needs.
- Pursue opportunities to develop cost-effective and environmentally-sound facilities.

ASSESSMENT AND INSTITUTIONAL EFFECTIVENESS

Coconino Community College is committed to its mission to promote student success through comprehensive learning opportunities. Assessment is the ongoing process of analyzing and evaluating CCC’s functions and activities. Information gathered enables the College to understand its effectiveness and improve its educational offerings and services.

Assessment and institutional effectiveness activities at CCC emphasize feedback on teaching and learning. The information is used to plan and improve instruction, support services, administrative functions, and cultural and community support.

Students and community members at large are asked to participate in assessment activities which may include, but are not limited to, examination, performance assessments, surveys, focus groups, interviews, and follow-up studies. Participation in these activities is appreciated and valued by members of the College community.
The Coconino County Community College Foundation, Inc. was founded in 1993 under Arizona law as a non-profit corporation. It is fiscally and organizationally separate from the College with its own Board of Directors. Its purpose is to receive private gifts, bequests, and donations; to account for, manage, and help appreciate monies or property submitted to the Foundation; and to help the College with projects and opportunities which may not be funded by public funds.

Funds for the Foundation are distributed to benefit and advance Coconino Community College and for the encouragement and subsidization of the students and faculty of CCC.

The Foundation Board of Directors is composed of selected residents of Coconino County who represent positive leadership and community influence and have expressed an interest and desire to use their influence on behalf of the College through the Foundation.

The Foundation is prepared to support programs and activities of the College which promote the objectives of the institution. Foundation activities and support include, but are not limited to, financial aid for students, recognition of outstanding scholarship or leadership, recognition for cost savings suggestions, development of special facilities, awards for special achievement, management and investment of funds, support of the College library, procurement of special equipment, planning for special College activities and programs, and development of area-wide interest in support of the College.

Gifts to the Foundation may be made in several ways and may usually be arranged to simultaneously achieve maximum tax benefits for the donor and provide generous support for education.

Contributions may be made by gifts of cash, real or personal property, securities, provision of a will, gifts of insurance policies, or the establishment of trusts. Gifts may be awarded for specific purposes or given without restrictions.

The Coconino County Community College Foundation, Inc. supports quality education through excellence, achievement and commitment.
ACCREDITATION AND AFFILIATION

Coconino Community College is accredited by the Commission on Institutions of Higher Education of the North Central Association of Colleges and Schools. Coconino Community College is a member of the following organizations:

SMALL BUSINESS DEVELOPMENT CENTER (SBDC)

HELPING COCONINO COUNTY BUSINESSES MAXIMIZE THEIR SUCCESSES

Has this ever crossed your mind, "What a great idea for a new business! I wonder how to get started."
Or, maybe you already run your own business. "Seems like I'm doing OK but I wonder how I can be more profitable. How can I get more customers?"
If you are an entrepreneur or considering self-employment, these and similar questions can be answered by the staff of CCC's Small Business Development Center. The SBDC is a partnership between CCC and the US Small Business Administration (SBA). SBDCs were established by Congress in 1980 and are currently located in over 900 community colleges and universities nationwide. The CCC SBDC provides direct counseling, targeted training, and innovative information resources to the Coconino County business community. No-cost, confidential counseling services focus on a variety of business management issues, including business planning, financial management/analysis, marketing strategies, international trade, and funding sources. Perhaps the best counseling service the SBDC offers is an objective third party perspective to help clients identify and solve problems, as well as determine realistic priorities and goals. In 1997, the SBDC provided professional guidance and advice to over 300 clients countywide.

In cooperation with the CCC Division of Occupational/Technical Education, the SBDC offers an array of business development courses and seminars. Participants are able to earn college credit for some of the courses. Topics include:
- Minding Your Own Business (a 3-hour business start-up workshop)
- QuickBooks in Your Business
- Understanding Financial Statements
- The Nuts and Bolts of Marketing
- Where's the Money? Meet the Lenders! (co-sponsored by the Greater Flagstaff Economic Council and the Flagstaff Chamber of Commerce)
- The Anatomy of a Business Plan

The SBDC maintains a comprehensive information resource library of publications, videotapes, audiotapes, CD-ROMs, and software. Most of the non-computer resources are reprinted or loaned to clients at no cost. For clients who are exploring the business opportunities of the Internet, the staff also provides "test drives" on the Information Superhighway.

The SBDC is located at the end of CCC's Flagstaff facility. Feel free to stop by anytime or call 520-526-5072 (Flagstaff and Williams) or 800 350-7122 extension 244 (elsewhere in Coconino County).

SBDC SUCCESS STORIES

Sled Dog Inn

"From the beginning, the SBDC was our sounding board and reality check. The counselors helped us determine if our idea was realistic. Since we needed additional financing, they reviewed our loan proposal, and helped us find a bank we could work with. As we got closer to our opening date, the SBDC staff gave us insights to improve our marketing strategies."

Jaime Ballesteros and Wendy White, Owners, Sled Dog Inn

Mogollon Brewing Company

"We couldn't have prepared the business plan without the SBDC. The services have been invaluable to us, since we don't have a business background."

Noah Davison, Co-owner, Mogollon Brewing Company
CREDIT FREE COURSES/CONTINUING EDUCATION PROGRAMS

Short term courses and workshops are offered throughout the year designed to meet the learning needs of a wide variety of students. Students are not required to meet the same criteria that are expected of the regular credit courses to enroll in these programs. Registration is a simplified process, and the programs do not offer college level credit. For additional information about these programs call the Continuing Education Office at the Flagstaff Campus or the Administrative Center at the Page Campus.

WORKFORCE TRAINING PROGRAMS

The College provides customized courses and workshops which are devoted to meet the workforce development needs of individual firms or industry clusters. These courses are offered at the College or at the employers' place of business. Courses are delivered using traditional and non-traditional computer-based instructional methods.

The computer-assisted courses use PLATO as an instructional tool. The PLATO Learning System is computer managed instructional courseware that provides learners with knowledge that spans a wide range of subject areas. Each course is targeted to specific competencies and skill levels. Subjects and topics include many of the necessary basic skills: communications (reading, writing, and presentations), mathematics, science (biology, chemistry, and physics), social and behavioral sciences (economics, geography, history, political science). In addition, PLATO provides instruction in life skills (job and parenting skills), technical skills (blueprint reading, industrial electronics, hydraulic and pneumatic power fundamentals), and health, safety and environmental training. Moreover, PLATO contains courses that are specifically designed to enhance workplace performance: quality fundamentals, writing in the workplace, and data management skills.

The success of PLATO implementation at W.L. Gore in Flagstaff is expressed by Cathy Ensign, Human Resources Associate, "The program has helped our associates refresh their skills and learn new ones, along with increasing their confidence in the workplace."

The keys to PLATO's success are its flexibility, cost-effectiveness, adaptability to individual learning needs, and its comprehensive course content.

For additional information about these workforce training programs, call the Continuing Education Office at the Flagstaff Campus or the Administrative Center at the Page Campus.
Are you a recent high school graduate from one of the following high schools?

- Flagstaff High School
- Coconino High School
- Sinagua High School
- Page High School
- Tuba City High School
- Greyhills Academy High School
- Grand Canyon High School
- Williams High School

Did you complete a vocational program while in high school?

If so, you may have already earned CCC credit for the vocational program you completed in high school.

Before you sign up for a vocational course at CCC, check with Vocational Counseling Services. You may not need to repeat what you have already taken in high school.

For more information, contact the Tech Prep Coordinator.
GETTING STARTED

OVERVIEW

1. Apply for admission (new students only).
   a. Complete, sign, and return to Admissions and Records:
      - Application for Admission
      - Domicile Affidavit.
   b. Go to Admissions and Records and pick up:
      - a current Schedule of Classes
      - a current Coconino Community College catalog
   c. Attend New Student Orientation. New Student Orientation is designed to introduce you to various services offered by CCC, including advising, financial aid, employment and other types of support services. Check the Schedule of Classes for dates and times.

2. Apply for Financial Aid with the Financial Aid Services, if necessary.

3. Take English/Mathematics and/or Spanish placements tests. Keep your score sheet.

4. Meet with an advisor. The advising schedule is published in the current Schedule of Classes. Registration advising will:
   a. help you choose the correct classes for your program of study.
   b. help you fill out the application for admissions, domicile affidavit, and registration form, if necessary.
   c. check for class availability and prerequisites.

5. Turn your registration form and $5.00 registration fee to Admissions and Records. Pay tuition and fees to the Cashier.

APPLYING FOR ADMISSIONS

Coconino Community College is open to any person for either regular or special admission if that person satisfies one of the following criteria established by the State Board of Directors for the Community Colleges of Arizona (R7-1-20).

Admission Level Codes

Use the following Admission Level codes to select the one Admission Level which best describes you this semester.

<table>
<thead>
<tr>
<th>RE (Regular Student)</th>
<th>Required Documents</th>
</tr>
</thead>
<tbody>
<tr>
<td>High School graduate</td>
<td>Diploma or Transcripts</td>
</tr>
<tr>
<td>GED Completer</td>
<td>Certificate or GED Scores</td>
</tr>
<tr>
<td>Transfer Student</td>
<td>Transcripts</td>
</tr>
<tr>
<td>Mature Student</td>
<td>(over 18 years of age)</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>SP (Special Student)</th>
<th>Required Documents</th>
</tr>
</thead>
<tbody>
<tr>
<td>Still in high school</td>
<td>Transcripts, &amp; Special High School Enrollment Form</td>
</tr>
</tbody>
</table>

1. Applicants with status of SP are limited to 6-8 credit hours or 3 classes for the Fall or Spring semesters, 3-6 credit hours or 1 class for the Summer session. Advisor approval is required.

Application for Admission

Students need only complete 1 application for admission once prior to their first semester of enrollment. A student wishing to change admission status or major should complete a Change of Admission Level/Program Major/Educational Goal form at Admissions and Records.

Residency

CCC determines a student’s residency status for tuition purposes based upon information supplied on College applications, affidavits, and additional information provided by the student. CCC notifies a student of his/her residency status upon admission. You are a resident of the state of Arizona if you have lived in Arizona for at least 12 consecutive months immediately preceding admission to the College. Questions regarding residency status should be directed to Admissions and Records.

APPLYING FOR FINANCIAL AID

Coconino Community College offers a variety of financial aid to full- and part-time students. The types of financial aid available are Federal Pell Grant, Federal Supplemental Educational Opportunity Grant (FSEOG), Federal Work Study Programs (FWS), State Student Incentive Grant (SSIG), campus
employment, and scholarships. The College uses the Free Application for Federal Student Aid (FAFSA) as its application for all federal financial aid programs. A separate application is required for scholarships. CCC is also approved to train students under government educational programs for veterans and eligible dependents of deceased or disabled veterans. Complete information concerning these programs and necessary applications are available through Financial Aid Services.

Note - CCC does not participate in any of the federal loan programs.

To be eligible for consideration for Federal Financial Aid you must comply with the following:
1. Be admitted to CCC as a
   - High School graduate (a copy of your diploma or transcripts must be on file with Admissions and Records at CCC) or
   - G.E.D. Completer (a copy of your G.E.D. Certificate must be on file with Admissions and Records at CCC) or
   - Transfer (official academic transcripts from all previous schools must be on file with Admissions and Records at CCC).
   Indicate that your reason for attending CCC is to receive a degree or certificate.
2. Declare a major.

To process your application electronically, you must:
1. Make an appointment with Financial Aid Services.
2. Bring the following documents with you to your appointment:
   - signed, completed 1998-99 Free Application for Federal Student Aid (FAFSA);
   - signed, completed copy of student's (& spouse's) 1997 federal income tax return;
   - if you are a dependent, a signed, completed copy of parent's 1997 federal income tax return;
   - copy of 1997 W-2(s) if not required to file a 1997 federal income tax return;
   - copy of all 1997 end of year benefit statement(s) for all untaxed income (AFDC, Social Security Benefits);
   - copy of marriage certificate, dependent's birth certificate (if applicable to prove independency);
   - copy of legal separation, divorce decree, child support (if applicable);
   - signed, completed 1998-99 Postsecondary History Form;
   - signed, completed 1998-99 Verification Worksheet (if dependent, at least 1 parent must sign the form).

Tips for Completing the 1998-99 FAFSA
- Read all information so you know what is required of you.
- Make copies of all documents before submitting them to Financial Aid Services. Copies will not be made in the office.

Taking Placement Tests
All students must take English and/or mathematics placement tests in order to enroll in any mathematics or English course except MAT 055 and ENG 060. This includes:
- Students who completed prerequisite classes or tests more than 5 years ago.
- Students co-enrolled at Northern Arizona University.

Exceptions
- Transfer students who can demonstrate to an advisor course prerequisites or requirements
- Students who provide proof of the following minimum ACT or SAT scores:

<table>
<thead>
<tr>
<th>Mathematics Test</th>
<th>Scores</th>
<th>Appropriate Course</th>
</tr>
</thead>
<tbody>
<tr>
<td>ACT</td>
<td>17-21</td>
<td>MAT 121</td>
</tr>
<tr>
<td></td>
<td>22-27</td>
<td>MAT 151 and above</td>
</tr>
<tr>
<td>SAT</td>
<td>350-520</td>
<td>MAT 121</td>
</tr>
<tr>
<td></td>
<td>530-670</td>
<td>MAT 151 and above</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>English Test</th>
<th>Scores</th>

</tr>
</thead>
<tbody>
<tr>
<td>ACT</td>
<td>20+</td>
<td>ENG 101 &amp; exempt from reading</td>
</tr>
<tr>
<td>SAT</td>
<td>420+</td>
<td>ENG 101 &amp; exempt from reading</td>
</tr>
</tbody>
</table>
Proficiency Tests

Business English
All students who wish to enroll in the BUS 204 (Business Communications) course must have completed ENG 101 (College Composition I) and either BUS 111 (Business English) or appropriate placement on the Business English Proficiency Test. This proficiency test is an option for students who do not wish to take BUS 111.

EMS
The Department of Health Services requires the following prior to registration for EMS-131:
1. Be 18 years of age or older (picture ID required).
2. Health Care Provider CPR.
3. Current on immunizations MMR.
4. Reading Placement Test (proof of admission is required before taking the test.)

Spanish
All students who wish to enroll in a second semester Spanish course or above and cannot provide proof of having satisfied the prerequisite within the last 5 years must take the Spanish Proficiency Test.

Advising
Students are encouraged to meet with an advisor early and often. The advising staff is trained to assist students with educational planning, transferability and requirements or individual concerns.

There are 2 types of advising:
1. Registration Advising
   Takes place during specifically noted times during registration and is only for students to obtain assistance in choosing courses for the current semester. It should not, and cannot, take the place of educational planning.

2. Program Advising
   Takes place by appointment only and is to assist the student in developing and following an educational program (degree, certificate, transfer).

Bring to advising:
- All previous transcripts from other colleges
- CCC placement test scores, SAT or ACT scores if using in lieu of placement test
- A basic schedule already planned out.

Be prepared to discuss:
- Your educational goals
- What courses you may need to accomplish your goals
- What constraints you have on your time, money and energy.

Registering for Classes
Students will be registered on a first-come, first-served basis. New students must complete and submit to Admissions and Records:
1. Application for Admission
2. Domicile Affidavit

All students must:
1. Complete the CCC Registration Form
2. Get advisor’s approval or attach proof of meeting the prerequisite. Proof consists of:
   - Copy of transcript, or
   - Copy grade report, or
   - Copy of placement test results, or
   - Instructor’s approval (signed by signature on registration card) if consent of instructor (C.O.L) is an option.
3. Pay the $5.00 registration fee for each semester.

Tuition
Tuition costs are summarized in the tuition table below. Tuition does not include additional charges for class fees, books or supplies. Class fee information is included in the Schedule of Classes published each semester and summer session. To retain pre-registered classes, tuition payment must be received by CCC (or financial aid arrangements completed) by the date listed in the applicable Schedule of Classes or the student will be dropped from all classes. To register for classes at any other registration process after the date listed in the Schedule of Classes, payment or financial aid arrangements must be made at the time of registration.
**Class Fees**

Certain classes have fees in addition to tuition. Refer to the current Schedule of Classes.

**Returned Checks & Payment**

Any check returned by the bank will result in the assessment of a $20.00 processing fee to the individual making payment. A student who pays for registration or any other College obligation with an insufficient funds check may be subject to legal action and/or the cancellation of registration. Paying for the use of the other College services by personal checks may be disallowed for any individual who has a check returned by the bank. The College reserves the right to refuse credit cards or checks for any transaction.
Student & Support Services
STUDENT & SUPPORT SERVICES

NEW STUDENT ORIENTATION

New Student Orientation is designed to introduce students and prospective students to CCC and to provide information relating to the following:

- Admissions
- Advisement
- Community Service Program
- Disability Resources for Students
- Financial Aid/Scholarships
- Learning Enhancement Center
- Library Services/Information Resource Services
- Proficiency Exams
- Registration
- SelfPRIDE Program (Single Parent/Displaced Homemaker Services)
- Student Employment
- Veterans’ Services
- Vocational Counseling

Check the current Schedule of Classes for dates and times.

STUDENT ID CARDS

The Cashier will issue a student ID card when tuition is paid in full. Unauthorized use of the student ID card is subject to disciplinary action. See Student Code of Conduct for more information.

SCHEDULE OF CLASSES

Each semester and summer session a Schedule of Classes is published, listing course dates, times, tuition fees, and locations, an academic calendar, and detailed admissions and registration procedures. You can also find the current Schedule of Classes published on CCC’s web site at www.coco.cc.az.us.

BOOKSTORE/TEXTBOOKS

A bookstore is available at the Flagstaff Campus for the purchase of textbooks and supplies. The Page Campus does not have a bookstore. Textbook sales are conducted on-site at the Page Campus prior to each semester and the first summer session. Dates for textbook sales in Page are listed in the Schedule of Classes. Textbooks may also be ordered by phone through the College Store. The bookstore numbers can be found in the Phone Listing.

COMPUTER LABS

Computer lab facilities are available to CCC students in both Flagstaff and Page. At least 1 Lab Aide is on duty at all times to assist students with computer related problems.

The software available for student use includes AutoCAD, Microsoft Access, Microsoft Excel, Microsoft PowerPoint, Microsoft Word, Microsoft Works, Netscape, PageMaker, Peachtree Accounting, Visual Basic, WordPerfect and more. CCC offers credit classes for most software programs and the Small Business Development Center (SBDC) offers one- and two-day non-credit workshops.

The Internet also plays a large role in classes taught at CCC. Many of our instructors require students to use e-mail for class work. All students have free access to e-mail and the Internet in the Open Computer Labs. Students may use the Open Computer Lab for Internet-based classes offered by CCC. We also encourage students to use the Lab for Arizona Learning System (ALS) online courses provided by colleges throughout the state.

CCC is dedicated to offering its students the best possible computer technology.

SUPPORT FOR VOCATIONAL STUDENTS

Students who are enrolled in any occupational or vocational program and are not planning to transfer to a university are encouraged to contact Vocational Counseling Services. A vocational counselor provides academic advising, career exploration, education and career planning, and general support. For further information, contact Vocational Counseling Services.

STUDENT EMPLOYMENT SERVICES (SES)

Student Employment Services provides employment services for all CCC students. Employers from the business community in Flagstaff, Page, and surrounding areas list full and part-time job vacancies with SES. Job descriptions and referrals are available to CCC students registered with SES. Workshops are
available, covering such topics as Resume Writing, Interviewing Skills, and Job Search Strategies. For further information, contact the Student Employment Services in Flagstaff or Student Development Services in Page.

**LEARNING ENHANCEMENT CENTER (LEC)**

As a CCC student, you can get help for your classes at the LEC. For example, learning assistants are available to help with mathematics, science, communication skills, and modern languages. Unlike tutoring, our purpose is to help you *learn how to learn.*

Our staff will guide and challenge you as you learn to do the work for your classes. We will also help you use the books and computers in the LEC. We want you to learn when and how to use these resources on your own. We also want you to learn to work with other students to solve problems and study class materials. We can help your study group learn to work together effectively. Learning assistants will help you with the things you have already heard about from your instructors. We complement your instructor’s teaching. Come see us in the LEC. We are here to help you.

**LIBRARY SERVICES**

Information Resource Services, located in the Learning Enhancement Center at the Flagstaff Campus and the Page Campus, offer students a mix of electronic databases and print materials. The databases include electronic access to full-text journal articles, Internet (through which library holdings of Northern Arizona University can be viewed), and a literary database offering full-text to over 500 biographies of famous authors. Print references are available for most subjects. Faculty may place personal holdings on reserve for student use. Through an agreement with NAU, CCC students enjoy full access to NAU’s library services including borrowing privileges and interlibrary loan. Students at the Page Campus are eligible for a Page Public Library card.

**DISABILITY RESOURCES FOR STUDENTS**

The purpose of this service is to provide qualified students with disabilities with reasonable accommodations needed to participate in classes. Students who feel they need assistance should contact the coordinator for Disability Resource Services.

Because of the time required to obtain proof of disability and to set up the needed accommodations, students are encouraged to make their request 8 weeks in advance. If less notice is given, services may be delayed or unavailable. A Text Telephone (TTY/TDD) is available at the main receptionist desk at the Flagstaff Campus.

**SELFPRIDE PROGRAM – SINGLE PARENT/DISPLACED HOMEMAKER SERVICES**

The SelfPRIDE Program provides educational counseling and financial assistance to eligible single parents, homemakers, and displaced homemakers. Services include CCC classroom instruction, advisement, and campus and community service referrals. For more information on or to receive a SelfPRIDE Information Packet, contact the SelfPRIDE coordinator.

**CAREER DEVELOPMENT & EXPLORATION**

Services available to CCC students include self-assessment tools, career counseling, personal and career goal-setting strategies, presentations/workshops on deciding on a major, and career development. A computerized career exploration program and other resources on careers are available for student use at the Learning Enhancement Centers. Students in vocational programs may obtain these services through Vocational Counseling Services. Other students may obtain these services from the Educational Opportunity Center (EOC).

**EDUCATIONAL OPPORTUNITY CENTERS (EOC)**

The Educational Opportunity Centers provide information and assistance to adults interested in entering or continuing a post-secondary education program. The following services are available:

- Information about colleges, universities and technical education
- Admissions application assistance
- Financial aid application assistance
- Information about scholarship assistance
- Counseling, career exploration and career inventories
• Interest testing and college degree decision making
• GED referral
• Academic/Educational counseling
For further information and assistance, contact an EOC advisor listed in the Phone Listing.

COMMUNITY SERVICE PROGRAM
The Community Service Program has been developed to provide CCC students and community members the opportunity to become more aware of community service needs, share their unique skills with the community, and gain experience that could improve their career options. The program is primarily a volunteer experience, but there is a limited amount of funding from the Title IV Federal Work Study Program for students who qualify for federal assistance. This program is part of the Federal Work Study program administered by Financial Aid Services. For further information, please contact the coordinator for the Community Service Program.

ARIZONA LEARNING SYSTEMS
Arizona Learning Systems (ALS) is a program that provides Arizona citizens with access to high quality, post secondary learning opportunities based on their needs, with respect to content, time, location of learning and pace.

ALS delivers courses via the world wide web. CCC is participating in ALS by offering online courses. The current course offerings are listed on CCC’s website www.ccccd.co.az.us. Students may register for any of these courses at CCC. For additional information please contact Admissions and Records at either campus.

RESERVE OFFICERS TRAINING CORPS (ROTC) – FLAGSTAFF
Through an arrangement with Northern Arizona University in Flagstaff, students at CCC can take freshmen and sophomore year classes in ROTC. Students register for the classes at CCC and take the courses at NAU. The goal of the ROTC classes is to provide a foundation of military knowledge and skills needed by junior officers in the military. Students may take ROTC credit in Air Force Aerospace Studies. For further information, contact Air Force ROTC at 520 523-2060 or the Student Development Coordinator at the Flagstaff Campus.

Purpose
The Department of Aerospace Studies curriculum consists of the general military course and history for freshmen and sophomores (AES 101, 102, 201, 202) and the Professional Officer Course for juniors and seniors (AES 301, 302, 410, 402).

General qualifications
A man or woman entering Air Force Reserve Training Corps (AFROTC) must be the following:
• a citizen of the United States (non-citizens may enroll, but must obtain citizenship before commissioning);
• of sound physical condition; and
• at least 17 years of age for scholarship appointment. Additionally, scholarship recipients must be able to fulfill commissioning requirements by age 25. If designated for flying training, the student must be able to complete all commissioning requirements prior to age 26 and a half; other categories must be able to complete all commissioning requirements before age 30.

STUDENT HOUSING
Coconino Community College is not a residential college and does not provide housing. Students are responsible for making arrangements for housing and should begin looking for accommodations a few months before they plan to begin school. For further information and assistance, contact Admissions and Records or the Student Development Coordinator.

LOST & FOUND
Flagstaff Campus
The Lost and Found is located at the main Reception Desk. Notify the receptionist of articles lost. Articles found should be given to the receptionist or to campus security.

Page Campus
The Lost and Found is located at the Page Campus Administrative Offices. Notify the office staff of articles lost. Articles found should be taken to the office.

Note: CCC is not responsible for lost or found items.
PARKING

Student parking is provided. Student driving behavior should be consistent with laws and regulations established by the state and with those established by the College.

SECURITY

Security on the Flagstaff and Page Campuses and other locations where CCC classes are held is available during regularly scheduled classes and lab hours. Refer to the current Schedule of Classes for a listing of times.

STUDENT ACTIVITIES

STUDENT LEADERSHIP COUNCIL – FLAGSTAFF

The Student Leadership Council is comprised of students enrolled at CCC and is open to all students who meet the criteria established by the Council. The Council typically meets weekly during each semester beginning the second week of classes. The mission of the Council is to collaborate with the College community as an advocate of student rights and needs, instill leadership qualities through a collaborative learning process which emphasizes and enhances individual empowerment, and facilitate coordination between the College and staff in planning and implementing student organization and club activities and events. The goals and objectives are established by the Council membership. The Council’s Faculty Advisor assists the organization in meeting its mission and planning annual goals and objectives. For more information contact the Student Leadership Council Office located in the Student Lounge at the Flagstaff Campus or the Student Development Office.

PHI THETA KAPPA - BETA GAMMA CHI OF COCONINO COMMUNITY COLLEGE

Phi Theta Kappa is an international honor society for community college students to recognize and encourage scholarship by providing the opportunity for the development of leadership and service, an intellectual climate for exchange of ideas and ideals, lively fellowship for scholars, and stimulation of interest in continuing academic excellence.

The requirements for membership are a cumulative 3.5 GPA after completing at least 12 academic credits. To continue membership, a student must maintain a GPA of 3.0 per semester.

Phi Theta Kappa participates with the American Association of Community Colleges and USA Today in the Academic All-USA Team Program, a competition to select the most outstanding students in the nation’s community, technical, and junior colleges. The program is a three-part competition that begins on the campus level. Each president of an AACC member college is invited to nominate 2 students from each accredited campus of that college. The All-Arizona Academic Team is selected from the campus nominees. Nominations are evaluated for academic excellence, campus involvement, and community service, with particular emphasis on the essay. Team members receive recognition, cash awards, and publication of their names in USA Today.

Our 1997-98 All-Arizona Academic Team recipients were Aaron Nelson and Victoria Moreno. Victoria is currently Beta Gamma Chi’s Vice President and Aaron was recently inducted into Phi Theta Kappa in March 1998.

For more information, contact Student Development Services.
The General Education curriculum provides the core of learning in all degree programs and demonstrates the commitment of Coconino Community College to student success. This core of learning includes skills in reading, writing, quantitative and critical thinking which provide a basis for university study or lifelong education. Specific courses emphasize the principles of mathematics, science, or technology; others focus on greater awareness of self, society, and the history and culture of humankind. General Education presents skills and knowledge for students to succeed in academic, career, and life goals.

1 Starting in Spring 1999, CCC will implement the new Arizona General Education Curriculum (AGEC). A catalog supplement will be printed during the Fall 1998 semester. Information concerning AGEC will also be available on the web at www.ccco.cc.az.us. If you are planning to transfer to an Arizona state public university and have completed less than 30 credit hours toward your General Education requirements, you are encouraged to meet with an advisor to discuss the AGEC block transfer program.

*Course meets the CCC graduation reading requirement.

**Course meets the Integrated Writing/Critical Thinking special requirement.

*Course meets the Ethics/Justice Awareness special requirement.

*Course meets the Contemporary Global/Intercultural Awareness or Historical Awareness special requirement.

Minimum credits required for Transfer Degree

---

Note - Check your chosen degree program for specific General Education requirements.
The Transfer General Education Core Curriculum (TGEC) is a block of 41 semester credit hours of lower division, general education coursework. It can be completed by itself or as part of an associate degree at CCC and must include the special requirements listed below. The College certifies completion of the TGEC on the official transcript.

A completed TGEC will transfer as a block to meet the general education requirements at any other public Arizona Community college. Transfer students who wish to earn the associate degree must then meet additional CCC degree requirements.

A completed TGEC will transfer as a block to any of the Arizona public universities and will meet lower division general education requirements. To earn the bachelor’s degree, students transferring the TGEC must still meet course prerequisites, major requirements, and upper division requirements at their chosen university.

Special Requirements

Students planning to transfer a completed TGEC must meet the additional Special Requirements listed below. These requirements may be met within the 41 hours of General Education Core Curriculum by choosing 1 course from each of the following lists.

Note - A course cannot fulfill more than 1 special requirement.

### Intensive Writing/Critical Inquiry

1 Starting in Spring 1999, CCC will implement the new Arizona General Education Curriculum (AGEC). A catalog supplement will be printed during the Fall 1998 semester. Information concerning AGEC will also be available on the web at www.coco.cc.az.us. If you are planning to transfer to an Arizona state public university and have completed less than 30 credit hours toward your General Education requirements, you are encouraged to meet with an advisor to discuss the AGEC block transfer program.
Degrees & Certificates
### Are you planning to transfer to a university?

The Associate of Arts (AA) and Associate of Science (AS) degrees are designed to make the transfer process as painless as possible. Be sure to check the particular degree requirements of the university you plan on attending; they may have special requirements. Your advisor will assist you in planning the best program for you. The following is a list of the AA and AS degrees currently offered at Coconino Community College:

- **Associate of Arts Degree (AA)**
- Business Administration
- Fine Arts - Visual Arts
- General Studies
- Hotel and Restaurant Management
- Pre-Education
- Vocational Technology Education
- **Associate of Science Degree (AS)**
- Administration of Justice
- Pre-Engineering
- Pre-Medical Science
- Pre-Nursing Science
- Pre-Science

### Are you seeking to improve your work skills or options with an associate degree and do not plan to transfer into a 4-year degree program?

See your advisor to plan the program best suited to your needs and interests. The following Associate of Applied Science (AAS) degrees have been designed for you:

- Architectural Design Technology
- Business Technologies
- Computer Software Technology
- Fire Science
- Hotel and Restaurant Management
- Office Information Systems

### Are you seeking to broaden your knowledge but have no university major or vocational goal in mind?

The Associate of General Studies (AGS) degree has been designed for you.

### Are you interested in improving your skills but may not want to get a degree?

Many courses in certificate programs can be applied to degrees. See your advisor for further information. The following is a list of Certificates available through CCC:

- Accounting Technician
- Clerical
- Computer Software
- Construction Technology
- Drafting
  - Architectural CAD Technician
  - Computer Aided Design
- Fire Science
- Hospitality Administration
- Legal Secretary
- Manufacturing
  - High Pressure Pipe and Tube Welding
  - Pipe Welding
  - Structural Welding
- Medical Transcription
DEGREES & CERTIFICATES

ASSOCIATE OF ARTS DEGREE
The Associate of Arts Degree is designed for students planning to transfer to a four-year college or university and requires a minimum of 60 credit hours with a cumulative CCC grade point average of 2.00 or higher. A minimum of 41 of these credit hours must be completed in the General Education Core curriculum with a grade of “C” or better. The remaining degree requirements are comprised of 19 credit hours or more in the student’s elected program of study (with an emphasis in Arts and Humanities, Social and Behavioral Science and/or Liberal Studies). Courses numbered below 100 and Special Topics courses (298) will not be counted toward this degree.

ASSOCIATE OF SCIENCE DEGREE
The Associate of Science Degree is designed for students planning to transfer to a four-year college or university and requires a minimum of 60 credit hours with a cumulative CCC grade point average of 2.00 or higher. A minimum of 41 of these credit hours must be completed in the General Education Core curriculum with a grade of “C” or better. The remaining degree requirements are comprised of 19 credit hours or more in the student’s elected program of study (with an emphasis in the Physical and Biological Science, Mathematics, and/or Technical areas). Courses numbered below 100 and Special Topics courses (298) will not be counted toward this degree.

ASSOCIATE OF APPLIED SCIENCE DEGREE
The Associate of Applied Science Degree prepares students for entry-level employment or upgrades skills of students already employed. This degree requires a minimum of 60 credit hours with a cumulative CCC grade point average of 2.00 or higher. A minimum of 25 of these credit hours must be completed in the General Education Core Curriculum with a grade of “C” or better. Courses numbered below 100 and courses taken for S/U credit will not be counted toward this degree. This degree is not intended for transfer to a university, although many courses may be accepted for transfer by universities.

ASSOCIATE OF GENERAL STUDIES DEGREE
The Associate of General Studies Degree is designed for students who wish to broaden their knowledge, but have no university major or vocational goal in mind. This degree requires a minimum of 60 credit hours with a cumulative CCC grade point average of 2.00 or higher. Students must complete a minimum of 24 credit hours of general education courses but are otherwise free to explore new areas of interest. A maximum of 12 credit hours may be completed in courses numbered below 100. This degree is not recommended for students planning to transfer to a university. The A.G.S. Degree is intended as an alternative degree which recognizes the mission of the community college that education is a lifelong process.

CERTIFICATE PROGRAMS
Certificate programs are designed to improve existing skills or to prepare students for entry-level employment. Certificates are awarded after successful completion of a series of specific courses in vocational areas on three levels: Basic, 1-15 credit hours; Intermediate, 16-25 credit hours; and Advanced, 26-45 credit hours. Certificates require a cumulative CCC grade point average of 2.00 or higher. Some certificate programs and/or credit hours may be applied toward other certificates and/or an Associate of Applied Science degree.
ASSOCIATE OF ARTS DEGREE (AA)

The Associate of Arts Degree is designed for students planning to transfer to a four-year college or university and requires a minimum of 60 credit hours with a cumulative CCC grade point average of 2.00 or higher. A minimum of 41 of these credit hours must be completed in the General Education Core curriculum with a grade of “C” or better. The remaining degree requirements are comprised of 19 credit hours or more in the student’s elected program of study (with an emphasis in Arts and Humanities, Social and Behavioral Science and/or Liberal Studies).

