Vision
Leading our communities in life-long learning.

Mission
As a learning-centered college, we enrich lives by embracing diversity and transforming the future through quality education.

Purposes
Coconino Community College has identified the following purposes to achieve its mission:

General Education to provide learners with the foundation of a liberal education, including a core of learning opportunities in reading, writing, quantitative and critical thinking which form a solid foundation for lifelong learning and success in academic, career, and life goals.

Transfer Education to provide learners with the curriculum necessary to transfer to baccalaureate-granting institutions.

Occupational Education to provide learners with the skills and knowledge necessary to pursue occupational careers and/or life goals.

Continuing Education to provide learners and constituencies who are not directly served by the College’s arts and sciences and occupational and professional technologies divisions with learning opportunities.

Developmental Education to provide the curriculum necessary to prepare learners for college-level coursework and the workplace.

Economic Development to respond quickly in the advancement of regional economic development goals through curriculum development and skills training.

Technology Integration to provide state-of-the-art technological education and training opportunities for the student body and the community.

Student Services to facilitate access to the college and to support learners’ attainment of educational goals.

Cultural and Community Service to develop and provide activities and programs that celebrate and preserve cultural diversity and awareness, encourage volunteer service, support community awareness, protect public welfare, and support fine and performing arts.

Core Values
We—the personnel and District Governing Board of Coconino Community College—are dedicated to providing quality educational opportunities to our community. In doing so, we commit to the following core values to guide our decisions and behaviors as we seek to meet the changing needs, aspirations, and goals of our community:

• People—We strive to accept the uniqueness of each individual and the contribution each person makes. We strive to create a caring, accepting, and productive environment for our students, employees, and community.

• Learning and Growth—We are dedicated to providing lifelong learning opportunities for our students, employees, and community to empower them to achieve their dreams. In this endeavor, we create learning opportunities that are accessible and relevant to our students and which place the learner first.

• Quality—We recognize the importance of continually improving our educational offerings and services and the need to hold our students and ourselves to high expectations and standards. We employ a dynamic, strategic planning process and constantly assess our activities to be responsive and accountable to our students, employees, and community.

• Ethics—We believe that to be effective we must demonstrate integrity. Therefore, we uphold the highest ethical standards in all of our activities resulting in a responsible and fair environment for our students, employees, and community and a responsive and open decision-making process.

• Community—We exist for our community; therefore, we must be responsive to its changing needs and its diversity. To do so, we strive to provide services that are timely, accessible, and affordable. We also pursue partnerships and collaborations throughout our community to be responsive to the needs of our diverse populations.

• Respect—We recognize that learning cannot occur without respect. We are committed to the acceptance of diverse cultures, differing ideas and beliefs, and the uniqueness of each individual since these are the foundations of respect.
Assessment at CCC

Coconino Community College is committed to providing teaching and learning excellence in all its endeavors through a comprehensive assessment program that includes:

Assessment of Student Learning
This form of assessment involves identifying how competently students have attained learning outcomes in both general education and the major. Each curricular area at the College has articulated the learning outcomes expected of students completing each degree or certificate and the level of student performance expected. Students participate through examinations, portfolios, performance assessments, surveys, and related activities. The emphasis in these areas is directly focused on what a student has learned as a result of their educational experience at CCC. Data collected are used to both document and improve student learning.

Assessment of Institutional Effectiveness
While assessment of student learning focuses directly on what students have learned, assessment of institutional effectiveness is concerned with all aspects of the College’s operation—student satisfaction with support services, employer opinions, community perceptions, employee satisfaction, facilities, safety, equipment, technology, and the financial condition of the College. All are considered important as they have a direct impact on student learning. Institutional effectiveness is measured through a variety of quality indicators established by the institution. Surveys of students, employers, alumni, and the community, along with focus groups, advisory groups, job placement information, and financial audits, are among the instruments used to gather relevant data. Information gathered enables the College to understand its effectiveness and improve its educational offerings and services.

Students and community members at large are asked to participate in this quality assurance program. In all instances, assessment activities stem directly from the institution’s mission and purposes. Results are tied to the College’s strategic plan and used to improve student learning. Participation in these activities is appreciated and valued by members of the College community as CCC strives to achieve its vision of being “Northern Arizona’s premier learner-centered community for achieving your dreams of success.”

Strategic Goals Development 2005–2008

- Implement CCC’s “Principles of a Learning College” by structuring all activities as outcomes-driven teaching and learning events to meet the unique interests of individuals and groups.
- Expand access to quality learning by (1) exploring partnerships that maximize learning opportunities for students; (2) expanding distance learning classes and degree programs; and (3) promoting professional development for faculty.
- Instill CCC’s values of people, learning and growth, quality, ethics, community, and respect throughout the campus community by providing training in the meaning, modeling, and assessment of how well each core value is achieved.
- Implement a strategic technology plan to guide appropriate and balanced use of technology for students, faculty, and staff by utilizing a highly participatory process that will implement a technology steering committee and provide expanded training for new technologies.
- Recruit and retain quality staff through innovative human resource strategies by using survey data to improve employee satisfaction and implementing conflict resolution and teambuilding models while continually assessing and improving internal communication.
- Increase the college’s available resources—human, physical, and financial—so that it will be better positioned to meet the needs of the region it serves by (1) providing resources to secure private and government grants; (2) establishing partnerships to leverage the use of financial resources; and (3) creating facility growth plans based upon student enrollments, the needs of internal/external constituents, instructional needs, and administrative assessments.
- Embrace strategic, sustained, and coordinated outreach to CCC’s constituencies and stakeholders through actions of all employees by establishing a culture of community relations, creating a “speaker’s bureau,” and developing a legislative outreach plan.
- Implement an integrated marketing plan that advances CCC’s position as Northern Arizona’s premier choice for learner-centered education by establishing effective promotional campaigns for target audiences, obtaining relevant market research data, strategically aligning the marketing plan with the enrollment management model, and assessing the plan’s effectiveness.
Support Services and College Compliances

Support Services

Advising

Advisors help you with your educational goals. They also help you plan what classes to take and when you should take them. Academic advisors help students understand what it takes to earn a degree or certificate at CCC. It can be rough trying to figure out what to do on your own. Advisors are here to help. The class schedule and student handbook have more information about academic advising and hours advisors are available.

Learning Enhancement Services (LES)

Learning Enhancement Services strives to have the best possible areas for adult learning. We provide assistance to students, faculty and staff. We want to partner with you so you can meet your goals and be successful at CCC.

To be successful, you need to direct your own learning. To make this happen, we say:
• Go Ahead, Make Mistakes (That’s Part of Learning)
• Ask Questions
• Ask for Assistance
• Ask for a Different Explanation
• Ask for a Different Style of Learning Assistance
• Ask to Be Treated with Respect

We have workshops and staff available to help you learn more about your learning style and how to learn. The workshops, the in-person help and the following tips will help you to be a more self-directed learner:
• Come Prepared
• Attend Class
• Do Your Own Work
• Manage Your Time
• Know Your Learning Style
• Know Your Strengths and Weaknesses
• Follow College Policies and Procedures (located in the Student Code of Conduct Manual)
• Take care of Your Personal Possessions
• Help to Maintain a Positive, Distraction-Free Environment
Learning Assistance
CCC has learning centers and information online to help you succeed in college. The learning centers and computer labs are in Flagstaff and Page. At the centers and online we can help you learn how to learn. We focus on critical thinking, planning, and being accountable for your learning. The centers help foster learning.

Learning assistance doesn't focus on mastering facts and theory. Learning assistance guides you in the learning process. We help you grasp what you've been presented in class, but we don't present new ideas for you to master.

You can get free tutoring in math, science, writing, and more. Check the website or with the site coordinator at your campus to find out what assistance we have and when it is available. The website is www.coconino.edu/lec.

Student Computing Services
CCC has learning assistance to help you learn how to learn in the computer labs too. The labs have fast and reliable computers. CCC course software is loaded on them. The labs also have quality Internet connections, printers, and scanners. Students can store information on the College network.

Students use our labs to do assignments, type papers, do research, access CCC online classes and more. If you are taking a computer class, we have learning assistance for all software taught at CCC. We also have general technology assistance if you want to use computers for class presentations or projects.

The lab staff is friendly and knowledgeable at both locations. They will help you with your computer classes. They have two goals. One is to help you understand your course materials. The other is to help you build your problem-solving skills. They will also help you use any equipment in the lab.

Our mission is to help you learn in a technology environment. The lab staff is here to help all CCC students. Check the website or with the site coordinator at your campus to find out more. The website is: www.coconino.edu/complab.

Information Resources and Library Services (IRLS)
www.coconino.edu/library
The library helps you succeed at college. In the library, you can find answers to your study challenges. Finding more information about your topic will help you in understanding difficult concepts taught in your classes. The library helps you find and use quality information and teaches you how to use the library better.

Staff is available to answer questions about finding, evaluating and using information to improve your understanding of the curriculum. Here's how it works:
• Bring your question to the library.
• Read more about your question.
• Answer your question with books, videos, magazines or online information.
• Ask a librarian about your question.
• Join a study group to learn together.

Here are some of the library services you can use:
• Use online library services from your home computer (www.coconino.edu/library).
• Read additional materials (Reserves) assigned by your instructor.
• Grab a handout for quick help with important college skills.
• Master a workshop for help or sometimes extra credit from your instructor.

You want answers right away. The library's web site has ready-to-use information. One of the valuable resources for you is academic databases. These resources allow searching for quality information gathered from trusted sources. They contain magazine, journal, and newspaper articles along with reference book sources. These online sources are better than the free information on the Internet. Using the best helps you receive the best grades.

Your community has other libraries that can help. Some libraries, like Northern Arizona University's Cline Library, are partners with CCC. Here is a list of those libraries:
• Northern Arizona Cline Library (partner)
• Flagstaff City-Coconino County Public Library (partner)
• Page Public Library (partner)
• Williams Public Library
• Grand Canyon Community Library
• Visit the college's library web page for more libraries.

The library makes it easy to understand ideas presented in your classes. Students use the library to study with friends, gather information to complete an assignment, find a person to help, or learn new skills. These skills in finding quality information help you with future problem-solving both at home and at work. Get the help you need to succeed – use the library today!

Multimedia (Teaching & Learning Center)
www.coconino.edu/tlc
Equipment for classroom presentations is available to you on campus. Check with the Teaching and Learning Center (TLC) or your local center to check out equipment.

Equipment includes:
• Computer with projector for presentations
• Digital camera
• Digital camcorder
• TV with VCR/DVD
• Overhead projector
Call (928) 226-4368 or (928) 226-4229 for more information.

Testing Services
CCC uses tests, called placement and proficiency tests to show that students have the skill level needed to do well in courses. These tests can also help students choose the best starting course for them.

CCC also offers the following tests:
- Proctored tests, supervised exams from other institutions
- Certification tests, tests to obtain a professional certificate (SPCC, ADEQ Water Certification)
- Private testing for qualifying students needing accommodations
- General Educational Development (GED) exams, high school equivalency exam

Check our website at www.coconino.edu/lec/testing for information.

Financial Aid, Scholarships and Veterans' Services
CCC offers a variety of financial aid and scholarships to full and part-time students. Financial aid includes the Federal Pell Grant, Federal Supplemental Educational Opportunity Grant (FSEOG), Federal Work Study (FWS), Federal Academic Competitiveness Grant (ACG), Federal Stafford Student Loan, Federal PLUS Loan, and Leveraging Educational Assistance Partnership (LEAP) Grant. In order to apply for these types of Financial Aid, students are required to fill out the Free Application for Federal Student Aid (FAFSA) which is located on-line at www.fafsa.ed.gov. Paper versions of the FAFSA are available from the CCC Financial Aid Office. CCC is approved to train students under government educational programs for veterans and eligible dependents of deceased or disabled veterans.

CCC has numerous scholarships available every year. Applications are usually accepted from January 2 to the last Friday of March for the following academic year. Depending on the sponsor of the organization providing the scholarship, applications are reviewed based on need, academic achievement, and/or community involvement in various areas. Some CCC scholarships, waivers and grants are funded in part or in whole with Arizona state monies. These funds are governed by Arizona State laws. A person who is not a citizen of the United States, who is without lawful immigration status and who is enrolled as a student at any university under the jurisdiction of the Arizona Board of Regent or at any community college under the jurisdiction of a community college district in this state is not entitled to tuition waivers, fee waivers, grants, scholarship assistance, financial aid, tuition assistance or any other type of financial assistance that is subsidized or paid in whole or in part with state monies. Please contact Financial Aid and Veterans' Services for more information.

Federal Work Study
Federal Work Study (FWS) is an exciting opportunity available to students who show financial need and are registered at least half-time. FWS jobs are listed on our website at www.coconino.edu/finaid/fws.htm. Students interested in FWS must complete the FAFSA, contact the Financial Aid Office and complete the Federal Work Study Application that is available on the Forms link at www.coconino.edu/finaid. This form must be turned into the Financial Aid Office. The application will be held by the Financial Aid office. CCC offices and community service agencies will review applications and contact students directly based on the skills and information listed on the application. FWS encourages community service work and work related to the student's course of study. When completing the FAFSA for the next academic year, deduct FWS earnings from the calculated gross income using Worksheet C. FWS earnings are considered financial aid and are not included in the calculation of EFC. Please contact Financial Aid for more information.

Career Exploration and Educational Planning
The Career Services program helps students learn more about what they may or may not want in a career. The program shares information with students so that they can make good choices about their career path. The program has a wide range of tools to help students with this. The program provides career counseling, self-assessment tools, and workshops on career topics and job skills.

Internships
Internships can be a great part of each student's experience at CCC. Some programs have internships built into the program of study. If you want more information about these choices, please contact the department chair who oversees the program you are looking at. The college posts internship opportunities in the Lone Tree Campus Student Lounge.

Educational Opportunity Center (EOC) at Northern Arizona University
It can be hard trying to figure out the right steps to go to school. The Educational Opportunity Center helps students learn about these steps. The program helps students who want to go to CCC. It can also help students who want to go to school outside of Arizona. The program has information about schools throughout the United States. The program also helps students with admissions and financial aid at CCC. The EOC Office is on the CCC Fourth Street Campus.
Support Services and College Compliances

Tech Prep/Dual Enrollment Program

Connect to Your Future

High school students can earn community college credit for taking specific high school dual enrollment courses. High school students not only earn college and high school credit simultaneously, they also:

- Save money on college tuition
- Reduce college completion time, and
- Eliminate duplication of course work during their freshman year of college.

Coconino Community College offers Tech Prep/Dual Enrollment Programs in:

- Accounting
- Automotive
- Biology
- Building Trades
- Business
- Chemistry
- Computer Information Systems
- Computer Networking
- Culinary Arts
- Drafting/Computer-Aided Drafting
- Early Childhood Education
- Elementary Education
- English
- Graphic and Web Page Design
- Office Information Systems
- Marketing
- Math
- Navajo
- Nursing/Allied Health
- Physics
- Spanish
- Welding

CCC currently works with the following high schools:

- Alchesay High School
- Blue Ridge High School
- Coconino High School
- Flagstaff High School
- Sinagua High School
- Tuba City High School
- Page High School
- Williams High School
- Grand Canyon High School
- Greyhills Academy High School
- Canado High School
- Fonderosa High School

For more information go to the Tech Prep web page: www.coconino.edu/techprep.

Passages Program

The Passages Program provides assistance for single parents & displaced homemakers who are beginning or returning to college. We help guide students to success in a number of career and technical programs. Support services for eligible students may include:

- Financial assistance for tuition, childcare, transportation
- Academic advising
- Crisis intervention and referral to community resources
- Textbook loan

Disability Resources (DR)

CCC is committed to providing college-wide educational support and assistance for students with documented disabilities. Services are individually determined to provide you with the opportunity to fully participate within College-sponsored courses and/or activities. Disability Resources works closely with other College departments and community agencies to enhance and support your educational choices. All efforts will be made to promote independence and the highest extent of integration into our learning community.

If you have a documented disability and feel you require accommodations, please contact the Disability Resources office. Services include intake assistance, eligibility determination with appropriate documentation, faculty notification of accommodations, a variety of academic assistance, and continued services throughout your educational experience at CCC. Please be aware that you must contact the Disability Resources office each semester you request accommodations. This should occur at least 8 weeks before classes start. Without eight weeks notice we cannot assure the timely availability of materials or arrangements. Visit the Disability Resources website for more detailed information.