Courses numbered below 100 and Special Topics courses (298) will not be counted toward this degree. Students planning to transfer should check degree requirements of their chosen college.

Business Administration

Fine Arts - Visual Arts

General Studies

Hotel and Restaurant Management

Pre-Education

Vocational Technology Education
Minimum credit hours required: 63

General Education Core Requirements — 42 Credit Hours
Composition (6)
- ENG 101¹ College Composition I ................. 3
- ENG 102¹ College Composition II ................. 3
Mathematics (4)
- MAT 151¹ College Algebra ...................... 4
Arts/Humanities (9)
- Any approved General Education courses in the Arts/Humanities category
  Recommended course
  PHI 105 Introduction to Ethics .................. 3
Social/Behavioral Science (9)
- Any approved General Education courses in the Social/Behavioral Science category
  Recommended courses:
  ECN 204¹ Microeconomic Principles .......... 3
  ECN 205¹ Microeconomic Principles .......... 3
  POS 120 Introduction to World Politics .... 3
Lab Science (8)
- Any approved General Education courses in the Physical/Biological Laboratory Science category
General Education Options (6)
- Any option listed in the General Education options category
  Recommended courses
  SPC 100 Fundamentals of Speech Communication .... 3
  MAT 212¹ Business Calculus ................. 3

Degree Core Requirements — 21 Credit Hours
Required courses
- ACC 101¹ Principles of Financial Accounting .... 3
- ACC 102¹ Principles of Managerial Accounting .... 3
- BUS 204¹ Business Communications ............. 3
  or
  CIS 220¹ Applications Programming I ............ 3
- BUS 203¹ Business Law ........................... 3
  or
  BUS 214¹ Legal, Ethical, and Regulatory Issues in Business .... 3
- BUS 232¹ Business Statistics & Analysis ......... 3
- CIS 120 Introduction to Computer Information Systems .... 3
- MAT 172¹ Finite Mathematics ................... 3

¹ Placement test and/or prerequisite required.
² Students preparing for majors in Economics should take ECN 204 and ECN 205 in addition to the Degree Core Requirements. These students should select alternate Social and Behavioral Sciences courses from the approved list. MAT 212 is highly recommended for Economics majors.
³ Students preparing for majors in Computer Information Systems are advised to select CIS 220 to prepare them for additional CIS coursework. Other majors are encouraged to select BUS 204 as part of the Degree Core Requirements.

The Business Administration program allows students to complete the first 2 years of the 4-year business administration curriculum leading to a bachelor's degree.
Minimum credit hours required: 62

**General Education Core Requirements — 41-42 Credit Hours**

**Composition (6)**
- ENG 1011 College Composition I ........................................... 3
- ENG 1021 College Composition II ......................................... 3

**Mathematics (3-4)**
- MAT 1421 Applications of College Algebra .......................... 3
  or
- MAT 1511 College Algebra .................................................. 4

**Arts/Humanities (9)**

*Required courses*
- ART 2011 Art History I ..................................................... 3
- ART 2021 Art History II ..................................................... 3

*Recommended course*
- HUM 2411 Humanities I .................................................... 3
  or
- HUM 2421 Humanities II ................................................... 3

**Social/Behavioral Science (9)**

Any approved General Education courses in the Social/Behavioral Science category

**Lab Science (8)**

Any approved General Education courses in the Physical/Biological Laboratory Science category

**General Education Options (6)**

Any option listed in the General Education course list

*Recommended courses*
- HUM 2411 Humanities I .................................................... 3
  or
- HUM 2421 Humanities II ................................................... 3
- PHI 1011 Introduction to Philosophy .................................. 3

**Degree Core Requirements — 21 Credit Hours**

*Required courses*
- ART 1101 Drawing I ............................................................ 3
- ART 1111 Drawing II ........................................................... 3
- ART 1601 Two-dimensional Design ..................................... 3
- ART 1651 Three-dimensional Design .................................. 3
- ART 2101 Life Drawing ....................................................... 3
- Select 6 hours of suggested electives as follows according to your intended major: ......................................................... 6

*Drawing or Painting*
- ART 1901 Painting I ............................................................ 3
- ART 1911 Painting II ........................................................... 3

*Photography*
- ART 1501 Photography I ..................................................... 3
- ART 2501 Photography II ..................................................... 3

*Ceramics or Sculpture*
- ART 1201 Ceramics I .......................................................... 3
- ART 1801 Sculpture I ........................................................... 3

1 Placement test and/or prerequisite required.

The Fine Arts program is designed for students planning to transfer to a 4-year college or university to earn a baccalaureate degree in visual arts. It gives them a strong foundation in visual composition and art history and prepares them to continue their fine arts education in drawing, painting, photography, ceramics, or sculpture. This program is also designed for community members interested in pursuing their own creative journey. Other emphasis areas in Dance, Music, and Theater will be added as the curriculum is developed.
## General Studies

Minimum credit hours required: 60

### General Education Core Requirements — 41-42 Credit Hours

#### Composition (6)
- ENG 101<sup>1</sup> College Composition I ............................. 3
- ENG 102<sup>1</sup> College Composition II ............................. 3

#### Mathematics (3-4)
- MAT 142<sup>1</sup> Applications of College Algebra ......................... 3

1 Placement test and/or prerequisites required.
2 This AA degree in Hotel Restaurant Management has been adopted using the new Arizona State transfer model. For additional information regarding General Education requirements for this degree, see your advisor. (Report of the Transfer Articulation Task Force – Arizona Board of Regents and the State Board of Directors for Community Colleges of Arizona. October 30, 1996).
Minimum credit hours required: 60

**General Education Core Requirements — 41-42 Credit Hours**

**Composition (6)**
- **ENG 101** College Composition I .............................................. 3
- **ENG 102** College Composition II .............................................. 3

**Mathematics (3-4)**
- **MAT 142** Applications of College Algebra ................................. 3
  (for secondary education majors)

  **or**

- **MAT 151** College Algebra .................................................... 4

**Arts/Humanities (9)**
Any approved General Education courses in the Arts/Humanities category

**Social/Behavioral Science (9)**
Any approved General Education courses in the Social/Behavioral Science category

*Recommended courses*
- **POS 220** State and National Constitution .................................. 3
- **PSY 101** Introduction to Psychology ......................................... 3

**Lab Science (8)**
Any approved General Education courses in the Physical/Biological Laboratory Science category

**General Education Options (6)**
Any option listed in the General Education course list

*Recommended course*
- **CIS 120** Introduction to Computer Information Systems ............ 3

1 Prerequisite and/or prerequisite required.

**Degree Core Requirements — 19-21 Credit Hours**

*Required courses*
- **EDU 200** Introduction to Education ......................................... 3
- **SPC 100** Fundamentals of Speech Communication ........................ 3

*Modern Language listed under Options ........................................... 3-4

**Content Emphasis Area — 9-10 Credit Hours**
These areas include:
- Anthropology
- English
- History
- Humanities
- Mathematics
- Modern Language
- Psychology
- Science
- Sociology

The Pre-Education program allows students to complete the first 2 years of the 4-year curriculum leading to a bachelor's degree in Education. Elementary Education and Secondary Education options are available.
Minimum credit hours required: 66

**General Education Core Requirements — 42 Credit Hours**

**Composition (6)**
- ENG 101 College Composition I .................. 3
- ENG 102 College Composition II .................. 3

**Mathematics (4)**
- MAT 151 College Algebra .......................... 4

**Arts/Humanities (9)**
- Any approved General Education courses in the Arts/Humanities category

**Social/Behavioral Science (9)**
- Any approved General Education courses in the Social/Behavioral Science category

**Recommended courses**
- ANT 102 Introduction to Cultural Anthropology ...... 3
- POS 220 Arizona & National Constitution ............ 3
- PHI 105 Introduction to Ethics ........................ 3

**Lab Science (8)**
- Any approved General Education courses in the Physical/Biological Laboratory Science category

**General Education Options (6)**
- Any option listed in the General Education course list

**Recommended courses**
- CIS 120 Introduction to Computer Information Systems ... 3
- SPA 101 Beginning Spanish I .......................... 4

1 Placement test and/or prerequisites required

**Degree Core Requirements — 24-28 Credit Hours**

**Technology Education Emphasis — 24 credit hours**

Choose any 24 elective credit hours from any of the following areas:
- AUT Automotive
- DFT Drafting
- EDU 200 Introduction to Education .................. 3
- ELT Electronics
- ITC Industrial Technology Construction
- MIT Manufacturing and Industrial Technology

**Trade & Industry Emphasis — 28 credit hours**

Choose any 28 elective credit hours from any of the following areas:
- AUT Automotive
- AVT Aviation
- DFT Drafting
- ELT Electronics
- ITC Industrial Technology Construction
- MIT Manufacturing and Industrial Technology

The Vocational Technology Education program allows students to receive the first 2 years of a 4-year Vocational Technology Education degree.
The Associate of Science Degree is designed for students planning to transfer to a four-year college or university and requires a minimum of 60 credit hours with a cumulative CCC grade point average of 2.00 or higher. A minimum of 41 of these credit hours must be completed in the General Education Core curriculum with a grade of “C” or better. The remaining degree requirements are comprised of 19 credit hours or more in the student’s elected program of study (with an emphasis in the Physical and Biological Science, Mathematics, and/or Technical areas). Courses numbered below 100 and Special Topics courses (298) will not be counted toward this degree. Students planning to transfer should check degree requirements of their chosen college.

Administration of Justice

Pre-Engineering

Pre-Medical Science

Pre-Nursing Science

Pre-Science
Minimum credit hours required: 65

General Education Core Requirements — 41-42 Credit Hours
Composition (6)
ENG 101\textsuperscript{1} College Composition I ......................... 3
ENG 102\textsuperscript{1} College Composition II ......................... 3
Mathematics (3-4)
MAT 142\textsuperscript{1} Applications of College Algebra ............... 3
or

General Education Options (6)
Any option listed in the General Education course list

Degree Core Requirements — 24 Credit Hours

Required courses:
AJS 101 Introduction to Administration of Justice .................... 3
AJS 120 Substantive Criminal Law ........................................... 3
AJS 150 Rules of Criminal Procedure ..................................... 3
AJS 160 Police Administration ................................................... 3
AJS 200 Community Relations .................................................. 3
AJS 220 Rules of Evidence ..................................................... 3
AJS 230 Crime and Deviant Behavior ...................................... 3
AJS 280 Criminology ............................................................. 3

\textsuperscript{1} Placement test and/or prerequisites required.

The Administration of Justice program is designed to prepare students to enter the Criminal Justice profession and to enhance their professional development. The program provides students with specific knowledge and skills which can be used to enter a wide variety of law enforcement and corrections positions. The program is designed to meet the needs of those who desire to transfer to a 4-year college program as well as serve the student who does not intend to continue beyond the 2-year level.
Minimum credit hours required 62

**General Education Core Requirements — 43 Credit Hours**

**Composition (6)**
- ENG 101 College Composition I ........................................... 3
- ENG 102 College Composition II .......................................... 3

    - CHM 151¹ General Chemistry I ............................................. 4

**General Education Options (6)**
- Any option listed in the General Education course list
  - Recommended courses
    - MAT 160¹ Elementary Statistics ........................................... 3
    - SPC 100 Fundamentals of Speech Communication ....................... 3

**Degree Core Requirements — 17-20 Credit Hours**

**Required courses**
- MAT 172¹ Finite Mathematics .................................................. 3
- and
- MAT 212¹ Business Calculus .................................................... 3
- or
- MAT 220¹ Calculus and Analytic Geometry I ............................... 5
- or
- PHY 111¹ College Physics I .................................................... 4
- or
- PHY 161¹ University Physics I .................................................. 4

**Content Emphasis Area — 8-10 Credit Hours**
- These areas include:
  - Biology
  - Chemistry
  - Forestry
  - Geography
  - Geology
  - Physics

¹ Placement test and/or prerequisite required.
The Associate of Applied Science Degree prepares students for entry-level employment or upgrades skills of students already employed. This degree requires a minimum of 60 credit hours with a cumulative CCC grade point average of 2.00 or higher. A minimum of 25 of these credit hours must be completed in the General Education Core Curriculum with a grade of “C” or better. Courses numbered below 100 and courses taken for S/U credit will not be counted toward this degree. This degree is not intended for transfer to a university, although many courses may be accepted for transfer by universities.

Architectural Design Technology

Business Technologies

Computer Software Technology

Fire Science

Hotel and Restaurant Management

Office Information Systems
The Architectural Design Technology program trains students for architectural drafting careers in one of the fastest growing technologies in the United States. As an architectural design technician, the draftsperson will interpret engineering data, develop sketches, designs, and working drawings for construction. Many technicians are valuable members of architectural/engineering teams in industry. Using the technology of Computer Aided Design, students will develop drafting skills in both 2D and 3D.

- COE 111 Cooperative Education ................................. 3-6

1 Placement test and/or prerequisites required
2 It is strongly recommended that students enroll in this optional course in addition to the required credit hours for completion of the AASOS. Please see catalog for course description.
The Associate of General Studies Degree is designed for students who wish to broaden their knowledge, but have no university major or vocational goal in mind. This degree requires a minimum of 60 credit hours with a cumulative CCC grade point average of 2.00 or higher. Students must complete a minimum of 24 credit hours of general education courses but are otherwise free to explore new areas of interest. A maximum of 12 credit hours may be completed in courses numbered below 100. This degree is not recommended for students planning to transfer to a university. The A.G.S. Degree is intended as an alternative degree which recognizes the mission of the community college that education is a lifelong process.

Minimum credit hours required: 60

**General Education Core Requirements — 24-27 Credit Hours**

**Composition (6)**

ENG 101\(^1\) College Composition I .........................3

and

ENG 102\(^1\) College Composition II .........................3

or

ENG 135 Career Communications ..............................3

and

ENG 136\(^1\) Career Writing ...................................3

**Mathematics (3-5)**

MAT 121\(^1\) Intermediate Algebra with Review, or above ...4

**Arts/Humanities (6)**

- Any approved General Education courses in the Arts/Humanities category

**Social/Behavioral Science (6)**

- Courses above 100 level chosen from anthropology, history, political science, psychology, social geography, and/or sociology.

**Lab Science (3-4)**

- One course at the 100 level or above chosen from astronomy, biology, botany, chemistry, geology, physical geography, physics, zoology.

\(^1\) Placement test and/or prerequisite required.

**Elective Course Requirements — 34-36 Credit Hours**

Select 34-36 credit hours either in a variety of disciplines or in an area of concentration.
Certificate programs are designed to improve existing skills or to prepare students for entry-level employment. Certificates are awarded after successful completion of a series of specific courses in vocational areas on three levels: Basic, 1-15 credit hours; Intermediate, 16-25 credit hours; and Advanced, 26-45 credit hours. Certificates require a cumulative CCC grade point average of 2.00 or higher. Some certificate programs and/or credit hours may be applied toward other certificates and/or an Associate of Applied Science degree. Please check with your advisor for complete information.

ACCOUNTING TECHNICIAN CERTIFICATE

Minimum credit hours required: 33

Certificate Requirements — 33-35 Credit Hours
* ACC 100 Practical Accounting Procedures .................... 5
  or
  ACC 101 Principles of Accounting I ................................ 3
* ACC 206 Accounting and EDP Systems .......................... 3
* ACC 210 Financial Statement Analysis .......................... 3
* 9 credit hours selected from ACC courses in consultation
  with a business advisor ............................................. 9
* BUS 100 Mathematics of Business ................................. 3
* BUS 204 Business Communications ............................... 3
* CIS 123 Introduction to Spreadsheets .......................... 2
* CIS 124 Introduction to Word Processing ........................ 2
* CIS 223 Advanced Spreadsheet Applications .................... 2
* ENG 101 College Composition I .................................. 3

1 Placement test and/or prerequisite required.

CLERICAL CERTIFICATE

Minimum credit hours required: 32

Certificate Requirements — 32-33 Credit Hours
* BUS 100 Mathematics of Business ................................. 3
* BUS 111 Business English .......................................... 3
* BUS 200 Professional Office Skills ............................... 3
* BUS 204 Business Communications ............................... 3
* CIS 102 Computer Literacy ......................................... 2
  or
  CIS 120 Introduction to Computer Information Systems ....... 3
* CIS 124 Introduction to WordPerfect ............................ 2
  or
  CIS 122 Introduction to MS Word ................................ 2
* CIS 222 Advanced MS Word ....................................... 2
  or
* CIS 224 Advanced WordPerfect ................................... 2
* OIS 110 Keyboarding Review and Speed ......................... 3
* OIS 125 Speedwriting I ............................................ 3
* OIS 130 Machine Transcription .................................. 3
* OIS 205 Filing Systems & Records Management ................ 2
* OIS 210 Keyboarding with Applications ........................ 3

Optional — 3-6 Credit Hours
 COE 111 Cooperative Education .................................... 3-6

1 Placement test and/or prerequisite required.
2 It is strongly recommended that students enroll in this optional course in addition to the required credit hours for completion of the Clerical Certificate. Please see catalog for course description.

The Accounting Technician Certificate program is designed to prepare students for employment as full-charge bookkeepers and accounting technicians. Included in the curriculum are practical applications and computer knowledge. Students may apply earned accounting credit hours of this program toward the Associate of Applied Science degree in Business Technologies with an Accounting Specialization.

The Clerical Certificate program is designed to introduce students to a professional office setting and enhance office/clerical skills and knowledge. Students may apply credit hours earned in this program toward the Associate of Applied Science degree in Office Information Systems.
Minimum credit hours required: 16

Certificate Requirements — 16-17 Credit Hours

• BUS 100 Mathematics of Business ........................................... 3
• BUS 111 Business English ....................................................... 3
• CIS 102 Computer Literacy ..................................................... 2
• CIS 112 Introduction to Windows .......................................... 2
• CIS 122 Introduction to MS Word .......................................... 2

or

• CIS 124 Introduction to WordPerfect ..................................... 2
• CIS 123 Introduction to Spreadsheets ................................... 2

• Select a minimum of 2 credit hours from the following courses:
  • CIS 115 Introduction to the Internet .................................. 1
  • CIS 125 Introduction to Databases ..................................... 3
  • CIS 127 Introduction to Desktop Publishing ......................... 3
  • CIS 222 Advanced MS Word ............................................. 2
  • CIS 224 Advanced WordPerfect ....................................... 2

Note - Keyboarding skills may enhance success.

1 Placement test and/or prerequisite required.

The Computer Software Basic Certificate program is designed to develop entry-level skills related to computer application software packages and to enhance communication skills and professional readiness. Students may apply credit hours earned in this program toward the Associate of Applied Science degree in Computer Software Technology.

Minimum credit hours required: 33

Certificate Requirements — 33 Credit Hours

• Completion of the Basic Computer Software Certificate ................. 16
• BUS 200 Professional Office Skills ......................................... 3

or

• BUS 204 Business Communications ...................................... 3
• BUS 214 Legal, Ethical, & Regulatory Issues in Business .......... 3
• ENG 100 Fundamentals of Composition .................................. 3

or

• ENG 101 College Composition I ........................................... 3

• Select a minimum of 8 credit hours from the following courses: ... 8
  • CIS 115 Introduction to the Internet .................................. 1
  • CIS 125 Introduction to Databases ..................................... 3
  • CIS 127 Introduction to Desktop Publishing ......................... 3
  • CIS 222 Advanced MS Word ............................................. 2
  • CIS 223 Advanced Spreadsheets ....................................... 2
  • CIS 224 Advanced WordPerfect ....................................... 2
  • CIS 298 Special Topics .................................................... 1-6
  • COE 111 Cooperative Education ........................................ 3-6

1 Placement test and/or prerequisite required.
2 CIS 298 and COE 111 may be applied to your certificate. Please see your advisor.

The Computer Software Advanced Certificate program is designed for those students who have completed the Basic Certificate and desire to further enhance their computer, communication, and professional readiness skills. Students may apply credit hours earned in this program toward the Associate of Applied Science degree in Computer Software Technology.
CONSTRUCTION TECHNOLOGY CERTIFICATE

Minimum credit hours required: 21

**Certificate Requirements — 21-23 Credit Hours**

- **DFT 125** Architectural Drafting I ........................................... 3
- **ENG 100** Fundamentals of Composition .................................... 3
- **ITC 120** Building the Human Environment .................................. 3
- **ITC 140** Blueprint Reading and Estimating .................................. 3
- **ITC 180** Building Construction Methods I .................................... 3
- **ITC 185** Construction Methods II ............................................. 3
- **MAT 124** Technical Problem Solving ........................................ 3
  
  or
  
  **MAT 187** Precalculus ....................................................... 5

1 Placement test and/or prerequisite required.

The Construction Technology Certificate will provide the student with a technical foundation required to compete in today's construction field. The student will be instructed through mastery learning components and field study workshops arranged with local contractors. Students may apply credit hours earned in this program toward the Associate of Applied Science degree in Construction Technology.

---

DRAFTING - ARCHITECTURAL CAD TECHNICIAN CERTIFICATE

Minimum credit hours required: 23

**Certificate Requirements — 23 Credit Hours**

- **DFT 100** Introduction to Drafting ........................................... 2
- **DFT 125** Architectural Drafting I ........................................... 3
- **DFT 150** AutoCAD 2D .......................................................... 3
- **DFT 200** AutoCAD 3D .......................................................... 3
- **DFT 225** Architectural Drafting I - CAD ................................... 3
- **DFT 250** AutoCAD Customization ........................................... 3
- **DFT 260** Architectural Drafting II - CAD .................................. 3
- **ITC 120** Building the Human Environment .................................. 3

1 Placement test and/or prerequisite required.

The Architectural CAD Technician certificate will provide students with a solid foundation in the field of Architectural Construction Drafting. This certificate can lead to an AAS degree in Architectural Design Technology. The fundamentals of drafting are performed through mastery learning and hands-on application.

---

DRAFTING - COMPUTER AIDED DESIGN CERTIFICATE

Minimum credit hours required: 9

**Certificate Requirements — 9 Credit Hours**

- **DFT 150** AutoCAD 2D ......................................................... 3
- **DFT 200** AutoCAD 3D ......................................................... 3
- **DFT 250** AutoCAD Customization ......................................... 3

1 Placement test and/or prerequisite required.

The Computer Aided Design certificate will provide students with a solid foundation in the field of CAD as a tool for various drafting technologies. Those students who are exploring the field of Computer Aided Design or are in need of developing computerized skills will find this certificate challenging and beneficial for future applications.
The Fire Science Basic Certificate program is designed to introduce basic skills and to assist those who desire to enhance their abilities on the job. Included in the curriculum are practical applications and knowledge. Students may apply credit hours earned in this program toward the Associate of Applied Science degree in Fire Science.

The Fire Science Advanced Certificate program is designed to introduce basic skills and to assist those who desire to enhance their abilities on the job. Included in the curriculum are practical applications and knowledge. Students may apply the hours of this program toward the Associate of Applied Science degree in Fire Science.
The Hospitality Administration program prepares students for entry-level positions in the hospitality industry. Students completing this certificate will develop fundamental skills in which to compete in one of Arizona’s fastest growing business.
The Legal Secretary Certificate program is designed to give students an introduction to legal secretarial skills and to assist those students who desire to enhance their abilities on the job. Included in the curriculum are practical applications and knowledge. Students may apply credit hours earned in this program toward the Associate of Applied Science degree in Office Information Systems.

Minimum credit hours required: 33

Certificate Requirements — 33-34 Credit Hours

- BUS 100\(^1\) Mathematics of Business ..................3
- BUS 111 Business English ..........................3
- BUS 204\(^1\) Business Communications ..............3
- BUS 203 Business Law ............................3
- or
  - BUS 214\(^1\) Legal, Ethical, & Regulatory Issues in Business ..........................3
- CIS 102 Computer Literacy ..........................2
- or
  - CIS 120 Introduction to Computer Information Systems ..............3
  - CIS 122 Introduction to MS Word ..........................2
- or
  - CIS 124 Introduction to WordPerfect ..................2
  - CIS 222\(^1\) Advanced MS Word ..........................2
- or
  - CIS 224\(^1\) Advanced WordPerfect ..................2
  - OIS 125\(^1\) Speedwriting I ..........................3
  - OIS 130\(^1\) Machine Transcription ..................3
  - OIS 225\(^1\) Speedwriting II ..........................3
  - OIS 240\(^1\) Legal Transcription ..................3
  - OIS 242\(^1\) Legal Secretarial Skills ..................3

Optional — 3-6 Credit Hours

- COE 111\(^2\) Cooperative Education ..................3-6

1 Placement test and/or prerequisite required.
2 It is strongly recommended that students enroll in this optional course in addition to the required credit hours for completion of the Legal Secretary Certificate. Please see catalog for course description.

¹ Placement test and/or prerequisite required.
² It is strongly recommended that students enroll in this optional course in addition to the required credit hours for completion of the Medical Transcription Certificate. Please see catalog for course descriptions.

This certificate is designed for students seeking progressive training as a skilled Structural Welder in the field of construction. This program teaches the skills and technical knowledge required to compete in today's high-tech welding industry.

The Medical Transcription Certificate program is designed to give students an introduction to medical transcription skills and to assist those students who desire to enhance their abilities on the job. Included in the curriculum are practical applications and knowledge. Students may apply credit hours earned in this program toward the Associate of Applied Science degree in Office Information Systems.
Course Descriptions
books for small business. Includes an introduction to the following: special journals, payroll systems, sales taxes, bad debts, depreciation, notes and interest, accruals, and the partnership and corporate form of business. For non-accounting majors. Prerequisite: ACC 103. Three lecture.

ACC 105
**Income Tax I**
Internal Revenue Service Code and Regulations as they pertain to the individual. Tax principles are applied to problems and the preparation of the individual income tax return. Three lecture.

ACC 106
**Income Tax II**
Internal Revenue Service Code and Regulations as they pertain to the partnerships, corporations, tax option corporations, consolidated groups, estates and trusts. Tax principles are applied to problems and preparation of federal taxes. Three lecture.

ACC 109
**Budget & Forecasting**
Roles, techniques, and uses of budgeting and forecasts. Application of budgets, and forecasting management decision making and control. Prerequisite: ACC 101. Three lecture.

ACC 201
**Intermediate Accounting I**
Critical analysis of balance sheet accounts. Introduces analysis of income statement expense and revenue accounts with emphasis on the matching process. Problems keyed to studies made by professional accounting societies are studied. Prerequisite: ACC 102. Three lecture.

ACC 202
**Intermediate Accounting II**

ACC 204
**Managerial Accounting**
Fundamental techniques of dynamic cost and profit control with primary emphasis on responsibility accounting. Includes managerial budget planning, variable expenses, volume relationships, profit analysis, and budget reports. Also includes some problem solving computer applications. It is assumed that students enrolling in this course have computer skills and some accounting background through casework or experience. Three lecture.

ACC 205
**Cost Accounting**
Cost accounting principles applied to manufacturing operation. Concentrates on accounting for labor, materials, manufacturing overhead, and manufacturing expenses. Includes cost and profit analysis and problem solving using computer applications. It is assumed that students enrolling in this course have computer skills and some accounting background through casework or experience. Three lecture.

ACC 206
**Accounting & EDP Systems**
Electronic data processing systems as they apply to accounting systems. Provides hands-on experience with microcomputer hardware and software packages. Includes accounting cycle transaction and management decision-making applications. Three lecture.

ACC 207
**Office Accounting & EDP Systems**
Practical procedures and applications in office accounting using a hands-on approach, paper and pencil systems, and microcomputer systems. Includes the completion of special journals, worksheets, financial statements, payroll documents, business documents, and tax reports. Three lecture, one lab.
ACC 210  
Financial Statement Analysis  
(3)  
Characteristics of financial statements with a review of basic accounting principles as applied to financial statements. Emphasizes the tools and techniques used in analyzing financial statements, including the use of computer spreadsheets. Three lecture.

ACC 298  
Special Topics  
(1-6)  
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

AIR FORCE STUDIES

AES 101  
The Air Force Today I  
(2)  
Survey course focusing on organizational structure and missions of Air Force organizations, military customs and courtesies, officership and Corp values, and an introduction to written and oral communication skills, physical fitness training and demonstration of command. One lecture, two lab.

AES 201  
Development of Air Power  
(2)  
This course covers the historical survey of trends, events, and policies that led to the emergence of air power through the Persian Gulf War. It also provides an introduction to basic leadership and management skills, and basic communication skills and prepares students to attend field training. One lecture, two lab.

ALLIED HEALTH SCIENCES

AHS 131  
Medical Terminology I  
(3)  
Medical vocabulary for beginning students in allied health and science fields. Includes word roots, prefixes, suffixes, and abbreviations. Emphasizes spelling, pronunciation, and definition. Three lecture.

AHS 298  
Special Topics  
(1-6)  
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

ADMINISTRATION OF JUSTICE

AJS 101  
Introduction to Administration of Justice  
(3)  
Organization and jurisdiction of local, state, and federal law enforcement, judicial and corrections systems, terminology, and constitutional limitations of the system. Three lecture.

AJS 110  
The Correction Function  
(3)  
History and development of correctional theories and institutions. Three lecture.

AJS 120  
Substantive Criminal Law  
(3)  
Philosophy and legal sanctions and historical development from the common law to Modern American Criminal Law. Classifications of crimes, elements of and parties to crimes, general definitions of crime, common defenses utilized, and review of offenses and the essential elements of each offense. Three lecture.

AJS 130  
The Police Function  
(3)  
Theories of procedures and methods of operations with emphasis on the discretionary powers available to the working police officer. Career opportunities and current trends in law enforcement will be presented. Three lecture.

AJS 141  
Gang Behavior & Street Violence  
(3)  
Development of gangs, how society promotes them, and how they are self-sustaining through street violence. Includes a detailed look at victims' rights and the history of vigilantes in America. Three lecture.

AJS 150  
Rules of Criminal Procedures  
(3)  
Procedural criminal law including the judiciary role in the criminal justice systems, the right to counsel, pretrial release, grand juries, and adjudication process, types and rules of evidence, and sentencing. Three lecture.

AJS 160  
Police Administration  
(3)  
Principles of administration and organization of agency field functions and services within law enforcement organizations. Three lecture.

AJS 170  
Introduction to Security  
(3)  
Functions and services provided by a security organization. Explains the relationship between private, internal, and external security services as they relate to law enforcement agencies. Three lecture.

AJS 200  
Community Relations  
(3)  
Examination, recognition, and understanding of community problems, community action programs, methods of coping with human behavior, conflict and communications; ethnic and minority cultures and environments; the community and the relationships with the criminal justice system. Three lecture.
AJS 220  
Rules of Evidence  
Understanding of the rules of evidence which most often affect personnel concerned with the administration of the criminal law. Three lecture.

AJS 230  
Crime & Delinquency  
Basic concepts of deviant behavior; evaluates current literature and studies the application of current criminological theories related to patterns of deviance. Three lecture.

AJS 240  
Juvenile Justice Procedure  
History and development of juvenile procedures and institutions. Three lecture.

AJS 250  
Criminal Investigations  

AJS 260  
Constitutional Law  
Constitutional law as it relates to the operation of the criminal justice system. Three lecture.

AJS 265  
Probation & Parole  
The selection process for the release of both adults and juveniles under the supervision of probation and parole guidelines and the community values consistent with those under supervision. Three lecture.

AJS 280  
Criminology  
Deviance and society's role in defining behavior; theories of criminality and the economic, social, and psychological impact of crime and victimization; relationships between statistics and crime trends. Three lecture.

AJS 291  
Terrorism & Counterterrorism  
Nature of terrorism, terrorist threat, and countermeasures to combat terrorism. Prerequisite: Enrollment limited to employees of law enforcement agencies. Three lecture.

AJS 292  
Hostage Negotiations  
Essentials of hostage negotiations for all personnel and may serve as a refresher for trained personnel. Prerequisite: Enrollment limited to employees of law enforcement agencies. Three lecture.

AJS 293  
Firearms Training  
Proper instruction of firearm use. Emphasizes safety factors and proper operational use. Prerequisite: Enrollment limited to law enforcement agencies and with permission of program director. Three lecture.

AJS 298  
Special Topics  
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

ANT 110  
Exploring Archeology  
History, methods, and theory of archeology with an emphasis on modern techniques of studying prehistoric and historic populations and their cultural remains. Three lecture.

ANT 241  
Anthropology of Religion  
Anthropology of religious practices employed by both western and non-western peoples in dealing with adversity, misfortune, illness, death and similar phenomena beyond human control. Three lecture.

ANT 298  
Special Topics  
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

ANT 101  
Introduction to Physical Anthropology  
An introductory survey of the basic principles, concepts, assumptions, theories, and vocabulary of human evolution and world archaeology. Three lecture.

ANT 102  
Introduction to Cultural Anthropology  
Impact of culture on human behavior, the interrelationships among the different parts of a culture, the view of cultures as adaptive systems, and the relevance of applied anthropology to public policy making in the United States. Three lecture.

ART 100  
Art Appreciation  
Historical overview and appreciation of painting, sculpture, architecture, film, and crafts. Examines individual works of art with regard to both their formal qualities and the way they reflect the shifting patterns of culture. Field trips. Three lecture.

ART 103  
Native American Art of the Southwest  
Survey of Native American artwork from the southwestern United States covering architecture, arts and crafts from the prehistoric period to the present. Also includes the history of native cultures of the region. Field trips to local prehistoric sites and museums. Three lecture.

ART 105  
Beginning Art  
Introductory course in drawing and painting techniques and materials for
students who would like to explore their creativity. One lecture; five lab. May be taken for S/U credit.

ART 110
Drawing I
Perspective and visual perception as related to developing artistic visual growth in perceiving our environment. Emphasizes analysis of objects and their compositional placement within the pictorial construction. One lecture; five lab. May be taken for S/U credit.

ART 111
Drawing II
Further development of technical and perceptual drawing skills. Emphasis on composition and pictorial content. Prerequisite: ART 110 or consent of instructor. One lecture; five labs. May be taken for S/U credit.

ART 114
Stained Glass I
Copper foil and lead techniques of stained glass, including precision glass cutting and creative application of these techniques in producing interior and architectural pieces. One lecture; five lab. May be taken for S/U credit.

ART 115
Color Theory
Principles of color theory related to the visual arts. Includes a variety of media. Prerequisite: ART 110 or consent of instructor. One lecture; five lab. May be taken for S/U credit.

ART 120
Ceramics I
Introduction to handbuilding techniques, wheel throwing, glazing and other decorative techniques, kiln firing and ceramics history. One lecture; five lab. May be taken for S/U credit.

ART 121
Ceramics II
Emphasis on developing intermediate skill with the potter’s wheel and handbuilding methods, glazing and decoration techniques, and kiln operations.

Prerequisite: ART 120. One lecture; five lab. May be taken for S/U credit.

ART 133
Calligraphy I
Basic calligraphic skills including letter form, spacing, and page design. One lecture; two lab. May be taken for S/U credit.

ART 134
Calligraphy II
Expands calligraphic skills including letter form, spacing, and page design. One lecture; two lab. May be taken for S/U credit.

ART 140
Jewelry I
Jewelry and the hand working of non-ferrous craft metals and associated materials. One lecture; five lab. May be taken for S/U credit.

ART 150
Photography I
Photography as an art form. Includes camera operation with emphasis on its use as a creative tool. Basic darkroom techniques and controls, including film development, contact printing, enlarging and composition. Two lecture; four lab. May be taken for S/U credit.

ART 151
Photography Techniques & Materials
More advanced techniques and materials than the basic course. Emphasis on developing an alternative vision. Prerequisite: ART 150 or consent of instructor. One lecture; two lab.

ART 160
Color & Design
Fundamentals of two-dimensional design emphasizing study and utilization of the Principles of Design, development of a visual vocabulary, and study of color theory. Prerequisite: ART 110 or consent of instructor. One lecture; five lab. May be taken for S/U credit.

ART 165
Three-dimensional Design
Introduction to the fundamental concepts and design principles involved in organizing three-dimensional space and materials used in three-dimensional art forms. One lecture; five lab.

ART 180
Sculpture I
Introduction to sculptural processes, techniques and materials in clay, metal, wood, and stone. Includes sculptural history and criticism. Prerequisite: ART 165 or consent of instructor. One lecture, five lab. May be taken for S/U credit.

ART 190
Oil/Acrylic Painting I
Introduction to techniques and materials traditionally used in oil and/or acrylic painting. Prerequisite: ART 110 or consent of instructor. One lecture, five lab. May be taken for S/U credit.

ART 191
Oil/Acrylic Painting II
Intermediate course in developing expressive and descriptive skills using oil and/or acrylic paint. Prerequisite: ART 190 and ART 160 or consent of instructor. One lecture, five lab. May be taken for S/U credit.

ART 194
Watercolor I
Transparent qualities of watercolor medium. Techniques and materials will be used to stimulate personal creativity and uniqueness of expression. One lecture, five lab. May be taken for S/U credit.

ART 195
Watercolor II
Increased opportunity for independent development. Implements study of techniques to fit individual needs. Prerequisite: ART 194 or consent of instructor. One lecture; five lab. May be taken for S/U credit.
### ART - BIOLOGY

**ART 201**  
*Art History I*  
Study of the historical development of significant periods and styles in painting, sculpture, and architecture from the prehistoric through the Gothic periods. Emphasis is placed upon the cultural context within which the works of art were created. Prerequisite: ENG 101. Three lecture.

**ART 202**  
*Art History II*  
Historical development of significant periods and styles in painting, sculpture, and architecture from the Renaissance to the twentieth century with an emphasis on the cultural context within which the works of art were created. Prerequisite: ENG 101. Three lecture.

**ART 203**  
*Artist's Business Course*  
Business skills for the practicing artist. Budgeting, bookkeeping, tax planning, contracts, marketing, and grantmanship. Three lecture.

**ART 210**  
*Life Drawing I*  
Application of the elements of drawing in the description of the human figure, drawing from the model. Topics include light and shade, composition, and anatomy. Prerequisite: ART 110 or consent of instructor. One lecture; five lab. May be taken for S/U credit.

**ART 214**  
*Stained Glass II*  
Design and construction of stained glass pieces using copper foil and/or lead processes, manipulation of the surface of glass using an etching process, basic glass design vocabulary, developing proficiency with glass working hand tools. Prerequisite: ART 114. One lecture, five lab. May be taken for S/U credit.

**ART 220**  
*Art of the United States*  
Study of the historical development of the arts and architecture in America from the Colonial period to the present. Prerequisite: ENG 101. Three lecture.

**ART 225**  
*History of Photography*  
Historical development of the aesthetics and technology of photography from 1836 to the present. Prerequisite: ENG 101. Three lecture.

**ART 250**  
*Photography II*  
Advanced black and white photography course with darkroom, studio, and lecture elements designed for those who wish to pursue photography in-depth, both on an aesthetic and technical level. Prerequisite: ART 150 or consent of instructor. Two lecture; four lab. May be taken for S/U credit.

**ART 251**  
*Color Photography*  
Color photography as an art form. Includes a study of color potential in photography and its related problems; basic additive and transparency films; color films and their inherent tonal rendition, color changes accomplished in solarization. Prerequisite: ART 150 or consent of instructor. Two lecture; four lab. May be taken for S/U credit.

**ART 298**  
*Special Topics*  
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

### AUTOMOTIVE

**AUT 100**  
*Automotive Basics*  
Basic automotive knowledge as it relates to owner/operator of an automobile or light truck. It will give the student an understanding of systems and maintenance. Two lecture; two lab.

**AUT 298**  
*Special Topics*  
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

### AVIATION

**AVT 131**  
*Private Ground School*  
Aviation fundamentals including aerodynamics, aircraft performance and operations, earth's atmosphere and weather systems, radio communications and navigation, aeronautical chart reading and course plotting, use of the plotter and slide graphic physiology. Three lecture. May be taken for S/U credit.

**AVT 132**  
*Instrument Pilot Ground School*  
Non-flying aspects of instrument pilot aviation needed to prepare for the FAA written examination and to become an instrument-rated pilot. Topics include instrument flight environment, operational confederations, advanced meteorology, instrument flight planning, and regulations. Three lecture.

**AVT 298**  
*Special Topics*  
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

### BIOLOGY

**BIO 095**  
*High Country Gardening*  
Concepts and principles of gardening in Flagstaff. Topics include unique gardens, seeds, soils, raised beds, short season growing tips, field trips. Two lecture, one lab.
BIO 100
Biology Concepts (4)
Basic principles and concepts of biology. Explores methods of scientific inquiry and behavior of matter and energy in biological systems. Prerequisites: MAT 087 or equivalent or placement; ENG 101 or equivalent or placement; or consent of instructor. Three lecture; three lab.

BIO 105
Environmental Biology (4)
Basic concepts of ecology and the importance of human interaction with the natural ecosystem. Field trips. Prerequisites: MAT 087 or equivalent or placement; ENG 101 or equivalent or placement; or consent of instructor. Three lecture; three lab.

BIO 109
Natural History of the Southwest (3)
Based on the life zone concept, an examination of the geologic and ecology history of the Southwest. Emphasis is on the identification of and adaptations by indigenous populations. Prerequisite: ENG 101 or consent of instructor. Three lecture; three lab.

BIO 184
Plant Biology (4)
Processes and principles of plant biology emphasizing vascular plants and a study of the plant kingdom. Prerequisite: BIO 100 or consent of instructor. Three lecture; three lab.

BIO 190
Animal Biology (4)
Processes and principles of animal biology emphasizing structure, similarities and differences, and major animal groups. Prerequisite: BIO 100 or consent of instructor. Three lecture; three lab.

BIO 201
Human Anatomy & Physiology I (4)
Design and function of the human body. Topics include cells, tissues, integumentary, muscular, skeletal, nervous, sensory, and endocrine systems. Prerequisite: CHM 130 or CHM 151 or consent of instructor. Three lecture; three lab.

BIO 202
Human Anatomy & Physiology II (4)
Design and function of the human body. Topics include body fluids, immune, cardiovascular, respiratory, digestive, urinary, and reproductive systems. Prerequisite: BIO 201. Three lecture, three lab.

BIO 205
Microbiology (4)
Microorganisms and their relationships to health, ecology, and related areas. Prerequisite: One semester of college level chemistry or consent of instructor. Three lecture, three lab.

BIO 298
Special Topics (1-6)
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

BUS 100
Mathematics of Business (3)
Mathematical concepts and procedures involved in financial transactions. Includes a review of basic arithmetic and algebraic skills, percentages, loans, insurance, investments, depreciation, amortization, proration, estate planning, taxes, and closing statements. Prerequisite: MAT 087 or CCC, SAT, or ACT placement. Three lecture.

BUS 101
Introduction to Business (3)
Elements of business and industry. Includes the history, structure, function and contribution of business and industry to our society. Three lecture.

BUS 102
Introduction to International Trade & Business (3)
Basic elements of business in the international market. Includes examination of the social, political, economic, cultural and technological environment of international business. Three lecture.

BUS 103
Personal Finance (3)
Problem solving for the financial needs of individuals. Includes budgeting, banking, home ownership and real estate, saving, investing, borrowing, insurance, and planning for wills and trusts. Three lecture.

BUS 105
Basic Investments (3)
Study of inflation, taxation, government securities, stocks and bonds, real estate, and retirement plans. Three lecture.

BUS 106
Introduction to Organizational Behavior (3)
Human behavior in a work setting. Awareness of individual behavior, two-person interaction, dynamics of group and intergroup behavior, and effects of the total system on behavior within the organization. Three lecture.

BUS 107
Retail Management (3)
Management elements of the retailing profession, across-the-counter relationships and activities, problems of market opportunity, identification of markets, pricing, promotion decisions, and the techniques of retail control. Three lecture.

BUS 108
Introduction to Selling (3)
General principles of successful personal selling. Qualities and qualifications of training programs for successful selling practices. Three lecture.
BUS 110  
Advertising & Sales Promotion  (3)
Theory and function of advertising and sales promotion. Role of advertising, target marketing, media and media strategy, and the impact of behavioral sciences on advertising. Preparation and presentation of an advertising campaign. Three lecture.

BUS 111  
Business English  (3)
Review and reinforcement of spelling, punctuation, capitalization, sentence structure, word usage, and up-to-date formatting techniques as they apply to business letter and report writing. Three lecture.

BUS 200  
Professional Office Skills  (3)
Standard office procedures including specific practical skills needed in technical/computer knowledge, office support activities, communication, decision-making, and career employment and advancement. Prerequisite: OIS 110 or consent of instructor. Two lecture, two lab.

BUS 203  
Business Law  (3)
History and structure of the American legal system as it applies to business. Contract law with some discussion of criminal law and tort law. Three lecture.

BUS 204  
Business Communications  (3)
Solving business problems through effective oral and written communications. Letter forms and methods of writing business letters. Creating functional letters related to inquiry, response, good will, sales, credit, and adjustment and collection. Prerequisite: ENG 101 and either BUS 111 or consent of instructor and appropriate placement on the Business English Proficiency Test. Three lecture.

BUS 206  
Principles of Management  (3)
Fundamentals of management including the management principles and techniques used for business objectives, structure, operational procedures, and control procedures. Principles and techniques discussed may be applied to any area of business and industry. Three lecture.

BUS 207  
Principles of Marketing  (3)
Environment of marketing including analysis of various marketing activities and discussion of the economic, psychological and sociological factors which influence marketing activities. Three lecture.

BUS 208  
Applied Management Techniques  (3)
Integrates the functional areas of management into the direct solution of business and management problems. Includes a comprehensive business plan. Three lecture.

BUS 209  
Principles of Supervision  (3)
Concepts and techniques used in the direct supervision of others. Supervisor's relationship to those directly supervised and others in the organization, management of human and physical resources, group processes, communication, and leadership skills. Three lecture.

BUS 210  
Human Relations in the Workplace  (3)
Dynamics of human interaction in groups, the influence of these interactions on the efficiency, morale, and supervision of others, the behavior patterns which impact the success of organizational environments. Three lecture.

BUS 211  
Human Resources/Personnel Management  (3)
Human resources planning and its application to the organization's goals and objectives. Human resources policies, job analysis, employee selection, training, performance evaluation, benefits, compensation, labor relations, morale, safety, and termination. Three lecture.

BUS 212  
Importing & Exporting  (3)
Volume and complexities involved in importing and exporting out of the United States. Role of the United States in international markets and import/export regulations, documentation, and duties. Three lecture.

BUS 213  
Small Business Management  (3)
Fundamentals of starting and operating a small business. Location, financing, organization, feasibility studies, and sales promotion. Three lecture.

BUS 214  
Legal, Ethical & Regulatory Issues in Business  (3)
Legal theories, ethical issues, and regulatory climate affecting business policies and decisions. Prerequisite: ENG 101 or consent of instructor. Three lecture.

BUS 215  
Business Ethics  (3)
Techniques of moral reasoning and argumentation used to analyze and resolve modern business issues: legal issues, corporate responsibility, worker's rights and responsibilities, technological issues, information, and advertising. Three lecture.

BUS 216  
Principles of Business Finance  (3)
Principles of financial management as applied to the operations of non-financial business and industry firms. Application of financial analysis tools and techniques needed for the process of business and industry financial administration and decision making, goals and functions of financial management, analysis and planning, working capital management, capital budgeting, and the cost of capital risk. Three lecture.
BUS 217  
**Credit & Collection Principles**  
Basic elements of the credit and collection function of financial institutions and business. Nature, function, classification, and principles of commercial credit, analysis of agency reports, and collection procedures. Three lecture.

BUS 218  
**Customer Service**  
Effective communication skills to benefit the customer service contact personnel. Establishing contact, defining and resolving problems, and closing an encounter. Three lecture.

BUS 225  
**Total Quality Management**  
History and growth of TQM, Deming's fourteen points to TQM, evaluative tools used in TQM, and the major factors concerning total quality management. Three lecture.

BUS 232  
**Business Statistics & Analysis**  
Business statistics, including the collection, tabulation, and analysis of business and economic data. Averages, dispersion, statistical inference, correlation and regression, and statistical decision making and problem solving. Prerequisite: MAT 142 or MAT 151. Three lecture.

BUS 298  
**Special Topics**  
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

**CHEMISTRY**

CHM 090  
**Preparatory Chemistry**  
Introductory course designed for students who have not had chemistry before and are planning to take CHM 130 or CHM 151. Includes basic principles and concepts of chemistry. Prerequisite: MAT 087 or placement and ENG 060 or placement. Three lecture. S/U credit only.

CHM 130  
**Fundamental Chemistry**  
General inorganic chemistry, scientific methods, and general laboratory procedures. Prerequisite: High school chemistry or CHM 090 and MAT 121 or equivalent, or consent of instructor. Three lecture; three lab.

CHM 151  
**General Chemistry I**  
Fundamental concepts in chemistry. Stoichiometry, gas laws, atomic and molecular theory, and states of matter. Prerequisite: High school chemistry or CHM 090 AND MAT 121 or equivalent, or consent of instructor. Three lecture; three lab.

CHM 152  
**General Chemistry II**  
Kinetics and equilibrium, nuclear, aqueous solution, and electro chemistry. Prerequisite: CHM 151. Three lecture, three lab.

CHM 190  
**Environmental Chemistry**  
Elementary atomic theory, the periodic table, and chemical compounds and reactions. Environmental impact: nuclear power, air and atmosphere pollution, water pollution, pesticides, food additives, and drugs. Minimal mathematics. Three lecture.

CHM 298  
**Special Topics**  
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

**COMPUTER INFORMATION SYSTEMS**

CIS 102  
**Computer Literacy**  
Introduces students to general computer concepts including computer-related terminology, computer system components, and computer operations. Students will learn the fundamental computer features of and create documents in word processing, spreadsheet, charting, and database software. No prior computer experience necessary. One lecture; two lab. May be taken for S/U credit.

CIS 111  
**Principles of Programming**  
Introduction to programming logic and structures as applied to business computer applications and programming languages. Structure techniques and high-level languages. No prior computer experience necessary. One lecture, one lab. May be taken for S/U credit.

CIS 112  
**Introduction to Windows**  
Basic operations and components of Windows environment through hands-on experience using many of the Windows tools and accessory applications. One lecture, two lab. May be taken for S/U credit.

CIS 115  
**Introduction to the Internet**  
Skills and applications necessary to browse the Internet and use electronic mail. Basic operations and components of the Internet environment through hands-on experience. One lecture. May be taken for S/U credit.
CIS 117
Creating Web Pages
An introduction to creating and editing documents for the World Wide Web (WWW). Students will learn basic editing and design skills and develop a multi-page document including graphical elements. CIS 115 or prior fundamental working knowledge of the Internet is recommended. One lecture. May be taken for S/U credit.

CIS 120
Introduction to Computer Information Systems
Concepts and theories regarding computer hardware, software, and information processing systems. Includes an intensive lecture component covering the most current technological/computer information available as well as a hands-on component using word processing, spreadsheet, database, and presentation application software packages. No prior experience necessary. Two lecture; two lab.

CIS 122
Introduction to MS Word
Concepts and capabilities of word processing software MS Word in the Windows environment through extensive hands-on experience with business applications creating, editing, and enhancing documents appropriate to the work environment and personal use. No prior computer experience required. One lecture; two lab. May be taken for S/U credit.

CIS 123
Introduction to MS Excel
Concepts and capabilities of electronic spreadsheet software using MS Excel in the Windows environment through extensive hands-on experience using business applications. Prior computer experience not required. Mathematics skills equivalent to BUS 100 or MAT 121 recommended. One lecture; two lab. May be taken for S/U credit.

CIS 124
Introduction to WordPerfect
Capabilities of word processing software using WordPerfect in a Windows environment. Students will gain the skills necessary to create, edit, and enhance documents appropriate for the workplace or for personal use. No prior experience with computers required. One lecture, two lab. May be taken for S/U credit.

CIS 125
Introduction to Databases
Database design using the relational model and entity-relationship diagrams. Concepts and capabilities of database management system (DBMS) software through extensive hands-on experience. No prior Windows experience necessary. Two lecture; two lab. May be taken for S/U credit.

CIS 127
Introduction to Desktop Publishing
Basic and advanced concepts and capabilities of desktop publishing software in the Windows environment through extensive hands-on experience using business and personal applications. Prerequisite: CIS 122, CIS 124, or consent of instructor. Two lecture; two lab. May be taken for S/U credit.

CIS 131
Introduction to DOS
Basic operation of disk operating systems through lecture and hands-on experience. No prior computer experience required. One lecture; two lab. May be taken for S/U credit.

CIS 220
Applications Programming I
Program design, structured programming for report generation, file maintenance, on-line applications, and data analysis in various organizational and application settings using a suitable microcomputer language. Prerequisite: CIS 120 or consent of instructor. Two lecture; two lab.

CIS 221
Applications Programming II
Study of a business-oriented programming language, skills in problem formulation, and structured programming design, coding, testing, and documentation developed through required computer programs. Prerequisite: CIS 120 and CIS 220. Two lecture; two lab.

CIS 222
Advanced MS Word
Extensive hands-on experience in advanced concepts and capabilities of MS Word. Prior experience creating, editing, and formatting documents required. Prerequisite: CIS 122 or consent of instructor. One lecture; two lab. May be taken for S/U credit.

CIS 223
Advanced MS Excel
Advanced capabilities of spreadsheets using MS Excel incorporating data selection operations, advanced worksheet, range operations, functions, and 3-dimensional operations for personal or business use. Prior experience creating, editing, and formatting spreadsheets and graphs required. Prerequisite: CIS 123 or consent of instructor. One lecture; two lab. May be taken for S/U credit.

CIS 224
Advanced WordPerfect
Instruction for students who want to learn how to use the advanced capabilities of WordPerfect. Students will gain the skills necessary to use advanced WordPerfect concepts suitable for personal use or in a business environment, such as newsletters, graphic images, TextArt, templates, abbreviations, macros, sorts, advanced data table features, and merging labels. Prior experience creating, editing, and formatting word processing documents required. Prerequisite: CIS 124 or consent of instructor. One lecture; two lab. May be taken for S/U credit.
CIS 230
Implementing and Supporting Windows 95
Installing, configuring, customizing, optimizing and troubleshooting Windows 95 operating system. This course includes integrating Windows 95 with various networks. This course prepares students to take the Microsoft Certified Professional exam for Windows 95. Prerequisite: CIS 112 or consent of instructor. Three lecture; one lab.

CIS 298
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

COE 111
Cooperative Education
Optional course for students who have completed at least 15 hours of specific occupational coursework and who are looking for paid, practical learning experiences that relate academic training to real life situations on the job. Credit based on fulfillment of a contract developed and agreed upon by the instructor, student, employer, and Division Chair. Contract will outline specific goals as well as work program plan designed to meet those goals through demonstrated achievement and should be completed prior to the semester in which the work program takes place. Three credit hours will be awarded at the conclusion of: a) completing at least 135 hours designated on-the-job experience in a semester (45 hours per credit) and b) meeting with the coordinating instructor at least five times during the semester (once every three weeks). Three to six variable credit hours.

COE 298
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

COU 101
Self & Career Exploration
Exploration of personal interests and strengths and compatible career choices with practical job-hunting information. Two lecture. May be taken for S/U credit.

COU 102
College Study Skills
Improvement of academic performance through information, discussion, and experiential activities. Topics include time management, reading textbooks, taking notes, and preparing for tests. Three lecture.

COU 131
Assertive Training
Consideration of personal rights, identifying blocks to standing up for those rights, and practice in being more assertive. Two lecture. May be taken for S/U credit.

COU 132
Stress Management
Identifying the sources and effects of stress and learning methods to reduce stress. One lecture. May be taken for S/U credit.

COU 133
Motivation Skills
Motivation and positive attitude in relationship to personal, interpersonal, academic, and career enhancement and success. One lecture. May be taken for S/U credit.

COU 134
Building Self-esteem
Self-image and self-esteem, how to stop negative thinking and behavior, and improve self-esteem. One lecture. May be taken for S/U credit.

COU 135
Self Management Skills I
Assists in the transition from dependency and low self-esteem to independence, a higher level of self-esteem and personal empowerment. An interactive seminar. Two lecture. May be taken for S/U credit.

COU 136
Self Management Skills II
Personal and professional development. An interactive working seminar. Prerequisite: COU 135 or consent of instructor. Two lecture. May be taken for S/U credit.

COU 141
The Job Search
Job search strategies, interview skills, and resume preparation. One lecture. May be taken for S/U credit.

COU 298
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

DAN 100
Beginning Dance Movement
DAN 105
Aerobic Dance I
Aerobic dance as a fun way to develop strength, endurance, and flexibility through strengthening, stretching, and cardiovascular activity. One lecture; two lab. May be taken for S/U credit.

DAN 110
Ballet I
Basic ballet techniques and appreciation of ballet as a form of artistic expression. One lecture, two lab. May be taken for S/U credit.

DAN 120
Modern Dance I
Beginning modern dance technique. One lecture, two lab. May be taken for S/U credit.

DAN 130
Concert Dance I
Performance in specially choreographed dance productions. Methods used in choreography. Two lab. May be taken for S/U credit.

DAN 140
Folk Dance I
Elements of folk dancing. Two lab. May be taken for S/U credit.

DAN 150
Jazz Dance I
Basic jazz dance technique. One lecture, two lab. May be taken for S/U credit.

DAN 160
Awareness through Dance
This is a class for students wishing to gain a greater sense of awareness of themselves through movement and dance techniques. The class incorporates different movement and awareness modalities such as Feldenkrais, yoga, Tai Chi, and improvisational dance. One lecture, two lab. May be taken for S/U credit.

DAN 200
Improvisation
Introduces principles of dance improvisation. Study and development of creative movement sources and potential through exploration of human and environmental relationships. One lecture; two lab. May be taken for S/U credit.

DAN 211
Ballet II
Ballet techniques for the student with previous ballet experience. Two lecture, two lab. May be taken for S/U credit.

DAN 221
Modern Dance II
Intermediate modern dance techniques. Two lecture; two lab. May be taken for S/U credit.

DAN 250
Jazz Dance II
Study of technical detail in the development and conditioning of the body for jazz and professional dance today. Two lecture, two lab. May be taken for S/U credit.

DAN 298
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

DRAFTING

DFT 100
Introduction to Drafting
Fundamentals of drafting communication using freehand sketching, common mechanical and architectural constructions, geometric methods, conventional multi-view projections, three-dimensional concepts, and scaled dimensional drawings. Two lecture.

DFT 125
Architectural Drafting I
Principles of architectural drafting design and techniques. This board drafting course covers fundamentals of design, space, utilization, drafting tool usage, construction drafting requirements, and the development of a set of blueprints. Prerequisite: DFT 100 or consent of instructor. Two lecture; two lab.

DFT 145
Mechanical Drafting I
Mechanical/technical drafting including drafting principles, tools, techniques, and standards. Two lecture; two lab.

DFT 150
AutoCAD 2D
Effectively help students tap into the full power of Computer Aided Design software through the use of AutoCAD in a 2D medium. DFT 100 recommended. Two lecture; two lab.

DFT 170
CADKey I
Working knowledge of geometric construction and an introduction to computer-aided manufacturing software program in creating 2D drawings. Two lecture, two lab.

DFT 200
AutoCAD 3D
This course furthers a student's mastery of CAD by exploring how to unlock the power of 3D through the use of advanced AutoCAD applications. Prerequisite: DFT 150. Two lecture, two lab.

DFT 210
Technical Drafting I - CAD 2D
Application of mechanical drafting technology using the power of CAD as the medium for drafting. Auxiliary views, revolutions, dimensioning, tolerancing, fasteners, design, and working drawings utilizing several working drawings. Prerequisite: DFT 145 and DFT 170. Two lecture; two lab.

DFT 225
Architectural Drafting I - CAD
Application of construction architectural drawings using the power of CAD as the medium for drafting. Utilizes
working drawings to focus on scale to
drawing parameters, symbol libraries,
dimensioning, and drawing enhance-
ment. Prerequisite: DFT 125 and DFT
150. Two lecture; two lab.

DFT 250
AutoCAD Customization
Creating and customizing AutoCAD’s
menus for increased productivity in
drafting by utilizing AutoCAD’s menu
customization system and AutoLISP
programming. Prerequisite: DFT 200.
Two lecture; two lab.

DFT 260
Architectural Drafting II - CAD
Advanced application of construction
architectural drawings using the power
of 2D and 3D CAD as the medium for
drafting. Advanced 2D detail views,
electrical, mechanical, and plumbing.
3D drawings including floor plans, plot
plans, elevations, perspectives, land-
scape, and detail views, utilizing several
working drawings interfacing with a
multi-pen plotter. Prerequisite: DFT
200 and DFT 225. Two lecture; two
lab.

DFT 270
CADKey II
Advanced knowledge of the 3D capa-
bilities of the CAD software and the
Cartesian coordinate system common
to most CAD systems with the addition
of the Z axis or depth of a given
design. Prerequisite: DFT 170. Two
lecture; two lab.

DFT 298
Special Topics
Designed to meet the needs of an
individual(s) with interest in pursuing
an original topic in an instructional
area under faculty supervision. One
to six variable credit hours.

ECN 204
Macroeconomic Principles
Basic principles of macroeconomics
designed to acquaint the student with
workings of the national economy:
market economy, national income
accounting, fiscal/monetary policy, and
the Federal Reserve System. Pre or
corequisite: ENG 102. Three lecture.

ECN 205
Microeconomic Principles
Microeconomic topics of market
structures, elasticity, price and output
determination, and general equilibriu.
Three lecture.

ECN 298
Special Topics
Designed to meet the needs of an
individual(s) with interest in pursuing
an original topic in an instructional
area under faculty supervision. One
to six variable credit hours.

EDU 200
Introduction to Education
Education in the United States, the
historical development and social
foundations of education and teaching,
the student as learner, and current
issues and trends in education.
Three lecture.

EDU 250
The Community College
Development of the community
college in the United States including
its mission and role. Compares the
community college structure in the state
of Arizona with selected community
college systems of other states. Three
lecture.

EDU 298
Special Topics
Designed to meet the needs of an
individual(s) with interest in pursuing
an original topic in an instructional
area under faculty supervision. One
to six variable credit hours.

EDT 100
Concepts of Electricity & Basic
Electronics
Electronics, including DC and AC,
transistors, optoelectronic devices,
linear and digital ICs, and electronic
career opportunities. One lecture;
three lab.

EDT 120
Direct Current (DC)
Basic electricity theory and compo-
nents beginning with Ohm's Law and
atomic structure and progressing to
circuit analysis techniques used in
solving series, parallel and series-
parallel networks. Uses network
theorems to evaluate multivource
circuits. Prerequisite: MAT 121.
Two lecture, two lab.

EDT 130
Alternating Current (AC)
Basic electrical theory as it applies
to circuits containing capacitance,
inductance, and resistance with
sinusoidal voltages applied. Simple
and complex circuits are studied and
measured using instruments such as a
signal generator and oscilloscope.
Prerequisite: MAT 121. Two lecture;
two lab.

EDT 135
Microcomputer Operating Systems &
Architecture
Theory of digital logic gates, character-
istics of input/output devices, memory
hierarchy, central processing action,
program processing, data transfer
groups, interrupts, programmable
peripheral group, C high level lan-
guage, parallel/serial ports, Operation
of utility programs to analyze system
performance, diagnosis and correction
of disk problems using real-world
applications. Prerequisite: CIS 111.
Corequisite: MAT 121 or consent of
instructor. Two lecture, two lab. May
be taken for S/U credit.

71
ELT 150  
Basic Microcomputer Repair  
Computer operation and operating systems, motherboards, memory expansion, expansion boards, expansion slots, floppy and hard drive controllers, floppy and hard drives, input devices, output devices, gates, and power supplies. Prerequisite: CIS 131 or consent of instructor. One lecture, two lab.

ELT 298  
Special Topics  
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

EMS 100  
Emergency Medical Services First Response Training Course  
Working knowledge of emergency medicine per the U.S. Department of Transportation guidelines. Two lecture, two lab.

EMS 131  
Emergency Medical Technician  
Uses the 1994 curriculum adapted by the Arizona Department of Health Services. Helps prepare students for the Arizona State Department of Health Services EMT Examination. Prerequisites, per DHS standards, are required prior to entry into the course: 18 years old, must have current level “C” CPR certification, show proof of passing certified 9th grade reading level proficiency exam. Seven lecture.

EMS 211  
Emergency Medical Technician Refresher  
Updates basic EMT graduates on new techniques and reviews important principles in client care, basic life support, and transportation of the sick and injured. Emphasizes practical usage and experience in all phases. Meets Arizona Department of Health Services refresher training requirements. Prerequisite: EMS 131 or equivalent. May be repeated for additional credit as an exception to general college policy; maximum of six credits in EMS 211 may apply toward a degree. Two lecture.

EMS 231  
Intermediate Emergency Medical Technician I  
Role of the I-EMT, human anatomy and physiology, medical terminology, basic pharmacology, specific drug interactions and drug administration techniques. Emphasizes client assessment and management of injured or sick under emergency conditions. Six lecture.

EMS 232  
Intermediate Emergency Medical Technician II  
Obstetrical emergencies, management of emotionally disturbed, rescue techniques, communications and medical emergencies encountered by I-EMT in field. Clinical field training includes experiences in emergency, operation, and recovery rooms; in-labor and delivery suites, and with IV team. Prerequisite: EMS 231. Four lecture; six lab.

EMS 250  
Certified Emergency Paramedic I  
Preparation of the basic emergency medical technician to an advanced paramedic provider level. Includes human anatomy and physiology, physical assessment, airway and ventilation techniques, IV therapy, medical emergencies, and trauma patient management required for preparation for EMS 251. Prerequisite: One year as a certified EMT and acceptance into the program. Thirteen lecture.

EMS 251  
Certified Emergency Paramedic II  
Preparation of the basic emergency medical technician to an advanced paramedic provider level. Includes human anatomy and physiology, physical assessment, electrocardiography, obstetrical emergencies, pediatric emergencies, cardiac life support, and preparation for the certification examination, required for vocational practice in the state of Arizona. Prerequisite: One year as a Certified EMT and acceptance into the program. Twelve lecture.

EMS 260  
Vehicle Practice  
Advanced clinical experience in the pre-hospital setting involving in-depth field exposure based on paramedic skills learned in class. Students will gain additional experience as they are taught by certified paramedics. Each student will participate in all phases of patient assessment and management for the medical and trauma emergency. Prerequisite: One year as a Certified EMT and acceptance into the program. Nine lab.

EMS 270  
Clinical Practice  
Advanced clinical experience in a hospital setting involving in-depth hospital exposure based on paramedic skills learned in didactic. Students will gain additional experience with various specialty areas and participate in modalities of treatment for trauma and medical emergencies. Prerequisite: One year as a Certified EMT and acceptance into the program. Twelve lab.

EMS 298  
Special Topics  
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.
ENG 020  
Sentence Structure  
Individualized, self-paced instruction in basic sentence construction, adding elements, and writing a variety of sentences. Audio-tutorial. Prerequisite: Consent of advisor. Three lab. May be taken for S/U credit.

ENG 021  
Grammar Skills  
Individualized, self-paced instruction in grammar with emphasis on correct verb, pronoun, adverb, and adjective usage. Audio-tutorial. Prerequisite: Consent of advisor. Three lab. May be taken for S/U credit.

ENG 022  
Punctuation Skills  
Individualized, self-paced instruction in the use of commas, semicolons, colons, and other punctuation marks. Audio-tutorial. Prerequisite: Consent of advisor. Three lab. May be taken for S/U credit.

ENG 023  
Paragraph Development  
Individualized, self-paced instruction in writing topic sentences and organizing specific support in basic paragraphs. Audio-tutorial. Prerequisite: Consent of advisor. Three lab. May be taken for S/U credit.

ENG 024  
Spelling Improvement  
Individualized, self-paced instruction in spelling with emphasis on hearing, seeing, and writing common English words. Audio-tutorial. Prerequisite: Consent of advisor. One lecture. May be taken for S/U credit.

ENG 025  
Vocabulary Improvement  
Individualized, self-paced instruction in strengthening vocabulary with emphasis on prefixes, suffixes, roots, and understanding words in context. Audio-tutorial. Prerequisite: Consent of advisor. Three lab. May be taken for S/U credit.

ENG 029  
Basic Reading Skills  
Word identification, vocabulary in context, and comprehension. Prerequisite: Placement or consent of instructor. Three lecture. May be taken for S/U credit.

ENG 030  
Reading Improvement  
Evaluates and develops reading skills through individual and group work with emphasis on vocabulary comprehension, identification of main ideas and supporting details. Prerequisite: Placement or consent of instructor. Three lecture. May be taken for S/U credit.

ENG 031  
Advanced Reading Improvement  
Individual and group instruction in mastery of reading skills with emphasis on vocabulary improvement, comprehension, and flexibility of reading rate. Prerequisite: Placement or consent of instructor. Three lecture. May be taken for S/U credit.

ENG 036  
Introduction to English as a Second Language  
Individual and small group work in listening to, speaking, reading, and writing in the English language. Prerequisite: Consent of instructor. Two lecture. May be taken for S/U credit.