Childcare

The College District's Flagstaff (Lone Tree Road) campus has an on-site childcare facility providing full-day and part-day services for children of ages 2-5 (must be potty trained). Enrollment preference is given to dependents of the College's student population in order to assist in their ability to attend classes. For further information call: (928) 226-4227.

Reserve Officers Training Corps (ROTC)

Through an arrangement with Northern Arizona University (NAU), CCC students in Flagstaff can take freshmen and sophomore-year classes in ROTC. The goal of the ROTC classes is to provide a foundation of military knowledge and skills needed by junior officers in the military. These classes provide Army ROTC Basic Course credit to students who intend to enroll in, or continue their participation in Army ROTC classes at Northern Arizona University or other universities hosting Army ROTC programs. Students can register for these classes at CCC and take the courses at NAU. For further information, contact Air Force ROTC at (928) 523-2060 or CCC's Student Support Services.
Support Services and College Compliances

Bookstore
Purchase of textbooks and supplies are available at the main Flagstaff Campus Bookstore (on Lone Tree Rd.). Students attending courses outside of the two Flagstaff locations may acquire textbook services on-line at www.coconino.edu/extended/bookstore.html or by telephone (928) 226-4360. Additional information regarding bookstore hours, ordering information, and other services are included in the class schedule and student handbook.

Student Activities and Campus Life
Student Activities and Campus Life gives students the chance to be a part of CCC. Students can be a part of activities through student clubs and organizations. The college has Student Forums each month to share information on what the college is planning. This is also a chance for students to share their thoughts on what the college is doing. Students can also share what they would like the college do. The program also has information about campus events and activities. Students who want to start a new student club or organization can contact Student Support Services department to learn about the next steps.

Phi Theta Kappa
Phi Theta Kappa International Honor Society was founded for community colleges in 1918. Since that time it has become the largest and one of the most prestigious honor societies in higher education. Nationwide, over $35 million in scholarship opportunities are available to members.

The CCC Beta Gamma Chi chapter recognizes and encourages scholarship by providing the opportunity for the development of leadership and service, an intellectual climate for exchange of ideas and ideals, lively fellowship for scholars, and stimulation of interest in continuing academic excellence. New members are inducted early in the fall and spring semesters. Requirements for membership include a 3.5 overall GPA in at least 12 credit hours earned at CCC in courses numbered 100 or above.

Distance Learning
CCC offers a variety of courses via instructional television (ITV) and the World Wide Web. These learning opportunities make your education more accessible and flexible. ITV courses are available at seven locations throughout the District, and Web courses can be accessed through most Internet connections at home, work, and/or in a CCC computer lab. Success in distance learning courses depends on students' comfort with instructional technologies and their levels of self-motivation. Additionally, the College provides an array of technical and academic support services for distance learning students. For more information, visit the Extended Learning website: www.coconino.edu/extended.

College Security
Coconino Community College is responsible for maintaining a professional and safe environment, conducive to educational pursuits throughout its district. In its commitment to the provision of a secure environment, procedures are established through review of the College Safety and Security Committee regarding dissemination of accurate and timely information concerning individual safety and security in compliance with related federal and state regulations. Security on locations where CCC classes are held is generally available during regularly scheduled classes and lab hours. A Campus Security Report is also available from CCC and may be accessed at the college website: www.coconino.edu/stuinfo/securityrpt. Students needing to file restraining orders and/or orders of protection should contact the Security Office at any of the campus locations. For further information on safety tips, emergencies, or reporting assistance, contact the Security Department.

Student ID Cards
Photo student ID cards are provided at the Lone Tree, Fourth Street, and Page/Lake Powell campuses during the first semester of attendance. The ID card is required to access campus services and as proof of identity in accessing educational records and other information. Students are issued a "system generated" identification number at the time of initial admissions; social security numbers are NOT used by CCC for student identification purposes.

Parking and Parking Permits
Adequate parking and secure parking lots are established at all CCC campuses and locations. Parking permits are required at the Lone Tree and Fourth Street campuses. The permits regulate access to student parking at these locations only. Emergency phones are installed throughout the Lone Tree campus parking lot. Violations of parking and traffic regulations and procedures are subject to fines and disciplinary action.

Lost and Found
Campus Security is responsible for lost and found items at each campus location. Lost or stolen items may also be reported to Campus Security.

Small Business Development Center (SBDC)
Has this thought ever crossed your mind, "What a great idea for a new business! Now, how do I get started?"
Or, maybe you already run your own business. "Seems
like I’m doing OK, but I wonder how I can be more profitable. How can I get more customers?*

If you are an entrepreneur or you’re considering self-employment, these and similar questions can be answered by the staff of CCC’s Small Business Development Center. The SBDC is a partnership between CCC and the U.S. Small Business Administration (SBA). SBDCs were established by Congress in 1980 and are currently located in over 1,100 communities and colleges nationwide.

The CCC SBDC provides direct counseling, pertinent business management training and up-to-date information resources to the Coconino County business community. No-cost, confidential counseling services focus on a variety of business management issues including business planning, financial management and analysis, marketing strategies, international trade, and funding sources. Perhaps the best counseling service the SBDC offers is an objective third-party perspective to help clients identify and solve problems, as well as determine realistic priorities and goals.

In 2006 the SBDC provided professional guidance and advice to over 900 clients countywide. Business owners in the outlying communities are not required to travel to Flagstaff for assistance, as SBDC counseling staff visit Williams, Page, Sedona and Tuba City on a regular basis, and telephone appointments are also available.

In cooperation with the CCC Division of Career & Technical Education, the SBDC offers an array of business development courses and seminars. Participants are able to earn college credit for some of the courses.

The SBDC maintains a comprehensive information resource library of reference books and other publications, videocassettes, audiotapes, CD-ROMs, and software. Most of the non-computer resources are reprinted (within copyright limitations). Most books and materials in our resource library are available to lend out to clients. For clients who are exploring the business opportunities on the World Wide Web, the staff also provides "test drives" on the Information Superhighway. The SBDC is located at CCC’s Flagstaff Fourth Street campus. Fee free to stop by anytime or call (928) 526-7653 (Flagstaff and Williams) or (800) 350-7122 ext. 7653 (elsewhere in Coconino County). SBDC’s website is www.coconino.edu/sbdc, which contains a calendar of upcoming seminars and events as well as other helpful information.

Workforce Training Programs

The College provides customized courses and workshops devoted to fulfilling the workforce development needs of individual firms or industry clusters. These courses are offered at the College or at the employers’ places of business. Courses are delivered using traditional and computer-based instructional methods. CCC has provided on-site training for major employers in Coconino County including Nestle Purina Pet Products, W.L. Gore & Associates, Salt River Project/Navajo Generating Station, New England Business Service, Joy Cone, Flagstaff Medical Center, and Navajo Army Depot. In addition, many other public and private sector firms enrolled their employees in specially-designed course offerings at CCC.

The College is also an authorized service center for ACT WorkKeys®. WorkKeys is a comprehensive assessment system that tests skills in problem solving, applied mathematics, reading comprehension, applied technology, communication and teamwork. It also identifies the skill levels needed to do specific jobs. In many communities, WorkKeys has enhanced the retention and productivity of incumbent workers, and helped improve the entry-level skills of prospective workers.

For additional information about these workforce-training programs, call the Dean of Extended Learning at the Flagstaff Campus or the Administrative Center at the Page Campus.

College Compliances

Full text policies and procedures are available at

Ability to Benefit
In order to receive financial aid, a student must have an earned high school diploma, completed home schooling, a GED or equivalent. Students who do not have the above must pass an independently approved examination to qualify for Title IV financial aid funds. For more information contact the Financial Aid Office.

Americans with Disabilities Act (ADA)
Coconino Community College maintains programs, policies and procedures, which are required under the provisions of the Americans with Disabilities Act (ADA) which establishes a clear, comprehensive federal prohibition of discrimination against persons with disabilities. The College ensures compliance with applicable building standards for existing, new and remodeled owned structures, development of standards
of compliance for non-owned structures, support for an ongoing process of reasonable accommodation to applicants, employees, students and the general public using or seeking to use College facilities and services.

The College prohibits discrimination against a qualified individual with a disability in regard to admissions, registration, access to instruction, hiring, compensation, advancement, training, and other terms or conditions of employment and termination. The College evaluates each request for accommodation individually and provides reasonable accommodations as applicable to qualified applicants and employees with disabilities.

Carl Perkins Vocational Education Act
Coconino Community College receives grant funding under the federal Carl Perkins Vocational and Technical Education Act of 1998 to improve vocational education programs and to ensure the full participation of individuals who are members of special populations in vocational education programs. Special populations in the Act are defined as individuals with disabilities; economically disadvantaged individuals; individuals preparing for nontraditional training and employment for their gender; single parents; displaced homemakers; and individuals with other barriers to educational achievement, including limited English proficiency. CCC provides assistance to special populations in overcoming barriers that may result in decreased access and success in postsecondary education and does not discriminate against members of special populations.

Drug Free College
Coconino Community College is committed to the Drug Free Schools and Communities Act Amendments of 1989 specified by Public Law 101-226. This is demonstrated in the College Drug and Alcohol Free Workplace policy and procedures which ensure that employees and students comply with federal and state regulations regarding a drug and alcohol free workplace and educational environment.

The College regulations prohibit the manufacture, possession, distribution or use of alcohol or a controlled substance by students, employees and campus guests in the workplace and facilities owned or leased by the College. Compliance with the policy is a condition of employment and continued active student status. Employees and students are required to report violations to appropriate college authorities. The College will assist employees and students with appropriate referral and information concerning drug and alcohol education.

Holidays
Coconino Community College observes certain holidays and vacation periods, which are detailed in each semester's class schedule. The College conducts classes at a variety of sites throughout Coconino County including local public school facilities. The College endeavors to follow the holiday schedule and vacation periods of the local school district to ensure access to facilities and reduce schedule conflicts for students. In general, no classes are taught on the following district-wide holidays: New Year's Day, Martin Luther King Day, President's Day, Memorial Day, Independence Day, Labor Day, Veteran's Day, Thanksgiving (two days) and Christmas Day. Scheduled vacations may vary with site and local school calendars but generally includes a Winter Break beginning just prior to Christmas Day and a Spring Break in March or April.

Religious Holidays
Students shall have the right to observe major religious holidays without penalty or reprisal by any administrator, faculty member or employee of the College. The student will be required to make up any work missed. Absences for such holidays shall not count against the number of absences allowed by an instructor. At least one week prior to the holiday, students shall submit to their instructor(s) a written statement which contains the date of the holiday and the reason class attendance is not possible.

Harassment & Discrimination
Coconino Community College is committed to maintaining a work and educational environment free of discrimination and harassment. All persons associated with CCC including, but not limited to, the District Governing Board, the administration, faculty, staff, students, and members of the public will provide an environment free from sexual harassment and discrimination. Any person who engages in harassment and/or discrimination against others on the basis of race, gender, sexual orientation, religion, color, national origin, age, disability or Veteran status while acting as a member of the College community or while on college property will be in violation of college policy. Inquiries regarding the policy or the filing of a complaint should be directed to the Director of Human Resources.

Student Complaints
Complaints and grievances by students and other constituents are addressed through various college policies and procedures and administrative offices. The College is obligated by the North Central Accreditation Office to keep a record of formal complaints. Student grievance procedures are included in the Student Code of Conduct, available from the Vice President of Student Affairs or on the web at www.coconino.edu. The privacy of the parties involved is protected.

Vice President of Academic Affairs:
Dr. Kathleen Corak 928.226-4224
Vice President for Administrative Support:
Jami Van Ess 928.226-4209
Vice President of Student Affairs: David Minger 928.226-4213
Director of Human Resources: Lyman Locket 928.226-4204
Assessment and Institutional Effectiveness
Coconino Community College is committed to its mission to promote student success through comprehensive learning opportunities. Assessment is the ongoing process of analyzing and evaluating CCC's functions and activities. Information gathered enables the College to understand its effectiveness and improve its educational offerings and services. Assessment and institutional effectiveness activities at CCC emphasize feedback on teaching and learning. The information is used to plan and improve instruction, support services, administrative functions, and cultural and community support.

Students and community members-at-large are asked to participate in assessment activities, which may include, but are not limited to, examination, performance assessments, surveys, focus groups, interviews, and follow-up studies. Participation in these activities is appreciated and valued by members of the College community.

Student Right-to-Know and Campus Security Act
Coconino Community College is in compliance with Public Law 101-542, the Student Right-to-Know and Campus Security Act (as amended by Public Law 02-26, the Higher Education Technical Amendments of 1991). Copies of the Student Right-to-Know document are available on the College's web site at www.coconino.edu.

The Crime Awareness and Campus Security Act of 1990 requires that colleges collect, prepare and publish information related to crime and campus security and distribute it to all current students and employees, and to any applicant for enrollment or employment, upon request. CCC's Annual Campus Security Report may be accessed at the following web site: www.coconino.edu/stuinfo/securityrpt.

Student Identification Number
Coconino Community College will provide all students with a system-generated identification number in the admissions process. The student must still provide their social security number for tax reporting and financial aid and will be used only for such purposes as allowed under the FERPA regulations.

Notification of Rights Under FERPA
The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. They are:

1. The right to inspect and review the student's education records within 45 days of the day the College receives a request for access. Students should submit to the Registrar, Dean, Division Chair, or other appropriate official, written requests that identify the record(s) they wish to inspect. The College official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the College official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2. The right to request the amendment of the student's education records that the student believes is inaccurate or misleading.

Students may ask the College to amend a record that they believe is inaccurate or misleading. They should write the College official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the College decides not to amend the record as requested by the student, the College will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right of a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the College in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the College has contracted (such as an attorney, auditor, or collection agent); a person serving on the District Governing Board; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the College discloses education records without consent to officials of another school, in which a student seeks or intends to enroll.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by Coconino Community College to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

   Family Policy Compliance Office
   U.S. Department of Education
   400 Maryland Avenue, SW
   Washington, D.C., 20202-4605

Directory Information
Coconino Community College designates the following items as Directory Information: student name, address, telephone number, date of birth, major field of study, participation in officially recognized activities, dates of attendance, degrees and awards received, most recent previous school attended, e-mail address, and photograph. The College may disclose any of those items without prior consent, unless notified in writing to the contrary prior to or by the first day of classes each semester.
General Education Outcomes, Transfer Guidelines and Requirements

General Education Values Statement
The General Education curriculum provides the core of learning in all degree programs and demonstrates the commitment of Coconino Community College to student success. This core of learning includes skills in reading, writing, quantitative and critical thinking which provide a basis for university study or lifelong education. Specific courses emphasize the principles of mathematics, science, or technology. Others focus on greater awareness of self, society, and the history and culture of humankind. General Education presents skills and knowledge for students to succeed in academic, career, and life goals.

Note: The General Education Core Curriculum is not a degree

Education for Life!
General Education Learning Outcomes
Coconino Community College offers General Education courses that provide students with the highest quality experience. To that end, we measure the effectiveness of our program using the following student learning outcomes as our guide. Students who complete our General Education program, whether as part of degree program or the AGEC, can expect to acquire or improve their skills in the following areas:

Communication Skills
Convey ideas using one or more methods of expression (written, oral, signed).
- Present ideas
- Participate in collaborative groups
- Construct arguments
- Demonstrate listening

Thinking Skills
Using a variety of inquiry methods, resources, and reasoning skills that support and promote lifelong learning.
- Learn and utilize methods of inquiry
- Improve quantitative and critical thinking
- Demonstrate use of scientific method
- Develop creative thinking skills
- Demonstrate knowledge of technological application

Diversity and Global Perspective
Understand and appreciate diverse cultures, values, beliefs, and historical perspectives.
- Recognize the diversity of humanity
- Identify the influence of culture and ethnicity
- Link cultural perspectives

Student Code of Conduct
Coconino Community College offers its students the opportunity to learn in an environment where individual rights are respected. As in any group situation, respect for individual rights is best achieved when each group member acts in ways that are reasonable and responsible. Conduct is expected to be consistent with the learning environment and is subject to standards set by the College. The Student Code of Conduct is designed for the promotion and protection of such an environment at the College and to balance the rights and needs of the individual with the responsibility of the individual to the College community. Copies of the Student Code of Conduct Policies and Procedures are available on the College’s web site at www.coconino.edu.

Voter Registration
In compliance with the National Voter Registration Act (42 U.S.C. 1973gg-2(b)), mail in voter registration forms for Coconino County are available for all CCC students and the public. Voter registration forms are available at all CCC campuses. For more information contact the Coconino County recorder’s office at (928) 779-6585 or the Arizona Voter Registration Hotline at 1-877-843-8683. Voter registration can also be done online at the Arizona Secretary of State Voter Outreach website at www.azsos.gov/election/VoterRegistration.htm.

Periodically, the institution is required to submit student data in response to federal and state reporting mandates.

Community Enrichment Center
The College provides non-credit courses and workshops throughout the year. These programs are designed to meet the learning needs of a wide variety of students. In most cases, you are not expected to meet the same enrollment and course completion requirements of the regular credit-bearing courses. The offerings include an ongoing series of computer/technology workshops (providing instruction in word processing, spreadsheet, presentation, Web design, and database applications), a fascinating line-up of personal enrichment opportunities such as interior design, meditation and cooking, and the Kids On Campus program (focusing on arts, computers, science & nature, and creative writing for children ages 10 through 15). For additional information about these programs call the Community Enrichment Center at 928.526.7644 or visit our web site at www.coconino.edu/discover.
Aesthetic Perspective
A better understanding, appreciation, and global application of the arts.
• Analyze and evaluate the arts
• Reflect on aesthetic experiences

Ethical and Civil Values
A better understanding of self and others to clarify individual and societal responsibilities, needs, and values.
• Identify and assess community needs
• Display integrity in one’s choices
• Understand social values
• Recognize the individual’s responsibility

Thinking about transferring?
Make your credits count!

What is AGEC?
• AGEC stands for Arizona General Education Curriculum. AGEC is the best way to make your credits count for most transfer degrees.
• The purpose of AGEC is to provide students attending any Arizona public community college with the opportunity to build a General Education curriculum that is transferrable upon completion without a loss of credit to another Arizona public community college or university.
• AGEC is a statewide agreement between Arizona public community colleges, Northern Arizona University (NAU), Arizona State University (ASU), and the University of Arizona (U of A). Coconino Community College began implementing the AGEC starting spring of 1999.
• AGEC is a 35-credit block of lower division General Education curriculum that fulfills the lower-division General Education requirements at any Arizona public community college or university.

Why complete an AGEC?
1. When you complete an AGEC, all admission requirements are waived at all Arizona public universities. This means that you are unconditionally admitted to any Arizona public university of your choice after completing an AGEC.
2. AGEC satisfies ALL lower-division liberal studies requirements at all Arizona public universities.
3. For most majors, if you complete an AGEC and specific courses you need for transfer, you can enter any Arizona public university as a junior. Please see an advisor for more information.
4. Save money by completing your lower-division liberal studies requirements at CCC. On the average, Coconino Community College tuition rates are about one-third of the Arizona public universities’ tuition.
5. Classes are generally smaller than university freshman and sophomore liberal studies classes.
6. If you have some high school concurrent enrollment credits, and/or CLEP credits that satisfy our General Education requirements, these credits can be counted toward an AGEC and will transfer to all Arizona public universities.

Why complete a CCC transfer degree?
All CCC transfer degrees result in an AGEC. Therefore, you get all the benefits of completing an AGEC and more.
• You may be able to transfer into the university as a junior. See an advisor for more information.
• You will have an associate degree, making you more competitive in the job market.

When might AGEC not be necessary?
Some university majors require you to take very specific courses from the beginning of your college education. See an advisor for these majors and to discuss your academic plan.

What happens if you don’t complete an AGEC?
• You will need to meet ALL standard university admission requirements.
• You will need to complete university liberal studies requirements which may or may not be the same as Coconino Community College’s General Education requirements.
• Your General Education courses will be evaluated one by one using the Course Equivalency Guide (CEG) instead of being transferred as a General Education block, satisfying ALL lower-division General Education requirements.

Tips for students planning to transfer
• See an advisor as soon as possible. The earlier you develop an educational plan with an advisor, the less of a chance you have of losing credits after transferring to an Arizona public university. Don’t wait until you almost graduate to see an advisor.
• Explore your career interest to help you decide on a major early.
• Don’t take any more than 64 transferable credit hours, because all Arizona public universities accept only a maximum of 64 transferable credit hours.

1 Arizona residents need to have a minimum AGEC GPA of 2.0.
2 Non-residents are required to have a minimum cumulative GPA of 2.5.
3 Depending on the major or department you plan to transfer to at the university, you might still need to meet departmental admission requirements.
4 You may or may not choose to complete a degree at Coconino Community College.
General Education

Curriculum-A: AGEC-A

AGEC-A is a 35-credit lower-division General Education curriculum block that fulfills the lower-division General Education requirements of liberal arts majors at all three Arizona State Universities (e.g., Anthropology, Social Science, Fine Arts, and Humanities).

General Education Requirements: 35 Credit Hours

Composition 6
ENG 101 College Composition I (3)
ENG 102 College Composition II (3)

Mathematics 3–5
MAT 142 College Mathematics (3) or a higher course selected from the approved AGEC courses in the Mathematics category.

Arts/Humanities 6–9
Courses from two or more disciplines must be selected from the approved General Education courses in the Arts/Humanities category.

Social/Behavioral Sciences 6–9
Courses from two or more disciplines must be selected from the approved General Education courses in the Social/Behavioral Sciences category.

Physical/Biological Sciences 8–10
Any two courses may be taken from the Physical/Biological Sciences category.

Options* 0–6
General Education Options may be selected from the above categories or from the Options category.

*0–6 hours may be taken in the Options category as needed to complete the minimum 35 hours required for the AGEC.

Special Requirements
Each Special Requirement must be met within the General Education Requirements:

- Intensive Writing/Critical Inquiry
- Ethnic/Race/Gender Awareness
- Contemporary Global/International Awareness or Historical Awareness

Arizona General Education Curriculum-B: AGEC-B

AGEC-B is a 35-credit lower-division General Education curriculum block that fulfills the lower-division General Education requirements of business majors at all three Arizona State Universities. (e.g., Business Administration, Computer Information Systems)

Note: Associate in Business degree core courses may not be used to satisfy AGEC-B requirements.

General Education Requirements: 35 Credit Hours

Composition 6
ENG 101 College Composition I (3)
ENG 102 College Composition II (3)

Mathematics 3–5
MAT 212 Business Calculus (3) or higher course selected from the approved AGEC courses in the Mathematics category.

Arts/Humanities 6–9
Courses from two or more disciplines must be selected from the approved General Education courses in the Arts/Humanities category.

Social/Behavioral Sciences 6–9
Courses from two or more disciplines must be selected from the approved General Education courses in the Social/Behavioral Sciences category.

Physical/Biological Sciences 8–10
Any two courses may be taken from the Laboratory Sciences category.

Computer Science 3
CIS 120 Introduction to computer Information Systems

Options* 3
Course may be selected from the above categories or from the Options category.

*3 hours may be taken in the Options category as needed to complete the minimum 35 hours required for the AGEC.

Special Requirements
Each Special Requirement must be met within the General Education Requirements:

- Intensive Writing/Critical Inquiry
- Ethnic/Race/Gender Awareness
- Contemporary Global/International Awareness or Historical Awareness
Arizona General Education Curriculum-S: AGEC-S

AGEC-S is a 35-credit lower-division General Education curriculum block that fulfills the lower-division General Education requirements of majors with more stringent mathematics and mathematics-based science requirements at all three Arizona State Universities. (e.g. Biology or Chemistry).

General Education Requirements: 35 Credit Hours

Composition 6
ENG 101 College Composition I (3)
ENG 102 College Composition II (3)

Mathematics 5
MAT 220 Calculus & Analytic Geometry I (5)

Arts/Humanities 6
Courses from two or more disciplines must be selected from the approved general education courses in the Arts/Humanities category.

Social/Behavioral Sciences 6
Courses from two or more disciplines must be selected from the approved General Education courses in the Social/Behavioral category.

Physical/Biological Sciences 8–10
BIO 181 Unity of Life I: Life of the Cell (4) &
BIO 182 Unity of Life II: Multi-cellular Organisms(4)
or
CHM 151 General Chemistry I (5) &
CHM 152 General Chemistry II (5)
or
PHY 161 University Physics I (4) &
PHY 262 University Physics II (4)

Options 6
Subject based on Major—Using a transfer guide, select Mathematics courses above Calculus and/or Science courses from: Astronomy, Biology, Botany, Environmental Science, Chemistry, Geology, Physics, Physical Geography, or Zoology

Special Requirements
Each Special Requirement must be met within the General Education Requirements:
• Intensive Writing/Critical Inquiry
• Ethnic/Race/Gender Awareness
• Contemporary Global/International Awareness or Historical Awareness

General Education Core Curriculum: GECC

English Composition (6)
ENG 101 College Composition I (3)
ENG 102 College Composition II (3)

Note: AAS and AGS Degrees may substitute ENG 135 and/or ENG 136. See specific degree program for requirement listing.

Mathematics (3–5)
MAT 142 College Mathematics (3)
MAT 151 College Algebra (4)
MAT 187 Precalculus (5)
MAT 212 Business Calculus (3)
MAT 220 Calculus & Analytic Geometry I (5)
MAT 230 Calculus & Analytic Geometry II (5)
MAT 241 Calculus & Analytic Geometry III (4)
MAT 262 Differential Equations (3)

Note: AAS and AGS Degrees may substitute MAT 121 or higher or BUS 100. See specific degree program for requirement listing.

Arts and Humanities (6–9)
Courses from two or more disciplines must be selected to meet the requirement.
ART 100 Art Appreciation (3)
ART 103 Native American Art of the Southwest (3)
ART 201 Art History I (3)
ART 202 Art History II (3)
ART 200 Art of the United States (3)
ART 210 Art of the Southwest (3)
CPS 100 Overview of the Colorado Plateau (3)
ENG 236 Introduction to the American Short Story (3)
ENG 237 Women in Literature (3)
ENG 238 Literature of the Southwest (3)
ENG 272 Creative Writing: Nonfiction (3)
HUM 205 Technology and Human Values (3)
HUM 235 American Arts & Ideas (3)
HUM 241 Humanities I (3)
HUM 242 Humanities II (3)
MUS 100 Music Appreciation (3)
MUS 145 Jazz History & Literature (3)
MUS 207 American Popular Music (3)
PHI 101 Introduction to Philosophy (3)
PHI 105 Introduction to Ethics (3)
REL 201 Comparative Religions (3)
REL 241 Asian Religions (3)
THR 101 Introduction to Theatre (3)

Social and Behavioral Sciences (6–9)
Courses from two or more disciplines must be selected to meet the requirement.
AJS 101 Introduction to Administration of Justice (3)
AJS 230 Deviant Behavior (3)
AJS 280 Criminology (3)
General Education Options may be selected from the above lists or from the following: (6–6)

Notes:
- Check your chosen degree program for specific General Education requirements.
- Letter designations attached to courses in the above list define courses with AGEC Special Requirements of: E – Ethnic, Race, Gender Awareness; W – Intensive Writing/ Critical Inquiry; C – Contemporary Global/International Awareness or Historical Awareness.

The Arizona General Education Curriculum (AGEC) is a block of 35 semester credit hours of lower-division, General Education coursework. There are three forms of AGEC:

1. AGEC-A is a 35-credit lower-division General Education curriculum block that fulfills the lower-division General Education requirements of liberal arts majors (e.g. Fine Arts/Visual Arts, Psychology, Sociology)

2. AGEC-B is a 35-credit lower-division General Education curriculum block that fulfills the lower-division General Education requirements of business majors (e.g. Business Administration, Computer Information Systems)

3. AGEC-S is a 35-credit lower-division General Education curriculum block that fulfills the lower-division General Education requirements of majors with more stringent mathematics and mathematics-based science requirements (e.g. Biology, Chemistry)

AGEC-A, AGEC-B, and AGEC-S can be completed separately or as part of an associates degree at CCC and must include the Special Requirements listed below. The College certifies completion of the AGEC on the official transcript.
A completed AGEC will transfer as a block to meet the lower-division General Education requirements at any of the Arizona public universities or other Arizona community colleges. Transfer students who wish to earn the associate degree must then meet additional CCC degree requirements. To earn the bachelor's degree, students transferring the AGEC must still meet course prerequisites, major requirements, and upper-division requirements at their chosen university.

Special Requirements
Students planning to transfer a completed AGEC must meet the additional Special Requirements listed below. These requirements may be met within the 35 hours of General Education Core Curriculum by choosing one course from each of the following lists.

Note: A minimum of two courses must be taken to fulfill AGEC Special Requirements.

**Intensive Writing/Critical Inquiry**
This requirement must be completed at Coconino Community College.

BIO 105 Environmental Biology (4)
ECN 204 Macroeconomic Principles (3)
ENG 272 Creative Writing: Nonfiction (3)
HUM 205 Technology and Human Values (3)
HUM 241 Humanities I (3)
HUM 242 Humanities II (3)
POS 220 Arizona & National Constitution (3)
PSY 250 Social Psychology (3)
SOC 210 Sociology of Gender (3)

Note: ENG 102 is a pre- or co-requisite for these courses.

**Ethnic/Race/Gender Awareness**

0-6 hours may be taken in the Options category as needed to complete the minimum 35 hours required for the AGEC.

* GCC categories with ranges allow for flexibility in AAS degree core requirement.

** for AAS degrees with articulated BAS transfer degrees the recommended GEN ED core may be greater than the minimum listed.

Degrees and Certificate Programs

Associate of Arts Degree (AA)
The Associate of Arts Degree is designed for students planning to transfer to a college or university and requires a minimum of 60 credit hours. All courses included in the degree must be completed with a grade of "C" or better. A minimum of 35 of these credit hours must be completed in the Arizona General Education Curriculum (AGEC-A, AGEC-B or AGEC-S). The remaining degree requirements are comprised of 25 credit hours or more in the student’s elected program of study. Courses numbered 100 or above which transfer as equivalent, departmental elective credit (DEC) or general elective credit (E) will be counted toward this degree. Special Topics courses (298) will not be counted toward this degree.

Associate of Fine Arts Degree (AFA)
The Associate of Fine Arts degree in Visual Arts is designed for transfer to the Fine Arts bachelor's degree at all Arizona public universities. The program gives students a strong foundation in visual composition and art history and prepares them to continue their fine arts education in drawing, painting, photography, ceramics, or sculpture. Students completing this degree will transfer 60-64 credits to all Arizona public universities. Requirements differ significantly among state universities. Students should see an advisor to plan their program of study to avoid transfer difficulties. Courses numbered 100 or above which transfer as equivalent, departmental elective credit (DEC) or general elective credit (E) will be counted toward this degree. Special Topics courses (298) will not be counted toward this degree.

Associate of Business Degree (ABus)
The Associate of Business is designed for students planning to transfer to a college or university and requires a minimum of 62 credit hours. All courses included in the degree must be completed with a grade of "C" or better. A minimum of 35 of these credit hours must be completed in the Arizona General Education Curriculum (AGEC-B). The remaining degree requirements are comprised of 25 credit hours or more in the student’s elected program of study. Courses numbered 100 or above which transfer as equivalent, departmental elective credit (DEC) or general elective credit (E) will be counted toward this degree. Special Topics courses (298) will not be counted toward this degree.

Associate of Science Degree (AS)
The Associate of Science Degree is designed for students planning to transfer to a college or university and requires a minimum of 60 credit hours. All courses included in the degree must be completed with a grade of "C" or better. A minimum of 35 of these credit hours must be completed in the Arizona General Education Curriculum (AGEC-S). The remaining degree requirements are comprised of 25 credit hours or more in the student’s elected program of study. Courses numbered 100 or above which transfer as equivalent, departmental elective credit (DEC) or general elective credit (E) will be counted toward this degree. Special Topics courses (298) will not be counted toward this degree.