ENG 037  
English as a Second Language  
Intensive study for improving basic skills in listening to, speaking, reading, and writing in English. Prerequisite: Placement or consent of instructor. Three lecture. May be taken for S/U credit.

ENG 050  
Fundamentals of English Grammar  
Intensive study and review of basic English grammar with emphasis on parts of speech, basic sentence parts and patterns, sentence modifiers, main and subordinate clauses, agreement, punctuation, capitalization, and usage. One lecture. S/U credit only.
ENG 102  
College Composition II  
Extensive practice in critical thinking, reading, and writing with emphasis on composing analytical essays on literary topics and a documented essay. Prerequisite: ENG 101. Three lecture.

ENG 135  
Career Communication  
Effective listening, responding, reading, and writing with emphasis on using these skills in the workplace, from job application and interview to on-the-job oral and written communications. Three lecture.

ENG 136  
Career Writing  
Presents situations and problems that students as business and technical writers will face. Extensive practice in writing in the workplace including memos, resumes, business letters, and technical reports. Prerequisite: Placement or ENG 060. Three lecture.

ENG 139  
Introduction to Creative Writing  
Techniques of writing poetry, fiction, and creative nonfiction, with analysis of both published and student writing. Prerequisite: ENG 100, ENG 101 or consent of instructor. Three lecture. May be taken for S/U credit.

ENG 141  
Critical Reading  
Increasing reading rate flexibility and speed, with emphasis on improving comprehension and analytical reading skills. Prerequisite: Placement or ENG 031. Three lecture.

ENG 234  
Information Age Communication  
Extensive practice in audience-centered, professional and technical communication. Emphasizes reading and critical analysis of technical writing, and computer-based composing and summarizing of technical concepts for the workplace. Prerequisite: Placement or ENG 100, ENG 100X, or ENG 136. Three lecture.

ENG 236  
Introduction to the American Short Story  
Reading and critical analysis of a broad representation of American short stories including the examination of ethnic, race, and gender issues. Prerequisite: ENG 101 or consent of instructor. Three lecture.

ENG 237  
Women in Literature  
Literature by and about women with emphasis on stereotypes, changing roles, and psychological and philosophical concerns. Prerequisite: ENG 101 or consent of instructor. Three lecture.

ENG 238  
Literature of the Southwest  
Literature of the land and peoples of the Southwest, the influence and interaction of Indian, Spanish-Mexican, and Anglo cultures, and contemporary concerns of Southwestern writers. Three lecture.

ENG 240  
English Literature I  
A general survey of the major works in English literature from Beowulf through the Neoclassical period. Prerequisite: ENG 101 or consent of instructor. Three lecture.

ENG 241  
English Literature II  
A general survey of the major works in English literature from the Romantic period to the present. Prerequisite: ENG 101 or consent of instructor. Three lecture.

ENG 270  
Creative Writing: Fiction  
Extensive practice in writing and revising fiction, with emphasis on critical analysis of published models and students' work. Prerequisite: ENG 139 or consent of instructor. Three lecture. May be taken for S/U credit.

ENG 271  
Creative Writing: Poetry  
Extensive practice in writing and revising poetry, with emphasis on critical analysis of published models and students' poems. Prerequisite: ENG 139 or consent of instructor. Three lecture. May be taken for S/U credit.

ENG 272  
Creative Writing: Non-Fiction  
Extensive practice in writing and revising various types of creative non-fiction. Emphasis on study of professional models and discussion of students' work. Pre or corequisite: ENG 102 or consent of instructor. Three lecture. May be taken for S/U credit.

ENG 273  
Introduction to Shakespeare  
Study of a selection of Shakespeare's plays, selected sonnets, and poems. Includes an investigation into relevant history, social conditions, and literary background. Prerequisite: ENG 101 or consent of instructor. Three lecture.

ENG 298  
Special Topics  
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

ENV 100  
Introduction to Environmental Technology  
Environmental engineering, science, and technology. Risks resulting from contamination of the environment and the philosophy, regulatory approaches, and engineering design of environmental pollution control. Three lecture.
ENV 298
Special Topics
(1-6)
Designated to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

FRENCH

FRE 101
Beginning French I
Basic grammar, vocabulary, and culture. Practice in speaking, reading, and writing French. Four lecture.

FRE 102
Beginning French II
Further emphasis in basic grammar, vocabulary, and culture. Practice in speaking, reading, and writing French. Prerequisite: FRE 101 or consent of instructor. Four lecture.

FRE 131
Conversational French I
Basic grammar, vocabulary, and culture in conversational practice. Three lecture. May be taken for S/U credit.

FRE 132
Conversational French II
Further development of speaking and listening skills for effective communication in French. Prerequisite: FRE 131 or consent of instructor. Two lecture, one lab. May be taken for S/U credit.

FRE 298
Special Topics
(1-6)
Designated to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

FIRE SCIENCE

FSC 101
Fire Service Orientation & Induction
Fire service, history and evaluation of fire department organization, role of the fire service in the fire department organization and in the community. Department function, management, techniques of fire fighting, laws and ordinances, and private fire protection. Two lecture.

FSC 105
Firefighter I & II
For the new firefighter or student interested in firefighting. Fire behavior and basic firefighting skills, with hands-on use of firefighting equipment. Six lecture.

FSC 135
Fundamentals of Fire Prevention
Role and functions of fire prevention. Practical rather than theoretical aspects of fire prevention. Three lecture.

FSC 136
Fire Apparatus & Hydraulics
Principles of care, maintenance, and operation of fire apparatus and pumps. Pump construction, pumping and pump accessories, power development and transmission, driving, trouble shooting, and producing effective fire streams. Three lecture; two lab.

FSC 137
Hazardous Materials - First Responder Awareness
Identifies hazardous materials as well as the role of various agencies at the scene of a hazardous materials incident. Recognition and identification, safety considerations, capabilities and limitations, and pre-emergency planning. One-half lecture.

FSC 200
Hazardous Materials - First Responder
Definition, detection, identification, scene management, basic training, equipment planning, strategy, and tactics in the management of hazardous materials incidents. Preparation for Department of Emergency Services certificate. Three lecture.

FSC 233
Introduction to Wildland Fire Suppression
Provides a fundamental knowledge of the factors affecting wildland fire prevention, fire behavior, and control techniques along with an introduction to the Incident Command System. Covers material from S-190, S-130, I-100, and standards for survival (PMS 416-1). After completion, students may qualify for Red Card Certification. Three lecture.

FSC 234
Fire Investigation
Methods of determining point of fire origin and fire cause, and detection of incendiary fires. Includes simplified physics and chemistry necessary to analyze fire behavior. Three lecture.

FSC 235
Fire Protection Systems
Required standard for water supply, protection systems, automatic sprinklers, and special extinguishing systems, including analysis of various automatic signaling and detection systems. Prerequisite: FSC 105 or consent of instructor. Three lecture.

FSC 236
Firefighter Occupational Safety
Informational base to reduce injuries to firefighting personnel. Awareness, training, and research of equipment to develop a safety program to meet the needs of the fire service. Three lecture.

FSC 238
Emergency Scene Management
Effective methods of managing emergency incidents including multiple alarm fires, high-rise fires, brush fires, hazardous materials incidents, and multi-casualty medical incidents. Includes effective interaction among numerous agencies to achieve control. Prerequisite: FSC 105 or consent of instructor. Three lecture.
FSC 239
Fire Department Company Officer
Administrative methods for the fire department in fire safety, department organization, and personnel supervision. Includes elements of management needed for the fire department first-level supervisor. Prerequisite: BUS 209 or consent of instructor. Three lecture.

FSC 241
Firefighter Safety & Building Construction
Safety for firefighters on the fire ground. Effects of fire and heat on various types of building construction resulting in the loss of structure will be explored. Includes signs and symptoms of structural damage. Three lecture.

FSC 243
Intermediate Wildland Fire Suppression
Instructions for an initial attack on wildland fires and the incident command system. Covers material from S-205, S-290, and I-200. After completion students may qualify for Red Card Certification. Prerequisite: FSC 233 or consent of instructor. Five lecture.

FSC 253
Advanced Wildland Fire Suppression
Designed to train qualified squad bosses in firing techniques and firing devices along with advanced training in the incident command system. Covers materials from S-234, S-336, and I-300. Prerequisite: FSC 233 and FSC 243 or consent of instructor. Five lecture.

FSC 298
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

GEOGRAPHY

GEO 131
Introduction to Physical Geography
Natural processes of weather, climate, hydrology, ecology, geology and tectonics, diastrophism, volcanism, denudation, soils, glaciation, and coastal processes emphasizing geographic distribution. Three lecture; three lab.

GEO 133
World/Regional Geography
Physical (climate, vegetation, landform) and cultural (ethnic, religious, political, economic) attributes of the world’s major regions and the interplay between them. Includes a study of world place-name geography. Three lecture.

GEO 260
Conservation & Management of Natural Resources
Attempts of humankind to manage the resources of the natural environment toward a sustainable biosphere. Demographics, climate, soils, hydrology (marine and fresh), ecology (range and forest), and energy production. Three lecture.

GEO 298
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

GERMAN

GER 131
Conversational German I
Basic grammar, pronunciation, and vocabulary necessary to develop speaking ability in German. Designed for students seeking speaking and listening abilities with little emphasis on grammar. Three lecture. May be taken for S/U credit.

GER 132
Conversational German II
Further development of speaking and listening skills for effective communication in German. Prerequisite: GER 131 or consent of instructor. Three lecture. May be taken for S/U credit.

GER 298
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

GEOLOGY

GLG 100
Introduction to Geology
Basic physical and historical concepts in geology. Field trips. Three lecture; three lab.

GLG 101
Physical Geology
The study of earth’s processes and materials including rocks and minerals, structures, landforms and their origins. Three lecture, three lab.

GLG 102
Historical Geology
Chronological study of the time element involved in the creation of the earth and its inhabitants as revealed in rocks. Prerequisite: GLG 101, GEO 131, or consent of instructor. Three lecture, three lab.

GLG 111
Geology of Northern Arizona
Concepts in stratigraphy, volcanology, geomorphology, and glacial and structural geology in the Northern Arizona region. Field trips. Prerequisite: GLG 100, GLG 101, or consent of instructor. One lecture, three lab.
GLG 112
Geology of the Grand Canyon
Concepts in stratigraphy, volcanology, geomorphology, and glacial and structural geology in the Grand Canyon. Field trips. Prerequisite: GLG 100, GLG 101, or consent of instructor. One lecture, three lab.

GLG 201
Ancient Life
Paleontology and the evolution of life on Earth. Survey of fossil records for reconstruction of past environments and for dating and correlation of sedimentary formations. Laboratory hours will be met by attendance at three all-day required field trips. Prerequisite: A 100 level laboratory science course, pre or corequisite: ENG 102. Three lecture, three lab.

GLG 298
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

HISTORY

HIS 131
United States History I
Early development of the United States from its New World beginnings (1492-1670) to the difficult period of Reconstruction following the Civil War (1865-1877). Three lecture.

HIS 132
United States History II
Development of the United States from the ordeal of Reconstruction (1865-1877) to the present. Three lecture.

HIS 135
History of Mexico
Political, economic, and social forces which have created the history of Mexico since independence. Three lecture.

HIS 136
Women in American History
Roles and contributions of women in the history of the U.S., with an emphasis on the social and cultural aspects of the feminist movements in the nineteenth and twentieth centuries. Three lecture.

HIS 201
Western Civilization to 1660
Interdisciplinary approach to the history and development of Western civilizations from the ancient civilization of Egypt and Mesopotamia to 1660 or the dawning of modern Europe. Three lecture.

HIS 202
Western Civilization from 1660
Interdisciplinary approach to the history and development of Western civilizations from 1660 to the present. Three lecture.

HIS 238
Navajo History
Examines Dine ("The People") history with emphasis on the role the Navajo have played in the economic, cultural, and political life of the Navajo nation. Three lecture.

HIS 250
Asian Civilization through 1644
Study of the political, social, economical, cultural, and intellectual history of China, Japan, and India to 1644 AD. Three lecture.

HIS 251
Asian Civilization from 1645
Study of the political, social, economical, cultural, and intellectual history of China, Japan, and India since 1644 AD. Three lecture.

HIS 271
History of the Soviet Union
Political, economic, and social forces which have molded the Soviet Union in the 20th century. Three lecture.

HIS 298
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

HRM 100
Introduction to Hospitality
History, policies, and procedures of the hospitality industry as it relates to hotel/restaurant management. Three lecture.

HRM 140
Food Production Concepts
Introductory course identifying and describing the various interrelated components of systematic food service management. Three lecture.

HRM 144
Gourmet Foods I
Appreciation of international foods and their preparation. Includes foods of France, Italy, China, Japan, and Mexico. Three lecture; one lab. May be taken for S/U credit.

HRM 145
Gourmet Foods II
Advanced principles and materials used in international gourmet cooking and baking, including uses of more advanced cookbooks, and expanded identification and use of kitchen tools. Progressive use of spices, herbs, wines (for cooking purposes only), and sauces. Students will, through practical application, prepare, bake, and serve international gourmet foods. Prerequisite: HRM 144 or consent of instructor. Three lecture; one lab. May be taken for S/U credit.
HRM 170  
*Hospitality Information Technology*  
Introduction to information processing principles specific to the hospitality industry, basic concepts of hardware and software, and generic software applications. Two lecture; two lab.

HRM 210  
*Guest Service Management*  
Overview of the hotel industry, front office management, guest expectations, reservations, uniformed services, and guest accounting. Also emphasizes the importance of communication and the key role front office plays within the framework of the entire hotel. Three lecture.

HRM 220  
*Property Management*  
Introduction to the direction and control of housekeeping operations, personnel and facilities management, problem solving techniques, and guest security and safety. Three lecture.

HRM 225  
*Hospitality Accounting*  
A study of financial statement analysis, management of assets, ratio analysis, analytical techniques, operating budget and investment decision making. Prerequisite: ACC 101. Three lecture.

HRM 235  
*Hospitality Law*  
Differentiate legal issues/laws that impact the hotel’s general operations and relationships with its employees and guest. Three lecture.

HRM 240  
*Commercial Food Production*  
Introduction to the basic services, operations, principles, sanitation, and presentation techniques associated with the commercial food services industry. Two lectures, three lab.

HRM 298  
*Special Topics*  
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

HUMANITIES

HUM 235  
*American Arts & Ideas*  
Cultural development of the arts, literature, and philosophical and religious movements within the United States from the Colonial Period through the present. Pre or corequisite: ENG 101. Three lecture.

HUM 241  
*Humanities I*  
Cultural development of the Western World from the ancient Greeks to the Renaissance as reflected in the literature, visual arts, architecture, and performing arts of the various periods. Pre or corequisite: ENG 102. Three lecture.

HUM 242  
*Humanities II*  
Cultural development of the Western World from the Renaissance to the present as reflected in the literature, visual arts, architecture, and performing arts of the various periods. Pre or corequisite: ENG 102. Three lecture.

HUM 261  
*Asian ideas & values*  
Examination of Asian literature, religion, and the arts for their humanistic ideas and values. Three lecture.

HUM 298  
*Special Topics*  
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

INDUSTRIAL TECHNOLOGY - CONSTRUCTION

ITC 100  
*Contractor’s License*  
Overview of construction business practices and government requirements designed to help the student prepare for obtaining a contractor’s license. Three lecture. May be taken for S/U credit.

ITC 111  
*Uniform Building Code*  
Safety principles of building construction under the Uniform Building Code, including structural requirements for wood, masonry, fire resistant materials and ratings, and occupancy requirements. Three lecture.

ITC 120  
*Building the Human Environment*  
Addresses architectural design and construction building practices, relating some of their psychological and environmental impacts. Historical, current and projected solutions to the human need for shelter and infrastructure are explored. Three lecture.

ITC 140  
*Blueprint Reading & Estimating*  
Reading blueprint construction documents and estimating the amount of building materials needed for building projects. Reading and interpreting architectural schedules, symbols, and specifications. Three lecture.

ITC 150A  
*electrical theory*  

ITC 150B  
*Electrical Codes & Safety*  
Students learn the necessary precautions to take for various electrical hazards found on the job. Basic OSHA lockout/tagout procedures and requirements. One lecture. May be taken for S/U credit.
ITC 150C
Test Equipment & Blueprint Reading
Correct selection, inspection, use, and maintenance of common electrical test equipment. Introduction to symbols, specifications, and layout of a building blueprint. One lecture. May be taken for S/U credit.

ITC 150D
Raceways, Boxes, Fittings, & Anchors
Introduction to types and applications of raceways, wireways, and ducts. Students learn how to cut, ream, thread, hand bend, and connect conduit. One lecture. May be taken for S/U credit.

ITC 150E
Conductors
Introduction to electrical conductor types, sizes, and placement procedures associated with National Electrical Code (NEC) requirements. One lecture. May be taken for S/U credit.

ITC 150F
Residential, Commercial, Industrial Wiring
Introduction to methods and procedures in wiring residential, commercial, and industrial facilities. Two lecture. May be taken for S/U credit.

ITC 160A
Alternating Current
Focus on forces that are characteristic of alternating current (AC) systems and the application of Ohm's Law to AC circuits. Prerequisite: ITC 150A, 150B, 150C, 150D, 150E, and 150F. One lecture. May be taken for S/U credit.

ITC 160B
Motors Theory and Application
Focus on both AC and DC motors including the main parts, circuits, and connections. Prerequisite: ITC 150A, 150B, 150C, 150D, 150E, and 150F. One lecture.

ITC 160C
Grounding/Conductor Installations
Grounding, bonding of electrical systems and transportation storage, and set up of cable reels will be explored. The inclusion of rigging and procedures for complete cable pulls in raceways and cable tray. Prerequisite: ITC 150A, 150B, 150C, 150D, 150E, and 150F. One lecture.

ITC 160D
Conduit Bending/Boxes and Fittings
Conduit bending of sizes of up to 6" utilizing mechanical, hydraulic, and electrical benders. NEC requirements for selecting correct sizes of outlet, pull, and junction boxes. Conduit bodies, as well as various types of fittings are also covered. Prerequisite: ITC 150A, 150B, 150C, 150D, 150E, and 150F. One lecture.

ITC 160E
Cable Tray/Conductor Terminations and Splices
NEC, and NEC installation methods and modifications for cable and cable tray. The termination, splicing, and preparation of all sizes of conductors will also be covered. Prerequisite: ITC 150A, 150B, 150C, 150D, 150E, and 150F. One lecture.

ITC 160F
Electrical Service, Breakers and Fuses
Selection of single and three-phase services, including metering equipment. Also the identification and application of fuses and breakers including short-circuit calculations. Prerequisite: ITC 150A, 150B, 150C, 150D, 150E, and 150F. One lecture.

ITC 160G
Contactors/Relays and Electrical Lighting
Description of various types of contactors and relays. The principles of illumination as it applies to residential, commercial, and industrial installations are also covered. Prerequisite: ITC 150A, 150B, 150C, 150D, 150E, and 150F. One lecture.

ITC 170
Plane Surveying & Building Layout
Building layout and surveying to establish building location for excavation and for the accurate placement of the building foundation, including finish floor elevation. Three lecture.

ITC 170A
Distribution Equipment/Transformers
Transformer types, construction connections, protection, one-line electrical drawings with symbols are the main topics in this module, along with capacitors and rectifiers. Prerequisite: ITC 160A, 160B, 160C, 160D, 160E, 160F, and 160G. One lecture.

ITC 170B
Overcurrent Protection

ITC 170C
Conductors, Wiring Devices and Fill Requirements
Types of conductors used in wiring systems including installation, current and fill capacities, and temperature ratings. In addition an in depth look at receptacles, switches and other wiring devices will also be covered. Prerequisite: ITC 160A, 160B, 160C, 160D, 160E, 160F, and 160G. Two lecture.

ITC 170D
HVAC Systems
ITC 170E
Motor Controls, Calculations and Maintenance

ITC 170F
Hazardous Locations - Electrical

ITC 171
Electrical Construction Wiring
Survey of electrical construction processes for residential and light commercial applications. Determining materials, installation processes, safety, and code requirements of electrical construction will be emphasized and applied. Two lecture; two lab.

ITC 175
Mechanical Systems
Addresses heating, ventilation, air conditioning systems and plumbing systems in residential structures. Emphasis is placed on system design and layout as well as installation practices. One lecture; four lab.

ITC 180
Building Construction Methods I
Floor foundations and interior/exterior framing, including the various types and methods of building foundations and framing systems. Three lecture.

ITC 185
Construction Methods II
Methods, materials, and safe working practices as they relate to balloon, platform, and post and beam construction using wood or wood products. Floor, interior and exterior walls, ceilings, and a general introduction to roofs as they connect or relate to framing types. Three lecture.

ITC 199
Industrial Technology
Designed to meet the common interests and challenges of a group of students. One to three variable credit hours.

ITC 210
Structural Design & Building Materials
Structural analysis in building design, basic relationships between structures and architectural form, principles, concepts, and procedures from statics and mechanics of materials, and analysis of reactions including shear, deflection, flexural, and shearing stresses. Prerequisite: MAT 121. Three lecture.

ITC 230
Construction Supervision & Scheduling
Function of the construction site supervisor and the process used in scheduling, pre- and post-construction, communication techniques, and documentation of records and reports. Three lecture.

ITC 298
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

MAT 033
Math Workshop
Designed for students suffering from "Math Anxiety". "Math Anxiety" is defined, discussed and reduction techniques practiced. Study and test-taking skills. Corequisite: Enrollment in a mathematics course. One lecture.

MAT 055
Arithmetic Review
Review of arithmetic skills, including fractions, decimals, percent, measurement, and geometry. Three lecture.

MAT 087
Beginning Algebra with Review
Basic algebraic concepts and review of arithmetic skills. Whole numbers, fractions, decimals, percentages, ratios, practice of the four basic operations and the principles and applications of each in review, operations with signed numbers, exponents and radicals, linear equations and inequalities, polynomials, and graphing. Prerequisite: MAT 055 or satisfactory score on the Mathematics Placement Exam. Four lecture.

MAT 101X
Beginning Algebra with Review
Basic algebraic concepts and review of arithmetic skills. Whole numbers, fractions, decimals, percentages, ratios, practice of the four basic operations and the principles and applications of each in review, operations with signed numbers, exponents and radicals, linear equations and inequalities, polynomials, and graphing. Three lecture.

MAT 102X
Intermediate Algebra with Review
Review of basic algebraic concepts, including exponents and radicals, systems of equations, polynomials, graphing, and quadratic equations. Prerequisite: MAT 101X or satisfactory score on the Mathematics Placement Exam. Four lecture.
MAT 107

**Industrial Mathematics**

Designed for students planning on a technical/vocational career. Includes a review of basic arithmetic operations, proportions and percentages, algebraic equations, with emphasis on applied problems. Also includes geometry, literal equations, graphs, financial problems, the metric system, and averages. Three lecture.

MAT 108

**Technical Mathematics**

Designed for students planning on a technical/vocational career. Review of basic algebraic operations, a study of right angle trigonometry, with emphasis on applied problems, literal equations, graphs, financial problems, the metric system, and averages. Prerequisite: MAT 107 or satisfactory score on the Mathematics Placement Exam. Three lecture.

MAT 121

**Intermediate Algebra with Review**

Review of basic algebraic concepts, including exponents and radicals, systems of equations, polynomials, and graphing quadratic equations. Prerequisite: MAT 087 or MAT 101X, or satisfactory score on the Mathematics Placement Exam. Four lecture.

MAT 123

**Work-based Mathematics I**

Study of intermediate algebraic topics in an applied format. Includes problem solving, algebraic equations and expressions, data analysis, functions and their graphs, systems of equations, polynomials, and geometry. Prerequisite: MAT 087, or Level 2 high school mathematics, or placement. Three lecture; two lab.

MAT 124

**Technical Problem Solving**

Mathematics topics geared for technical degrees, including ratio, proportion, geometry, coordinate geometry, trigonometry and applications. Prerequisite: MAT 121, MAT 123, or placement. Three lecture.

MAT 130

**Mathematics for Elementary Teachers I**

Concepts and principles of numbers and algebra in grades K-8, emphasizing the use of elementary school oriented models and manipulatives to increase understanding of the mathematical concepts. Students will experience construction of the mathematics through problem solving. Prerequisite: MAT 121 or satisfactory score on the Mathematics Placement Exam. Three lecture.

MAT 131

**Mathematics for Elementary Teachers II**

Extends the experiences of problem solving, making mathematical connections, and using manipulatives. Probability and statistics, geometry, and measurement strands of the K-8 curriculum. Prerequisite: MAT 130. Three lecture.

MAT 142

**Applications of College Algebra**

Designed to satisfy math requirements for most non-math/non-science majors. Students will examine social choice, management science, growth and symmetry, statistics, probability, and feasibility through the application of the algebra of functions, graphing, sequences/series, logarithms, exponentials. Prerequisite: MAT 121 or satisfactory score on the Mathematics Placement Exam. Pre or corequisite: ENG 102. Three lecture.

MAT 151

**College Algebra**

College level algebraic equations and functions including linear, quadratic and radical equations, linear systems and matrix operations, polynomials, inequalities, logarithms, and sequences and series. Prerequisite: MAT 121 or satisfactory score on the Mathematics Placement Exam. Four lecture.

MAT 160

**Elementary Statistics**

Statistical tools and techniques used in research and general applications. Includes sample data, probability and probability distributions, point and interval estimates of population parameters, hypothesis testing, and correlation and regression. Prerequisite: MAT 151. Three lecture.

MAT 172

**Finite Mathematics**

Various analytical methods used in business and social sciences, including algebra review, functions and modeling, systems of linear equations, matrices, linear programming, mathematics of finance, probability, and combinations. Prerequisite: MAT 151 or satisfactory score on the Mathematics Placement Exam. Three lecture.

MAT 184

**Functions & Trigonometry**

Serves as a bridge from College Algebra to Calculus. Properties and graphs of polynomials, rational and trigonometric functions, trigonometric identities, and complex numbers. Prerequisite: MAT 151 or satisfactory score on the Mathematics Placement Exam. Three lecture.

MAT 187

**Pre-Calculus**

College level algebraic equations and trigonometry. Right-angle trigonometry and law of sines/cosines. Prerequisite: MAT 121 or satisfactory score on the Mathematics Placement Exam. Five lecture.

MAT 212

**Business Calculus**

Integral and differential calculus with business and social science applications. Prerequisite: MAT 151 or higher level mathematics or satisfactory score on the Mathematics Placement Exam. Three lecture.
MAT 220
Calculus & Analytic Geometry I
Limits, continuity, differential, and integral operations on algebraic and trigonometric functions and applications. Prerequisite: MAT 187 or MAT 151 and MAT 184, or satisfactory score on the Mathematics Placement Exam. Five lecture.

MAT 230
Calculus & Analytic Geometry II
Applications and methods or integration, polar coordinates, parametric equations, elements of analytic geometry, vector function, and sequences and series. Prerequisite: MAT 220 or satisfactory score on the Mathematics Placement Exam. Five lecture.

MAT 240
Calculus & Analytic Geometry III
Multidimensional calculus. Includes conic sections, polar coordinates, partial derivatives, gradients, directional derivatives, extrema, multiple and iterated integrals, vector calculus, line integrals, and Green's Theorem. Prerequisite: MAT 230. Five lecture.

MAT 262
Differential Equations
Introduction to ordinary differential equations. Includes first order equations, higher order linear equations, applications of first and second order equations, series solutions, Laplace transforms, and systems of linear differential equations. Prerequisite: MAT 230. Three lecture.

MAT 298
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

MANUFACTURING AND INDUSTRIAL TECHNOLOGY

MIT 100
Safety in Industry
Survey of industrial safety practices as they relate to the following: handling, storing, health, equipment, protective clothing, and prevention. State, federal, and industry regulations will be emphasized. One lecture; two lab.

MIT 105
Metallurgy
A study of pre- and post-manufacturing effects on the mechanical and chemical properties of metals as they apply to manufacturing. One lecture; one lab.

MIT 120
Rigging
Determine requirements for the movement and positioning of heavy material and equipment through setup, load calculation and equipment usage. Two lab.

MIT 140
Arc Welding I
Fundamentals of basic arc welding procedures, equipment, and safety techniques. Various arc welding tasks in the flat, horizontal, vertical-up, and overhead positions. Two lecture; two lab.

MIT 141
Arc Welding II
Advanced arc welding procedures, equipment, and safety techniques. Instruction in the selection of electrode, gas, cups, and filler rod for gas tungsten arc weld (GTAW) welding. Techniques and practice in welding butt-joint, t-joint, lap and corner joints in various positions and numerous cutting procedures. Prerequisite: MIT 140 or consent of instructor. Two lecture, two lab.

MIT 145
Welding Gases, Flows, Rates, Filler Metals
Identification and utilization of welding gases, flow rates, and the application of filler metals as they apply to various welding applications. One lecture; two lab.

MIT 165
Welding Tools and Equipment
Survey and proper usage of various tools utilized in the welding manufacturing industry. Identification and maintenance for each of these tools will be stressed. One lecture; two lab.

MIT 170
Welding Symbols/Blueprint Interpretation
Identification of welding symbols and interpretation of working blueprints to provide a hands-on approach to welding manufacturing. One lecture; two lab.

MIT 200
Quality Control - Manufacturing
Identifying and interpreting codes, standards, processes, procedures, material usage, cost controlling, safety, and maintenance issues of quality control. Two lecture; two lab.

MIT 205
Weld Testing and Inspection
Examine and perform mechanical and non-destructive forms of weldment testing to ensure quality, reliability, and strength. Identify the methods of testing and inspection as they apply to welding manufacturing. One lecture; two lab.

MIT 210
Layout and Fitting Techniques
Assemble a project through the interpretation of blueprints which require the layout of materials, equipment, and manpower to fit and assemble a finished product. Prerequisite: MIT 105. Two lecture; two lab.

MIT 282
Pipe Welding I
Welding of cross-country pipe lines in industry: chemical, petroleum, salt water, fresh water, fuel systems, hydraulic systems, mining, and others. Prerequisite: MIT 141 or consent of instructor. Two lecture; two lab.

MIT 283
Pipe Welding II
Welding of cross country pipe along with high pressure pipe and tube. Prerequisite: MIT 282 or consent of instructor. Two lecture; two lab.

MIT 295
Manufacturing Lab
Designed to meet the needs of an individual(s) with interest in pursuing additional hands-on experience in a vocational area under faculty supervision. One to six variable lab hours.

MIT 298
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

MUP 101
Piano for Non-Majors I
Basic techniques of piano playing, including some literature. No prior piano experience required. One lecture; two lab. May be taken for S/U credit.

MUP 102
Piano for Non-Majors II
Further instruction in beginning piano techniques. Prerequisite: MUP 101 or consent of instructor. One lecture; two lab. May be taken for S/U credit.

MUP 103
Piano for Non-Majors III
Advanced instruction in piano techniques. Prerequisite: MUP 102 or consent of instructor. One lecture; two lab. May be taken for S/U credit.

MUP 105
Voice Class I
Fundamentals of singing. Three lab. May be taken for S/U credit.

MUP 107
Guitar I
Beginning instruction on guitar including open position scales, arpeggio studies, chord forms, rhythm accompaniment, fundamentals of music theory, note reading studies, picking techniques. Instruction in and exploration of basic classical/flamenco, folk, country, blues, and rock styles in playing. No guitars provided. One lecture; one lab. May be taken for S/U credit.

MUP 108
Guitar II
Second level instruction on guitar including moveable position scales and arpeggios, moveable chord form, melodic rhythm accompaniment, music theory, all major keys, reading music and notation, picking variations. Instruction in and exploration of more complex music styles in classical/flamenco, folk, country, blues, and rock. Prerequisite: MUP 107 or consent of instructor (audition). One lecture; two lab. May be taken for S/U credit.

MUP 110
Woodwind Ensemble
Rehearsal and public performance of standard ensemble literature for woodwind instruments. Two lab. May be taken for S/U credit.

MUP 110A
Saxophone Ensemble
Saxophone ensemble literature, in both classical and jazz styles. Two lab. May be taken for S/U credit.

MUP 111
Community Band
Performance group focusing on band music from the popular literature of the Gay Nineties through the World Wars, as well as music from Broadway and the Theatres. Two lab. May be taken for S/U credit.

MUP 113
Jazz Ensemble
Performance group focusing on Jazz from 1900 to the present. The works performed will depend on the available instrumentation of the group and the choice of the instructor. Two lab. May be taken for S/U credit.

MUP 117
Community Orchestra
Rehearsal and public performance of standard orchestral literature. Two lab. May be taken for S/U credit.

MUP 119
Recorder Ensemble I
Rehearsal and performance of selected recorder ensemble repertoire. Two lab. May be taken for S/U credit.

MUP 120
String Ensemble
Rehearsal and public performance of standard ensemble literature for string instruments. Two lab. May be taken for S/U credit.

MUP 121
College Choir
Performance group with participation based on auditions with the director. Attendance at all rehearsals and participation in all public performances is required. Two lab. May be taken for S/U credit.

MUP 125
Community Choir
Performance group focusing on choral music from the popular literature of the Gay Nineties through the World Wars, as well as music from Broadway and the Theatres. Two lab. May be taken for S/U credit.
MUP 128  (1)  
Jazz Improvisation I  
Basic jazz scales, chords, and rhythms, and jazz pieces exemplifying these basics. Two lab. May be taken for S/U credit.

MUP 207  (2)  
Guitar III  
Third level of instruction on guitar. Emphasis on playing techniques which combine scales, arpeggios, chords, rhythm and lead guitar patterns; control over rhythm patterns including triplet and sixteenth note exercises, syncopation, and constant base coordination. More intricate techniques applied to classical/flamenco, folk, country, blues, and rock styles of music. No guitars provided. Prerequisite: MUP 108 or consent of instructor (audition). One lecture, two lab. May be taken for S/U credit.

MUP 208  (2)  
Guitar IV  
Fourth level of instruction on guitar. Emphasis on control of all techniques acquired from Guitar I through Guitar III. Performance level reaches a higher degree of mastery and includes ear training and identifying chord patterns and notes heard in other musical compositions. Replicating music and improvising styles explored including classical/flamenco, folk, country, blues, and rock styles of music. No guitars provided. Prerequisite: MUP 207 or consent of instructor (audition). One lecture, two lab. May be taken for S/U credit.

MUP 298  1-6  
Special Topics  
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

MUS 100  (3)  
Music Appreciation  
Development of understanding and enjoyment of various musical forms and styles. Including an introduction to musical history. Relates concepts of music style and technique to those of other arts. Three lecture.

MUS 101  (1)  
Private Music I  
Individual, self-paced instruction in piano, organ, voice, guitar, band, or orchestra instruments. One 30 minute lesson each week. Two lab.

MUS 103  (1)  
Class Piano I  
Music reading for music majors lacking piano experience. Three lab.

MUS 120  (2)  
Theory Preparation  
Review of the fundamentals of music: reading, notation, rhythm, scales, intervals, triads, sight-singing and dictation. Four lab. May be taken for S/U credit.

MUS 121  (2)  
Harmony I  
Review of the fundamentals of music followed by study of diatonic melodies, chords, progression, inversion, voicing, voice leading, cadences, and non-chord tones. Prerequisite: MUS 120 or consent of instructor. Four lab. May be taken for S/U credit.

MUS 130  (3)  
Fundamentals of Music  
Basic elements of music including study of the staff, clefs, signatures, notes, rhythms, definitions, ear training, sight singing, and dictation. Three lecture.

MUS 131  (3)  
Sight Singing & Dictation I  
Introductory course in conceptualizing written diatonic melodies before hearing them (sight singing) and transcribing them into musical notation after hearing them (dictation).

Prerequisite: MUS 120 or consent of instructor. Four lab. May be taken for S/U credit.

MUS 145  (3)  
Jazz History & Literature  
History and development of jazz music from its origin to the present day. Three lecture.

MUS 201  (3)  
Music History & Literature I  
Survey of music from the ancient world to the middle of the 18th century. Presents the growth of music through the contrapuntal schools, culminating in the works of J.S. Bach. The development of opera and oratorio and the rise of homophonic music are studied. Three lecture.

MUS 202  (3)  
Music History & Literature II  
Survey of music from the 18th century to the present. Study is devoted to the art of song, the nationalist schools, the principal composers of the classical, romantic, and modern periods, and to masterpieces of music of these periods. Three lecture.

MUS 205  (1)  
Conducting  
Fundamentals and rehearsal techniques, organization, materials, and interpretation of literature for performing ensembles. Two lab. May be taken for S/U credit.

MUS 207  (3)  
Music in America  
Develops listening skills and an understanding of how American geography, history, politics, and economics relate to the development of selected musical styles. Three lecture.

MUS 298  1-6  
Special Topics  
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.
NAV 101  
**Beginning Navajo I**  
Basic grammar, vocabulary, and culture. Practice in speaking, reading, and writing Navajo. Four lecture.

NAV 102  
**Beginning Navajo II**  
Further emphasis on basic grammar, vocabulary, and culture. Practice in speaking, reading, and writing Navajo. Prerequisite: NAV 101 or consent of instructor. Four lecture.

NAV 201  
**Intermediate Navajo I**  
Emphasis on improving basic skills in speaking, comprehension, reading, and writing. Taught in Navajo. Prerequisite: NAV 102 or consent of instructor. Four lecture.

NAV 202  
**Intermediate Navajo II**  
Further development of speaking and writing communication skills with emphasis on compositions and readings of the Dine language. Taught in Navajo. Prerequisite: NAV 201 or consent of instructor. Four lecture.

NAV 298  
**Special Topics**  
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

NUR 110  
**Nursing Assistant I**  
Basic concepts common to all members of the health team in acute and long-term care settings. Basic principles of communication, nutrition, emergency care, medical terminology, environmental safety and comfort, and how ethical/legal aspects of health care apply. Basic nursing skills based upon fundamental nursing concepts in giving individualized client care. Two lecture; three lab.

NUR 200  
**Introduction to Professional Nursing**  

NUR 206  
**Scientific Concepts in Pharmacology**  
Principles of pharmacology and their application to nursing practice. Nursing application and drug management. Prerequisite: BIO 202, NUR 221, or consent of instructor. Three lecture.

NUR 221  
**Foundations in Nursing I**  
Basic scientific concepts related to nursing practice to make students eligible for admission to the NAU Nursing Program. Clinical experiences of selected procedural skills based upon these concepts. Prerequisite: CHM 130 or CHM 151, BIO 201 and BIO 202 and science GPA of 3.0, or consent of instructor. Two lecture.

NUR 222  
**Foundations in Nursing II**  
Basic scientific concepts related to nursing practice. Clinical experiences of selected procedural skills based upon these concepts. Prerequisite: NUR 221 or consent of instructor. Two lecture.

NUR 298  
**Special Topics**  
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

NTR 135  
**Human Nutrition**  
Principles of nutrition in critical periods throughout the life cycle, diet in disease, and the essentials for the nutritional care of people suffering from various diseases. Prerequisite: CHM 100, CHM 130 or CHM 151. Three lecture.

NTR 298  
**Special Topics**  
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.
OIS 130  
Machine Transcription  
Transcribing business correspondence and documents from machine dictation with speed and accuracy. Emphasizes improving business grammar and proofreading techniques. Prerequisite: OIS 110 or consent of instructor, and CIS 122 or CIS 124. Two lecture; two lab.

OIS 205  
Filing Systems & Records Management  
Concepts, policies, and principles of filing systems and records management, and how to effectively plan for, organize, and control the system, equipment, and supplies. Three lecture.

OIS 210  
Keyboarding with Applications  
Correct formatting of typical business documents, complex business documents, and reports. Keyboarding with speed and accuracy is required during all document production activities. Prerequisite: OIS 110 or consent of instructor. Two lecture, two lab.

OIS 225  
Speedwriting II  
Improve speedwriting characters, phrasing skills, speed in dictation and transcription, and punctuation and spelling skills in transcription. Prerequisite: OIS 125 or consent of instructor. Two lecture, two lab.

OIS 230  
Medical Transcription  
Terminology used in a medical office with emphasis on preparing medical documents accurately and developing transcription skills using transcription machines. Prerequisite: OIS 130 or consent of instructor, and AHS 131. Two lecture, two lab.

OIS 240  
Legal Transcription  
Terminology used in a legal office with emphasis on preparing legal documents accurately and developing transcription skills using transcription machines. Prerequisite: OIS 130 or consent of instructor. Two lecture; two lab.

OIS 242  
Legal Secretarial Skills  
Training course for those aspiring to become a legal secretary, with emphasis on preparing legal documents from all phases of law practice and on the role of a secretary in the law office. Prerequisite: OIS 110 or consent of instructor. Two lecture, two lab.

OIS 298  
Special Topics  
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

PHI 101  
Introduction to Philosophy  
Philosophical readings, discussion, and analysis on topics including metaphysics, truth, knowledge, and ethics. Three lecture.

PHI 103  
Introduction to Logic  
The systematic study, with emphasis on analysis and evaluation, of arguments. Topics will include both classical and current arguments from various disciplines of study. Pre- or corequisites: ENG 102 and one semester of college level science. Three lecture.

PHI 105  
Introduction to Ethics  
Key concepts and problems in ethics and social/political philosophy. Historic and contemporary reading with application to modern concerns. Three lecture.

PHI 201  
Comparative Religions  
Study of the world's religions including philosophical concepts pertaining to the existence and nature of God. Prehistoric and recent non-literate religions, Native American religions, Judaism, Christianity, Islam, Hinduism, and Eastern religions. Three lecture.

PHI 298  
Special Topics  
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

PHE 220  
Water Safety Instructor  
Water safety techniques leading to certification by The American Red Cross. Two lecture.

PHE 229  
First Aid & CPR  
Procedures and techniques in first aid, leading to the acquisition of the American Red Cross Emergency Response Certificate and the CPR for the Professional Rescuer Certificate. Two lecture. May be taken for S/U credit.

PHE 298  
Special Topics  
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

PHY 090  
Basic Physics  
Introductory physics course designed for students who have not had physics before and are planning to take college or university physics. Topic includes
physics principles, reasoning and problem solving techniques. The focus will be on dimensional and vector analysis and force diagrams. Three lecture. Prerequisite: MAT 121 or higher.

**PHY 100 Concepts of Physics** (4)
Designed for non-science majors. An in-depth look at physical interactions including Newton's Laws, conservation of energy and momentum, electricity and magnetism, heat, wave theory, nuclear transformation, relativity and quantum theories. Prerequisite: MAT 187 and either PHY 090 or high school physics. Three lecture; three lab.

**PHY 111 College Physics I** (4)
Algebra-based study of motion, static and dynamic mechanics, waves and sound. Prerequisite: MAT 187 and either PHY 090 or high school physics. Three lecture; three lab.

**PHY 112 College Physics II** (4)
Electricity and magnetism, light, optics, and atomic structure. Prerequisite: PHY 111. Three lecture; three lab.

**PHY 161 University Physics I** (4)
First semester calculus-based physics course designed for pre-engineering and pre-science majors. Mechanics, consisting of motion, statics and dynamics, work, power and energy, impulse, and momentum, will be studied. Prerequisite: MAT 220 and either PHY 090 or high school physics. Four lecture; three lab.

**PHY 180 Introduction to Astronomy** (4)
Motion and structure of the sun, planets, constellations, comets, asteroids, and meteors. Cosmic explosions, quasars, and stellar evolution, including white dwarfs, neutrinos, pulsars, and black holes. Night observations. Three lecture; three lab.

**PHY 253 Archeo-Astronomy** (4)
Examination of how pre-historical societies used celestial movements to anticipate ceremonial and survival activities. Concentrates on motions of the sky, research methodologies and cultural interpretation of sites. Field trips. Prerequisite: MAT 121 or consent of instructor. Three lecture; three lab. May be taken for S/U credit.

**PHY 262 University Physics II** (3)
Second semester calculus-based physics course designed for pre-engineering and pre-science majors. Topics include electricity, magnetism, and thermodynamics. Prerequisite: PHY 161. Corequisite: MAT 230. Three lecture.

**PHY 298 Special Topics** (1-6)
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

---

**POLITICAL SCIENCE**

**POS 101 Introduction to Politics** (3)
Issues in contemporary political analysis, human values, and political goals, how governments differ and change; relationship between individual and government; how nation-states influence one another. Three lecture.

**POS 110 American National Government** (3)
Introduction to the American national government, constitutional and philosophical foundations, federalism, structure and evolution of the federal government, and recent trends and issues in the federal government. Three lecture.

**POS 120 Introduction to World Politics** (3)
Introduction to the international system, its actors and their capabilities; international political economy, ends and means of foreign policy; international cooperation, tension, and conflict. Three lecture.

**POS 140 Introduction to Public Administration** (3)
Political context of American Public Administration, alternative frameworks for the analysis of the policy process in government agencies, the budgetary process, accountability and responsibility in government, bureaucratic politics, and administrative reform and reorganization. Three lecture.

**POS 201 Introduction to Political Ideologies** (3)
Political ideas and belief systems, including liberalism, conservatism, Marxism, fascism, and feminism: the functions of ideology for the individual and society. Three lecture.

**POS 220 Arizona & National Constitution** (3)
Basic course in Arizona and United States governments and constitutions, designed to meet the requirements for Arizona state teaching certification. Pre or corequisite: ENG 102. Three lecture.

**POS 221 Arizona Constitution & Government** (1)
Arizona Government and Constitution, designed to meet the requirements for Arizona state teaching certification. One lecture.
POS 222
National Constitution & Government
United States Government and Constitution, designed to meet the requirements for Arizona state teaching certification. Two lecture.

POS 233
Global Environmental Politics
International politics of ecological problems that confront humanity. Nature of global problems related to population, food, energy, non-fuel resources, pollution, and other forms of environmental degradation, and the responses of nations and international organizations to these problems. Conflicts over the use and management of the resources of international commons, in particular the oceans and other non-national areas. An evaluation of historical developments, tracing value systems, and ethical dilemmas. Three lecture.

POS 298
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

PSY 100E
Effective Psychology for Parents
Designed to assist parents or those who work with children in developing effective communication skills and understanding the fundamental principles of behavior. Two lecture. May be taken for S/U credit.

PSY 101
Introduction to Psychology
Scientific method in psychology, a survey of the different fields in psychology, heredity and environment, intelligence, emotions, motivation, the nervous system, and the learning process. Three lecture.

PSY 102
Personal Growth & Development
Adjustment problems such as marriage, work, anxiety, and prejudice. Contemporary sources of stress such as alcohol and drug abuse, violence against women, sexual dysfunction, aging, job hunting, career decisions, and other issues. Three lecture.

PSY 110
Parapsychology
Clairvoyance, past incarnations, telepathy, psychokinesis, premonitions, and other subjects concerned with supernatural powers and inexplicable phenomena. Three lecture.

PSY 201
Approaches to AIDS Counseling
Understanding the AIDS patient in the context of his/her family and friends. Family systems therapy skills. Prerequisite: PSY 101 or consent of instructor. Three lecture.

PSY 205
Introduction to Abnormal Psychology
Uses of psychology in nursing, aging studies, criminal justice, and other social and behavioral sciences. Includes anxiety disorders, stress-related disorders, mood disorders, schizophrenia, childhood disorders, personality disorders, and disorders associated with both aging and organic problems. Three lecture.

PSY 227
Personality Theory
Survey and comparison of different personality theories, including the dynamics that underlie personality development, assessment, and research. Prerequisite: PSY 101. Pre or corequisite: ENG 102. Three lecture.

PSY 230
Introduction to Statistics
Basic concepts in descriptive and inferential statistics, emphasizing application to the behavioral sciences. Includes methods of data collection, sampling techniques, central tendency, standard scores, correlation and regression, and hypothesis testing. Student's t test, non-parametric analysis, and analysis of variance. Prerequisite: MAT 151 or equivalent, or consent of instructor. Three lecture.

PSY 234
Child Growth & Development
Genetic, prenatal, and postnatal influences on the development of the child, emphasizing motivation, learning and perception. Prerequisite: PSY 101 or consent of instructor. Three lecture.

PSY 236
Psychology of Women
Cross-cultural study of the definition, trends, and issues of the psychological status of women by examining and evaluating theories of psychology, as well as operative forces behind women’s role in society. Three lecture.

PSY 240
Developmental Psychology
Life span development, including the scientific study of normal physiological, emotional, cognitive, and social development from conception until death. Three lecture.

PSY 241
Substance Abuse
Physical, social, and psychological effects of substance abuse. Three lecture.

PSY 242
Mental Health in the Aging
Psychological development and changes throughout life with emphasis on later years. Study of mental diseases common to the elderly population with identification of problem situations, preventative measures, and solutions. Three lecture.

PSY 246
Jungian Dream Interpretation
Methods and tools of Jungian analysis of dreams. Structure and dynamics of the psyche and application of the three
principal methods of dream interpretation: personal associations of the dreamer, amplification, and active imagination. Prerequisite: PSY 101 or consent of instructor. Three lecture.

PSY 247
Jungian Interpretations of Drawings
Connection between drawings and unconscious thoughts as interpreted by Jung. Structure of the psyche, Jung's theories of Autonomous Complexes and Archetypes, and the five principal archetypes and how they appear in the drawings of house, tree, and person, and evaluating drawings from the psychological perspective of Jung. Prerequisite: PSY 101 or consent of instructor. Three lecture.

PSY 250
Social Psychology
Introduction to the study of social psychological processes including those of persuasion and conformity, leadership and dominance, aggression and altruism, attraction and friendship formation, attitude formation and change, intercultural encounters and nonverbal behavior. Prerequisite: PSY 101. Pre or corequisite: ENG 102. Three lecture.

PSY 257
Psychotherapy & Counseling with Minorities
Informs the student of the unique individual and social therapeutic needs of persons in a cultural minority. Three lecture.

PSY 280
Introduction to Health Psychology
Contributions of psychology to health promotion and maintenance, illness prevention and treatment, and related health issues. Three lecture.

PSY 298
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

REAL ESTATE

RES 101
Real Estate Principles
National and Arizona Real Estate requirements, real estate business, real estate law, agency, contracts, ownership, legal descriptions, title, finance, listing, and leases. Three lecture.

RES 102
Real Estate Practices
National and Arizona Real Estate requirements, property management, appraisals, land use, fair housing, real estate investment, closings, and real estate mathematics. Three lecture.

RES 103
Escrow Principles & Practices
Procedural aspects required to establish and administer title closing, escrow, determination of settlement requirements, and funding. Prerequisite: RES 101. Three lecture.

RES 104
Title Examination Procedures
Essentials needed for proper understanding and examination of titles to real property and roles taken in this process by title companies, courts, and other agencies. Prerequisite: RES 101 or consent of instructor. Three lecture.

RES 105
Real Estate Law
Legal concepts of real estate land description, real estate property rights, estates in land, contracts, conveyances, encumbrances, foreclosures, recording procedures, and evidence of title. Three lecture.

RES 106
Real Estate Appraisal
Purpose and function of an appraisal, determinants of value, and appraisal case studies. Emphasizes cost, market data, and income approaches to value estimates including correlation and report writing. Prerequisite: BUS 100 or consent of instructor. Three lecture.

RES 107
Real Estate Finance
Lending institutions and practices, loan application, alternative financing sources of funding real property, FHA, and VA. Covers commercial and industrial areas of finance. Three lecture.

RES 108
Property Management
Role of the property manager, landlord policies, operational guidelines, leases, lease negotiations, tenant relations, maintenance reports, habitability, laws and the Fair Housing Act. Three lecture.

RES 109
Real Estate Investment
Nature and intent of investing in real property. Concepts of leverage benefits, risks, and taxation, residential, commercial, industrial, and land investment strategy. Prerequisite: RES 102 or consent of instructor. Three lecture.

RES 110
Planning & Zoning Issues
Land use controls and their impact on land use. Covers a master land use plan and how development is affected by land use categories from the zoning codes adopted by cities, counties, and states. Three lecture.
RES 111
Real Estate Marketing

RES 112
Real Estate Brokerage
Law of Agency, planning and organization, operational policies and procedures, records and control, brokerage analysis and expansion criteria, and recruiting, selection and training of personnel. Three lecture.

RES 298
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

SCI 235
Energy
Types and sources of energy including solar, nuclear, wind, steam, turbine, and thermal, and the issues surrounding each. Field trips. Three lecture.

SCI 298
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

SCI 087
Basic Skills in Science
Review of basic math, writing, and science skills. Intended to increase students' preparedness for 100 level science courses. Two lecture.

SCI 175
Scientific Methods & Reasoning
Uses concrete models and experiments to develop concepts. Fundamental and derived dimensional analysis. Basic laboratory equipment, data collection and analysis, and oral and written presentation of results. Two lecture; three lab.

SCI 195
Water Distribution Systems
Operation and maintenance of potable water distribution systems. Includes pipes, valves, water meters, hydrants, pumps, storage facilities, groundwater production, disinfection, record keeping, tapping procedures, safety, maps, locating lines, instrumentation/control equipment, and basic cross connectional control. Preparation for the Arizona Department of Environmental Quality examinations for Grade One and Grade Two Distribution System Operator. Three lecture. May be taken for S/U credit.

SCI 101
Introduction to Sociology
Concepts, theories and research methods, definitions and classifications of individuals and groups, concepts and theories of stratification, social institutions, modernization, and movements. Three lecture.

SOC 125
Domestic Violence

SOC 130
Human Sexuality
Biological, psychological, and cultural factors which influence human sexuality, including ethics, gender roles, and changing values in contemporary society. Three lecture.

SOC 140
Marriage & the Family
Helps prepare students to improve the quality of individual and family life. Includes parent-child relationships, parenting roles, marital violence, and aspects of divorce. Three lecture.

SOC 142
Race & Ethnic Relations
Sociological perspectives and theories on race and ethnic relations. Various race and ethnic minority groups, present and future perspectives.
on prejudice, and improving ethnic relations. Three lecture.

SOC 200
Women & Health
Designed to empower women by enabling them to make accurate decisions regarding their health. Aspects of health and health-related topics germane to political, cultural, and socio-economical issues as they relate to women. Three lecture.

SOC 210
Sociology of Gender
Overview of theories of gender development, examination of social, cultural, political and economic conditions affecting the experience of gender, and exploration of issues involved in the different roles and expectations placed on women and men in various cultures at different periods in history, with particular emphasis on contemporary American culture. Three lecture.

SOC 236
Crime & Delinquency
Deviance in American society, emphasizing the extent of crime, crime trends, types of crime and criminals, theories and factors in crime causation, the impact of crime on society and the individual, and the relationship between social variables and crime. Three lecture.

SOC 285
Health Care Systems
Predominant health care systems in the U.S. including Medicare and Medicaid. Examines the availability and utilization of various resources, as well as ethics and quality of care. Three lecture.

SOC 296
Internship
Opportunity to gain experience in applying knowledge and skills in an appropriate setting. Three lecture; three lab.

SOC 298
Special Topics
(1-6)
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

### SPANISH

**SPA 101**
Beginning Spanish I
Basic grammar, vocabulary, and culture. Practice in speaking, reading, and writing Spanish. Four lecture.

**SPA 102**
Beginning Spanish II
Further emphasis on basic grammar, vocabulary, and culture. Practice in speaking, reading, and writing Spanish. Prerequisite: SPA 101 or placement. Four lecture.

**SPA 103**
Spanish for Spanish Speakers I
Reviews essential language skills for native or fluent speakers. Emphasizes reading and writing skills and review of basic Spanish grammar. Taught in Spanish. Prerequisite: Consent of instructor. Three lecture.

**SPA 104**
Spanish for Spanish Speakers II
Further emphasis on reading and writing skills and review of basic Spanish grammar. Student acquires more in-depth understanding of the mother language and practices writing skills. Taught in Spanish. Prerequisite: SPA 103 or consent of instructor. Three lecture.

**SPA 125**
Spanish for Health Professionals
Develops practical speaking knowledge of common medical terms frequently used in a variety of health care settings. Prerequisite: SPA 101, SPA 131, or consent of instructor.

**SPA 126**
Spanish for Law Enforcement Personnel
Develops a practical speaking and/or writing knowledge of common terminology frequently used in the law enforcement field. Prerequisite: SPA 101, SPA 131, or consent of instructor. Two lecture. May be taken for S/U credit.

**SPA 127**
Spanish for Elementary Teachers
Develops a practical speaking and/or writing knowledge of common terminology frequently used in the elementary school classroom. Three lecture. May be taken for S/U credit.

**SPA 131**
Conversational Spanish I
Basic grammar, vocabulary, and culture in conversational practice. Three lecture. May be taken for S/U credit.

**SPA 132**
Conversational Spanish II
Further emphasis on basic grammar, vocabulary, and culture in conversational practice. Prerequisite: SPA 131 or consent of instructor. Three lecture. May be taken for S/U credit.

**SPA 201**
Intermediate Spanish I
Improving basic skills of speaking, comprehension, reading, and writing. Taught in Spanish. Prerequisite: SPA 102 or placement. Four lecture.

**SPA 202**
Intermediate Spanish II
Further development of speaking and writing communication skills with emphasis on compositions and readings. Taught in Spanish. Prerequisite: SPA 201 or placement. Four lecture.
SPA 212
Introduction to Translation & Interpretation
Designed specifically for native or fluent speakers of Spanish, to introduce and familiarize them with the techniques of proper written translation and oral interpretation. Serves only as an introduction to the broad field; intended to help students decide if they want to pursue it further. Two lecture.

SPA 231
Conversational Spanish III
Further development of speaking and writing skills. Prerequisite: SPA 132 or consent of instructor. Three lecture. May be taken for S/U credit.

SPA 232
Conversational Spanish IV
Designed to enhance conversational fluency and further develop speaking and writing skills. Taught in Spanish. Prerequisite: SPA 231 or consent of instructor. Three lecture. May be taken for S/U credit.

SPA 298
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

SPC 100
Fundamentals of Speech Communication
Fundamental elements of oral communication emphasizing improving speaking skills and self-confidence. Three lecture. May be taken for S/U credit.

SPC 298
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

THR 101
Introduction to Theatre
Survey of theatre introducing the basic elements and principles of production, styles, and/or historical perspectives of theatre, dramatic literature, and criticism. Three lecture.

THR 110
Acting I
Introductory course in the basic techniques of creating a believable character and working in the theatre environment. Three lecture. May be taken for S/U credit.

THR 210
Acting II
Intermediate course in acting, including play analysis, skills for auditioning, and preparation for an acting career. Prerequisite: THR 110 or consent of instructor. Three lecture. May be taken for S/U credit.

THR 298
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.
Admission & Registration
ADMISSION INFORMATION

ADMISSION REQUIREMENTS

Coconino Community College is open to any person for either regular or special admission if that person satisfies 1 of the following categories established by the State Board of Directors for the Community Colleges of Arizona (R7-1-20):

Eligible for “Regular Student” Admission

♦ A graduate of a high school which is accredited by a regional accrediting association as defined by the United States Office of Education or approved by a state board of education or other appropriate state educational agency, or
♦ A person who has completed a GED certificate of high school equivalency, or
♦ A transfer student in good standing from another college or university, or
♦ A mature person who is 18 years of age or older and demonstrates evidence of potential to succeed at CCC. (A student admitted in this category who is not a high school graduate or a GED completer will be encouraged to attain a GED prior to completion of 15 hours at CCC.) Mature student applicants may be required to complete testing and other assessment activities designed to help the College determine their ability to benefit from college-level instruction. They are restricted to enrollment of 12 credit hours or fewer each semester with advisor approval required.

Eligible for “Special Student” Admission

♦ A student not meeting any of the provisions for “Regular Student” Admission (listed above) may be admitted on an individual basis with the approval of College officials and, as appropriate, the consent of parents and recommendation of the student’s school. This includes, but is not limited to, students under 18 and those still enrolled in high school. For students still enrolled in high school, completion of the 10th grade is a requirement for admission as a special student.
♦ A special student must meet the established requirements of the course(s) for which he/she chooses to enroll, and college officials must determine that admission is in the best interest of the student. For example, a special student seeking admission to attend an algebra class must be qualified to enter a mathematics course at that level; qualification in this case would be determined by a placement examination, or ACT/SAT scores and high school grades.

♦ A student who is under age 18 and scores a composite of 22 or higher on the American College Test (ACT), or a composite (verbal and mathematics) of 930 or more on the Scholastic Aptitude Test (SAT) may be admitted. A student who shows evidence of such test scores shall not be denied admission because of age, lack of a high school diploma or high school certificate or equivalency (GED), grade in school, lack of permission of school officials, or lack of concurrent enrollment in public or private school; however the College requires parental permission for those under 18. A student admitted in this category is not guaranteed admission to a specific degree program or to all courses offered by the College and may enroll for a maximum of 6 credit hours unless special arrangements have been made and approved prior to the registration period.
♦ All special student applicants should contact Admissions and Records for more information and required forms.
♦ Applicants with status “SP” are limited to 6-8 credit hours or 2 classes; advisor approval is required.

ADMISSION PROCEDURES

Each student must provide the following:
♦ A completed Application for Admission and a Domicile Affidavit.
♦ Documents required by his/her admission status before the end of his/her first semester of enrollment, except as indicated.

INTERNATIONAL STUDENTS

At present, Coconino Community College is not approved as a study site for students who are not United States citizens except persons lawfully admitted to the United States as immigrants. CCC is not authorized to issue I-20 documents nor will full-time attendance at CCC by a non-citizen satisfy F-1 student status. International students with a visa status other than F-1, as well as those F-1 visa students attending and in status at Northern Arizona University, may be eligible for limited study at CCC. A minimum TOEFL score of 450 is required. Contact Admissions and Records for further information.
MAILING ADDRESS FOR
OFFICIAL TRANSCRIPTS

Official high school and college/university transcripts, as required, must be mailed directly to: Admissions and Records, Coconino Community College, 3000 North Fourth Street, PO Box 80,000, Flagstaff, AZ 86003-8000. Transcripts which are hand-carried to the College by the student are not considered official.

RESIDENCY REQUIREMENTS

Coconino Community College determines a student’s residency status for tuition purposes based upon information supplied on college applications, affidavits, and additional information provided by the student. CCC notifies a student of his/her residency status upon admission. Appeals or questions regarding residency status should be directed to Admissions and Records or the College Registrar.

RESIDENCY PROCEDURES

The following guidelines concerning the determination of residency for tuition purposes are the result of existing Arizona law and regulations of the State Board of Directors for Community Colleges of Arizona, which are subject to Arizona Statutes. Students having difficulty in determining their residency should contact Admissions and Records for further explanation.

- Each applicant shall have the question of legal residence determined at the time of admission. Registration and payment of fees will be in accordance with the residency assigned at the time of official admission. The admission letter mailed to the student’s last known address shall be considered official notice of the student’s residency for tuition purposes.
- The Registrar/Director for Admissions is responsible for making the initial domicile classification. The College may consider all evidence, written or oral, presented by the student and any other relevant information received from any source. The College may request written or sworn statements or sworn testimony of the student.
- An appeal of the initial classification may be made to the Registrar/Director for Admissions. The appeal must be in writing, signed by the student, and accompanied by a sworn statement of all relevant facts. The appeal must be filed with Admissions and Records within 10 days of notification of residency classification. Failure to properly file a request for review within the prescribed time limit constitutes a waiver of review for the current enrollment period.

DEFINITION OF TERMS

Armed Forces of the United States
The Army, the Navy, the Air Force, the Marine Corps, the Coast Guard, the commissioned corps of the United States Public Health Service and the National Oceanographic and Atmospheric Association.

Continuous Attendance
Enrollment at an Arizona educational institution for a normal academic year since the beginning of the period for which continuous attendance is claimed. Enrollment in summer sessions or other such intersessions beyond the normal academic year is not required in order to maintain continuous attendance.

Domicile
A person’s true, fixed and permanent home and place of habitation. It is the place where one intends to remain and to which one expects to return when one leaves without intending to establish a new domicile elsewhere.

Emancipated Person
A person who is neither under a legal duty of service to parents, nor entitled to the support of such parents under laws of the state.

Parent
Father or mother, custodial parent, or legal guardian of an unemancipated person. Circumstances must not indicate that guardianship was created primarily for the purpose of conferring the status of an instate student on the unemancipated person.

IN-STATE STUDENT STATUS

- Except as otherwise provided in this article, no person having a domicile elsewhere than in this state is eligible for classification as an instate student for tuition purposes.
- A person is not entitled to classification as an instate student until domiciled in this state for 1 year (previous 12 months) unless he/she meets one of the following requirements:
• His/her parent’s domicile is in this state and that parent is entitled to claim him/her as an exemption for state and federal tax purposes.

• He/she is an employee or spouse of an employee transferred to this state for employment purposes.

• The domicile of an unemancipated person is that of his/her parent.

• An emancipated person, while in continuous attendance toward the degree for which currently enrolled, does not lose in-state classification if his/her parent moves from this state.

• A person who is a member of the armed forces of the United States stationed in the state pursuant to military orders or his/her the spouse or dependent child (as defined in Section 43-1001) is entitled to classification as an in-state student. The student, while in continuous attendance toward the degree for which currently enrolled, does not lose in-state student classification.

• A person who is a member of an Indian tribe recognized by the United States Department of the Interior whose reservation land lies in the state and extends into another state and who is a resident of the reservation is entitled to classification as an in-state student.

### ADMISSION & REGISTRATION

Students should register for classes in accordance with calendars and procedures published in the appropriate Schedule of Classes. To participate in registration, new students must have completed an application for admission. Students in the following categories are admitted conditionally pending receipt of documents verifying or clarifying their status (see also Admission Information): high school graduates, GED completers, transfer students, mature students (without high school diploma or GED), students on academic probation at a previous college, students on academic suspension at a previous college, and “special” students, especially those taking classes while still enrolled in high school. Students in the foregoing categories who do not provide required documents may be barred from participation in future registrations.

### ACADEMIC LOAD

#### Semester

The normal full-time academic load is defined as 12 credit hours per semester. A student may take no more than 18 credit hours in a single Fall or Spring semester without prior approval. A student with a grade point average of 3.00 or better for 12 or more credit hours during 1 semester or summer session is eligible to petition to the Registrar/Director for Admissions to carry in excess of the 18 hour maximum. Exceptions to this procedure may be considered on a case-by-case basis.

#### Summer

Summer classes are intensive; therefore, the recommended maximum academic load for the entire summer is 12 credit hours. A student with a grade point average of 3.00 or better for 12 or more credit hours during 1 semester or summer session is eligible to petition to the Registrar/Director for Admissions to carry credit hours in excess of the 12 credit hour maximum. Exceptions to this procedure are considered on a case-by-case basis.

### ADD/DROP PROCEDURES

#### Fall/Spring Semester

In accordance with calendars and procedures in the appropriate Schedule of Classes, students may make adjustments in their registered schedules by dropping and/or adding
classes. Students may drop without a “W” (withdrawal) being recorded on their transcript prior to, and including, the 45th calendar day. On the 46th calendar day, and thereafter, a student drop will be recorded on the transcript as a “W” (withdrawal). No student-initiated drop will be processed during the last 2 weeks of instruction of the semester or during finals week. Written petitions for exception to this procedure may be presented to the Registrar/Director for Admissions for action. The instructor may drop students for nonattendance at the first class session or for unexcused absences. See Academic Procedures: Attendance for more information.

Summer Session

In accordance with calendars and procedures in the appropriate Schedule of Classes, students may make adjustments in their registered schedules by dropping and/or adding classes. Students may drop without a “W” (withdrawal) being recorded on their transcript no later than the 7th calendar day. On the 8th calendar day and thereafter, a student drop will be recorded on the transcript as “W” (withdrawal). No student-initiated drop will be processed during the last 2 weeks of instruction of the summer session. Written petitions for exception to this procedure may be presented to the Registrar/Director for Admissions or designee for action. The instructor may drop students for nonattendance at the first class session or for unexcused absences. See Academic Procedures: Attendance for more information.

Short Courses

Registration for short courses (those meeting less than a full semester in Fall or Spring or less than a full summer session) will be accepted prior to the first class meeting. A short course may be added, with the approval of the instructor, prior to the second class meeting. If a short course is dropped once the class has begun, a “W” (withdrawal) will be recorded on the student transcript. Written petitions for exception to this procedure may be presented to the Registrar/Director for Admissions or designee for action. The instructor may drop students for nonattendance at the first class session or for unexcused absences. See Academic Procedures: Attendance for more information.

Placement

Belief and Purpose

Coconino Community College believes academic achievement is directly related to the course placement students receive prior to their enrollment. We have a commitment to provide opportunities for successful academic experience for students.

The purpose of the course placement policy is to enhance student success by requiring placement in English, mathematics, and reading. It is designed to help students determine their current skills and knowledge levels, and to direct them to the appropriate classes.

Requirements

Students will be required to complete placement assessments under the following conditions:
- The student is taking his/her first college credit in English or mathematics, with the exception of MAT 055 and ENG 060.
- English and mathematics placement testing and the reading assessment should be completed prior to the first semester of enrollment. The English, mathematics, and reading requirements should be pursued in each subsequent semester until those requirements are fulfilled. See Graduation Procedures for more information.
- The student is degree-seeking and does not have previous college credit in English, reading, or mathematics. (Degree-seeking students will not be allowed to enroll in classes after completion of 18 hours if they have not taken appropriate placement tests and completed the reading assessment.)
- Transfer students who completed prerequisite courses more than 5 years prior to the semester in which prerequisite proof is required.