Associate of Applied Science Degree (AAS)
The Associate of Applied Science Degree prepares students for entry-level employment or upgrades skills of students already employed. This degree requires a minimum of 60 credit hours with a cumulative CCC grade point average of 2.00 or higher. A minimum of 25 of these credit hours must be completed in the General Education Core Curriculum with a grade of "C" or
better. Courses numbered below 100 and courses taken for S/U credit will not be counted toward this degree. With the exception of AAS to BAS degrees, these degrees are not intended for transfer to a university, although some courses may be accepted for transfer by universities.

**Associate of General Studies Degree (AGS)**
The Associate of General Studies Degree is designed for students who wish to broaden their knowledge, but have no university major or vocational goal in mind. This degree requires a minimum of 60 credit hours with a cumulative CCC grade point average of 2.00 or higher. Students must complete a minimum of 24 credit hours of General Education courses but are otherwise free to explore other areas of interest. A maximum of 12 credit hours may be completed in courses numbered below 100. This degree is not recommended for students planning to transfer to a university. The A.G.S. Degree is intended as an alternative degree that recognizes the mission of the community college that education is a lifelong process.

**Colorado Plateau Studies Program**
The Associate of Arts in Colorado Plateau Studies degree is designed for transfer to all Arizona public universities. This is an inter-disciplinary degree that includes courses from the Arts, Humanities, and Sciences in its core. The degree is not only inter-disciplinary in its curriculum but may also be adapted to give students an emphasis in one of three academic areas: Arts and Culture, Science, and Business. The emphasis in Arts and Culture meets the requirements for the AGEC-A; the emphasis in Science meets the AGEC-S; and the emphasis in Business can lead to the two year AAS degree. Students interested in meeting the requirements for one of the emphasis areas should see their advisor for details. Students completing this degree will transfer 60-64 credits to all Arizona public universities.

**Certificate Programs**
Certificate programs are designed to provide specific knowledge to improve existing skills or to prepare students for entry-level employment. Certificates are awarded after successful completion of a series of specific courses. Certificates require a cumulative CCC grade point average of 2.00 or higher. Some certificate programs and/or credit hours may be applied toward other certificates and/or an Associate of Applied Science degree.
**General Education**

Are you seeking to improve your work skills or options with an associate degree and do not plan to transfer into a four-year degree program?

See your advisor to plan the program best suited to your needs and interests. The following Associate of Applied Science (AAS) degrees have been designed for you.

**Associate of Applied Science Degree (AAS)**
- Administration of Justice
- Alternative Energy Technology
- Architectural Design Technology
- Business Technologies
- Carpentry Apprenticeship
- Computer Software Technology
- Construction Technology
- Dance
- Early Childhood Education
- Fire Science
- Hospitality Management
- Medical Office Assistant
- Network Engineering
- Nursing
- Office Information Systems
- Paralegal Studies
- Paramedic Studies
- Sheet Metal Apprenticeship

Are you seeking to broaden your knowledge but have no university major or vocational goal in mind?

The Associate of General Studies (AGS) degree has been designed for you.

Are you interested in improving your skills but may not want to get a degree?

Many courses in certificate programs can be applied to degrees. See your advisor for further information. The following is a list of Certificates available through CCC:

**Certificate Programs**
- Accounting Technician
- Administrative Office Specialist
- Alternative Energy Technician
- Application Software Specialist
- Architectural CAD Technician
- AGECA
- AGECA-B
- AGECA-S
- Basic Detention Academy
- Carpentry Apprenticeship
- Computer Software Technology
- Computer Technician
- Computer-Aided Drafting
- Construction Technology
- Early Childhood Education
- Employment Success
- Fire Science
- Forensics
- Geographic Information Systems (GIS)
- Graphics and Web Design
- Hospitality
- Industrial Maintenance Technician
- Legal Assistant
- Medical Insurance, Coding & Billing
- Medical Office Assistant
- Medical Transcription
- Network Systems Administration
- Network Engineering
- Nursing Assistant
- Phlebotomy
- Pre-Professional Nursing
- Sheet Metal Apprenticeship
Degrees and Certificates

Associate of Arts: AA Degree

Administration of Justice: AA Degree

The Associate of Arts in Administration of Justice is designed for transfer to the Criminal Justice bachelor's degree at Northern Arizona University (NAU) and Arizona State University (ASU). The program teaches students skills which can be used to enter a wide variety of law enforcement and corrections positions. Students completing this degree will transfer 60-64 credits to NAU or ASU. Students planning to transfer to a university other than NAU or ASU should see an advisor. This degree results in an AGEC-A, which is transferable to all Arizona public universities. This is a Tech Prep articulated program. For more information about Tech Prep, see page 9.

Minimum credit hours required: 60

AGEC-A Requirements: 35 credit hours
See page 17 for General Education Courses that can be used to satisfy AGEC requirements.

Composition (6)
ENG 101  College Composition I (3)
ENG 102  College Composition II (3)

Mathematics (3-5)
MAT 142  College Mathematics (3) or a higher course selected from the approved AGEC courses in the Mathematics category.

Arts/Humanities (6-9)
Courses from two or more disciplines must be selected from the approved General Education courses in the Arts/Humanities category.

Social/Behavioral Sciences (6-9)
Courses from two or more disciplines must be selected from the approved General Education courses in the Social/Behavioral Sciences category.

Physical/Biological Sciences (8-10)
Any two courses may be taken from the Physical/Biological Sciences category.

General Education Options (0-6)*
Courses may be selected from the above categories or from the options category.

Degree Core Requirements: 25-29 credit hours

Required: 15 credit hours
AJS 101  Introduction to Administration of Justice (3)
AJS 110  The Correction Function (3)
AJS 130  The Police Function (3)
AJS 260  Constitutional Law (3)
AJS 280  Criminology (3)

Electives: 10-14 credit hours
10-14 credits of transferable courses as stated in the Course Equivalency Guide (CEG). These courses must transfer to all Arizona public universities. See an advisor or check the college catalog web site (www.coconino.edu) for the CEG.

Recommended
One course at the 100 level or above in Spanish or Navajo (this course may be used to fulfill the AGEC Options requirement) (4)
SOC 142  Race & Ethnic Relations (3)
SOC 210  Sociology of Gender (3)

* Placement test and/or prerequisite required.
* 0-6 hours may be taken in the options category as needed to complete the minimum 35 hours required for the AGEC.

Anthropology: AA Degree

The Associate of Arts degree in Anthropology is designed as and offers the CCC student comprehensive preparation for transfer to the Anthropology bachelor's degree at all Arizona public universities. This degree provides a comprehensive introduction to the discipline and all its subfields. Students completing this degree will transfer 61-64 credits to all Arizona public universities. Requirements differ significantly among state universities. Students should see an advisor to plan their program of study to avoid possible transfer difficulties.

Minimum credit hours required: 61

AGEC-A Requirements: 35 credit hours
See page 17 for General Education Courses that can be used to satisfy AGEC requirements.
Construction Management: AA Degree

The Construction Management degree is designed for transfer to the Construction Management bachelor's degree at Northern Arizona University. Students completing this degree will transfer 64 credits to NAU. This degree results in an AGEC-A, which is transferable to all Arizona public universities. This is a Tech Prep articulated program. For more information about Tech Prep, see page 9.

Minimum credit hours required: 65

AGEC-A Requirements: 37 credit hours
See page 17 for General Education Courses that can be used to satisfy AGEC requirements.

Composition (6)
ENG 101\textsuperscript{1} College Composition I (3)
ENG 102 College Composition II (3)

Mathematics (3–5)
MAT 142\textsuperscript{1} College Mathematics (3) or a higher course selected from the approved AGEC courses in the Mathematics category.

Arts/Humanities (6–9)
Courses from two or more disciplines must be selected from the approved General Education courses in the Arts/Humanities category.

Social/Behavioral Sciences (6–9)
Courses from two or more disciplines must be selected from the approved General Education courses in the Social/Behavioral Sciences category.

Strongly recommended:
SOC 101 Introduction to Sociology

Physical/Biological Sciences (8–10)
Any two courses may be taken from the General Education courses in the Physical/Biological Sciences category.

General Education Options (0–6)\textsuperscript{1,2}
Courses may be selected from the above categories or from the Options category.

Strongly recommended:
Any natural human language, other than English, including American Sign Language

Degree Core Requirements: 26 credit hours

Required: 16 credit hours
ANT 101 Introduction to Physical Anthropology (4)
ANT 102 Introduction to Cultural Anthropology (3)
ANT 103 Culture & Language (3)
ANT 110 Exploring Archaeology (3)
PSY 230 Introduction to Statistics (3)
or
MAT 160 Introduction to Statistics (3)

Electives: 6 credit hours
Select 2 courses from the following:
ANT 210 Peoples of the World (3)
ANT 230 Peoples of the Southwest (3)
ANT 241 Anthropology of Religion (3)

Language: 4 credit hours
One semester of any natural human language other than English, including American Sign Language.

\textsuperscript{1} Placement test and/or prerequisite required.
\textsuperscript{2} 0–6 hours may be taken in the Options category as needed to complete the minimum 35 hours required for the AGEC.

Required: 28 credit hours
ACC 101\textsuperscript{1} Principles of Financial Accounting (3)
DFT 125\textsuperscript{1} Architectural Drafting I (3)
DFT 150\textsuperscript{1} Auto CAD 2D (3)
GLG 101 Physical Geology (4)
or
CHM 151\textsuperscript{1} General Chemistry I (4)
CTM 120 Building the Human Environment (3)
CTM 253 Plane Surveying & Building Layout (3)
CTM 123 Building Construction Methods I (3)
CTM 124 Building Construction Methods II (3)
CTM 221\textsuperscript{1} Structural Design & Building Materials (3)

\textsuperscript{1} Placement test and/or prerequisite required.
Elementary Education: AA Degree

The Associate of Arts in Elementary Education is designed for students planning to transfer to an Elementary Education bachelor's degree program at all Arizona public universities and requires a minimum of 60 credits. Students planning to transfer to a university other than an Arizona public university should see an advisor. This degree results in an AGEC-A, which is transferable to all Arizona public universities.

Requirements (Mathematics, Social/Behavioral Sciences, and Natural Language requirements) differ significantly among state universities. Students should see an advisor to plan their program of study to avoid transfer difficulties. This is a Tech Prep articulated program. For more information about Tech Prep, see page 9.

Minimum credit hours required: 60

AGEC-A Requirements: 35 Credit Hours
See page 17 for General Education courses that can be used to satisfy AGEC requirements.

Composition (6)
ENG 101 College Composition I (3)
ENG 102 College Composition II (3)

Mathematics (3-5)
MAT 141 College Mathematics (3) or a higher course selected from the approved AGEC courses in the Mathematics category.

Arts/Humanities (6)
Two courses in Art (ART), Music (MUS), or Theatre (THR) from the approved General Education courses in the Arts/Humanities category.

Social/Behavioral Sciences (6)
HIS 131 U.S. History to 1877 (3)
Select one additional course from the approved General Education courses in the Social/Behavioral Sciences category.

Highly recommended: (one of the following)
GEO 133 World/Regional Geography (3)
PSY 101 Introduction to Psychology (3)
SOC 101 Introduction to Sociology (3)

Physical/Biological Sciences (8-10)
One course from two of the following areas:
A. Life Sciences: Biology
   Recommended:
   BIO 105 Environmental Biology (4)
B. Physical Sciences: Geography, Physics, Chemistry
C. Earth/Space Sciences: Astronomy, Anthropology, Geology

General Education Options (6)
Any two courses from the approved General Education courses in the General Education Options category. A first year of foreign language (101 and 102) is highly recommended.

Degree Core Requirements: 25-32 credit hours

Required: 24 credit hours
CIS 120 Introduction to Computer Information Systems (3)
EDU 200 Introduction to Education (3)
EDU 222 Introduction to Special Education (3)
EDU 230 Cultural Diversity in Education (3)
EDU 235 Relationships in Classroom Settings (3)
MAT 130 Math for Elementary Education Teachers I (3)
(If enrolled in MAT 130 see an advisor)
MAT 131 Math for Elementary Education Teachers II (3)
(If enrolled in MAT 131 see an advisor)
POS 220 Arizona and National Constitution (3)

Electives: 1-8 credit hours
1-8 credits of transferable courses as stated in the Course Equivalency Guide (CEG). These courses must transfer to all Arizona public universities. Second year natural language proficiency required at some state institutions. See an advisor or check the college catalog website (www.coconino.edu) for the current CEG.

Placement test and/or prerequisite required.

General Studies: AA Degree

The General Studies degree is designed for students who either have an undeclared major or who are developing a general or liberal studies emphasis. Students completing this degree will transfer 60-64 credits to all Arizona public universities. Students planning to transfer to a university other than an Arizona public university should see an advisor.

Minimum credit hours required: 60

There are two pathways in the General Studies degree:

1. General Requirements Pathway
   This pathway requires AGEC-A and fourth semester natural human language proficiency, other than English, including American Sign Language.

2. Special Requirements Pathway
   This pathway requires students to take AGEC-A and some Common Courses. Common Courses are courses that are accepted as part of the major at all Arizona
Transfer Degrees

public universities. The list of Common Courses is determined statewide. See an advisor or check the college catalog web site (www.coconino.edu) for these Common Courses.

Depending on the area of interest, one pathway may be more suitable for a student's educational plan than the other. Students changing pathways may accumulate more credits than necessary for graduation from a university. See an advisor for more information.

AGEC-A Requirements: 35 credit hours

1. General Requirements and 2. Special Requirements Pathways

See page 17 for General Education Courses that can be used to satisfy AGEC requirements.

**Composition (6)**
- ENG 101 \(^1\) College Composition I (3)
- ENG 102 \(^2\) College Composition II (3)

**Mathematics (3-5)**
- MAT 142 \(^2\) College Mathematics (3) or a higher course selected from the approved AGEC courses in the Mathematics category.

**Arts/Humanities (6-9)**
Courses from two or more disciplines must be selected from the approved General Education courses in the Arts/Humanities category.

**Social/Behavioral Sciences (6-9)**
Courses from two or more disciplines must be selected from the approved General Education courses in the Social/Behavioral Sciences category.

**Physical/Biological Sciences (8-10)**
Any two courses may be taken from the Physical/Biological Sciences category.

**General Education Options (0-6)\(^3\)**
Courses may be selected from the above categories or from the Options category.

Degree Core Requirements: 25 credit hours

1. General Requirements Pathway

**Required: up to 16 credit hours**

Fourth semester proficiency in any natural human language, other than English, including American Sign Language. \(^3\)

**Electives: 9 or more**

Nine credits of transferable courses as stated in the Course Equivalency Guide. These courses must transfer to all Arizona public universities. See an advisor or check the college catalog web site (www.coconino.edu) for the Course Equivalency Guide.

2. Special Requirements Pathway

Depending on your area(s) of interest and/or the university you intend to transfer to, you may need to decide on your transfer plan as early as possible. Please see an advisor to determine your educational plan.

**Required**

Common Courses in the area(s) of interest/emphasis. See an advisor or check the college catalog web site (www.coconino.edu) for these Common Courses.

**Electives**

Transferable courses as stated in the Course Equivalency Guide (CEG). These courses must transfer to all Arizona public universities. See an advisor or check the college catalog web site (www.coconino.edu) for the current CEG.

Some university degrees may require 4th semester language proficiency in addition to the Common Courses. See an advisor for more information.

\(^1\) Placement test and/or prerequisite required.
\(^2\) 0-6 hours may be taken in the Options category as needed to complete the minimum 35 hours required for the AGEC.
\(^3\) Students who can complete the 4th semester language proficiency in less than 16 credits may choose more elective transferable credits.

Hotel & Restaurant Management: AA Degree

The Associate of Arts in Hotel Restaurant Management is designed for transfer to the Hospitality bachelor's degree at Northern Arizona University (NAU). This program trains graduates for management careers in one of the fastest growing industries in the United States, the hospitality industry. Students completing this degree will transfer 62 credits to NAU. Students planning to transfer to a university other than NAU should see an advisor. This is a Tech Prep articulated program. For more information about Tech Prep, see page 9.

Minimum credit hours required: 62

AGEC-A Requirements: 35 credit hours

See page 17 for courses that will satisfy the General Education requirements below.

**Composition (6)**
- ENG 101 \(^1\) College Composition I (3)
- ENG 102 \(^1\) College Composition II (3)
Transfer Degrees

Mathematics (3–5)
MAT 142 College Mathematics (3) or a higher course selected from the approved AGEC courses in the Mathematics category.

Arts/Humanities (6)
Courses from two or more disciplines must be selected from the approved General Education courses in the Arts/Humanities category.

Social/Behavioral Sciences (6)
ECN 204 Macroeconomic Principles (3)
ECN 205 Microeconomic Principles (3)

Physical/Biological Sciences (8–10)
Any two courses may be taken from the approved General Education courses in the Physical/Biological Sciences category.

General Education Options (0–6)
Second semester proficiency (102 level) in any natural human language, other than English, including American Sign Language.

Degree Core Requirements: 27 credit hours

Required: 27 credit hours
ACC 101 Principles of Financial Accounting (3)
HRM 100 Introduction to Hospitality (3)
HRM 140 Food Production Concepts (3)
HRM 170 Hospitality Information Technology (3)
HRM 210 Guest Service Management (3)
HRM 220 Property Management (3)
HRM 225 Hospitality Accounting (3)
HRM 240 Commercial Food Production (3)
HRM 270 Hospitality Information Technology II (3)

1 Placement test and/or prerequisite required.

Pre-Social Work: AA Degree

The Associate of Arts degree in Pre-Social Work is a Transfer Partnership Degree with Northern Arizona University. The Pre-Social Work degree is designed to allow students to satisfy the admission requirements for the Bachelor’s of Social Work (BSW) degree at Northern Arizona University. Completion of the degree does not guarantee admission to the program. Students planning to gain admission to the BSW degree should contact the Department of Sociology and Social Work at Northern Arizona University for specific admission requirements. Please see an advisor for more information regarding this degree.

Minimum credit hours required: 62

AGEC-A Requirements: 35 credit hours

Composition (6)
ENG 101 College Composition I (3)
ENG 102 College Composition II (3)

Mathematics (3–5)
MAT 142 College Mathematics or a higher course selected from the approved AGEC courses in the Mathematics category. (3–5)

Arts/Humanities (6–9)
Courses from two or more disciplines must be selected from the approved General Education courses in the Arts/Humanities category.

Social/Behavioral (6–9)
Courses from two or more disciplines must be selected from the approved General Education courses in the Social/Behavioral Sciences category.

Physical/Biological Sciences (8–10)
Any two courses may be taken from the General Education courses in the Physical/Biological Sciences category.

General Education Options (3–6)
Courses may be selected from the above categories or from the Options category.

Required:
CIS 120 Introduction to Computer Information Systems (3)

Degree Core Requirements: 27–29 credit hours

ECN 204 Macroeconomic Principles (3)
PHI 105 Introduction to Ethics (3)
POS 110 American National Government (3)
PSY 101 Introduction to Psychology (3)
PSY 230 Introduction to Statistics (3)
PSY 240 Developmental Psychology (3)
SOC 142 Race & Ethnic Relations (3)
SOC 210 Sociology of Gender (3)
SOC 220 Introduction to Social Work (3)

Electives: 0–2 credit hours
0–2 hours of transferable courses as stated in the Course Equivalency Guide (CEG). These courses must transfer to all Arizona public universities. See an advisor or check the college catalog Web site (www.coconino.edu) for current CEG.

1 Placement test and/or prerequisite required.
2 0-6 hours may be taken in the Options category as needed to complete the minimum 35 hours required for the AGEC.
Transfer Degrees

Psychology: AA Degree

The Associate of Arts degree in Psychology is designed for transfer. This degree has two pathways:

1. The Arts Pathway
The Psychology Language Pathway is designed for transfer to the Psychology bachelor of arts (BA) degrees at all Arizona public universities. Students completing this degree will transfer 60–64 credits to all Arizona public universities. Students planning to transfer to a university other than Arizona public universities should see an advisor.

Requirements differ significantly among state universities. Students should see an advisor to plan their program of study to avoid transfer difficulties.

2. The Science Pathway
The Psychology Science Pathway is designed for transfer to the Psychology bachelor of science (BS) degrees at all Arizona public universities. Students completing this degree will transfer 60–64 credits to all Arizona public universities.

Requirements differ significantly among state universities. Students should see an advisor to plan their program of study to avoid transfer difficulties.

Please see an advisor for more information regarding these two pathways.

Minimum credit hours required: 60

AGEC-A Requirements: 35 credit hours
See page 17 for General Education Courses that can be used to satisfy AGEC requirements.

Composition (6)
ENG 101 College Composition I (3)
ENG 102 College Composition II (3)

Mathematics (3–5)
MAT 142 College Mathematics (3) or a higher course selected from the approved AGEC courses in the Mathematics category.

Arts/ Humanities (6–9)
Courses from two or more disciplines must be selected from the approved General Education courses in the Arts/ Humanities category.

Social/Behavioral Sciences (6–9)
Courses from two or more disciplines must be selected from the approved General Education courses in the Social/Behavioral Sciences category.

Physical/Biological Sciences (8–10)
Any two courses may be taken from the General Education courses in the Physical/Biological Sciences category.

General Education Options (0–6)
Courses may be selected from the above categories or from the Options category.

Degree Core Requirements: 25–29 credit hours

Degree Core Courses: 15–18 credit hours

Required courses:
PSY 101 Introduction to Psychology (3)
PSY 230 Introduction to Statistics (3)

Select 9–12 credit hours from the following:
PSY 205 Introduction to Abnormal Psychology (3)
PSY 234 Child Development (3)
PSY 236 Psychology of Women (3)
PSY 280 Health Psychology (3)
PSY 227 Personality Development (3)
PSY 240 Developmental Psychology (3)
PSY 250 Social Psychology (3)
PSY 290 Research Methods (4)

1 Placement test and/or prerequisite required.
2 0–6 hours may be taken in the Options category as needed to complete the minimum 35 hours required for the AGEC.

Arts Pathway: 8–13 credit hours

a. Natural Human Language 8 credit hours
At least two semesters of any natural human language, other than English, including American Sign Language.
Students should note that fourth semester proficiency of any natural human language is required to graduate with a bachelor of arts degree. It is recommended that the requirement be completed at CCC.
Before enrolling in a natural human language course see an advisor.

b. Electives 0–6 credit hours
0–6 credits of transferable courses as stated in the Course Equivalency Guide (CEG). These courses must transfer to all Arizona public universities. See an advisor or check the college catalog web site (www.cocinino.edu) for the current CEG.
If you are considering a bachelor of science degree at one of the Arizona universities, it is important that you meet with an advisor as early as possible.
Science Pathway: 11–13 credit hours
Depending on the university you are planning to transfer to, please select one of the following:

a. NAU
MAT 172\textsuperscript{1} or a higher course selected from the approved AGEC courses in the Mathematics category. 3–5 credit hours
Any two courses meeting the physical and biological sciences requirements
BIO 201\textsuperscript{1} and BIO 202\textsuperscript{1}
Recommended 8 credit hours

Before enrolling in the above courses see an advisor.

b. ASU Main and ASU West
Please see an advisor for specific course requirements
MAT 212\textsuperscript{1} or a higher course selected from the approved AGEC courses in the Mathematics category. 3–5 credit hours

Any natural human language, other than English, including American Sign Language 8 credit hours.

c. U of A
Please see an advisor for specific course requirements.
MAT 172\textsuperscript{1} or a higher course selected from the approved AGEC courses in the Mathematics category. 3–5 credit hours

Any natural human language, other than English, including American Sign Language.

Select a combination of 8 credits from the following:

- Language: 0–8 credit hours\textsuperscript{1}
- Lab Science: 0–8 credit hours\textsuperscript{1}

If you are considering a bachelor of science degree at one of the Arizona universities, it is important that you meet with an advisor as early as possible.

\textsuperscript{1} Placement test and/or prerequisite required.

AGEC-A Requirements: 35 credit hours
See page 17 for General Education Courses that can be used to satisfy AGEC requirements.

Composition (6)
ENG 101\textsuperscript{1} College Composition I (3)
ENG 102\textsuperscript{1} College Composition II (3)

Mathematics (3–5)
MAT 142\textsuperscript{1} College Mathematics (3) or a higher course selected from the approved AGEC courses in the Mathematics category.

Arts/Humanities (6–9)
Courses from two or more disciplines must be selected from the approved General Education courses in the Arts/Humanities category.

Social/Behavioral Sciences (6–9)
Courses from two or more disciplines must be selected from the approved General Education courses in the Social/Behavioral Sciences category.

Physical/Biological Sciences (8–10)
Any two courses may be taken from the General Education courses in the Physical/Biological Sciences category.

General Education Options (0–6)\textsuperscript{1}
Courses may be selected from the above categories or from the Options category.

Degree Core Requirements: 26–29

Required: 18 credit hours
SOC 101 Introduction to Sociology (3)
SOC 140 Marriage & the Family (3)
SOC 142 Race & Ethnic Relations (3)
SOC 210 Sociology of Gender (3)
PSY 230 Introduction to Statistics (3)

Select one course from the following:
SOC 125 Domestic Violence (3)
SOC 130 Human Sexuality (3)
SOC 132 Social Problems (3)
SOC 200 Women & Health (3)

Language: 8 credit hours
Two semesters of any natural human language other than English, including American Sign Language.

Electives: 0–3 credit hours
0–3 credits of transferable courses as stated in the Course Equivalency Guide (CEG). These courses must transfer to all Arizona public universities. See an advisor or check the college catalog web site (www.coconino.edu) for the current CEG.
Transfer Degrees

Vocational Technology Education: AA Degree

The Vocational Technology Education program is designed for transfer to the Vocational Technology Education bachelor's degree at Northern Arizona University (NAU). Students completing this degree will transfer 60–64 credits to NAU. Students planning to transfer to a university other than NAU should see an advisor. This degree results in an AGEC-A, which is transferable to all Arizona public universities. This is a Tech Prep articulated program. For more information about Tech Prep, see page 9.

Minimum credit hours required: 60

AGEC-A Requirements: 35 credit hours

See page 17 for General Education Courses that can be used to satisfy AGEC requirements.

Composition (6)
ENG 101¹ College Composition I (3)
ENG102² College Composition II (3)

Mathematics (5)
MAT 187¹ Pre-Calculus (5)

Arts/Humanities (6)
Courses from two or more disciplines must be selected from the approved General Education courses in the Arts/Humanities category.

Social/Behavioral Sciences (6)
POS 220¹ Arizona & National Constitution (3)
One more course not in Political Science from the approved General Education courses in the Social/Behavioral Sciences category.

Physical/Biological Sciences (8–9)
Select one chemistry and one physics course from the following:
CHM 130¹ Fundamental Chemistry (4)
CHM 151¹ General Chemistry I (5)
PHY 111¹ College Physics I (4)
or
Complete 8 credits of physics below:
PHY 111¹ College Physics I (4)
PHY 112¹ College Physics II (4)

General Education Options (0–6)²
Courses may be selected from the above categories or from the Options category.

Degree Core Requirements: 25–27 credit hours

Required: 3 credit hours
EDU 200 Introduction to Education (3)

Electives: 22–24 credit hours
Choose any 22–24 elective credit hours of transferable courses as stated in the Course Equivalency Guide (available from an advisor or on the web at www.coconino.edu) that transfer to NAU as DEC(VTE) or equivalent from any of the following areas:
AUT Automotive
DFT Drafting
ELT Electronics
CAP Carpentry Apprenticeship
CTM Construction Technology Management
SMT Sheet Metal Technology
WLD Welding Technology

¹ Placement test and/or prerequisite required.
² 0–6 hours may be taken in the Options category as needed to complete the minimum 35 hours required for the AGEC.
Colorado Plateau Studies Degree Program: AA Degrees

Colorado Plateau Studies (Arts and Culture Emphasis): AA Degree

The Associate of Arts in Colorado Plateau Studies degree is designed for transfer to all Arizona public universities. This is an inter-disciplinary degree that includes courses from the Arts, Humanities, and Sciences in its core. The degree is not only inter-disciplinary in its curriculum but may also be adapted to give students an emphasis in one of three academic areas: Arts and Culture, Science, and Business. The emphasis in Arts and Culture meets the requirements for the AGEC-A; the emphasis in Science meets the AGEC-S; and the emphasis in Business can lead to the two year AAS degree. Students interested in meeting the requirements for one of the emphasis areas should see their advisor for details. Students completing this degree will transfer 60-64 credits to all Arizona public universities.

Minimum credit hours required: 60

AGEC Requirements: 35 credit hours
See page 17 for General Education Courses that can be used to satisfy AGEC requirements.

Composition (6)
ENG 101\(^1\) College Composition I (3)
ENG 102\(^2\) College Composition II (3)

Mathematics (3-5)
MAT 142\(^1\) College Mathematics (3) or a higher course selected from the approved AGEC courses in the Mathematics category.

Arts/Humanities (6-9)
ART 103 Native American Art (3)
ART 221\(^1\) Art History of the Southwest (3)
ENG 238\(^2\) Literature of the Southwest (3)

Social/Behavioral Sciences (6-9)
ANT 110 Exploring Archeology (3)
HIS 238 Navajo History (3)

1 Placement test and/or prerequisite required.

General Studies:
AS Degree

The General Studies degree is designed for students planning to transfer to an Arizona public university with a major requiring rigorous mathematics or mathematics-based science. Students are required to take AGEC-S and courses that will apply toward the major at the university after transfer. Students completing this degree will transfer 60-64 credits to all Arizona public universities and should meet with an advisor as early as possible. Students planning to transfer to a university other than Arizona public universities should see an advisor.

There are 2 pathways in the General Studies degree:

1. General Requirements Pathway.

This pathway requires AGEC-S and 4th semester natural human language proficiency, other than English, including American Sign Language.

2. Special Requirements Pathway.

This pathway requires students to take AGEC-S and some Common Courses. Common Courses are courses that are accepted as a part of the major at all Arizona public universities. The list of Common Courses is determined statewide. See an advisor or check the college catalog web site (www.coconino.edu) for these Common Courses.

Depending on the area of interest, one pathway may be more suitable for a student's educational plan than the other. Students changing pathways may accumulate more credits than necessary for graduation from a university. See an advisor for more information.

AGEC-S Requirements: 35 credit hours
1. General Requirements and
2. Special Requirements Pathways
See page 17 for General Education Courses that can be used to satisfy AGEC requirements.

Composition (6)
ENG 101 College Composition I (3)
ENG 102 College Composition II (3)

Mathematics (3–5)
MAT 220 Calculus I (5)

Arts/Humanities (6)
Courses from 2 or more disciplines must be selected from the approved AGEC courses in the Arts/Humanities category.

Social/Behavioral Sciences (6)
Courses from 2 or more disciplines must be selected from the approved AGEC courses in the Social/Behavioral category.

Physical/Biological Sciences (8–10)
BIO 181 Unity of Life I: Life of the Cell (4)
and
BIO 182 Unity of Life II: Multicellular Organisms (4)
or
CHM 151 General Chemistry I (4)
and
CHM 152 General Chemistry II (4)
or
PHY 161 University Physics I (4)
and
PHY 262 University Physics II (4)
Degrees Not Intended for Transfer

General Education Options (6)
Subject based on Major—Using a transfer guide, select Mathematics courses above calculus and/or Science courses from: Astronomy, Biology, Botany, Environmental Science, Chemistry, Geology, Physics, Physical Geography, or Zoology.

Degree Core Requirements: 25 credit hours

1. General Requirements Pathway

Required:
Up to 16 credit hours 4th semester of any natural human language proficiency, other than English, including American Sign Language.

Electives
9 credits of transferable courses as stated in the Course Equivalency Guide. These courses must transfer to all 3 Arizona public universities. See an advisor or check the college catalog web site (www.coconino.edu) for the Course Equivalency Guide.

2. Special Requirements Pathway

Depending on your area(s) of interest and/or the university you intend to transfer to, you may need to decide on your transfer plan as early as possible. Please see an advisor to determine your educational plan.

Required:
Common Courses from the area(s) of interest/emphasis. See an advisor or check the college catalog web site (www.coconino.edu) for these Common Courses.