Exemptions

Students may be exempt from the placement test if at least one of the following conditions applies:
- The student has an Associate’s or higher degree.
- The student has earned transferable college credits in English, mathematics and/or reading, with a grade of “C” or better within the 5 years previous to date of enrollment.
- The student has a record of previous placement assessment at CCC.
- The student has SAT or ACT scores.

Course Placement

A student’s score on a CCC’s placement test, the SAT, or ACT, determines his/her placement in a specific course. This placement should be discussed with an advisor who is skilled in assessing the student’s need in the context of factors that affect student success.

Appeal

The final decision for student success rests with the student. Therefore, if the student wishes to appeal the placement decision, the student must see an advisor and must complete a
Waiver of Enrollment Against Advise form. The Waiver is subject to approval. If approved, the Waiver will be kept in the student’s official academic record in Admissions and Records.

Implementation of Policy

To ensure consistency of student placement within the Coconino Community College District in the implementation of this policy, the following will apply:

- All sites shall use the same assessment instruments or their equivalents.
- All sites shall adhere to the same cut-off scores.
- Placement scores will be valid for 2 years from the date of the original assessment.
- The student will be permitted no more than one re-test per discipline each semester.
- Copies of placement test results will be kept on file in the Registrar’s Office.

Proficiency Tests

The Proficiency Tests are designed to help students determine their preparedness for taking specific courses. Check the Schedule of Classes for test dates and times.

1. Business English
   All students who wish to enroll in the BUS 204 (Business Communications) course must have completed ENG 101 (College Composition I) and either BUS 111 (Business English) or appropriate placement on the Business English Proficiency Test. This proficiency test is an option for students who do not wish to take BUS 111.

2. EMS
   The Department of Health Services requires the following prior to registration for EMS-131:
   - Be 18 years of age or older (picture ID required).
   - Health Care Provider CPR.
   - Current on immunizations MMR.
   - Reading Placement Test (proof of admission is required before taking the test.)

3. Spanish
   All students who wish to enroll in a second semester Spanish course or above and cannot provide proof of having satisfied the prerequisite within the last 5 years must take the Spanish Proficiency Test.

Catalog Choice

A student may choose to be governed by the degree/certificate requirements outlined in any one CCC catalog in effect during his/her enrollment for credit at the College, with the following exceptions:

- Students who totally withdraw from the College (with all “W’s” posted on the CCC transcript) for more than 2 consecutive semesters (excluding summer) forfeit the opportunity to choose a catalog prior to the one in effect for the semester of their re-enrollment;
- No student may choose to be governed by the requirements of a catalog issued more than 5 years prior to the year in which catalog choice is made.

A student must choose only one catalog and will not be allowed to choose a combination of requirements from differing catalogs. A student may petition for waiver or substitution of certain catalog requirements. The academic advisor and/or other College officials may initiate course substitutions for program requirements. These substitutions must be approved by the Division Chair for the Flagstaff Campus or Campus Dean for the Page Campus, for the specific degree and/or certificate.

Student Classification and Standing

Freshman A student who has earned fewer than 30 credit hours.

Sophomore A student who has earned 30 or more credit hours, but has not earned a degree.

Advisement

Coconino Community College recognizes the importance of providing regular opportunities for students to obtain advisement throughout their academic careers. There are 2 types of advising:

- Registration Advising helps students select courses for the current semester only;
- Program Advising helps students plan Degree/Certificate/Transfer program(s).

Students planning to pursue a degree or certificate program and/or transfer to a 4-year college or university should seek advisement prior to enrollment. Advisement is required for students receiving financial aid, for those admitted under probation or suspension status, and for special admissions.
Program Advising is available throughout the academic year by appointment through Advisement Services. Students needing assistance with program planning are urged to seek Program Advising early in the semester. During times listed in the CCC Schedule of Classes, only Registration Advising is available.

TRANFERING CREDIT TO CCC

Basic Guidelines

Course work completed at accredited institutions with a grade of "C," its equivalent, or better will be evaluated for transfer credit, with the following exceptions: above 200 level courses and coursework not equivalent to a CCC course will not be transferred. Admissions and Records must receive an official transcript directly from the college or university where credit was earned. Upon a student's written request (in the form of a Transcript Evaluation Request), Admissions and Records staff will evaluate official transcripts for credit by the College. Using the following system of prioritization, up to 45 credit hours will be accepted for transfer, which may include up to 30 hours of credit for prior learning:

- General education classes equivalent to CCC general education courses.
- Other coursework evaluated as equivalent to a CCC course and included in a degree or certificate program, up to the 45 credit limit.
- Once the limit has been met, courses will be coded "NT" (Not Transferred), regardless of equivalency to a CCC course.

An academic advisor will review credit for applicability toward the student's program objective at CCC. Transfer grades are not calculated in the student's CCC grade point average.

Transfer Procedure

Students who desire to transfer previous college or university credits to Coconino Community College must formally request a transcript evaluation. Forms are available through Admissions and Records. Following are helpful guidelines for students considering transfer of credit to CCC:

- Transcripts will be officially evaluated only when official copies of all transcripts have been received by CCC. An official copy is one which has been mailed directly from the student's previous school to CCC. Students must request transcripts by contacting their previous colleges and universities.
- Transcripts from all previous colleges or universities attended regardless of how long ago courses were taken and regardless of the grades earned must be submitted to the College. Credits earned more than 5 years ago may be subject to special evaluation. The official transcript evaluation requires that students certify they are declaring all previous credits.
- The transcript evaluation procedure includes a review process during which the student can request clarification. If a student is refused transfer credit for a class, or if credit is not granted in an area the student feels is appropriate, the student may request a review with a transcript evaluator to discuss his/her concerns. It aids the review process if the student has copies of previous school catalogs or other information which will assist in clarifying the classes in question.

Transfer of Individual General Education Core (GGECC) & Transfer General Education Core Curriculum (TGECC) Courses from Other Arizona Community Colleges to CCC

If a course is in the General Education Core Curriculum (GGECC) of the transferring institution, CCC will accept the credits as a CCC GECC course using the following procedures:

1. The course will be transferred as an equivalent course if the equivalency is determined by:
   a. a review of transfer course description in comparison to CCC course description, or
   b. a comparison of Course Equivalency Guide
(CEG) equivalencies between the transferring institution and the universities with CEG equivalencies between CCC and the universities. For example, per the CEG, the transferring institution’s MAT 130, College Algebra, has the following university equivalencies: at NAU, MAT 110; at ASU, MAT 117; at U of A, MATH 117. CCC’s MAT 151, College Algebra, has the same university equivalencies; therefore, the transferring institution’s MAT 130 is equivalent to CCC’s MAT 151. The Transcript Evaluator will record these equivalencies on the Course Articulation form.

2. If CCC does not have an equivalent course, the course will be transferred as a specified number of credits satisfying requirements of the appropriate General Education area (Arts/Humanities, Social & Behavioral Sciences, Physical & Biological Sciences, or Options). The student requesting the transfer evaluation must provide documentation that the course is part of the GECC at the transferring institution. A Request for Substitution form must be initiated by the student, completed by an advisor, and approved by the appropriate Division Chair for the Flagstaff Campus or Campus Dean for the Page Campus.

3. If the course fulfills 1 or more of the TGECC special requirements at the transferring institution, CCC will transfer it to fulfill 1 of those requirements. The student requesting the transfer evaluation must provide documentation that the course meets the TGECC requirements at the transferring institution. A Request for Substitution form must be initiated by the student, completed by an advisor, and approved by the appropriate Division Chair for the Flagstaff Campus or Campus Dean for the Page Campus.

Per the Arizona state TGECC policy, “A minimum of 15 semester hours of coursework must be completed in residence at the community college district certifying completion of the TGECC.” The 15 hours of coursework referred to in the policy can be in any area and do not have to be GECC or TGECC courses.

**Transferring Tech Prep Credit**

The purpose of the Tech Prep program is to provide a pathway through which participants at the high school level will be granted community college credit for specific articulated courses leading toward a degree or certificate from Coconino Community College. Eligibility of students in Tech Prep program is determined by participating high schools. To be awarded credit

Students enter the Tech Prep program in high school and upon graduation must enroll at CCC within 2 years to receive articulated community college credit. If the time limit has expired, eligibility for credit will be evaluated on a case-by-case basis by the Registrar/Director for Admissions.

To receive college credit

Tech Prep students must provide official high school transcripts to Admissions and Records and request that the transcripts be evaluated. Transcripts must document participation and completion of articulated Tech Prep courses at the secondary level. Each articulated course must be completed with a “B” or better. The applicant may apply for the transfer of credit after successfully completing 6 credit hours in their program area at CCC within 1 academic year of enrollment to the College. Independent study, cooperative education, internship or practicum courses at CCC do not count as part of the 6 credit minimum requirement.

A student may apply a maximum of 9 hours of Tech Prep credit earned in high school towards the applicable CCC degree or certificate. Tech Prep credit granted by CCC may not transfer to other colleges or universities.

**Credit for Prior Learning**

Students enrolled at CCC may be awarded a total of 30 credit hours for prior learning completed through the College Level Examination Program (CLEP), Defense Activity for Non-Traditional Support Examination Program (DANTES), Advanced Placement Examinations (AP), and/or military training. Credit awarded for prior learning does not count as hours in residence for graduation requirements. Credit granted by CCC may not transfer to other colleges or universities.

Official test scores for CLEP, DANTES, and AP must be sent directly by the testing agency to Admissions and Records. A written request for an evaluation of test scores must be filed by the student with Admissions and Records. Students seeking an evaluation for military training should consult the Registrar/Director for Admissions or designate regarding proper documentation.

CLEP offers general examinations in Social Science/History, Natural Sciences, Humanities, English, and Mathematics, and additional examinations in specific subject areas. CCC may grant credit for general examinations with a minimum score of 500 and credit in applicable subject areas with a minimum score of 50. CCC may grant credit for DANTES examinations with a minimum score of 50.
The Advanced Placement Program recognizes that some students are able to complete college-level courses while attending high school. Students who have taken an Advanced Placement course in their secondary school and who scored 4 or 5 on the AP may receive college credit.

Official scores must be sent directly from the testing agency to CCC for evaluation. A written request for an evaluation of test scores must be filed by the student with Admissions and Records.

TRANSFERRING CREDIT FROM CCC

The Coconino County Community College District is 1 of 10 state community college districts approved by the State Board of Directors for Community Colleges of Arizona. The academic policies and the operation of CCC are governed by the local CCC District Governing Board and by the State Board. CCC adheres to the Transfer General Education Core Curriculum approved by the Arizona Board of Regents (governing board for state universities) and by the State Board for Directors for Community Colleges of Arizona. CCC is accredited by the North Central Association of Colleges and Schools, the regional accrediting body. CCC classes follow curriculum approved by the State Board, and courses numbered 100-299 may be eligible for transfer to other colleges and universities. The procedure for determining the transferability of a particular CCC course is as follows:

- For CCC courses taught Fall semester 1991 or Spring semester 1992, one of Arizona’s accredited community colleges (Yavapai College) permitted CCC to use its course prefix and number system and its course outlines to facilitate the transfer process during CCC’s initial 2 semesters of operation. Students or institutions wishing to determine the transferability of a particular CCC course taught either Fall semester 1991 or Spring semester 1992 should consult the Yavapai College section of the 1991-92 Course Equivalency Guide published by the Arizona Commission for Postsecondary Education.

- For CCC courses taught summer session 1992 forward, students or institutions should consult the CCC section of the appropriate Course Equivalency Guide published by the Arizona Commission for Postsecondary Education.

Decision Points

Students should declare their intent to transfer as early as possible in their academic career and be aware of the decision points below. Failure to declare intent and complete appropriate core curriculum requirements may result in the loss of credit upon transfer.

1. Transfer Intent
   A student who intends to transfer to an Arizona state university should identify himself/herself as such prior to enrollment in coursework intended to transfer. Students interested in specialized majors or who have already decided on a major should also declare their intentions prior to enrolling in transfer coursework.

2. Major and University
   At a point no later than the semester prior to the completion of general education requirements (i.e. approximately 30 credits of coursework), the student should declare his/her intended major and the state university to which he/she intends to apply for admission.

3. Application
   During the year preceding transfer, the student should complete an application to the intended university and any program applications where such are necessary.

Student should seek advising at each decision point in order to follow optional pathways to transfer.

Transfer On-Line Application (TSO)

Each Arizona state university and community college has appointed a TSO to resolve problems by transfer students as reported by students, advisors, faculty members and college officials. The TSO has the responsibility to ensure compliance with the transfer and articulation agreements.
and resolve problems concerning the transfer and applicability of community college credit to university programs. Students may file complaints with the university TSO or report complaints to the TSO at the community college where the transfer coursework was completed.

**CCC TSO – Dean of Student Services**

Students wishing to report a problem in transferring CCC credit to a university should provide a written request including:

- the name of the university
- the declared major at university
- a comprehensive statement regarding the problem or complaint related to transfer of credit or core curriculum
- a summary of the action taken by the student prior to submitting the complaint
- copies of any documentation provided to the student from university officials

### ORDERING OFFICIAL TRANSCRIPTS

Admissions and Records at the Flagstaff and Page Campuses issue official Coconino Community College transcripts. A student must file a written request for each transcript with a $5.00 fee and allow 1 week for processing. Transcripts reflect CCC classes only. Students desiring transcripts for courses completed at colleges other than CCC must contact Admissions and Records of that college.
FINANCIAL INFORMATION

CLASS FEES

Certain classes charge fees in addition to tuition. Refer to the Schedule of Classes published each semester and summer session for class fee information.

ESTIMATED EDUCATIONAL EXPENSES

Coconino Community College's charges for educational fees are approved annually by the CCC District Governing Board and the State Board of Directors for Community Colleges of Arizona and are subject to modification by these Boards. The following is intended to provide prospective students with information regarding approximate expenses. It is not to be interpreted as limiting the College's need to adjust charges in response to rising costs.

- An Arizona resident who registers as a full-time student should expect to pay approximately $675 per semester for educational fees and books.
- A part-time student who registers for 6 credit hours should expect to pay approximately $338 per semester for educational fees and books.
- A part-time student who registers for 1 to 3 credit hours should expect to pay approximately $165 per semester for educational fees and books.
- The student should consult the most recent Schedule of Classes for current and complete information concerning expenses.

TAX CREDIT FOR TUITION AND FEES (THE HOPE SCHOLARSHIP)

The Taxpayer Relief Act of 1997, signed by President Clinton on August 5, 1997 includes provisions that will benefit Coconino Community College students and/or parents. Attending CCC for 2 years can provide you with a $1,500 per year tax credit under the Hope Scholarship. This is a dollar for dollar tax credit for the first 2 years of college against actual federal income taxes owed.

Taxpayers may claim 100% of up to the first $1,000 spent in "out-of-pocket" tuition and fees (not books), and 50% of up to the second $1,000 in tuition and fees, for a total of up to $1,500.

Example

<table>
<thead>
<tr>
<th>Student Pays</th>
<th>$2,500</th>
<th>$2,000</th>
<th>$1,500</th>
<th>$1,000</th>
<th>$750</th>
</tr>
</thead>
<tbody>
<tr>
<td>Tax Credit</td>
<td>$1,500</td>
<td>$1,500</td>
<td>$1,250</td>
<td>$1,000</td>
<td>$750</td>
</tr>
</tbody>
</table>

This is a per student credit. Families with 2 children in college would be eligible to claim up to 2 $1,500 credits. Or, if a husband and wife are both attending a community college, each can claim up to a $1,500 credit.

Students must be enrolled at least half-time for a portion of the taxable year. The credit phases out for single taxpayers with adjusted gross income between $40,000 and $50,000, and for joint filers with adjusted gross incomes between $80,000 and $100,000. Married couples must file jointly to qualify for credit.

This credit is available for expenses paid after December 31, 1997.

For more information, contact the Financial Aid Services.

NON-PAYMENT

A student who fails to meet financial obligations to CCC may be dropped from classes and will be barred from future enrollment until debts are settled.

OUT-OF-COUNTY FEES

No student is required to pay additional out-of-county fees or tuition; however, residents of Arizona counties which do not have established community college districts are required to complete an Out-of-County Affidavit. The counties are Apache, Gila, Greenlee, and Santa Cruz. Affidavits are available from Admissions and Records.

RETURNED CHECKS

Any check returned by the bank will result in the assessment of a $20 processing fee to the individual making payment. A student who pays for registration or any other College obligation with a returned check may be subject to legal action and/or the cancellation of registration. The College reserves the right to refuse credit cards or checks for any transaction. Paying for the use of other College services by personal checks may be disallowed for any individual who has a check returned by the bank. If any payment tendered is unauthorized, incomplete, or received after the due date, registration fees will be considered as unpaid and the student will be dropped from all classes.
TUITION AND PAYMENT

Tuition costs are summarized in the appropriate Schedule of Classes. Tuition does not include additional charges for class fees, books or supplies. To complete advance registration, tuition must be paid (or financial aid arrangements completed) by the payment deadline for advance registrants. To register for classes at any other registration period, payment or financial aid arrangements must be made at the time of registration.

WITHHOLDING STUDENT RECORDS

Coconino Community College may deny enrollment, official transcripts, degrees, and/or certificates to students with outstanding obligations of the College relating to fees, College equipment or materials, or any other obligation. Failure to respond to notifications regarding outstanding obligations may result in the withholding of student records and involuntary withdrawal from the College.

REFUND POLICY

A refund of tuition is made only to students who follow official withdrawal procedures. A withdrawal is not official until cleared through Financial Aid Services and processed by Admissions and Records. Note that the refund information below differs for full semester classes and shorter classes.

Semester

Tuition paid will be refunded to students officially withdrawn from full semester classes prior to the 15th business day of the semester based on the following schedule:
- 100% of tuition and class fees paid or before the last business day prior to the beginning date of the semester.
- 100% of tuition minus a $10 processing fee and minus class fees, from the 1st through the 10th business day of the semester.
- 50% of tuition minus a $10 processing fee and minus class fees, from the 11th through the 15th business day of the semester.
- No refund on or after the 16th business day of the semester.

Note - Business days are defined as Monday through Friday, excepting official holidays. See the semester calendar in the Schedule of Classes for actual published dates. The date used to calculate the refund is the date of official withdrawal.

Summer Session

Tuition will be refunded to students officially withdrawn from summer session classes based on the following schedule:
- 100% of tuition paid and class fees prior to the beginning date of the session.
- 100% of tuition paid and class fees, minus a $10.00 processing fee, on the 1st day of the session.
- 100% of tuition paid, minus a $10.00 processing fee and minus class fees, on the 2nd day of the session.
- 50% of tuition paid, minus a $10.00 processing fee and minus class fees, on the 3rd day of the session.
- No refund on or after the 4th day of the session.

Short Courses

Tuition will be refunded to students officially withdrawn from short courses (those meeting less than a full semester) based on the following schedule:
- 100% of tuition paid and class fees prior to the beginning date of class.
- No refund on or after the beginning date of the class.

This restricted refund schedule for short courses is necessary due to the limited period of class time.

Note - Refund processing will not begin until after the end of the add/drop period.

Refund Policy for Financial Aid Recipients

When a student withdraws from all classes, the College will refund the difference between any amount paid toward institutional charges and the amount of institutional charges earned for the period of the student's attendance. The date used to calculate the refund is determined as follows:
- In the case of a student who officially withdraws, the student's withdrawal date is either the date the student notifies the College of his or her intent to withdraw or the date of withdrawal specified by the student, which ever is later; or
- In the case of an unofficial withdrawal, the withdrawal date is the last recorded date of class attendance, as documented by the instructor.
Calculating Refunds

The procedure that CCC follows in calculating refunds when a student withdraws is prescribed by federal regulations.

1. Pro rata refund policy calculation for first time CCC students (never taken a class from CCC):
The pro rata refund calculation for any financial aid student attending the College for the first time whose withdrawal date is on or before the 60% point in time in the period of enrollment for which the student has been charged (10th week of the semester).

2. Federal refund policy calculation for all other financial aid recipients:
The College must calculate a Federal Refund Policy refund, compare it with the refund calculated under the College's refund policy, and issue the larger of the 2 refunds. The Federal Refund Policy mandates the percentage of institutional charges that must be refunded as follows:
   - Withdrawal up to 1 week before or on the first day of class - 100% refund of institutional charges (less an administrative fee of the lesser of $100 or 5% of institutional charges).
   - Withdrawal from the first day of class through the first 10% of the enrollment period (1st week): 90% refund of institutional charges (less an administrative fee of the lesser of $100 or 5% of institutional charges).
   - Withdrawal from after the first 10% of the enrollment period through the first 25% of the enrollment period (2nd through 4th week): 50% refund of institutional charges (less an administrative fee of the lesser of $100 or 5% of institutional charges).
   - Withdrawal from after the first 25% of the enrollment period through the first 50% of the enrollment period (5th week through 8th week): 25% refund of institutional charges (less an administrative fee of the lesser of $100 or 5% of institutional charges).

Refunds for students receiving federal financial assistance are subject to federal guidelines as indicated above.

The amount to be refunded will not exceed the original amount awarded to the student from each particular program. No portion of refund is returned to the Federal Work Study Program (FWS). The amount of the refund will be allocated to the financial aid programs in the following priority: Federal Pell Grant (FPell Grant), Federal Supplemental Educational Opportunity Grants (FSEOG), SSIG, and student.

Refund processing will not begin until after the add/drop period.

All refunds that may be due a student will first be applied to debts owed the College.

Refunds will be mailed to the student's last known address unless prior arrangements have been made with the Business Office. It is the student's responsibility to notify the College of any change in address by completing a Change of Address form and submitting it to Admissions and Records.

Canceled Classes

In the event a class is canceled by the College, a 100% refund of tuition and fees will be issued. The refund due the student will be processed after the add/drop period and will be mailed to the student’s last known address unless prior arrangements have been made with the Business Office.

Exceptions to Refund Policy

In the event that circumstances arise not covered by this policy, students may appeal a refund decision in writing to the Business Office. The following exceptions may be petitioned:

- Refunds for Serious Illness
  A pro rata refund will be made to a student suffering from a serious illness that necessitates a withdrawal from all classes as long as the request is made prior to the end of the semester in which the illness occurs. The student must produce a verifiable doctor's statement certifying that the illness prevents the student from attending all classes.

- Refunds for Death of Student or Student's Spouse, Parent, or Child
  A refund will be made to the student or the student's estate in the event of death of the student or student's spouse, parent, or child that results in a withdrawal from all of the student's classes. Refund request must be made prior to the end of the semester in which the death occurs. The student or student's family must produce a death certificate or newspaper Obituary Notice with proof of relationship (i.e., Birth Certificate, Marriage License, etc.).

- Refunds for Military Service
  A student belonging to the Armed Forces or the Arizona National Guard who is called to active duty and assigned to a duty station will be allowed to withdraw and receive a 100% refund of tuition and fees provided the course has not been completed for which a refund is requested. The student must provide a copy of the military orders within 6 months of the student's withdrawal.
Coconino Community College offers a variety of financial aid to full- and part-time students. The types of financial aid available are Federal Pell Grant (FPELL Grant), Federal Supplemental Educational Opportunity Grants (FSEOG), State Student Incentive Grant (SSIG), Federal Work Study Programs (FWS), campus employment, and scholarships. The College uses the Free Application for Federal Student Aid as its application for all federal financial aid programs. A separate application is required for scholarships. Complete information concerning these programs and necessary applications for scholarships and grants is available through Financial Aid Services.

**General Eligibility Requirements for Federal Financial Aid**

To be eligible for federal financial assistance, a student must:

1. Have a high school diploma or its equivalent (GED). A copy of the diploma must be on file with Admissions and Records.
2. Be enrolled in and pursuing a degree or certificate program. Transfer students must have official academic transcripts on file with Admissions and Records.
3. Demonstrate financial need. Need is the difference between the cost of education and what the parent(s) and/or student are expected to contribute.
4. Be making satisfactory academic progress. For more information, see the Satisfactory Academic Progress policy.
5. Meet one of the following citizenship requirements:
   a. U.S. citizen
   b. U.S. national
   c. U.S. permanent resident who has an Alien Registration Receipt Card (I-151 or I-551)
   d. If you are not in one of the above categories, you must have one of the following documents from the U.S. Immigration and Naturalization Service:
      - An I-94 with one of the following endorsements: "refugee," "asylum granted," "indefinite or humanitarian parole," or "Cuban-Haitian entrant."
      - A temporary residency card (I-668).
      - Students from the Marshall Islands, the Republic of Palau, and the Federated States of Micronesia should consult with Financial Aid Services concerning their eligibility for federal student aid.
   - Students attending school only on an F1 or F2 student visa, a J1 or J2 exchange visitor visa or a G series visa are not eligible for federal financial aid.
6. Have a social security number.
7. Be registered with Selective Service, if required.

**Financial Aid Application Process**

Federal regulations require the submission of a number of documents by students applying for financial aid. In most instances, the documents listed below will constitute a complete file; however, any additional documentation requested by Financial Aid Services must be submitted before a file will be considered complete.

**A Free Application for Federal Student Aid (FAFSA)**

This no-cost need-analysis form provides the information necessary for any federal financial aid award.

There are 3 different ways to complete this form. Choose one of the following ways to complete the form:

1. **Electronic Application Process**
   - Schedule an appointment with Financial Aid Services. Before your appointment, you need to obtain a FAFSA, a Verification Worksheet, and a Post-secondary History form. At your appointment, you will need to provide the following documents:
     a. Signed and completed FAFSA.
     b. Signed copies of the previous year’s federal tax return for you, your parent(s), and/or your spouse, if applicable.
     c. Copies of previous year’s W-2’s for you, your parent(s), and/or your spouse, if applicable.
     d. Signed Verification Worksheet.

2. **Paper Application Process**
   - Obtain a FAFSA, complete, and mail to the Federal Processor. CCC’s institutional ID number is 031004. This process can take as long as 6 to 8 weeks and possibly longer if information changes during the process. The information provided on the FAFSA is sent to CCC electronically; you will receive the results at approximately the same time. If required, additional documents will be requested by Financial Aid Services when the electronic data is received.

3. **Renewal Application**
   - If you applied for federal financial aid in the previous academic year, you will receive a Renewal Application in the mail. Update the Renewal
Application with current financial information and mail to the Federal Processor. This process can take as long as the Paper Application Process. The information provided on the Renewal Application is sent to CCC electronically; you will receive the results at approximately the same time. Additional documents may be requested from you by Financial Aid Services when the electronic data is received.

In addition to completing the FAFSA in 1 of the 3 ways mentioned above, all students will need to submit the following documents to Financial Aid Services to have a complete file:

1. Statement of Educational Purpose
   This form is available from Financial Aid Services. It is a statement that all aid applicants must sign, affirming that the student:
   - will use his/her financial assistance for educational purposes;
   - is not in default on any Title IV loan or owes a refund on any Title IV grant; and
   - authorizes the College to use his/her Federal Pell Grant and any other financial assistance to pay tuition and fees and any other College charges.

2. Post-secondary History Form
   This form requests the student to list all post-secondary schools previously attended.

3. Financial Aid Transcript(s)
   Financial Aid Transcripts are required of all students who have previously attended other post-secondary schools regardless of whether aid was received. All institutions are required to send Financial Aid Transcripts to Financial Aid Services upon the student’s request at no charge.

**Verification**

If the student is selected for Verification by the Federal Processor or file electronically, the student will be required to submit the following in addition to the documents listed above:

- Verification Worksheet with required signatures (if the student is dependent, parent signature(s) are required; if the student is married, a spouse’s signature is required)
- Copies of signed federal tax returns of the student, and if the student is dependent, the student’s parents (copies of W-2’s may be requested)
- Other documents requested by Financial Aid Services to resolve conflicting or questionable information.

**Financial Aid Student Rights and Responsibilities**

**Student Rights**

The student has a right to:

- Know which financial aid programs are available at the College.
- Know the deadlines for submitting applications for each of the programs available.
- Know how financial need is determined. This includes cost for tuition, room and board, travel, books and supplies, and personal and miscellaneous expenses considered in your budget.
- Know how the refund and repayment policies of the College work.
- Know how Financial Aid Services monitors satisfactory academic progress and the consequences of failing to maintain satisfactory academic progress.

**Student Responsibilities**

The student has the responsibility to:

- Keep his/her address current with Admissions and Records and Financial Aid Services.
- Complete all applications accurately and submit them on time to the right place.
- Provide correct information. In most instances, misreporting information on financial aid application forms is a felony offense under federal law.
- Submit all additional documentation, verification, corrections, and information requested by the College.
- Read, understand, and keep a copy of all forms that the student signs.
- Accept responsibility for all agreements that the student signs.
- Make satisfactory academic progress toward a degree.
- Notify Financial Aid Services of any changes in his/her financial situation, the number of family members attending college, or household size.

**Satisfactory Progress Policy for Financial Aid Recipients**

It is the student’s responsibility to meet and maintain satisfactory progress while earning a degree or certificate. This policy applies to students receiving federal and state financial aid and should not be confused with the College’s Academic Progress policy. The Satisfactory Progress policy includes 3 elements:

1. Minimum grade point average (GPA);
2. Maximum number of credit hours after which a
degree/certificate must be granted;
3. Minimum number of credit hours completed per semester or academic year.

These 3 standards measure both qualitative and quantitative progress. Students will be ineligible for federal and state financial aid if these standards are not met. Student progress will be reviewed each semester to determine eligibility for federal and state financial aid for the upcoming semester/academic year and/or summer session. The academic year begins with Fall semester and continues through Spring. Students who have completed a sufficient number of credit hours within the academic year are eligible to receive federal and state financial aid for the summer session. Students who have not completed the required number of credit hours for which they were funded will be placed on probation for the next semester. Students who receive Title IV funds on a probationary basis must meet the stated probation requirements or their eligibility will be suspended.

Qualitative Standards
Students receiving Title IV funds must maintain a cumulative grade point average of 2.00 or higher.

Foundation Courses
A maximum of 30 credit hours of foundation classes may be counted towards a student’s “Minimum Credit Hour per Academic Year” requirement; however, the credit hours for foundation classes will not be charged against the total maximum credit hours allowed. The exact number of allowable foundation credit hours will be determined by the student’s academic skill assessment results.

Continuance of Eligibility
Student records are reviewed at the end of each semester for compliance with the 3 Satisfactory Progress elements: minimum cumulative GPA, maximum number of credit hours earned, and minimum number of credit hours completed per academic year. Students who meet all 3 of these standards are eligible for further federal and state financial aid consideration for the following academic year.

Students receiving Title IV funds who have 40 or more credit hours (both transfer and CCC) will be required to submit a Student Education Plan (SEP), prepared with the help of an academic advisor, to Financial Aid Services. The student will receive funding for only those courses required to complete degree requirements and as outlined in the SEP to complete degree requirements and as outlined in the SEP.

Quantitative Standards

Maximum Number of Credit Hours
The maximum time frame for completion of a degree or certificate is measured by the total number of credit hours a student earns. This includes transfer hours and all semesters of enrollment (including summer session) and applies to each degree or certificate pursued whether or not financial aid was received. Once the maximum number of hours is completed, the federal financial aid eligibility ends.

<table>

</tbody>
</table>

Students enrolled for 5 or fewer hours must complete the number of hours funded (i.e., if a student is funded for 1 credit hour, the student must complete the 1 credit hour).

The following grades do not count toward the “Minimum Credit Hours per Academic Year” requirement: W, I, AU, U, and NCR. Repeated courses and “IP” grades will be treated in accordance with established College policy.

FAILURE TO MAINTAIN SATISFACTORY PROGRESS

Students who fail to meet the minimum cumulative GPA must use their own financial resources (unless an appeal is approved for a probationary semester) and attend 1 semester/summer session earning at least 6 credit hours at CCC to raise their cumulative GPA. Transfer grades are not calculated into the GPA.

- Students who fail to complete the required minimum number of credit hours for which they were funded will be placed on probation the following semester.
- Students who have exceeded the established maximum credit hours will be required to submit an appeal and have eligibility status determined on an individual
basis. Until a determination is made on the appeal, the student will be ineligible to receive federal financial aid funds.

- Students who have been placed on financial aid probation must meet the conditions of the appeal or attain academic good standing by the end of the semester or eligibility will be suspended. Suspended students will not be eligible to receive funds until such time as academic good standing is attained. Students in this category will be required to appeal in order to be reevaluated to have eligibility reinstated.
- Students who are placed on academic probation will automatically be placed on financial aid probation.
- Students who are placed on academic suspension will automatically be placed on financial aid suspension.

**Right to Appeal**

In order to receive funds during the probationary period, students must submit a Satisfactory Academic Progress Appeal Form with supporting documentation to Financial Aid Services. Satisfactory progress appeals may fall into 1 of 3 categories:

1. **Withdrawals/Waiver of a Semester**
   Students who have not completed the necessary number of credit hours for federal funding because the student withdrew from the semester may appeal to have the semester waived under circumstances such as illness, death in the family, serious personal problems, etc. The following supporting documentation is required: letter from attending physician, counselor, medicine man/woman, hand trembler/shakers, etc., addressing the specific problem, dates student was unable to attend school, and a comment on their current condition and ability to complete course work in the future.

2. **Probation Extension (1 semester only)**
   Students who have failed to earn the minimum number of credit hours during a probationary semester for which the student was funded may appeal to receive federal funding for the following semester if extenuating circumstances have prevented completion of the minimum number of credit hours. The following supporting documentation is required: letter from attending physician, counselor, medicine man/woman, hand trembler/shakers, etc., addressing the specific problem, dates student was unable to attend school, and a comment on the student’s current condition and ability to complete course work in the future.

3. **Maximum Credit Hour Extension**
   Students may appeal for an extension of the maximum hour limit if extenuating circumstances have prevented completion of a degree in a timely fashion: transfer hours that did not apply to their CCC major, change in major, dual major, extenuating circumstances have interfered with the completion of course work, etc. The following supporting documentation is required: letter from advisor supporting student’s circumstance and Student Education Plan (SEP). Students must provide Financial Aid Services with a copy of the proposed schedule of classes each subsequent semester before their financial aid will be processed. Students will receive funding only for those classes listed on the SEP.

Appeals that fall outside the scope of these 3 categories will be evaluated on an individual basis by the Director for Financial Assistance.

Students who have conditions set forth in the appeal approval and do not meet these conditions will be suspended from financial aid and must complete a minimum of half-time status using their own resources to regain eligibility or may submit a new appeal.