Electives
Transferable courses as stated in the Course Equivalency Guide (CEG). These courses must transfer to all Arizona public universities. See an advisor or check the college catalog web site (www.coconino.edu) for the current CEG.

Some university degrees may require 4th semester language proficiency in addition to the Common Courses. See an advisor for more information.

1 Placement test and/or prerequisite required.
2 Students who can complete the 4th semester language proficiency in less than 16 credit hours may choose more elective transferable credits.

Associate of Applied Science: AAS Degree

Administration of Justice: AAS Degree

The Administration of Justice AAS program is designed to prepare students to enter the workforce in the criminal justice arena. This program teaches students specific knowledge and skills, which will assist in securing employment in a wide variety of law enforcement and corrections/juvenile detention positions. This is a Tech Prep articulated program. For more information about Tech Prep, see page 9.

Minimum credit hours required: 62

General Education Requirements: 29 credit hours
See page 17 for courses that will satisfy General Education Requirements below.

Composition (6)
ENG 101 College Composition I (3)
ENG 102 College Composition II (3)

Mathematics (3–5)
MAT 142 College Mathematics (3) or a higher course selected from the approved AGEC courses in the Mathematics category.

Arts/Humanities (6)
Any approved General Education courses in the Arts/Humanities category.

Social/Behavioral Sciences (6)
Any approved General Education courses in the Social/Behavioral Sciences category.

Recommended:
SOC 142 Race & Ethnic Relations (3)
SOC 210 Sociology of Gender (3)

Physical/Biological Sciences (8–10)
Any approved General Education courses in the Physical/Biological Sciences category.

Degree Core Requirements: 33 credit hours

Required: 33 credit hours
AJS 101 Introduction to Administration of Justice (3)
Degrees Not Intended for Transfer

Alternative Energy Technology: AAS Degree

The Associate of Applied Science in Alternative Energy Technology will provide students with the skills to pursue a career in the Alternative Energy field. The student will be instructed through mastery learning components and field study workshops arranged with local contractors. Students may apply credit hours earned in the Construction Technology Certificate toward completion of the AAS degree. This is a Tech Prep articulated program. For more information about Tech Prep, see page 9.

Minimum hours required: 58

General Education Requirements: 25–27 credit hours
See page 17 for courses that will satisfy General Education Requirements below.

Composition (6)
ENG 101 College Composition I (3)
ENG 102 College Composition II (3)

Mathematics (3–5)
MAT 121 Intermediate Algebra with Review (4) or a higher course selected from the approved AGEC courses in the Mathematics category.

Arts/Humanities (6)
Any approved General Education courses in the Arts/Humanities category.

Social/Behavioral Sciences (6)
Any approved General Education courses in the Social/Behavioral Sciences category.

Required:
ECN 205 Microeconomics Principles (3)

Physical/Biological Sciences (4–5)
Any approved General Education course in the Physical/Biological Sciences category.

Degree Core Requirements: 33 credit hours

CIS 120 Introduction to Computer Information Systems (3)
DFT 125 Architectural Drafting I (3)
CTM 120 Building the Human Environment (3)
CTM 122 Construction Safety (3)
CTM 123 Building Construction Methods I (3)
CTM 124 Construction Methods II (3)
CTM 130 Blueprint Reading (3)
CTM 151 House Wiring I (3)

CTM 235 Solar Home Design (3)
CTM 236 Photovoltaics & Wind Power (3)
MAT 124 Technical Problem Solving (3)

Architectural Design Technology: AAS Degree

The Architectural Design Technology program trains students for architectural drafting careers in one of the fastest growing technologies in the United States. As an architectural design technician, the draftsman will interpret engineering data, develop sketches, designs, and working drawings for construction. Many technicians are valuable members of architectural/engineering teams in industry. Using the technology of Computer Aided Drafting, students will develop drafting skills in both 2D and 3D. This is a Tech Prep articulated program. For more information about Tech Prep, see page 9.

Minimum credit hours required: 64

General Education Requirements: 25–27 credit hours
See page 17 for courses that will satisfy General Education Requirements below.

Composition (6)

Degrees Not Intended for Transfer

Social/Behavioral Sciences (6)
Any approved General Education courses in the Social/Behavioral Sciences category.

Physical/Biological Sciences (4–5)
Any approved General Education course in the Physical/Biological Sciences category.

Degree Core Requirements: 39 credit hours

Required: 33 credit hours
DFT 110 Technical Drafting & CAD Fundamentals (3)
DFT 125 Architectural Drafting I (3)
DFT 150 AutoCAD 2D (3)
DFT 200 AutoCAD 3D (3)
DFT 225 Architectural Drafting I – CAD (3)
DFT 260 Architectural Drafting II – CAD (3)
CTM 120 Building the Human Environment (3)
CTM 130 Blueprint Reading & Estimating (3)
CTM 123 Building Construction Methods I (3)
CTM 211 International Residential Code (3)
CTM 221 Structural Design & Building Materials (3)

Electives: 6 credit hours
Select 6 credit hours from the following courses:
CTM 253 Plane Surveying & Building Layout (3)
CTM 175 Mechanical Systems (3)
CTM 124 Building Construction Methods II (3)

1 Placement test and/or prerequisite required.

Business Technologies: AAS Degree

The Business Technologies program is designed to prepare students to enter the business profession at an entry-level position with options in General Business Management, Small Business Management, and Accounting Specialist by providing them with general knowledge and skills specializing in an area of interest. The program allows students the option of selecting support courses to strengthen their overall education and courses in their area of special interest or job opportunity. This is a Tech Prep articulated program. For more information about Tech Prep, see page 9.

Minimum credit hours required: 68

General Education Requirements: 25–28 credit hours
See page 17 for courses that will satisfy General Education Requirements below.

Composition (6)
ENG 101 College Composition I (3)
ENG 102 College Composition II (3)

Mathematics (3–5)
MAT 151 College Algebra (4) or a higher course selected from the approved AGEC courses in the Mathematics category.

Arts/Humanities (6)
Any approved General Education courses in the Arts/Humanities category.

Social/Behavioral Sciences (6)
ECN 204 Macroeconomic Principles (3)
ECN 205 Microeconomic Principles (3)

Physical/Biological Sciences (4–5)
Any approved General Education course in the Physical/Biological Sciences category.

Degree Core Requirements: 31 credit hours

Required: 31 credit hours
ACC 101 Principles of Financial Accounting (3)
ACC 102 Principles of Managerial Accounting (3)
ACC 110 Payroll Accounting (3)
BUS 100 Mathematics of Business (3)
BUS 203 Business Law (3)
or
BUS 214 Legal, Ethical, & Regulatory Issues in Business (3)
BUS 204 Business Communications (3)
BUS 206 Principles of Management (3)
BUS 207 Principles of Marketing (3)
CIS 120 Introduction to Computer Information Systems (3)
CIS 122 Introduction to MS Word (2)
CIS 123 Introduction to Excel Spreadsheets (2)

Specialization Options: 12 credit hours
Note: Three (3) credits of Internship may be applied to any specialization option in consultation with a Business advisor.

General Business Management
BUS 216 Principles of Business Finance (3)
Nine credit hours selected from ACC, BUS, LDR courses in consultation with a business advisor (9)

Small Business Management
BUS 211 Human Resources/Personnel Management (3)
BUS 213 Small Business Management (3)
BUS 216 Principles of Business Finance (3)
Three credit hours selected from ACC, BUS, or LDR courses in consultation with a business advisor (3)

Accounting Specialist
Nine credit hours selected from ACC courses in consultation with a business advisor (9)
Three credit hours selected from BUS, ACC, or LDR courses in consultation with a business advisor (3)
Carpentry Apprenticeship: AAS Degree

The Associate of Applied Science in Carpentry Apprenticeship will prepare students with the trade skills related to a career in carpentry. Completion of this degree involves completion of all carpenter union-related qualification requirements. "Step" trade-work experience as well as all union-related classroom training required to achieve "journeyman" status. This is a Tech Prep articulated program. For more information about Tech Prep, see page 9.

Minimum credit hours required: 62

General Education Requirements: 25 credit hours
See page 17 for courses that will satisfy General Education Requirements below.

Composition (6)
ENG 101 College Composition I (3)
ENG 102 College Composition II (3)

Mathematics (3–5)
MAT 124 Technical Problem Solving (3) or a higher course selected from the approved AGEC courses in the Mathematics category.

Arts/Humanities (6)
Any approved General Education courses in the Arts/Humanities category.

Social/Behavioral Sciences (6)
Any approved General Education courses in the Social/Behavioral Sciences category.

Physical/Biological Sciences (4–5)
Any approved General Education course in the Physical/Biological Sciences category.

Degree Core Requirements: 40 credit hours
CAP 101 Introduction to the Carpentry Industry (5)
CAP 102 Carpentry Math Applications & Metrics (5)
CAP 103 Print Reading & Advanced Blueprints (5)
CAP 104 Concrete Formwork (5)
CAP 105 Framing Walls, Roofs & Decks (5)
CAP 106 Carpentry Industry Technology (5)
CAP 107 Interior Systems (5)
CAP 108 Interior Finish (5)

*Placement test and/or prerequisite required.

Computer Software Technology: AAS Degree

The Associate of Applied Science Degree in Computer Software Technology is designed to prepare students for entry-level positions requiring computer software application skills and/or the ability to support end-users. The program offers emphases in PC Technician, Graphic and Web Design and Application Software Specialist. This is a Tech Prep articulated program. For more information about Tech Prep, see page 9.

Minimum credit hours required: 62

General Education Requirements: 26–27 credit hours
See page 17 for courses that will satisfy General Education Requirements below.

Composition (6)
ENG 101 College Composition I (3)
ENG 102 College Composition II (3)

Mathematics (4)
MAT 151 College Algebra (4)

Arts/Humanities (6)
Any approved General Education courses in the Arts/Humanities category.

Social/Behavioral Sciences (6)
Any approved General Education courses in the Social/Behavioral Sciences category.

Physical/Biological Sciences (4–5)
Any approved General Education course in the Physical/Biological Sciences category.

Degree Core Requirements: 36 credit hours
Required: 35 credit hours
LDR 115 Workplace Ethics (1)
BUS 204 Business Communications (3)
CIS 110 Windows, the Internet and Onlinelearning(3)
CIS 111 Principles of Programming (2)
Degrees Not Intended for Transfer

CIS 120 Introduction to Computer Information Systems (3)
CIS 122 Introduction to MS Word (2)
CIS 123 Introduction to Excel Spreadsheets (2)
CIS 125 Introduction to Databases (3)
CIS 220\textsuperscript{1} Computer Programming I (4)
CIS 222\textsuperscript{1} Advanced MS Word (2)

Degree Elective Tracks: 11 credit hours
Select at least 11 credit hours from one of the following tracks:

PC Technician Track (11):
CIS 130 Computer Repair and A + Prep (4)
CIS 135\textsuperscript{1} Basic Server Operating Systems (4)
CIS 161 UNIX Administration I (4)
CIS 230\textsuperscript{1} Implementing and Supporting Windows (4)
CIS 289 Internship I (1-6)
CIS 298 Special Topics (1-6)

Graphics and Web Design Track (11):
ART 130 Computer Graphics (3)
CIS 117 Introduction to Web Page Design (2)
CIS 127\textsuperscript{1} Introduction to Desktop Publishing (3)
CIS 217\textsuperscript{1} Web Publishing I (3)
ART 135\textsuperscript{1} Photoshop (3)
ART 136 Digital Photography (3)
CIS 289 Internship I (1-6)
CIS 298 Special Topics (1-6)

Application Software Specialist Track (11):
CIS 113 Introduction to PowerPoint (1)
CIS 117 Introduction to Web Page Design (2)
CIS 127 Introduction to Desktop Publishing (3)
CIS 217 Web Publishing I (3)
CIS 223 Advanced Excel Spreadsheets (2)
CIS 289 Internship I (1-6)
CIS 298 Special Topics (1-6)

General Technology Track (11):
ART 130 Computer Graphics (3)
CIS 113 Introduction to PowerPoint (1)
CIS 117 Introduction to Web Page Design (2)
CIS 130 Computer Repair and A + Prep (4)
CIS 223\textsuperscript{1} Advanced Excel Spreadsheets (2)
CIS 230 Implementing and Supporting Windows (4)
CIS 289 Internship I (1-6)
CIS 298 Special Topics (1-6)

\textsuperscript{1} Placement test and/or prerequisite required.

Minimum credit hours required: 61

General Education Requirements: 25–27 credit hours
See page 17 for courses that will satisfy General Education Requirements below.

Composition (6)
ENG 101\textsuperscript{1} College Composition I (3)
ENG 102\textsuperscript{1} College Composition II (3)

Mathematics (3–5)
MAT 124\textsuperscript{1} Technical Problem Solving (3) or
MAT 187\textsuperscript{1} Pre-calculus (5)

Arts/Humanities (6)
Any approved General Education courses in the Arts/Humanities category.

Social/Behavioral Sciences (6)
Any approved General Education courses in the Social/Behavioral Sciences category.

Physical/Biological Sciences (4)
Any approved General Education courses in the Physical/Biological Sciences category.

Degree Core Requirements: 36 credit hours

Required: 27 credit hours
DFT 125\textsuperscript{1} Architectural Drafting I (3)
DFT 150\textsuperscript{1} AutoCAD 2D (3)
CTM 211 International Residential Code (3)
CTM 120 Building the Human Environment (3)
CTM 130 Blueprint Reading & Estimating (3)
CTM 226 Mechanical Systems (3)
CTM 123 Building Construction Methods I (3)
CTM 124 Building Construction Methods II (3)
CTM 288 Construction Supervision, Scheduling & Project Management (3)

Degree Electives: 9 credit hours
DFT 200\textsuperscript{1} AutoCAD 3D (3)
DFT 225\textsuperscript{1} Architectural Drafting I – CAD (3)
CTM 221\textsuperscript{1} Structural Design & Building Materials (3) or
Any nine credits from Accounting or Business in consultation with an advisor.
A business ethics course is recommended.

\textsuperscript{1} Placement test and/or prerequisite required.
Dance: AAS Degree

The Associate of Applied Science in Dance is designed for students who would like to develop their dance technique and performance skills. It will give them a sound foundation in technique and theory in preparation for application to university programs or dance company schools for further study and performance.

Minimum credit hours required: 60 (Performance Emphasis only)

General Education Requirements: 19 credit hours
See page 17 for courses that will satisfy General Education Requirements below.

Composition (6)
ENG 101 College Composition I (3)
ENG 102 College Composition II (3)

Mathematics (3–5)
MAT 142 College Mathematics (3) or a higher course selected from the approved AGEC courses in the Mathematics category.

Arts/Humanities (3)
Any approved General Education courses in the Arts/Humanities category.

Social/Behavioral Sciences (3)
Any approved General Education courses in the Social/Behavioral Sciences category.

Physical/Biological Sciences (4)
Any approved General Education courses in the Physical/Biological Sciences category.

Degree Core Requirements: 37 credit hours Required:
Modern or ballet must be taken every semester. Students must choose two forms from Modern, Ballet, or Jazz, and must take 4 semesters of the two forms for the degree.

DAN 221 Modern Dance II (3) X 2 semesters
DAN 222 Modern Dance III (3) X 2 semesters
and/or
DAN 250 Jazz Dance II (3) X 2 semesters
DAN 251 Jazz Dance III (3) X 2 semesters
and/or
DAN 211 Ballet II (3) X 2 semesters
DAN 212 Ballet III (3) X 2 semesters
DAN 151 Turkish-Egyptian Dance I (2)
or
DAN 153 Flamenco I (2)
DAN 180 Dance Production (3)

DAN 200 Improvisation (2)
DAN 230 Intro to Choreography (3)
DAN 201 Dance History (3)

Degree Emphasis: 4–12 credit hours
Performance Emphasis (4)
Degree Electives: at least 4 credit hours selected from the DAN prefix, with the exception of DAN 110, DAN 120, and DAN 150, in consultation with a Dance advisor

Teaching Emphasis (12)
DAN 215 Teaching Dance for Children (3)
THR 110 Acting I (3)
ECE 210 Creative Arts for the Young Child (3)
ECE 234 Child Development (3)

1 Placement test and or prerequisite required.

Early Childhood Education: AAS Degree

The Associate of Applied Science degree in Early Childhood Education is designed to prepare students for positions within the field of Early Childhood Education. Students may apply credit hours earned in the Certificate in Early Childhood Education toward this degree. This is a Tech Prep articulated program. For more information about Tech Prep, see page 9.