**Satisfactory Academic Progress (SAP) Appeals Committee**

A student may appeal the decision of the Director for Financial Assistance by submitting a written request to have his/her appeal forwarded to the SAP Appeals Committee. The composition of the SAP Appeals Committee will be the following: Registrar/Dean for Admissions, 1 Advisor, 1 Faculty, and 1 Student Services representative; the Director for Financial Assistance will serve in an ex-officio capacity. In this written request, the student must attach any additional documentation to support his/her appeal.

Financial Aid Services staff will schedule a SAP Appeals Committee meeting to review any appeals submitted. The student will have the option of being in attendance and will be scheduled for a specific time if he/she chooses to be in attendance. The Committee may either uphold, reverse, or modify the decision of the Director for Financial Assistance. The decision of the Committee will be final, and Financial Aid Services will notify the student in writing within 10 days of the Committee’s decision.
EFFECTS OF CONSORTIUM CREDITS ON SATISFACTORY PROGRESS

If a student has a consortium agreement between CCC and another institution in which CCC is the parent institution, credits earned at the non-parent institution will count as though they were earned at CCC and will count towards Satisfactory Academic Progress requirements.

Repayment Policy

When a student who has received financial aid withdraws from the College before midterm (usually the 45th day), federal regulations require repayment of a portion of those financial aid funds. The amount to be repaid will be prorated based on the number of days elapsed since the first day of classes and the total amount of financial aid disbursed (less tuition and class fees). The amount to be repaid will not exceed the original amount awarded to the student from each particular program. The amount to be repaid will be allocated to the financial aid programs in the following priority: FFell Grant, FSEOG, SSID.

Students may be required to repay in cash to the College portions of financial aid funds which were awarded to cover non-institutional expenses. The College will subtract from the funds disbursed to the student for non-institutional costs the non-institutional expenses incurred by the student for the period of enrollment. Non-institutional educational costs may include, but are not limited to, room and board, books and supplies, transportation, and miscellaneous expenses.

The date used to calculate the repayment is the same used to determine whether a refund is due. Student employment (including Federal Work Study) is not considered in determining the amount disbursed to the student. The amount determined under the repayment formula approved by the Department of Education is then allocated to the financial aid programs in the following priority: FFell Grant, FSEOG, SSIG.

VETERANS' PROGRAM

VETERANS' EDUCATIONAL BENEFITS

Coconino Community College is approved to train students under government educational programs for veterans and eligible dependents of deceased or disabled veterans. Eligible students and those who wish to determine their future eligibility should apply through Financial Aid Services.

Veterans making an initial application for their GI Bill benefits must provide a certified copy of their military record (DD 214). Eligible dependents making an initial application under Chapter 35 must provide a copy of their birth certificate and, if possible, the parent's or spouse's VA claim number.

Students planning to attend the College under the VA vocational rehabilitation program should contact their vocational rehabilitation specialists before registration. This contact may be made through Financial Aid Services. Additional services to be offered by Financial Aid Services include application for all VA benefits, professional educational counseling, tutorial assistance, and referral services.

VETERANS' ADMISSION

By Arizona statute, no failing grades received by a veteran at an Arizona university or community college prior to military service may be considered when determining admissibility. This exception applies only to veterans who were honorably discharged, have served in the U.S. Armed Forces for a minimum of 2 years, and have previously enrolled at a university or community college in Arizona.

Students admitted or readmitted to the College under this statute are subject to academic standards, graduation, and other academic regulations in this catalog.

VETERANS' RETENTION

All veterans and dependents of veterans must successfully complete 60% of their coursework with the individual grades and cumulative grade point average required by the College to continue toward graduation. If less than 60% of the coursework is completed, or if the grade point average falls below that required by the academic probation, suspension, or dismissal policy, veterans or veterans' dependents will be placed on probation the following semester. If individual grades and the cumulative grade point average are not maintained during that semester, the veteran or veterans' dependents will be suspended or terminated from their educational allowances effective the ending date of the semester, and notice will be sent to the VA regional office within 30 days following.

When the progress or status of a veteran is changed, a notice will be sent by the College to the VA regional office within 30 days following the date of the change or the last day of attendance.
**Attendance**

Veterans and veterans' dependents are paid to attend and complete coursework. Attendance records are maintained by all faculty. If at any time Financial Aid Services is notified that a veteran's attendance is inconsistent with College standards, benefits may be reduced accordingly and the VA regional office notified. In some cases, the veteran may be dropped for nonattendance. See *Academic Procedures* for more information.

**Program of Study**

All veterans must choose a program of study and take only those courses that fulfill the degree requirements. Proper advising and course planning are highly encouraged. Veterans and veterans' dependents are not allowed to enroll in course repeats, course audits, or independent study courses without prior approval by Financial Aid Services.
Academic Procedures
ATTENDANCE

Because attendance is essential to academic success, CCC students are expected to attend regularly and punctually all classes in which they are enrolled. Attendance requirements must be published in the course syllabus distributed to students.

All students are required to attend the first class session of each course in which they are enrolled. Failure to do so or to notify the instructor prior to the class session of an inability to attend may result in the student being dropped from the class by the instructor.

Instructors may drop a student whose unexcused absences exceed the equivalent of 1 week of class; instructors should drop a student whose unexcused absences exceed the equivalent of 2 weeks of class; instructors must drop a student whose unexcused absences exceed 3 weeks of class. These need not be consecutive absences. Instructors may grant excused absences at their discretion. At the instructor’s option, tardiness may accumulate as unexcused absences with each tardy counting not more than 1 class hour.

After the midpoint of the instructional period, instructors may drop a student for excessive absences with a “W” grade. Students may drop a class until the deadline published in the appropriate academic calendar. After that date, students who prefer to be dropped with a “W” grade rather than receiving the grade earned must request this from the instructor. Otherwise, they may receive a grade of “F” for the course. No student may drop a class during the last 2 weeks of the semester.

Instructors may establish a more stringent attendance policy. Instructors are under no obligation to make special arrangements for students who have missed class assignments due to unexcused absences. Students are responsible for notifying instructors in advance of any planned absences and for completing all class assignments as required.

AUDIT

A student wishing exposure to a class may elect to audit the course. The decision to audit, or to change from an audit to A-F (letter grade) or S/U status, must be made no later than the last day to add classes (as published in the Schedule of Classes). Regular attendance at all class meetings is the responsibility of the student, but writing assignments and examinations are not mandatory. Courses audited carry no credit toward the grade point average, toward graduation, or toward meeting professional requirements. An audited course will not satisfy the prerequisite for a course in which the student wants a letter grade. Audited credit hours do not count toward determining eligibility for Financial Aid purposes. Audited classes may be repeated for credit. Once a student registers for and completes a class as an auditor, the audit on the permanent record may not be changed to a credit-earning grade.

CLASS CANCELLATION DUE TO INCLEMENT WEATHER

Should CCC need to cancel classes due to inclement weather, the media will be so informed. Please listen to local radio and television stations for announcements. If the public schools cancel classes due to inclement weather, CCC classes held at those schools will not meet. If CCC cancels classes and NAU does not, CCC classes scheduled to meet at NAU will meet as scheduled. The cancellation of CCC classes will only affect those areas receiving the inclement weather, and areas affected will be identified in the media announcements.

CLASS ORIENTATION

At the beginning of each credit course, instructors will give each student a written course syllabus which includes attendance requirements, an assignment schedule, a formal evaluation plan, a semester calendar, grading criteria for the course, and other pertinent information. A formal evaluation plan may not be required in a credit free course.

COURSE PREREQUISITES

Prerequisites are listed below the class in the Schedule of Classes and in the course descriptions in this catalog. A prerequisite may be an appropriate placement test score, a class or classes which precede the class in question, skills, or consent of instructor. A course taken to satisfy a prerequisite must be completed with a grade of “C” or better. A student will not be allowed to enroll in a course which requires a prerequisite unless he/she has presented evidence of having satisfied that prerequisite. Evidence includes CCC mathematics or English placement test scores, appropriate ACT/SAT scores, a copy of transcripts or a grade report showing completion of an appropriate prerequisite course, or consent of instructor. Students seeking to prove prerequisites with evidence such as transcripts, grade reports, or score reports, must submit their evidence in person or with their mail-in registration. An audited course will not satisfy the prerequisite for a course in
The Coconino Community College grading system is as follows:

<table>
<thead>

</tbody>
</table>

1. These grades are used for approved courses only.

To calculate your GPA:
1. Multiply the number of credit hours earned in each class by the points assigned to the letter grade.
2. Add the points of all classes.
3. Divide by the total number of credits.

</table>

Your GPA = Grade Points / Credits = 24/7 = 3.4 GPA

which the student wants a letter grade. The College reserves the right to require official transcripts or other documents if the evidence presented by the student does not clearly prove that course prerequisites have been met. Students who completed prerequisite classes or tests more than 5 years prior to the semester in which prerequisite proof is required must take CCC mathematics and English placement tests.

**Final Examinations**

Final examinations or suitable evaluations are required in all credit classes. **Under no circumstances should a student make employment, travel, or personal plans which conflict with examination periods.** In extenuating circumstances, a student may be excused from a final examination or take a final examination at an unscheduled time with written permission from the instructor.

**Grade Appeals and Other Course Requirement Decisions**

Students may appeal a grade or other decision pertinent to completion of course requirements through administrative procedures. These procedures will be determined by the College President after consultation with faculty and administrators.

Students may appeal a grade or other decision affecting completion of course requirements as follows:

- Students must represent themselves in the appeal process, i.e., third parties will not be permitted to represent students.
- Potential intervention by third parties or examination of educational records is subject to interpretation by the Family Educational Rights and Privacy Act of 1974 as amended. Questions or clarification regarding educational records should be directed to Admissions and Records.
- Students must first appeal through informal
procedures before initiating formal procedures. Formal procedures may be initiated only for final course grades.

Timelines for Appeal

Students who fail to initiate an appeal within the timelines defined below forfeit their right to appeal:
- Non-final grades and other decisions within 20 business days from the date the grade was assigned or other decision made, or 20 business days from the date the student learned of the assigned grade or decision.
- Final course grades within 6 months following course completion.

Methods for Appeal

Appeal customarily begins (and often ends) with a discussion between the student and the instructor, leading to a mutually satisfactory understanding. If such understanding is not reached, or in the event the instructor and the student are unable to meet to discuss the reason(s) for the appeal, the student may then appeal to the responsible Extension Site Coordinator, Division Chair or appropriate dean.

The Extension Site Coordinator, Division Chair, or appropriate dean will review the student’s appeal and decide whether the grade or other decision will stand or be altered. The investigation may include a conference of involved persons, such as the faculty member, faculty peer(s), the student, department and division chair, campus dean, and others who may provide relevant information. The decision must be communicated to the student and the instructor, verbally or in writing, within 20 business days of the appeal.

Formal Procedures

If the student is dissatisfied with the decision, he/she may further appeal to the Vice President for Educational Services. Such appeal must be made in writing within 20 business days of the date the supervisor notified the student of the decision and must describe the following:
- The nature of the appeal, specifying the grade, relevant conditions about the issue, and any descriptive evidence of major significance.
- The reasons for the appeal, including any evidence which supports the student’s belief that the grade was unfairly or incorrectly assigned, unsubstantiated by evidence, inaccurate, or otherwise unreasonable.
- A solution acceptable to the student.

The Vice President for Educational Services will conduct a review of the formal appeal as presented by the student. The nature and activities of the review will be determined by the Vice President for Educational Services. The review must be completed within 20 business days of the date the Vice President for Educational Services received the student’s written appeal.

After the review, the Vice President for Educational Services will render a decision which may confirm or alter the final course grade. The decision of the Vice President for Educational Services is considered final.

If the instructor is unable to participate in the appeals process, the Vice President for Educational Services in conjunction with the instructor’s supervisor, has the authority to alter the final course grade if evidence substantiates the change.

INCOMPLETE GRADES

A grade of “I” may be requested by a student only at the end of a semester in which the student has done the following:
- Averaged a grade of “C” or better in at least 80% of the work required for the course;
- Presented a case documenting circumstances which prevent completion of the course requirements by the end of that semester;
- Entered into the Contract for Incomplete Grade with the instructor.

All contracts must be reviewed and approved by the Extension Site Coordinator, Division Chair, or appropriate dean. It is the exclusive responsibility of the student receiving a grade of “I” to contact the instructor and complete the course. A Contract for Incomplete Grade will not exceed 1 semester following its approval. “I” grades issued during a summer session must be completed by the end of the following Fall semester. Upon completion of coursework outlined in the contract, the instructor will initiate a Change of Grade form. If the instructor is no longer available, the student should contact the Extension Site Coordinator, Division Chair, or appropriate dean.

If the work required is not completed the semester following the approval of the contract, the grade specified on the contract will be posted to the student’s permanent record.

IN-PROGRESS GRADE

In cases where circumstances warrant, the instructor may assign an “IP” grade. An “IP” grade is not to be used in place of an “I” grade. The “IP” grade is used where it is known at the time of registration that class completion will require work in excess of a single semester or session. A written “IP” grade contract should be completed by the
instructor and the student. The contract must have definite starting and ending times. The “IP” contract must be approved in advance by the Extension Site Coordinator, Division Chair, or appropriate dean. Once the contract is successfully completed, the “IP” grade will be changed to a letter grade assigned by the supervising faculty.

CONTINUING EDUCATION UNITS
Continuing Education Units (CEU’s) may be awarded for participation in individual and professional development courses, workshops and seminars. 1 CEU represents 10 contact hours of participation in an organized continuing education experience under responsible sponsorship, capable direction and qualified instruction as approved by the Vice President for Educational Services. CEU’s provide students with a standard of measurement to quantify their education experience. CEU’s also provide recognition of one’s efforts to broaden his or her knowledge, skills and experiences by establishing a permanent record of educational history.

CREDIT FREE COURSES
The College offers credit free courses periodically. A credit free course or credit free workshop carries its own fee, and the class time invested cannot, under any circumstances, be converted to credit. For information concerning credit free courses or workshop offerings, refer to the Schedule of Classes.

REPEATING COURSES
Credit courses at CCC will only be counted once toward fulfilling the credit requirements for any degree or certificate.

Students may repeat up to 4 times:
- courses for credit in the case of music and dance performance, art studio, physical health and wellness, creative writing, and foundation courses needed to raise skill levels necessary for success in college level work;

Students may repeat a course as necessary:
- in order to acquire certification;
- in order to update knowledge and/or skills due to periodic content changes (e.g., Tax Preparation);
- for retraining in or upgrading of job related skills;

Students may repeat, but not receive duplicate credit for:
- a course 1 time in order to improve a grade of C or better;
- a course 2 times for which the previous grade(s) received was “F,” “D,” or “U.”

Only the higher or most recent of the repeated course grade(s) will be used in computing the grade point average. All grades will be posted on the permanent record and transcript.

A student may be allowed to repeat a course beyond the limit with recommendation from the appropriate Extension Site Coordinator, Division Chair, or appropriate dean, and approval of the Vice President for Educational Services.

REPEATING IN VIOLATION OF POLICY
A student found to be repeating a course in violation of this policy will have registration for the course canceled, without refund of tuition and fees. Such cancellation may occur at the time of registration or whenever a College official becomes aware of the violation.

SATISFACTORY/UNSATISFACTORY GRADES
If a course description in the College Catalog indicates a course may be taken for an “S/U” grade, the student may elect the S/U option. This must be done in writing, with the consent of the instructor, no later than the deadline to add classes as published in the appropriate Schedule of Classes. The deadline to add classes is also the deadline to change from an S/U to A-F or audit status. Students electing the S/U option should be aware that:
- Once awarded, the “S” or “U” grade may not be changed to a letter grade.
- The “S” grade is equivalent to a grade of “C” or better; however, neither the “S” nor the “U” grade is calculated in the grade point average.
- The “S” grade may carry credit toward graduation or toward meeting professional requirements.
- The “S” grade shows on the transcripts as credit hours earned for the semester and will be used toward meeting the credit hours required of a full-time student and toward determining Financial Aid eligibility.
- The “U” grade shows on the transcript but not as credits earned for the semester; therefore, the “U” grade does not count toward meeting the hours required of a full-time student or toward determining Financial Aid eligibility.
- Courses taken for S/U credit for which a grade of “S” is earned will satisfy prerequisites.

SPECIAL TOPICS COURSE – 298
Basic Guidelines
Special Topics courses are intended:
1. to allow students opportunities for academic learning beyond what the college provides in its regular curriculum.
2. to allow students to design a special academic course to meet a special need that the college does not otherwise meet. Usually this study will be more advanced or specialized than the regular 2-year college curriculum, and can be taken only after a student has completed the introductory courses in the discipline of interest.

Special Topics courses are not intended for:
1. transfer to a university, 4-year, or 2-year college.
2. credit for prior experience or learning.
3. developmental studies or non-college credit activities
4. cooperative job placements, work study, internships or similar activities if the course activity is part of routine job responsibilities and the work is not directly supervised by a faculty member.
5. individualized study of a course in the college catalog. Special Topics courses are studies outside our catalog offering. (Independent Study allows students in special cases to take a course from our college catalog individually.)

Rules/limits/deadlines
1. A student may register for up to 6 credit hours of Special Topics courses each semester or summer session.
2. A limited number of credits earned in Special Topics courses may count toward meeting graduation requirements. See Graduation Procedures for more information.

Enrolling in a Special Topics Course
To enroll in a Special Topics course, the student must:
1. decide on a Special Topic.
2. see an advisor.

3. complete a proposal for Special Topics courses. See Student Proposal Guidelines for more information.
4. identify a faculty member who has knowledge/expertise in the area to be studied. The student must complete the contract form and send it with the faculty signature, along with the proposal, to the Division Chair or appropriate dean for approval.

Student Proposal Guidelines
The proposal provided to faculty members should include a detailed description of the project and the following information:
1. the area of subject the student intends to study.
2. the method of study the student proposes to use.
3. an explanation of why the student is interested in proposing this course.
4. a description of the course objectives (e.g. What does the student hope to learn by taking this course?)
5. a time line for the completion of the course.

Withdrawal from Class
The terms “withdrawal” and “drop” refer to actions which terminate the student’s class enrollment. If a drop occurs prior to, or on, the 45th calendar day of the semester, no record will appear on the student’s transcript. However, a student who drops a class on the 46th calendar day or later will be assigned a “W” (withdrawal) on the student transcript. A student may also be dropped (or assigned a “W”) by the instructor for nonattendance.

A student who withdraws or is withdrawn from all classes is required to process the withdrawal through Financial Aid Services and Admissions and Records.
ACADEMIC STANDARDS

ACADEMIC INTEGRITY

Honesty in academic work is a central element of the learning environment. The presentation of another individual’s work as one’s own or the act of seeking unfair academic advantage through cheating are violations of the College’s Student Code of Conduct. The general descriptions below emphasize those boundaries of academic conduct which are essential to the learning environment. The following acts of academic dishonesty are among those which may lead to College disciplinary action or possible dismissal:

Plagiarism

Plagiarism is defined as submitting assignments, examinations, or other academic work which is not entirely the work of the student. This can include, but is not limited to, such practices as: quoting without giving proper credit to a source, expanding someone else’s work without giving proper credit, adopting as one’s own an actual document (including the copying of computer or other electronic media), directly using someone else’s ideas rather than words without giving proper credit.

Cheating

Cheating is defined as submitting assignments, examinations, or other work which is based upon sources or activities forbidden by the instructor. Cheating includes the furnishing of materials to another person for purposes of aiding that person to cheat. When an unfair academic advantage is gained by a person through deception or other means, that action is defined as cheating.

Violation of Copyright

The unauthorized copying of copyrighted material, whether print or computer media, is unacceptable and is considered an act of academic dishonesty. Moreover, such practice is illegal and makes the violator subject to legal penalty.

Penalties

The following penalties may be applied in instances of academic dishonesty:

- A student caught in an act of academic dishonesty on an assignment may or will, at the discretion of the instructor, be assigned a grade of “F” for that assignment or for the entire course, regardless of the length of time the student has been in attendance.
- A student found to have committed an act of academic dishonesty may be dismissed from CCC. The length or time period of the dismissal will depend upon the nature of the offense and may be permanent.

ACADEMIC PROGRESS

Notification

Students affected by the procedures in this section will be notified of academic probation and/or suspension on the semester grade reports which are sent to the student’s last known address.

Students receiving financial aid are subject to Satisfactory Academic Procedures. For more information, see Satisfactory Progress Policy for Financial Aid Recipients.

Probation

A student will be placed on academic probation if the cumulative grade point average is less than 2.00.

Students should be aware that graduation requires a minimum grade point average of 2.00.

Students on academic probation may not take more than 12 credit hours per Fall or Spring semester (4 credit hours per summer session). Advisor approval is required prior to registration. A student placed on probation status has 2 regular (Fall and Spring) semesters to raise the cumulative grade point average to 2.00. If the minimum cumulative grade point average is not met at the end of 2 semesters, the student is placed on academic suspension.

Suspension

A student on academic probation for 2 regular (Fall and Spring) semesters who fails to raise the cumulative grade point average to the required minimum will be placed on academic suspension and barred from registration for the period of 1 regular (Fall and Spring) semester.

Re-Admission

An academically suspended student may apply for re-admission by submitting a petition for re-admission at least 1 month prior to the beginning of the semester or summer session for which the student seeks enrollment. The petition will be reviewed by the Registrar/Director for Admissions or designee.

The Registrar/Director for Admissions or designee may elect to approve the petition as submitted, to approve the
petition with conditions (e.g., limited coursework, specific classes allowed, other classes denied, fresh start, etc.), to uphold suspension, or to take other action which is deemed in the best interest of the student. Re-admission may include a change in major, removal of grades, adjustment of cumulative grade point average, etc. If the student is readmitted, he/she will automatically be placed on academic probation.

Appeals
Students who desire to appeal a probation, suspension, or denial of re-admission decision must submit a letter detailing the basis of the appeal to the Registrar/Director for Admissions. The Student Appeals Committee will review the student’s case and make a recommendation for action. The Registrar/Director for Admissions will communicate this decision to the student, who may appeal the Committee’s recommendation to the Vice President for Educational Services or designee. The Vice President’s decision is final.

Graduation Procedures
Application for Graduation
Students who believe they will be eligible to graduate with a CCC degree or certificate at the close of Fall semester must consult their academic advisor and submit an application for graduation no later than the first Monday of October. Summer and Spring semester applications for graduation must be completed no later than the first Monday of February. A choice of catalog must be declared at the time of application. All required documents, including official transcripts, must be submitted to Admissions and Records by the stated deadline for each session. A nonrefundable fee of $15 for each certificate and $25 for each degree is required to initiate a graduation check. The graduation application initiates the graduation check procedure, completed by Admissions and Records, to ensure that all requirements are met by the graduation semester.

College Reading Requirement
Students applying for graduation in an Associate Degree program must have demonstrated successful completion of the College Reading requirement by one of the following:

- College assessment,
- Successful completion of English 141 - Critical Reading or
- “C” or above in a reading intensive course as identified in the CCC General Education and/or Transfer General Education Core Curriculum.

Commencement Ceremonies
Procedures for participation in commencement ceremonies will be announced the semester prior to the ceremony. Spring commencement will include students who have been awarded degrees the prior summer and Fall semesters and candidates for Spring degrees. Students requiring 6 or fewer credits to be eligible for graduation and will complete those credits during the summer session following the annual commencement ceremony may apply for graduation and participate in the commencement ceremony. Upon final degree clearance, an official College diploma or certificate will be issued.

Courses Numbered Below 100
Only students graduating with an Associate of General Studies Degree may count courses numbered below 100 toward graduation. A maximum of 12 credits may be completed in courses numbered below 100.

Graduation Requirements
The requirements to earn each CCC degree and certificate are detailed in the Degrees and Certificates section. Requirements are also summarized below. Degree and certificate-seeking students are advised to work closely with their academic advisor to ensure that they are making appropriate progress toward fulfilling graduation requirements.

Minimum CCC Hours
To graduate from CCC, a student must complete a minimum number of credit hours at CCC with a “C” or better.

- To earn an Associate of Arts, Associate of Science, Associate of Applied Science, or Associate of General Studies Degree, the student must successfully complete at least 15 credit hours of CCC coursework applicable to the degree.
- To earn a certificate, the student must successfully complete at least one-third of the required credit hours in CCC coursework applicable to the certificate.

Minimum Grade Point Average
No student may graduate with a cumulative CCC grade point average of less than 2.00.

S/U Grades
A maximum of 12 credits may be completed with a grade of “S” in applicable associate degree programs. No more than 3 credit hours of “S” may count for the certificate if the program allows.
Special Topics Courses - 298

A limited number of credits earned in Special Topics (298) courses may count toward meeting graduation requirements. Students should consult with their academic advisor prior to arranging for special topics courses.

Waiver or Substitution of Program Requirements

Students may request a substitution of graduation course requirements. Program substitution requests will be evaluated on a case-by-case basis as recommended by the academic advisor or other College officials, and approved by the Division Chair for the Flagstaff Campus or Campus Dean for the Page Campus.

Graduation with Honors

Students graduating with a degree who complete at least 30 credits at CCC, and whose grades qualify will be granted the following designations:

- **Cum Laude**  
  3.40 to 3.69  
  Cumulative CCC GPA

- **Magna Cum Laude**  
  3.70 to 3.89  
  Cumulative CCC GPA

- **Summa Cum Laude**  
  3.90 to 4.00  
  Cumulative CCC GPA

Students graduating with a certificate who complete at least 15 credits at CCC, and whose grades qualify will be granted the following designations:

- **Honors**  
  3.50 to 3.89  
  Cumulative GPA

- **High Honors**  
  3.90 to 4.00  
  Cumulative GPA

These designations will be shown on the student’s diploma and on official transcripts.

Scholastic Honors

Students who complete at least 6 credits during a semester and whose grades qualify will be granted the following designations:

- **Vice Presidents’ List**  
  6 or more credits per semester  
  3.50 to 3.99 Semester GPA

- **President’s List**  
  6 or more credits per semester  
  4.00 Semester GPA

Second Degree Policy

Upon completion of an Associate of Arts, Associate of Science, Associate of Applied Science, or Associate of General Studies degree from CCC, a student who wishes to pursue an additional degree other than Associate of General Studies must meet the following criteria:

- Students must meet the requirements of that degree as outlined in the Catalog in effect at the time of initial enrollment in the new degree program.

- Students must complete a minimum of 24 credits beyond those previously earned in the awarded degree.

- Credits applied to the new degree must have been completed with grades of “C” or better.

- The Associate of General Studies will not be awarded as a second degree.
STUDENT CODE OF CONDUCT

Coconino Community College offers its students the opportunity to learn in an environment where individual rights are respected. As in any group situation, respect for individual rights is best achieved where each group member act in ways that are reasonable and responsible. Conduct is expected to be consistent with the learning environment and is subject to standards set by the College.

Procedures concerning the conduct of the College membership are developed to ensure the rights of due process for any individual involved. The counseling staff assists students in understanding the processes of filing a grievance or complaint and/or appealing a disciplinary action. Additionally, a counselor may assist the student as advocate in the process.

This process is illustrated by the following flow chart:
Hearing & Appeals Process Flow Chart

Informal Procedure (Fact-finding Process)

Determination of Action by the Dean for Student Services

Appeal of Action by the Dean for Student Services
Student Appeals Committee

Action/Recommendation by the Student Appeals Committee

Appeal of Action/Recommendation by the Student Appeals Committee
College President

Review/Action by the College President

While the procedures address a wide spectrum of action, regulations and responsibilities, each process shares the following characteristics:
- A procedure to ensure appropriate fact-finding, including a student's right to respond to any allegation made against him/her
- An informal process which encourages resolution of complaints and grievances between individuals involved and which provides informal assistance in seeking a resolution.
- A timeline (given in the number of business days) in which action must occur.
- A formal process, following a determination made by the Dean for Student Services which guarantees the right to appeal and full review of any action taken.
- A formal process, allowing a final appeal to the College President or designee following a hearing by the Student Appeals Committee.
- A guarantee of the student’s right to advise throughout the process, including legal counsel at the student’s discretion. The College is not responsible for expenses incurred by the student for legal services.

POLICY & PROCEDURES

Students enrolled at Coconino Community College are responsible for abiding by the laws governing the College and are expected to observe standards of conduct set by the College. The College receives its authority to set conduct standards under the policies of the State Board of Directors for Community Colleges of Arizona. These policies, in turn, are guided by laws enacted by the Arizona State Legislature. Administrative procedures relating to student conduct, disciplinary action and involuntary withdrawal will be determined by the President in consultation with appropriate administrative staff, faculty and students. Procedures will be followed to ensure due process should a student violate a College rule or regulation not directly involving academic performance and achievement. The President is expressly authorized to enforce the rules set forth under the Code.

Procedures

I. Assuming Self Responsibility
Self-responsibility entails respect for student rights, eliminating blame, acknowledging mistakes, working towards constructive change, and challenging injustice and unethical acts of others. As a member of the campus community, students are expected to be responsible for themselves, to assist others in accepting their responsibilities, and to help make the College community, a better place.

II. Statement of Commitment to Students
The mission of Coconino Community College is to promote student success through comprehensive learning opportunities for its community.

III. Student Code of Conduct
Coconino Community College offers its students the opportunity to learn in an environment where individual rights are respected. As in any group situation, respect for individual rights is best achieved when each group member acts in ways that are reasonable and responsible. Conduct is expected to be consistent with the learning environment and is subject to standards set by the College.
The Student Code of Conduct is designed for the promotion and protection of such an environment at the College and to balance the rights and needs of the individual with the responsibility of the individual to the College community.

Listed below are the conducts which may lead to College disciplinary actions or possible dismissal:

1. Conviction of a crime or continued misconduct of any type that is an infraction of the established laws of the city, county, state or nation.
2. Possession, use, solicitation, or distribution of intoxicating liquors, narcotics, controlled substances or illegal drugs on College-owned or controlled property.
3. Theft or conversion of College-owned or personal property, possession of stolen property, or unauthorized entry into College-owned or controlled property.
4. Malicious destruction of College or personal property.
5. Endangering or threatening the life or physical safety of others or self, including detention or physical abuse of any person.
6. Failure to meet financial obligations to the College.
7. Falsification, misuse, or forgery of College records or documents including the Student ID card.
8. Knowingly furnishing false or incomplete information to the College or to a College representative or official in response to an authorized request including legitimate request by an identified College official that a person identify him/herself.
9. Possession or use of firearms, explosives, dangerous chemicals, or other dangerous weapons or instruments on College-owned or controlled property except as expressly authorized by the law or by institutional regulation.
10. Behavior which interferes with the orderly functioning of the College, interferes with an individual’s pursuit of an education, or disrupts the learning environment on College-owned or controlled property or during an authorized College class, field trip, seminar, or other meeting, or College-related activity on or off College property.

IV. Sanctions
A. In addition to interim and final action, a student may be ordered to leave College property when the President or any college employee with the responsibilities to maintain order has reasonable grounds to believe the student is committing any act which interferes with or disrupts the lawful use of College property for the purpose of committing such an act.

B. The following disciplinary sanctions may be imposed singly or in combination:
1. Admonition: An oral statement to a student that he/she is violating or has violated institutional rules, regulation and/or policy.
2. Warning: Written notice that a violation of the Code has been committed and the continuation or repetition of misconduct may result in more severe disciplinary action.
3. Administrative Hold: A status documented in the Registrar’s official file which precludes the student from registering until clearance has been received from the Dean for Student Services in accordance with College rules and regulations.
4. Restitution: Reimbursement, which may include work assignments, for damage to or misappropriation of property or misuse of campus facilities, property, materials and/or supplies.
5. Disciplinary Probation: Written notice for violation of specific regulations, including the probability of more severe disciplinary sanctions which can result in suspension or dismissal in the event of finding of a violation of any institutional regulations within a stated period of time.
7. Suspension: Exclusion from class or other college activities or privileges as set forth in the notice for a definite period of time not to exceed 1 year. The President or designee has the sole authority to suspend a student from the College.
8. Expulsion: Termination of status as a student with the College. The President or designee has the sole authority to expel a student from the College.
9. Other sanctions permissible under existing College rules and regulations.

C. Determination of Sanctions to be Imposed
1. Mitigating and aggravating factors may be considered in the determination of sanctions. Factors to be considered in mitigation and/or aggravation may include the individual’s prior disciplinary record, the nature of the offense, the severity of any damage, injury or harm resulting from the violation, the payment of restitution to the College or any victims, and other factors deemed appropriate.
2. Repeated violations of the Code may result in progressively more severe sanctions; any sanction may be imposed as appropriate to the circumstances.
D. Enforcement
1. Student sanctions will be enforced through the use of the Student Disciplinary Procedures.
2. The description of prohibited conduct will be subject to broad interpretation and is not designed to define misconduct in exhaustive terms.
3. The President is authorized to take other actions or to adopt other rules which are not consistent with the Code to protect the safety and well-being of College property and members of the College community.

V. Scope
A. Coconino Community College may take disciplinary action for an offense against the Code of Conduct when the offense occurs on College premises, controlled properties, at a College sponsored event, or when an offense which occurs off campus is such that in the judgment of the Dean for Student Services, failure to take disciplinary action is likely to interfere with the educational process or the orderly operation of the College, or endanger the health, safety or welfare of the College community.

B. Violators may be accountable to both civil and criminal authorities and to the College for acts of misconduct which constitute violations of the Code

C. The adoption of the Code does not prohibit the College from adopting or maintaining additional rules to govern student conduct. Charges brought under this Code may be combined with concurrent charges based on other rules. In this event, procedures for the enforcement of the Code must be used to resolve the charges.

VI. Student Disciplinary Procedures
A. General Rules
1. The Dean for Student Services or designee may seek the advise of the College's legal counsel at any time during the disciplinary proceedings and may request the presence of legal counsel for the purpose of legal advise and representation during a disciplinary hearing.

B. Disciplinary Hearing and Appeal Procedures
1a. A written complaint concerning student misconduct must be filed within 10 business days of the alleged incident and/or behavior with the Dean for Student Services.
1b. The written complaint must state sufficient facts, including specific name(s), date(s) locations and descriptions of the alleged act(s) of misconduct to enable the Dean to make a determination whether further fact finding is necessary. The complaint must be signed by the complainant.

2a. Where the alleged misconduct is related to discrimination or harassment, the Dean for Student Services will consult with the Director for Human Resources and Public Information to determine whether an affirmative action investigation is warranted. A determination by the Dean will be made following disposition of the matter by the Director.

2b. Where the alleged misconduct is related to academic dishonesty, the charges will be investigated and sanctions, if any, imposed by the appropriate academic unit according to established College Procedures.