Minimum credit hours required: 62

General Education Core Requirements: 26 credit hours
See page 17 for courses that will satisfy General Education Requirements below.

Composition (6)
ENG 101 College Composition I (3)
ENG 102 College Composition II (3)

Mathematics (4)
MAT 121 Intermediate Algebra with Review (4)

Arts/Humanities (6)
Any approved General Education courses in the Arts/Humanities category.

Social/Behavioral Sciences (6)
Required:
PSY 101 Introduction to Psychology (3)
Any approved General Education course in the Social/Behavioral Science category (3)

Physical/Biological Sciences (4–5)
Any approved General Education course in the Physical/Laboratory Science category (4)
Degree Core Requirements: 36 credit hours

Required: 30 credit hours
ECE 100  Introductions to Early Childhood Education (3)
ECE 110  Early Childhood Curriculum (3)
ECE 120  Health, Safety, & Nutrition for the Young Child (3)
ECE 200  Child Guidance (3)
ECE 210  Creative Arts for the Young Child (3)
ECE 220  Language Arts for the Young Child (3)
ECE 230  Exploration & Discovery for the Young Child (3)
ECE 234  Child Growth and Development (3)
ECE 240  School, Family, & Community Relations (3)
ECE 250  Children with Special Needs (3)

Degree electives: 6 credit hours:
Select six credit hours from the following courses:
MAT 130  Math for Elementary School Teachers I (3)
MAT 131  Math for Elementary School Teachers II (3)
EDU 200  Introduction to Education (3)
SPC 100  Fundamentals of Speech Communication (3)
POS 220  Arizona & National Constitution (3)

1 Placement test and/or prerequisite required.

Fire Science: AAS Degree

The Fire Science program is designed to prepare students to enter the Fire Science profession by providing them with knowledge and skills which can be used to enter a wide variety of positions. The program allows students the option of selecting courses emphasizing emergency medical, fire suppression, or fire prevention.

Minimum credit hours required: 68

General Education Requirements: 26–27 credit hours
See page 17 for courses that will satisfy General Education Requirements below.

Composition (6)
ENG 101  College Composition I (3)
ENG 102  College Composition II (3)

Mathematics (4)
MAT 151  College Algebra (4)

Arts/Humanities (6)
Any approved General Education courses in the Arts/Humanities category.

Social/Behavioral Sciences (6)
Any approved General Education courses in the Social/Behavioral Sciences category.

Physical/Biological Sciences (4–5)
Choose one of the following:
BIO 100  Biology Concepts (4)
BIO 105  Environmental Biology (4)
BIO 181  Unity of Life: Life of the Cell (4)
CHM 130  Fundamental Chemistry (4)
CHM 151  General Chemistry I (5)
PHY 111  College Physics I (4)

Degree Core Requirements: 42 credit hours

Required: 33 credit hours
EMS 131  Emergency Medical Technician (7)
FSC 135  Fundamentals of Fire Prevention (3)
FSC 136  Fire Apparatus & Hydraulics (4)
FSC 138  Hazardous Materials/First Responder (2)
FSC 180  Fire Fighter I & II (8)
FSC 236  Firefighter Occupational Safety (3)
FSC 238  Emergency Scene Management (3)
FSC 239  Fire Department Company Officer (3)

Degree Electives: 9 credit hours
Select nine credit hours from the following:
BUS 209  Principles of Supervision (3)
BUS 211  Human Resources/Personnel Management (3)
EMS 211  Emergency Medical Technician Refresher (2)
EMS 262  Certified Emergency Paramedic (47)
FSC 233  Wildland Fire Suppression (3)
FSC 234  Fire Investigation (3)
FSC 235  Fire Protection Systems (3)
FSC 241  Firefighter Safety & Building Construction (3)

1 Placement test and/or prerequisite required.

Hospitality Management: AAS Degree

The Hospitality Management program prepares students for entry-level management careers in the hospitality industry. Students completing this degree will develop knowledge and skills necessary to compete in one of Arizona’s fastest growing businesses. This is a Tech Prep articulated program. For more information about Tech Prep, see page 9.

Minimum credit hours required: 61

General Education Requirements: 25–27 credit hours
See page 17 for courses that will satisfy General Education Requirements below.

Composition (6)
ENG 101  College Composition I (3)
ENG 102  College Composition II (3)
**Mathematics (3–5)**
- BUS 100\(^1\) Mathematics of Business (3)
- or
- MAT 121\(^1\) Intermediate Algebra with Review (4) or a higher course selected from the approved AGEC courses in the Mathematics category.

**Arts/Humanities (6)**
Any approved General Education courses in the Arts/Humanities category.

**Social/Behavioral Sciences (6)**
Any approved General Education courses in the Social/Behavioral Sciences category.

**Physical/Biological Sciences (4–5)**
Any approved General Education course in the Physical/Biological Sciences category.

**Degree Core Requirements: 36 credit hours**

**Required: 27 credit hours**
- BUS 206 Principles of Management (3)
- BUS 209 Principles of Supervision (3)
- BUS 218 Customer Service (3)
- CIS 120 Introduction to Computer Information Systems (3)
- HRM 100 Introduction to Hospitality (3)
- HRM 235 Hospitality Law (3)
- SPC 100 Fundamentals of Speech Communication (3)

**Hotel Emphasis:**
- HRM 210 Guest Service Management (3)
- HRM 220 Property Management (3)

**Restaurant Emphasis:**
- HRM 140 Food Production Concepts (3)
- HRM 240 Commercial Food Production (3)

**Specialization Options: 9 credit hours**
Select nine credit hours from the following:
- ACC 101\(^1\) Principles of Financial Accounting (3)
- BUS 204\(^4\) Business Communications (3)
- BUS 211 Human Resources/Personnel Management (3)
- BUS 214\(^4\) Legal, Ethical & Regulatory Issues in Business (3)
- ECN 204\(^6\) Macroeconomic Principles (3)
- ECN 205 Microeconomic Principles (3)
- HRM 170 Hospitality Information Technology (3)
- HRM 225\(^5\) Hospitality Accounting (3)

\(^1\) Placement test and/or prerequisite required.

**Medical Office Assistant: AAS Degree**

The Medical Office Assistant degree program prepares students for the varied and expanded responsibilities involved in working within medical offices today. Students will receive training in numerous areas, which will give them a complete understanding of the intricate workings within today's medical businesses. Graduates will have the skills necessary to obtain a position as a medical office assistant that will be able to perform numerous duties in the front office. Additionally, graduates from the degree program will have training in writing, mathematics and additional subject areas. This is a Tech Prep articulated program. For more information about Tech Prep, see page 9.

Minimum credit hours required: 61

**General Education Core Requirements: 25–28 credit hours**

**Composition (6)**
- ENG 101\(^1\) College Composition I (3)
- ENG 102\(^2\) College Composition II (3)

**Mathematics (3–5)**
- MAT 142\(^2\) or a higher course selected from the approved AGEC courses in the Mathematics category. (3–5)

**Arts/Humanities (6)**
Courses from two or more disciplines must be selected from the approved General Education courses in the Arts/Humanities category.

**Social/Behavioral (6)**
Any approved General Education courses in the Social and Behavioral Sciences category.

**Physical/Biological Sciences (4–5)**
Any approved General Education course in the Physical/Biological Sciences category.

**Degree Core Requirements: 36–37 credit hours**

**Required: 30 credit hours**
- AHS 100 Introduction to Health Services (3)
- AHS 105 Communication & Behavior in the Health Care Setting (3)
- AHS 110 Health Care Ethics & Law (3)
- AHS 131\(^1\) Medical Terminology (3)
- AHS 135\(^5\) Medical Coding, Insurance, & Billing (3)
- AHS 137\(^2\) Back Office Procedures (3)
- OIS 130\(^6\) Machine Transcription (3)

Three credit hours of any advisor-approved coursework consistent with degree goals/focus

Optional: 1-6 credit hours
OIS 289  Internship I (1-6)

1 Placement text and/or prerequisite required.
2 It is strongly recommended that students enroll in this optional course in addition to the required credit hours for completion of the AAS degree in Office Information Systems. Please see catalog for course description.

Paralegal Studies: AAS Degree

The Paralegal Program is designed to prepare students to enter the workforce in an advanced capacity to assist in a legal environment. It will provide the student with the knowledge and skills to obtain employment in the fast-paced legal field of today. Students should be prepared for a rigorous course of study, which will demand intense oral, written and listening communication and research skills. This is a Tech Prep articulated program. For more information For more information about Tech Prep, see page 9.

Minimum credit hours required: 70

General Education Requirements: 26-27 credit hours
See page 17 for courses that will satisfy General Education Requirements below.

Composition (6)
ENG 101  College Composition I (3)
ENG 102  College Composition II (3)

Mathematics (4)
MAT 151  College Algebra (4)

Arts/Humanities (6)
Courses from two disciplines must be selected from the approved General Education courses in the Arts/Humanities category.

Social/Behavioral Sciences (6)
BUS 203  Business Law (3) &
One course from the approved General Education courses in the Social and Behavioral Sciences category.

Physical/Biological Sciences (4-5)
Any approved General Education courses in the Physical/Biological Sciences category.

Degree Core requirements: 44-45 credit hours

Required: 44-45 credit hours
PAR 100  Introduction to Paralegal Studies (3)
PAR 104  Will, Trusts & Probate (3)
PAR 105  Legal Computer Applications (2)
PAR 203  Family Law (3)
PAR 209  Administrative Law (2)
or
AJS 209  Jurisdictional Issues on Federal & Indian Land (3)
PAR 210  Bankruptcy Procedures (2)
PAR 215  Legal Research & Writing 1 (3)
PAR 216  Legal Research & Writing 2 (3)
PAR 220  Civil Tort Litigation I (3)
PAR 221  Civil Tort Litigation II (3)
RES 105  Real Estate Law (3)
CIS 122  Introduction to MS Word (2)
AJS 150  Rules of Criminal Procedure (3)
ACC 101  Principles of Accounting (3)
BUS 204  Business Communications (3)
PAR 289  Internship I (3)

1 Placement text and/or prerequisite required.

Paramedic Studies: AAS Degree

The Paramedic Science program is designed to prepare students to enter the paramedic profession by providing them with the knowledge and skills which can be used to enter the paramedic field.

Minimum credit hours required: 66

General Education Requirements: 19 credit hours
See page 17 for courses that will satisfy General Education Requirements below.

Composition (6)
ENG 101  College Composition I (3)
ENG 102  College Composition II (3)

Mathematics (4)
MAT 151  College Algebra (4)

Arts/Humanities (3)
One course must be selected from the approved General Education courses in the Arts/Humanities category.

Social/Behavioral Sciences (6)
Courses from two disciplines must be selected from the approved General Education course list in the Social/Behavioral Sciences category.

Degree Core requirements: 47 credit hours

Required: 47 credit hours
EMS 262  Certified Emergency Paramedic (47)
Sheet Metal Apprenticeship: AAS Degree

The Associate of Applied Science in Sheet Metal Apprenticeship will prepare students with the trade skills related to a career in sheet metal. Completion of this degree involves completion of all sheet metal union-related qualification requirements of "step" trade-work experience as well as all union-related classroom training required to achieve "journeyman" status.

Minimum hours required: 75

General Education Requirements: 25 credit hours
See page 17 for courses that will satisfy General Education Requirements below.

Composition (6)
ENG 101 College Composition I (3)
ENG 102 College Composition II (3)

Mathematics (3–5)
MAT 124 Technical Problem Solving (3) or a higher course selected from the approved AGEC courses in the Mathematics category.

Arts/Humanities (6)
Any approved General Education courses in the Arts/Humanities category.

Social/Behavioral Sciences (6)
Any approved General Education courses in the Social/Behavioral Sciences category.

Physical/Biological Sciences (4–5)
Any approved General Education course in the Physical/Biological Sciences category.

Degree Core Requirements: 50 credit hours

SMT 101 Sheet Metal I (5)
SMT 102 Sheet Metal II (5)
SMT 103 Sheet Metal III (5)
SMT 104 Sheet Metal IV (5)
SMT 105 Sheet Metal V (5)
SMT 106 Sheet Metal VI (5)
SMT 107 Sheet Metal VII (5)
SMT 108 Sheet Metal VIII (5)
SMT 109 Sheet Metal IX (5)
SMT 110 Sheet Metal X (5)

1 Placement test and/or prerequisite required.

Associate of General Studies: AGS Degree

The Associate of General Studies Degree is designed for students who wish to broaden their knowledge, but have no university major or vocational goal in mind. This degree requires a minimum of 60 credit hours with a cumulative CCC grade point average of 2.00 or a higher course selected from the approved AGEC courses in the Mathematics category. Students must complete a minimum of 25 credit hours of General Education courses but are otherwise free to explore new areas of interest. A maximum of 12 credit hours may be completed in courses numbered below 100. This degree is not recommended for students planning to transfer to a university. The Associate of General Studies Degree is intended as an alternative degree which recognizes the mission of the community college that education is a lifelong process.

Minimum credit hours required: 60

General Education Requirements: 25–27 Credit Hours
See page 17 for courses that will satisfy General Education Requirements below.

Composition (6)
ENG 101 College Composition I (3) &
ENG 102 College Composition II (3)

Mathematics (3–5)
MAT 121 Intermediate Algebra with Review (4) or a higher course selected from the approved AGEC courses in the Mathematics category.

Arts/Humanities (6)
Any approved General Education courses in the Arts/Humanities category.

Social/Behavioral Sciences (6)
Any approved General Education courses in the Social/Behavioral Sciences category.

Physical/Biological Sciences (4–5)
Any approved General Education course in the Physical/Biological Sciences category.

Electives: 33–36 Credit Hours
Select 33–36 credit hours either in a variety of disciplines or in an area of concentration.

1 Placement test and/or prerequisite required.
Certificate Programs

Accounting Technician Certificate

The Accounting Technician Certificate program is designed to prepare students for employment as full-charge bookkeepers and accounting technicians. Included in the curricula are practical applications and computer knowledge. Students may apply earned accounting credit hours of this program toward the Associate of Applied Science degree in Business Technologies with an Accounting Specialization. This is a Tech Prep articulated program. For more information about Tech Prep, see page 9.

Minimum credit hours required: 33

Certificate Requirements: 33–35 credit hours

ACC 100  Practical Accounting Procedures  (5)
ACC 101  Principles of Accounting I  (3)
ACC 206  Computerized Accounting  (3)
ACC 110  Payroll Accounting  (3)
BUS 100  Mathematics of Business  (3)
BUS 204  Business Communications  (3)
CIS 122  Introduction to MS Word  (2)
CIS 123  Introduction to Excel Spreadsheets  (2)
CIS 223  Advanced Excel Spreadsheets  (2)
ENG 101  College Composition I  (3)

Nine credit hours selected from ACC courses in consultation with a business advisor  (9)

1 Placement test and/or prerequisite required.

Alternative Energy Technician Certificate

Intermediate Certificate

The Intermediate Certificate in Alternative Energy is designed to introduce the student to the construction and electrical industries and, provide the foundations for hazard recognition and safety. Students are introduced to design issues associated with home construction, community development and passive solar design. This is a Tech Prep articulated program. For more information about Tech Prep, see page 9.

Minimum credit hours required: 19

Certificate Requirements: 19 credit hours

BUS 111  Business English  (3)
CTM 120  Building the Human Environment  (3)
CTM 122  Construction Materials & Equipment Safety  (3)
CTM 123  Building Construction Methods I
CTM 235  Solar Home Design  (3)
MAT 121  Intermediate Algebra with Review  (4)

Advanced Certificate

The Advanced Certificate in Alternative Energy improves the student’s expertise and knowledge in construction from an economic perspective. This certificate advances electrical skills with particular applications in photovoltaic and windpower electrical generation.