3. Interim Action
a. At any time following the submission of a written referral, the Dean for Student Services may suspend a student for an interim period prior to resolution of the disciplinary proceeding if the Dean believes the information supporting the allegations of misconduct is reliable, and determines that the continued presence of the student on the College facility poses a threat to any individual, property or College function.

b. The decision to suspend a student by the Dean for Student Services, for an interim period, will be communicated in writing to the student and will become effective immediately upon sending the written notice.

c. The interim suspension will remain in effect until a final decision has been made by the Dean for Student Services, on the pending charges or until the Dean determines that the reasons for imposing the interim suspension no longer exists.

d. A student who is suspended for an interim period by the Dean for Student Services will be provided an opportunity to respond to the allegations of misconduct no later than 3 business days following the effective date of the interim suspension.

4. Complaint Review Procedures
a. The Dean for Student Services will make an initial determination as to whether there is a sufficient basis to believe that a violation of the Code of Conduct may have occurred. The Dean may decide to interview the complainant and/or witnesses or to request additional information from the complainant.
b. If the Dean for Student Services determines that there is a sufficient basis to believe that a violation of the Code may have occurred, the Dean will promptly notify the student involved in writing of the alleged violation and will investigate that allegations, including interviewing witnesses and reviewing documents.

c. Prior to the decision to impose any disciplinary action, the Dean for Student Services will arrange for a meeting with the student involved to discuss the complaint and allow the student the opportunity to explain his/her conduct. The meeting will be scheduled within 5 business days following receipt of the written complaint. At the meeting the student will provide with the following:
- An explanation of the charges made;
- A summary of the fact-finding investigation which has taken place;
- A reasonable opportunity for the student to reflect upon and respond on his/her behalf to the charges;
- An explanation of the applicable disciplinary procedures, including the student’s right to request a hearing before the Student Appeals Committee to appeal the decision by the Dean for Student Services.

d. Should further fact-finding be required, the results of any further investigation will be presented to the student and an additional opportunity to respond will be provided.

5a. Within 5 business days following the meeting with the student or receipt of the written complaint in the event the student fails to meet with the Dean for Student Services during the arranged time, the Dean will determine whether there is reasonable cause to believe that a violation of the Code has occurred. The Dean will further determine the appropriate sanction to apply and any mitigating factors which may be considered, including any prior violations of the Code.

5b. If, following the meeting with the student, the Dean believes that the complaint is without merit, he/she may discuss the allegations and notify both parties involved in the complaint of the decision.

6. The Dean for Student Services will inform the student of the decision, in writing, within 5 business days of making the determination. When feasible, the decision will also be communicated in a meeting with the student in attendance.

7. The written decision will include a statement of the charges, the determination, and the sanction to be imposed, if any. The student may request a hearing to appeal the decision of the Dean for Student Services, within 5 business days following notice of the decision by the Dean. Any sanction(s) determined by the Dean will be withheld until acted upon by the Student Appeals Committee, unless additional misconduct occurs, at which time those sanctions may be immediately imposed.

VII. Removal from Class/Educational Services

A. An instructor or educational staff may dismiss a student from a class meeting or educational service for disruptive behavior. This action will be immediately reported (within 1 school day) to the Dean for Student Services or designee. The student must confer with the Dean and the instructor or educational staff before being readmitted to the class or educational service.

B. An instructor or educational staff may pursue disciplinary action, including withdrawing the student from class, according to the College Disciplinary Procedures or Involuntary Withdrawal Procedures. A student may appeal the decision as outlined in the appeal process included in the Student Code of Conduct, Student Appeals Procedures.

VIII. Involuntary Withdrawal Procedures

A. Administrative action to involuntarily withdraw a student from College classes may be considered when:

1. The student has demonstrated an ability to comply with reasonable behavioral rules and academic standards of the College community;
2. The student had demonstrated behavior which is a substantial impediment to the lawful activities or basic rights of other students, college employees and/or visitors;
3. There is convincing evidence that the student’s behavior demonstrates an apparent threat of harm to her/himself or others;
4. There is convincing evidence that the student’s behavior interferes significantly with the student’s ability to understand or control his/her behavior or that the conduct is disruptive to either his/her or other’s educational process.

B. Preference for Voluntary Withdrawal

The Dean for Student Services or designee will discuss the circumstances with the student and, as appropriate, encourage a voluntary withdrawal of the student from
the College. If a voluntary withdrawal cannot be effected, an involuntary withdrawal will be initiated by the Dean or designee.

C. Effect on Academic Status
A “notation of withdrawal” will appear on the student’s transcript for the class(es) and semester in which the involuntary withdrawal occurs. Tuition and fee refunds will be based on the effective date of withdrawal according to established refund procedures.

D. Coordination
The Dean for Student Services or designee will, when necessary,

1. consult with and solicit recommendations from appropriate College faculty, staff and community agencies;
2. contact the parents, legal guardian, and/or spouse of the student;
3. administer the involuntary withdrawal.

E. Procedure
1. The instructor or educational staff must contact the Dean for Student Services to request an involuntary withdrawal of a student. Appropriate documentation supporting the request for the involuntary withdrawal must be provided following the request and subsequent to administrative action concerning withdrawal of a student.
2. The Dean for Student Services or designee:
   a. will receive and examine appropriate records and documentation and investigate circumstances leading to the request for an involuntary withdrawal;
   b. may recommend voluntary withdrawal and provide counsel to the student concerning voluntary withdrawal procedures;
   c. will provide an opportunity for the student to meet with the Dean or designee to discuss the request for withdrawal prior to administrative initiation of an involuntary withdrawal;
   d. will initiate the involuntary withdrawal process.

F. Administrative Hold
Following an involuntary withdrawal of a student, an administrative hold will be placed on all subsequent registration until the conditions for readmission are met. The student may be barred from campus and/or College services during the period of withdrawal. The student will receive written notice of the conditions for readmission at the time the involuntary withdrawal is initiated by the Dean for Student Services or designee.

G. Emergency Withdrawal:
1. An emergency withdrawal may be immediately implemented by the Dean for Student Services or designee when it is determined that the student’s behavior poses an imminent threat of physical harm to her/himself or others. A student withdrawn on an emergency basis will be restricted from campus and/or mixed-use facilities. A student may request to appear before the Dean for Student Services within 3 business days of the emergency withdrawal to discuss the following issues only:
   a. the reliability of the information regarding the student’s behavior;
   b. whether or not the student’s behavior poses an imminent threat of physical harm to her/himself or other.
2. The Dean for Student Services will determine whether or not to initiate a continuing involuntary withdrawal at this juncture.

H. Review Procedures
The decision of the Dean for Student Services or designee regarding an involuntary withdrawal may be appealed through procedures outlined in the Student Code of Conduct, Student Appeals Procedures.

I. Readmission
A student involuntarily withdrawn from the College under these procedures may be readmitted if conditions for readmission may include but are not limited to:
   • appropriate treatment during the student’s absence from the College;
   • consultation by the treating professional with the Dean for Student Services or designee prior to readmission;
   • evidence of ability to maintain reasonable community and College standards of conduct.

IX. Student Grievance Procedures
A. General Rules
1. Complaints are required to proceed through the Student Grievance Procedures in order. Complainants must be present at any and all levels of the grievance.
2. All results at any level must be put in writing.
3. The complainant will be given the right to due process with impartiality at all levels of proceedings.
4. All infractions of city, county, state or federal statutes and laws will be handled by the appropriate government authorities but may also fall within the CCC grievance category.
5. Grievance procedures will be observed for complaints not included in specific College policy and procedures. In the event a complaint concerns conduct included in a specific College policy, the procedures included in the policy will apply.

B. Grievance Against a College Employee
1. Informal Procedure
   a. The complainant must first attempt direct resolution of a grievance, in person, with the employee, within 10 business days. It is expected that in a college community, both parties should be able to resolve the grievance in a manner satisfactory to each at this level. The student must register the complaint in writing with the party against whom he/she has the grievance specifying a time period of not less than 5 business days within which a reply is expected in writing.
   b. If the grievance is not resolved, the student will state the complaint in writing, within 5 business days following the reply to the appropriate supervisor, including a copy of the written complaint issued to the employee and the employee’s written response. The supervisor will arrange for a meeting with the student and employee within 5 business days to attempt resolution of the dispute. The supervisor will then provide a written statement to the student and employee of the resolution to the dispute, including information relevant to the grievance obtained from both parties, within 5 business days following the meeting.

2. Formal Procedure:
   a. If the dispute is not resolved at the Informal Procedure level, the student may make written request within 5 business days, for a hearing with the Dean for Student Services. A copy of the written complaint against the employee, a copy of the employee’s written response and a copy of the supervisor’s statement of resolution must accompany the request for a hearing.
   b. The Dean for Student Services will arrange a meeting within 10 business days, with the student, employee and supervisor to discuss the complaint and review all relevant documentation. The Dean may elect to interview witnesses and/or initiate further fact-finding activities.
   c. Within 10 business days the Dean will make a determination concerning an administrative resolution to the complaint and advise all parties in writing the decision. The written response will include advice to the student of the right to appeal the Dean’s decision, if applicable, through the Student Code of Conduct Policy, Student Appeals Procedures.

C. Grievance Against a Student
1. Informal Procedure
   a. The complainant must first attempt direct resolution of a grievance in person with the student. It is expected that in a college community, both parties should be able to resolve the grievance in a manner satisfactory to each at this level. The attempted resolution must occur within 10 business days of the incident or event leading to the grievance.
   b. If the grievance is not resolved, the complainant will state the grievance in writing to the appropriate counselor, within 5 business days following the attempted resolution. The counselor will arrange for a meeting with the student and complainant to attempt resolution of the dispute, within 5 business days. The counselor will provide a written statement to the student and complainant of the resolution to the dispute or failure to resolve the dispute, including information relevant to the grievance obtained from both parties, within 5 business days of the meeting.

2. Formal Procedure:
   a. If the dispute is not resolved at the Informal Procedure level, the complainant may request, in writing, within 5 business days following receipt of the above resolution, a hearing with the Dean for Student Services. A copy of the counselor’s statement of resolution must accompany the request for a hearing.
   b. The Dean for Student Services will arrange for a meeting with the student, complainant and counselor, within 10 business days, to discuss the grievance and review all relevant documentation. The Dean may elect to interview witnesses and/or initiate further fact-finding activities.
   c. Within 10 business days the Dean will make a determination concerning an administrative resolution to the complaint and advise all parties in writing of the decision. The written response will include advice to the student
and complainant of the right to appeal the
Dean's decision, if applicable, through the
Student Code of Conduct, Student Appeals
Procedures.

X. Student Appeals Procedures
A. Composition of the Student Appeals Committee
Composition of the Student Appeals Committee
will consist of three faculty, one currently enrolled
student and one member of the non-teaching staff
as appointed by the President. Appointment to the
Committee will occur annually or as needed for
replacement of any member. Committee members
will be notified in writing of their appointment.

One member, elected by the membership and des-
ignated the chairperson, will serve as the presiding
officer.

B. Purpose
1. The purpose of the Student Appeals Committee is
to hear disciplinary hearings referred to the
Committee by the Dean for Student Services,
appeal by a student of disciplinary decisions
imposed by the Dean for Student Services, unre-
solved disputes of student grievances, appeal of
decisions to involuntarily withdraw a student from
class(es), and other decisions which affect a stu-
dent's status with the College.

2. The student Appeals Committee provides assur-
ances of due process to individuals and fair and
uniform enforcement of College rules and regula-
tions governing student performance and conduct.

3. In the event the Committee is upholding a deter-
mination for suspension or expulsion from the
College, the Committee will formulate a recom-
mandation to the President or designee

C. General Rule
The Student Appeals Committee, at the request of the
chairperson, may seek the advise of the College's legal
counsel at any time during the disciplinary and/or appeal
proceedings and may request the presence of legal counsel
during a disciplinary or appeal hearing.

D. Pre-Hearing Procedures
1. The chairperson will convene the Committee no
later than 10 business days following receipt of
the students request for a hearing.

2a. The chairperson, who may be assisted by the Dean
for Student Services, will prepare and send a writ-
ten notice to the student not less than 7 business
days prior to the date set for the hearing. The

notice will be delivered personally or by mail
directed to the address furnished by the student on
his/her hearing request.

2b. The written notice will include:
- a statement of the date, time, location and
  nature of the hearing;
- a written statement of the charges ( if applica-
  ble to the hearing) which specifies the allega-
tions of misconduct in sufficient detail to
  enable the student to respond;
- notice of the right to an advisor or legal coun-
sel;
- a copy of the Code of Conduct and Student
  Disciplinary Procedures ( if applicable to the
  hearing);
- a list of the committee members and the
  College address of the chairperson.

2c. No later than 3 business days prior to the hearing,
the parties will exchange the following informa-
tion in writing:
- a list of the names of the witnesses who may
  be called to speak at the hearing;
- a concise summary of the anticipated state-
  ments to of each witness;
- copies of all documents or notarized state-
  ments to be presented at the hearing;
- the name and title of the person who will pre-
  sent the evidence on behalf of the College and
  the name of the advisor or legal counsel who
  will be present to assist the student;
- The name of legal counsel who will be pre-
  sent to assist the College, if applicable.

2d. A student may challenge the participation of any
member of the Student Appeals Committee on the
grounds of personal bias by submitting a written
statement to the chairperson setting forth the basis
for the challenge no later than 5 business days
prior to the hearing. The chairperson will deter-
mine whether to sustain or deny the challenge. If
the challenge is sustained, a replacement will be
appointed by the President or designee to serve on
the Student Appeals Committee. If a challenge is
filed against the chairperson, the President or
designee will rule on the challenge.

2e. Members of the College community will be
expected to comply with any request or directive
issued by the chairperson in connection with a stu-
dent appeals hearing, unless compliance would
result in significant personal hardship or substan-
tial interference with normal College functions.
Noncompliance determinations will be made by
the President or designee.
E. Student Appeals Committee Review Procedures

1. The student will be entitled to appear in person and present his/her defense to the Student Appeals Committee and may call witnesses in his/her behalf. The student may, in writing, waiver hearing and consent to disciplinary action as may be imposed by the Student Appeals Committee. The student may also elect not to appear before the Committee. Should he/she elect not to appear, the hearing will be held in his/her absence and the Committee will proceed to the judgement concerning disciplinary and/or other action.

2. The student will have the right to be represented by a willing person of his/her choice, including legal counsel (however, the College in not liable for any cost or expense incurred for representation); and have 2 persons of his/her choice in attendance as observers. The student or the advisor may ask questions of the Student Appeals Committee or of any witnesses.

3. The student:
   ♦ will not be required to testify against him/herself;
   ♦ is entitled to an expeditious hearing of his/her case;
   ♦ is entitled to an explanation in writing of the reasons for any decision rendered by the Committee.

4. The chairperson is responsible for conduct, order, and format of the hearing, insuring that all persons present conduct themselves in an orderly manner. The chairperson may dismiss anyone who may attempt to disrupt the proceedings of the Committee. The chairperson will rule on all procedural matters. The formal rules of evidence will not apply although objections to the introduction of specific statements may be considered by the chairperson. Irrelevant, immaterial, or unduly repetitious information will be excluded.

5. Hearings of the Student Appeals Committee will not be open to the public and are to be attended only by members of the Committee, a recording secretary selected by the chairperson, persons representing the College’s case, the defendant and his/her advisor, observers for the defendant (if named), and campus security personnel when appropriate.

6. Testimony will be limited to that which is relevant and material to the Committee and the defense. Testimony by witnesses may be submitted in written form, signed and notarized, if witnesses are unable to attend the hearing. Witnesses will be excluded from the hearing except when presenting testimony.

7. The hearing will be recorded manually or by recording device. The recording secretary will transcribe a record of the hearing and file a summary which includes a verbatim statement of the judgement reached by the Committee; the summary will be made available to all parties at the conclusion of the hearing.

8. The Dean for Student Services will present the evidence which supports the charges and will have the burden of showing by clear and convincing evidence that a violation of the Code of Conduct has been committed and/or that supports an involuntary withdrawal. In cases of grievance and/or alleged academic misconduct, evidence will be presented by the individual named in the grievance or initiating a referral of academic misconduct.

9. The student requesting the hearing will present statements or written information in his/her own behalf. The student may be assisted through the proceeding by an advisor (including legal counsel) of his/her own choosing. The advisor’s role is limited to assisting the student unless the evidence or arguments on behalf of the Dean for Student Services are presented by an attorney or special circumstances require the need for such representation (e.g. a handicapping condition which limits the ability of the student to present evidence on his/her own behalf.)

F. Deliberations and Recommendations

1. Following the presentation of evidence and closing statements, the members of the Committee shall discuss the evidence that has been presented and the reasonable inferences to be drawn from the evidence prior to reaching its decision. Only the members of the Student Appeals Committee and its legal advisor, if any, may be present during the deliberations.

2. Based solely upon the evidence presented during the hearing, the Committee will formulate a recommendation concerning the appeal. At least three votes by the membership are necessary to make a recommendation regarding disciplinary action.

3. The Student Appeals Committee will render its recommendation in writing following the hearing, and shall communicate the recommendation to the student, the complainant, the Dean for Student Services and to the President no later than 5 business days following the conclusion of the hearing. The written recommendation will include findings of fact, and a statement of the reasons for the recommendation, and shall be signed by the chairperson.
4. The Dean for Student Services and/or the Student Appeals Committee may suspend a student from educational activities and may recommend suspension from the institution. The President or designee has the sole authority to suspend or expel a student form the institution.

G. Appeal to the President

1. The student will be notified at the hearing of his/her defense to the Student Appeals Committee to the President. The student will have 5 business days from the time of notification by the Student Appeals Committee of its decision to indicate, in writing, the request to appeal the Committee’s decision to the President. Otherwise, the right of appeal will be waived and the original decision will stand. Should the student appeal the action of the Committee, any sanction(s) determined by the Committee will be withheld until acted upon by the President, unless additional misconduct occurs at which time those sanctions may be immediately imposed.

2. The College President will make a final decision in writing within 20 business days except when it becomes necessary to conduct further investigation or to remand the matter to the Student Appeals Committee, in which case the written decision will be transmitted no later than 10 business days following completion of the investigation or the subsequent recommendations of the Committee. The President will have access to all facts and evidence regarding the appeal including the discretion to ask questions of any or all witnesses. The President or designee will not be bound by the recommendation rendered by the Student Appeals Committee. Copies of the President’s written decision will be promptly provided to all parties and members of the Committee.

3. Request for Review or Rehearing:
   a. A student who is dissatisfied with the decision reached by the President or designee may request a rehearing or review by filing a written request with the President or designee, no later than 5 days following posting of the written decision. The request shall be based on one or more of the following grounds:
      - irregularities in the proceedings, including but not limited to any abuse or discretion or misconduct by the Student Appeals Committee or by the Dean for Student Services, which has deprived the student of a fair and impartial disciplinary process;
      - newly discovered material evidence which could not have been presented during the fact-finding or hearing process;
      - excessive severity of the sanction; or
      - that the decision is not justified by the evidence or is contrary to law.
   b. Following receipt of the student’s request for review, the President or designee will make whatever review is deemed necessary to resolve the issues that have been raised.
   c. The President or designee will respond in writing to the student’s request for review or rehearing within 10 days of receipt of the request. The President or designee may uphold or modify the previous decision, or grant a rehearing on the issues raised by the request. The decision of the President or designee is final and not subject to further appeal within the institutional structure.
College Compliances
ABILITY TO BENEFIT

According to the Higher Education Technical Amendments of 1991 (Pub. L. 102-26, enacted on April 9, 1991), individuals who have not earned a high school diploma, a GED, or are in the process of earning a GED must successfully take an independently approved examination to qualify for Title IV financial aid funds. For information contact Financial Aid Services.

AMERICANS WITH DISABILITIES ACT (ADA)

Coconino Community College maintains programs, policies and procedures which are required under the provisions of the Americans With Disabilities Act (ADA) which establishes a clear, comprehensive federal prohibition of discrimination against persons with disabilities. The College ensures compliance with applicable building standards for existing, new and remodeled owned structures, development of standards of compliance for non-owned structures, support for an ongoing process of reasonable accommodation to applicants, employees, students and the general public using or seeking to use College facilities and services.

The College prohibits discrimination against a qualified individual with a disability in regard to admissions, registration, access to instruction, hiring, compensation, advancement, training, and other terms or conditions of employment and termination. The College provides a reasonable accommodation to the known physical or mental limitation of a qualified applicant or employee with a disability unless it can show that the accommodation would impose an undue hardship on the College.

CARL PERKINS VOCATIONAL EDUCATION ACT

Coconino Community College receives grant funding under the federal Carl Perkins Vocational Education Act to improve vocational education programs and to ensure the full participation of individuals who are members of special populations in vocational education programs. Special populations in the Act are defined as individuals with disabilities, educationally and/or economically disadvantaged individuals, people with limited English proficiency, and individuals in nontraditional vocational programs for their gender. CCC provides to special populations equal access to the full range of vocational programs and services, the same as that provided for individuals who are not members of special populations.

DRUG FREE COLLEGE

Coconino Community College is committed to the Drug Free Schools and Communities Act Amendments of 1989 specified by Public Law 101-226, as demonstrated in the College Drug and Alcohol Free Workplace policy and procedures which ensure that employees and students comply with federal and state regulations regarding a drug and alcohol free workplace/educational environment.

The College regulations prohibit the manufacture, possession, distribution or use of alcohol or a controlled substance by students, employees and campus guests in the workplace and facilities owned or leased by the College.

No employee or student who is under the influence of or has recently used alcohol and/or a controlled substance to the extent of causing major impairment of job or academic performance or disruptive behavior will be allowed to work or attend CCC classes and/or functions. Employees and students will be provided a description of the applicable legal sanctions under local, state and federal law for unlawful possession, distribution or use of alcohol or illicit drugs.

Compliance with the policy is a condition of employment and continued active student status. Employees and students are required to report violations to appropriate College authorities.

The College will assist employees and students with appropriate referral and information concerning drug and alcohol education.

HOLIDAYS

Coconino Community College observes certain holidays and vacation periods which are detailed in each semester’s Schedule of Classes. The College conducts classes in a variety of sites throughout Coconino County including local public school facilities. The College endeavors to follow the holiday schedule and vacation periods of the local school district to ensure access to facilities and reduce schedule conflicts for students. In general, no classes are taught on the following district-wide holidays: New Year’s Day, Martin Luther King Day, President’s Day, Memorial Day, Independence Day, Labor Day, a Fall mid-semester holiday, Thanksgiving Day, and Christmas Day. Scheduled
vacations may vary with site and local school calendars but generally includes a Winter Break beginning just prior to Christmas Day and a Spring Break in March or April.

**Religious Holidays**

Students shall have the right to observe major religious holidays without penalty or reprisal by any administrator, faculty member or employee of the College. The student will be required to make up any work missed. Absences for such holidays shall not count against the number of absences allowed by an instructor. At least 1 week prior to the holiday, students shall submit to their instructor(s) a written statement which contains the date of the holiday and the reason class attendance is not possible.

**Sexual Harassment**

Coconino Community College is committed to maintaining a work and educational environment free of discriminatory intimidation and sexual harassment.

All persons associated with CCC including, but not limited to, the District Governing Board, the administration, faculty, staff, students, and members of the public will provide an environment free from sexual harassment and discrimination. Any person who engages in sexual harassment and/or discrimination against others on the basis of race, gender, religion, color, national origin, age, disability or Veteran status while acting as a member of the College community or while on College property will be in violation of the College policy. Inquiries regarding the policy or the filing of a complaint should be directed to the Director for Human Resources and Public Relations.

**Student Conduct**

Certain conduct on the part of students is inconsistent with the learning environment, and student conduct is subject to standards set by Coconino Community College. Conduct which may lead to College disciplinary action or possible dismissal is detailed in the *Student Code of Conduct* section.

**Student Right-To-Know and Campus Security Act**

Coconino Community College intends to comply with Public Law 101-542, the Student Right-to-Know and Campus Security Act (as amended by Public Law 102-26, the Higher Education Technical Amendments of 1991).

The *Crime Awareness and Campus Security Act of 1990* requires that colleges collect, prepare, and publish information related to crime and campus security and distribute it to all current students and employees, and to any applicant for enrollment or employment, upon request.

**Notification of Rights Under FERPA**

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. They are:

1. The right to inspect and review the student’s education records within 45 days of the day the College receives a request for access. Students should submit to the Registrar, Dean, Division Chair, or other appropriate official, written requests that identify the record(s) they wish to inspect. The College official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the College official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2. The right to request the amendment of the student’s education records that the student believes are inaccurate or misleading.

Students may ask the College to amend a record that they believe is inaccurate or misleading. They should write the College official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the College decides not to amend the record as requested by the student, the College will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right of a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the College in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the College has contracted (such as an attorney, auditor, or collection agent); a person
serving on the District Governing Board; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the College discloses education records without consent to officials of another school, in which a student seeks or intends to enroll.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by Coconino Community College to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, D.C., 20202-4605

Directory Information
Coconino Community College designates the following items as Directory Information: student name, address, telephone number, date of birth, major field of study, participation in officially recognized activities, dates of attendance, degrees and awards received, most recent previous school attended, and photograph. The College may disclose any of those items without prior consent, unless notified in writing to the contrary prior to or by the first day of classes each semester.

Degrees & Certificates

Associate of Arts Degree
The Associate of Arts Degree is designed for students planning to transfer to a 4-year college or university and requires a minimum of 60 credit hours with a cumulative CCC grade point average of 2.00 or higher. A minimum of 41 of these credit hours must be completed in the General Education Core curriculum with a grade of "C" or better. The remaining degree requirements are comprised of 19 credit hours or more in the student’s elected program of study (with an emphasis in Arts and Humanities, Social and Behavioral Science and/or Liberal Studies). Courses numbered below 100 and Special Topics courses (298) will not be counted toward this degree.

Associate of Science Degree
The Associate of Science Degree is designed for students planning to transfer to a 4-year college or university and requires a minimum of 60 credit hours with a cumulative CCC grade point average of 2.00 or higher. A minimum of 41 of these credit hours must be completed in the General Education Core curriculum with a grade of "C" or better. The remaining degree requirements are comprised of 19 credit hours or more in the student’s elected program of study (with an emphasis in the Physical and Biological Science, Mathematics, and/or Technical areas). Courses numbered below 100 and Special Topics courses (298) will not be counted toward this degree.

Associate of Applied Science Degree
The Associate of Applied Science Degree prepares students for entry-level employment or upgrades skills of students already employed. This degree requires a minimum of 60 credit hours with a cumulative CCC grade point average of 2.00 or higher. A minimum of 25 of these credit hours must be completed in the General Education Core Curriculum with a grade of "C" or better. Courses numbered below 100 and courses taken for S/U credit will not be counted toward this degree. Although many courses may transfer, this degree is not intended for transfer to a university.

Associate of General Studies Degree
The Associate of General Studies Degree is designed for students who wish to broaden their knowledge, but have no university major or vocational goal in mind. This degree requires a minimum of 60 credit hours with a cumulative CCC grade point average of 2.00 or higher. Students must complete a minimum of 24 credit hours of general education courses but are otherwise free to explore new areas of interest. A maximum of 12 credit hours may be completed in courses numbered below 100. This degree is not recommended for students planning to transfer to a university. The A.G.S. Degree is intended as an alternative degree which recognizes the mission of the community college that education is a lifelong process.

Certificate Programs
Certificate programs are designed to improve existing skills or to prepare students for entry-level employment. Certificates are awarded after successful completion of a series of specific courses in vocational areas on 3 levels: Basic, 1-15 credit hours; Intermediate, 16-25 credit hours; and Advanced, 26-45 credit hours. Certificates require a cumulative CCC grade point average of 2.00 or higher. Some certificate programs and/or credit hours may be applied toward other certificates and/or an Associate of Applied Science degree.

### Construction Technology

Certificate .................................................. 52

Courses, see Industrial Technology – Construction

Continuing education units .......................... 117

Continuing education programs ................. 9

Cooperative Education: courses (COE) ...... 59

Copyright violation .................................. 120

Counseling: courses (COU) ....................... 59

Course descriptions ................................ 60

ACC – Accounting ...................................... 60

AES – Air Force Studies .......................... 51

AHS – Allied Health Sciences ................. 61

AJ – Administration of Justice ............... 61

ANT – Anthropology ................................ 52

ART – Art .................................................. 62

AUT – Automotive ................................... 64

AVT – Aviation ......................................... 64

BIO – Biology .......................................... 64

BUS – Business ......................................... 65

CHM – Chemistry ..................................... 57

CIS – Computer Information Systems .......... 57

COE – Cooperative Education ................. 59

COU – Counseling ..................................... 59

DAN – Dance ............................................. 69

DFT – Drafting ......................................... 70

ECN – Economics ..................................... 71

EDU – Education ....................................... 71

ELT – Electronics ..................................... 71

EMS – Emergency Medical Services ........... 72

ENG – English ........................................... 73

ENV – Environmental Studies ................. 74

FRE – French ............................................ 75

FSC – Fire Science .................................. 75

GEO – Geography .................................... 76

GER – German .......................................... 76

GLG – Geology ......................................... 76

HIS – History ........................................... 77

HRM – Hotel Restaurant Management ........... 77

HUM – Humanities ................................... 78

ITC – Industrial Technology Construction .... 78

LDR – Leadership ...................................... 80

MAT – Mathematics .................................. 80

MIT – Manufacturing and Industrial Technology 82

MUP – Music Performance ....................... 83

MUS – Music ............................................. 84

NAV – Navajo ........................................... 85

NTR – Nutrition .......................................... 85

NUR – Nursing ........................................... 85

OIS – Office Information Systems ............. 85

PHE – Physical Education ......................... 86

PHI – Philosophy ...................................... 86

PHY – Physics ........................................... 86

POS – Political Science ............................ 87

PSY – Psychology ...................................... 88

REC – Recreation ....................................... 88

RES – Real Estate ..................................... 89

SCI – Science ........................................... 89

SLG – Sign Language ................................ 90

SOC – Sociology ....................................... 90

SPA – Spanish .......................................... 91

SPC – Speech ............................................ 92

THR – Theater ........................................... 92

Course prerequisites ................................. 114

Credit free courses .................................. 9, 117

Credit hours, minimum .............................. 100, 121

---

### Dance

Dance: courses (DAN) .................................. 69

### Degrees

Degrees

Associate of Arts Degree (AA) .................... 28

Business Administration ................................ 29

Fine Arts - Visual Arts ................................ 30

General Studies ...................................... 31

Hotel and Restaurant Management ............ 32

Pre-Education ......................................... 33

Vocational Technology Education .............. 34

Associate of Science Degree (AS) .......... 35

Administration of Justice ......................... 36

Pre-Engineering ....................................... 37

Pre-Medical Science ................................ 38

Pre-Nursing Science ................................ 39

Pre-Science ............................................ 40

Associate of Applied Science Degree (AAS) . 41

Architectural Design Technology ............... 42

Business Technologies ............................. 43

Computer Software Technology ................. 44

Fire Science ............................................ 45

Hotel and Restaurant Management .............. 46

Office Information Systems ...................... 47

Associate of General Studies Degree (AGS) . 48

Degrees and Certificates ............................ 27

Quick Reference to .................................. 26

Directory of College Personnel ................. 139

Disability Resources for Students ............... 17

District Governing Board .......................... 3

### Drafting

AAS Degree, see Architectural Design Technology 52

Architectural CAD Technician Certificate 52

Computer Aided Design Certificate ............ 52

Courses (DFT) ......................................... 70

Drug-free college ................................... 134

Economics: courses (ECN) ......................... 71

### Education

Education

AA Degree, see Pre-Education ..................... 71

Courses (EDU) ......................................... 71

Educational Opportunity Center (EOC) ........... 17

Electronics: courses (ELT) ......................... 71

Emergency Medical Services ..................... 72

Proficiency Test ...................................... 13, 98

Employment, see Student Employment Services .

Engineering, see Pre-Engineering

### English

Courses (ENG) ......................................... 73

Placement Test ....................................... 12, 97

Environmental Studies: courses (ENV) ........... 74

Equal Opportunity/Nondiscrimination Statement ii

Faculty .................................................. 140

Associate ............................................. 143

FAXSA, see Financial Aid, Application Process

FERPA, Notification of Rights under ............. 135

Final examinations .................................. 115

### Financial aid

Financial aid .......................................... 107

Application process ................................ 107

Eligibility ............................................. 111

FAFSA .................................................. 107

Failure to maintain satisfactory progress ........ 109
Refund policy ........................................105
Right to appeal ..................................110
Satisfactory Academic Progress Appeals Committee (SAP) ........................................110
Satisfactory progress policy ......................108
Student rights and responsibilities .............108

Financial information ..............................103
Class fees ...........................................104
Out-of-county fees ................................104
Refunds .............................................105

Fine Arts – Visual Arts ..............................30
AA Degree ..........................................30
Courses (ART) .......................................62

Fire Science .........................................45
AAS Degree ..........................................45
Certificates ..........................................53
Courses (FSC) .......................................75

Foundation Inc., Coconino Community College ..............................6

French: courses (FRE) ..............................75

General Education .................................23
Core Curriculum (GBCC) ..........................23
Values Statement ..................................22

General Studies .................................31
AA Degree ..........................................31
AGS Degree ........................................48

Geography: courses (GEO) .......................76
Geology: courses (GLG) .........................76

German: courses (GER) ............................76

Getting started ....................................11

Glossary of college terms .......................137

Goals, strategic .....................................5

Grade point average, minimum .................121

Grade appeals .....................................115

Grading ..............................................115
Incomplete ..........................................116
In-progress .........................................116
Satisfactory/Unsatisfactory .....................117

Graduation procedures ...........................121
Application for graduation .......................121
Commencement ceremonies .....................121
Courses numbered below 100 ....................121
Graduating with honors .........................122

Graduation requirements .......................121
Minimum CCC hours .............................122
Minimum grade point average ................121
Reading requirement, college .................121
S/U grades ..........................................121

Special topics courses (298) ....................122
Waiver or substitution of program requirements 122

High Pressure Pipe and Tube Welding Certificate .............56

History: courses (HIS) ............................77

Holidays ..........................................134, 135

Honors, Graduating with .........................122

Honors, Scholaristic .............................122

Hope Scholarship, see Tax Credit for Tuition and Fees .......54

Hospitality Administration Certificates ..............54

Hotel and Restaurant Management .................54
AA Degree ..........................................32
AAS Degree ........................................46
Certificates, see Hospitality Administration ..........77

Courses (HRM) ....................................77

Housing, student ................................18

Humanities: courses (HUM) .......................78

ID Cards, student ..................................16

Incomplete grade ..................................116

Industrial Technology – Construction .................52
Certificate ..........................................52
Courses (ITC) .......................................78