Minimum credit hours required: 47
Certificate Requirements: 47 credit hours

Completion of the Intermediate Certificate (22)
CIS 120  Introduction to Computer Information Systems (3)
DFT 110  Technical Drafting & CAD Fundamentals (3)
ECN 205  Micro Economics Principles (3)
CTM 130  Blueprint Reading (3)
CTM 124  Building Construction Methods II (3)
CTM 236  Photovoltaics & Wind Power (3)
CTM 250  Innovative & Alternative Building Techniques (3)
MAT 124  Technical Problem Solving (3)

1 Placement test and/or prerequisite required.
2 May substitute CTM 198 with consent of department chair.

Minimum credit hours required: 24

Certificate Requirements: 24 credit hours

DFT 110  Technical Drafting & CAD Fundamentals (3)
DFT 125  Architectural Drafting I (3)
DFT 150  AutoCAD 2D (3)
DFT 200  AutoCAD 3D (3)
DFT 225  Architectural Drafting II: CAD (3)
DFT 260  Architectural Drafting II: CAD (3)
CTM 120  Building the Human Environment (3)
CTM 130  Blueprint Reading & Estimating (3)

1 Placement test and/or prerequisite required.

AGEC-A

AGEC-A is a 35-credit lower-division General Education curriculum block that fulfills the lower-division General Education requirements of liberal arts majors at all three Arizona State Universities. (e.g., Anthropology, Social Science, Fine Arts, and Humanities).

Minimum credit hours required: 35

Certificate Requirements: 35 Credit Hours

Composition 6
ENG 101  College Composition I (3)
ENG 102  College Composition II (3)

Mathematics 3–5
MAT 142  College Mathematics (3) or a higher course selected from the approved AGEC courses in the Mathematics category.

Arts/Humanities 6–9
Courses from two or more disciplines must be selected from the approved General Education courses in the Arts/Humanities category.

Social/Behavioral Sciences 6–9
Courses from two or more disciplines must be selected from the approved General Education courses in the Social/Behavioral Sciences category.

Physical/Biological Sciences 8–10
Any two courses may be taken from the Physical/Biological Sciences category.

Options* 0–6
General Education Options may be selected from the above categories or from the Options category.

*0–6 hours may be taken in the Options category as needed to complete the minimum 35 hours required for the AGEC.
Certificate Programs

Special Requirements
Each Special Requirement must be met within the General Education Requirements:
• Intensive Writing/Critical Inquiry
• Ethnic/Race/Gender Awareness
• Contemporary Global/International Awareness or Historical Awareness

AGEC-B

AGEC-B is a 35-credit lower-division General Education curriculum block that fulfills the lower-division General Education requirements of business majors at all three Arizona State Universities. (e.g. Business Administration, Computer Information Systems)

Note: Associate in Business degree core courses may not be used to satisfy AGEC-B requirements.

Minimum credit hours required: 35

Certificate Requirements: 35 Credit Hours

Composition 6
ENG 101 College Composition I (3)
ENG 102 College Composition II (3)

Mathematics 3–5
MAT 212 Business Calculus (3) or a higher course selected from the approved AGEC courses in the Mathematics category.

Arts/Humanities 6–9
Courses from two or more disciplines must be selected from the approved General Education courses in the Arts/Humanities category.

Social/Behavioral Sciences 6–9
Courses from two or more disciplines must be selected from the approved General Education courses in the Social/Behavioral category.

Physical/Biological Sciences 8–10
Any two courses may be taken from the Laboratory Sciences category.

Options* 0–6
General Education Options may be selected from the above categories or from the Options category.

*0-6 hours may be taken in the Options category as needed to complete the minimum 35 hours required for the AGEC.

Special Requirements
Each Special Requirement must be met within the General Education Requirements:
• Intensive Writing/Critical Inquiry
• Ethnic/Race/Gender Awareness
• Contemporary Global/International Awareness or Historical Awareness

AGEC-S

AGEC-S is a 35-credit lower-division General Education curriculum block that fulfills the lower-division General Education requirements of majors with more stringent mathematics and mathematics-based science requirements at all three Arizona State Universities. (e.g. Biology or Chemistry).

Minimum credit hours required: 35

Certificate Requirements: 35 Credit Hours

Composition 6
ENG 101 College Composition I (3)
ENG 102 College Composition II (3)

Mathematics 5
MAT 220 Calculus & Analytic Geometry I (5)

Arts/Humanities 6–9
Courses from two or more disciplines must be selected from the approved general education courses in the Arts/Humanities category.

Social/Behavioral Sciences 6–9
Courses from two or more disciplines must be selected from the approved General Education courses in the Social/Behavioral category.

Physical/Biological Sciences 8–10
BIO 181 Unity of Life I: Life of the Cell (4) &
BIO 182 Unity of Life II: Multi-cellular Organisms (4)
or
CHM 151 General Chemistry I (5) &
CHM 152 General Chemistry II (5)
or
PHY 161 University Physics I (4) &
PHY 262 University Physics II (4)

Options* 0–6
General Education Options may be selected from the above categories or from the Options category.

*0-6 hours may be taken in the Options category as needed to complete the minimum 35 hours required for the AGEC.

Special Requirements
Each Special Requirement must be met within the General Education Requirements:
• Intensive Writing/Critical Inquiry
• Ethnic/Race/Gender Awareness
• Contemporary Global/International Awareness or Historical Awareness
Certificate Programs

Basic Detention Academy Certificate
The Coconino Community College Basic Detention Academy is designed to provide entry level training to detention/corrections officer staff, meeting Arizona Detention Association standards.

Minimum credit hours required: 13

Certificate Requirements: 13 credit hours

AJS 216 The Coconino Community College Basic Detention Academy is designed to provide entry level training to detention/corrections officer staff, meeting Arizona Detention Association standards.

Carpentry Apprenticeship Certificate

Intermediate Certificate
The Intermediate Certificate in Carpentry is designed to introduce the student to the carpentry industry. It provides the foundational classes in the carpentry and construction trades as well as introduces field techniques and applications in a progressively complicated sequence. This is a Tech Prep articulated program. For more information about Tech Prep, see page 9.

Minimum credit hours required: 20

Certificate Requirements: 20 credit hours

CAP 101 Introduction to the Carpentry Industry (5)
CAP 102 Carpentry Math Applications & Metrics (5)
CAP 103 Print Reading & Advanced Blueprints (5)
CAP 104 Concrete Formwork (5)

Advanced Certificate
The Advanced Certificate in Carpentry is designed to continue to improve the student's expertise in the construction industry. It provides more advanced classes in the carpentry and construction trades as well as field techniques and applications in a progressively complicated sequence.

Minimum credit hours required: 40

Certificate Requirements: 40 credit hours

Completion of the Intermediate Certificate (20)
CAP 105 Framing Walls, Roofs & Decks (5)
CAP 106 Carpentry Industry Technology (5)
CAP 107 Interior Systems (5)
CAP 108 Interior Finish (5)

Computer Aided Drafting Technician Certificate
The Computer Aided Drafting Certificate will provide students with a solid foundation in the field of CAD as a tool for various drafting technologies. Those students who are exploring the field of Computer Aided Drafting or are in need of developing computerized skills will find this certificate challenging and beneficial for future applications. This is a Tech Prep articulated program. For more information about Tech Prep, see page 9.

Minimum credit hours required: 9

Certificate Requirements: 9 credit hours

CIS 120 Introduction to Computer Information Systems (3)
DFT 150 AutoCAD 2D (3)
DFT 200 AutoCAD 3D (3)

Placement test and/or prerequisite required.

Computer Software Technology Certificate
The Computer Technician Certificate is designed to develop professional skills related to computer hardware and software support and maintenance. Students in this program are encouraged to test for Microsoft Certified Professional in Windows and A+ Certification. Students may also apply credit hours earned in this program toward the Associate of Applied Science degree in Computer Software Technology. This is a Tech Prep articulated program. For more information about Tech Prep, see page 9.

Minimum credit hours required: 19

Computer Technician Certificate: 19 credit hours

CIS 120 Intro to Computer Information Systems (3)
CIS 130 Computer Repair and A+ Prep (4)
CIS 135 Basic Server Operating Systems (4)
CIS 161 Unix Administration I (4)
CIS 230 Implementing and Supporting Windows (4)

Placement test and/or prerequisite required.
Computer Technician Certificate

The Computer Technician Certificate is designed to develop professional skills related to computer hardware and software support and maintenance. Students in this program are encouraged to test for Microsoft Certified Professional in Windows and A+ Certification. Students may also apply credit hours earned in this program toward the Associate of Applied Science degree in Computer Software Technology. This is a Tech Prep articulated program. For more information about Tech Prep, see page 9.

Minimum credit hours required: 19

Computer Technician Certificate: 19 credit hours

CIS 120 Intro to Computer Information Systems (3)
CIS 130 Computer Repair and A+ Prep (4)
CIS 135 Basic Server Operating Systems (4)
CIS 161 Unix Administration I (4)
CIS 230 Implementing and Supporting Windows (4)

* Placement test and/or prerequisite required.

Construction Technology Certificate

The Construction Technology Certificate provides students with a technical foundation required to compete in today’s construction field. Students will be instructed through mastery learning components and field study workshops arranged with local contractors. Students may apply credit hours earned in this program toward the Associate of Applied Science degree in Construction Technology. This is a Tech Prep articulated program. For more information about Tech Prep, see page 9.

Minimum credit hours required: 21

Certificate Requirements: 21–23 credit hours

DFT 125 Architectural Drafting I (3)
ENG 100 Fundamentals of Composition (3)
CTM 120 Building the Human Environment (3)
CTM 123 Building Construction Methods I (3)
CTM 124 Building Construction Methods II (3)
CTM 130 Blueprint Reading & Estimating (3)
MAT 124 Technical Problem Solving (3)

or

MAT 187 Pre-calculus (5)

* Placement test and/or prerequisite required.

Early Childhood Education Certificate

The Certificate in Early Childhood Education is designed to prepare students for positions within the field of early childhood education. Students may apply credit hours earned in the certificate toward the Associate of Applied Science degree in Early Childhood Education. This is a Tech Prep articulated program. For more information about Tech Prep, see page 9.

Minimum credit hours required: 33

Certificate Requirements: 33 credit hours

ECE 100 Introductions to Early Childhood Education (3)
ECE 110 Early Childhood Curriculum (3)
ECE 120 Health, Safety & Nutrition for the Young Child (3)
ECE 200 Child Guidance (3)
ECE 210 Creative Arts for the Young Child (3)
ECE 220 Language Arts for the Young Child (3)
ECE 230 Exploration & Discovery for the Young Child (3)
ECE 240 School, Family & Community Relations (3)
ECE 234 Child Growth & Development (3)
ECE 250 Children with Special Needs (3)
PSY 101 Introduction to Psychology (3)

* Prerequisite of PSY 101. Placement test and/or prerequisite required.

Employment Success Certificate

The Employment Success Certificate is designed to provide students with a basic foundation in essential skills for the workplace. Students may apply the skills gained from this program to other certificates or degrees. This is a Tech Prep articulated program. For more information about Tech Prep, see page 9.

Minimum credit hours required: 16

Certificate Requirements: 16 credit hours

BUS 111 Business English (3)
CIS 102 Computer Literacy (2)
LDR 115 Workplace Ethics (1)
HDE 102 College Study Skills (3)
HDE 104 Employment Success Strategies (3)
MAT 055 Arithmetic Review (3)
QIS 100 Keyboarding (1)
Optional Content Areas: 0–9 credit hours

**Hospitality—Hotel Emphasis**
- HRM 100 Introduction to Hospitality (3)
- HRM 210 Guest Service Management (3)
- BUS 218 Customer Service (3)

**Hospitality—Restaurant Emphasis**
- HRM 100 Introduction to Hospitality (3)
- HRM 140 Food Production Concepts (3)
- BUS 218 Customer Service (3)

**Clerical**
- OIS 110 Keyboarding Review & Speed (3)
- OIS 200 Professional Office Skills (3)
- BUS 218 Customer Service (3)

**Computer Software**
- CIS 112 Introduction to Windows (2)
- CIS 120 Introduction to Computer Information Systems (3)
- CIS 122 Introduction to MS Word (2)
- CIS 123 Introduction to Excel Spreadsheets (2)

**Fire Science Certificate**

**Intermediate Certificate**
The Fire Science Intermediate Certificate program is designed to introduce basic skills and to assist those who desire to enhance their abilities on the job. Included in the curriculum are practical applications and knowledge. Students may apply credit hours earned in this program toward the Associate of Applied Science degree in Fire Science.

Minimum credit hours required: 17

**Certificate Requirements: 17 credit hours**
- FSC 180 Firefighter I & II (8)
- FSC 138 Hazardous Materials/First Responder (3)
- FSC 236 Firefighter Occupational Safety (3)
- FSC 238 Emergency Scene Management (3)

**Advanced Certificate**
The Fire Science Advanced Certificate program is designed to introduce basic skills and to assist those who desire to enhance their abilities on the job. Included in the curriculum are practical applications and knowledge. Students may apply the hours of this program toward the Associate of Applied Science degree in Fire Science.

Minimum credit hours required: 40

**Certificate Requirements: 40 credit hours**
- Completion of the Fire Science Intermediate Certificate (17)
- EMS 131 Emergency Medical Technician (7)
- FSC 135 Fundamentals of Fire Prevention (3)
- FSC 136 Fire Apparatus & Hydraulics (4)
- FSC 234 Fire Investigation (3)
- FSC 239 Fire Department Company Officer (3)
- FSC 241 Firefighter Safety & Building Construction (3)

*Placement test and or prerequisite required.

**Forensics Certificate**
The Forensic Investigations Certificate is designed for individuals seeking an introduction to the field of forensic investigations. This certificate provides training to new students and is designed to enhance skills of those currently involved in criminal justice and medical professions.

Minimum credit hours required: 28

**Certificate Requirements: 28 credit hours**
- AJS 250 Criminal Investigations (3)
- AJS 220 Rules of Evidence (3)
- AJS 101 Introduction to Administration of Justice (3)
- ENG 137 Introduction to Technical Writing (3)
- BIO 160 Introduction to Human Anatomy & Physiology (4)
- FOR 101 Introduction to Forensics (3)
- FOR 150 Death Investigations (3)
- FOR 170 Forensic Interviewing (3)
- FOR 289 Forensic Investigation Internship (3)

*Placement test and or prerequisite required.

**Geographic Information Systems (GIS) Certificate**
The Geographic Information Systems (GIS) Basic Certificate will provide students with a solid foundation in the utilization of GIS as a tool for various spatial analysis applications. Coursework includes the introduction of the basic concepts of spatial analysis, history of GIS technology, an understanding of the principles of cartography, map interpretation, and student preparation for operation of ArcView GIS software packages. Coursework also includes the technical and quality control aspects of ArcView, exposure to ArcView applications in spatial analysis, and an internship practicum using ArcView in a GIS analysis project.
Certificate Programs

Basic Certificate
Minimum credit hours required: 18
Certificate Requirements: 18 credit hours
- GEO 131 Introduction to Physical Geography (4)
- GIS 101 Geographic Information Systems (4)
- CIS 120 Introduction to Computer Information Systems (3)
- GIS 201 Introduction to ArcView (3)
- GIS 289 Internship I (4)

Intermediate Certificate
Minimum credit hours required: 27
Certificate Requirements: 27 credit hours
- BUS 111 Business English (3)
- BUS 100 Mathematics of Business (3)
- BUS 209 Principles of Supervision (3)
- BUS 218 Customer Service (3)
- CIS 120 Introduction to Computer Science (3)
- HRM 100 Introduction to Hospitality (3)
- SPC 100 Speech Communication (3)
- HRM 140 Food Production Concepts (3)
- HRM 170 Hospitality Information Technology (3)
  or
- Hotel Emphasis
  - HRM 210 Guest Service Management (3)
  - HRM 220 Property Management (3)

Advanced Certificate
Minimum credit hours required: 39
Certificate Requirements: 39 credit hours
Completion of the Intermediate Hospitality Administration Certificate (27)
- ACC 101 Principles of Financial Accounting (3)
- BUS 211 Human Resources/Personnel Management (3)
- HRM 170 Hospitality Information Technology (3)
- HRM 225 Hospitality Accounting (3)
- HRM 235 Hospitality Law (3)

Graphics and Web Design Certificate
The Graphics and Web Design Certificate is designed to develop professional skills in computer graphics and web page design. Students may apply some of the credit hours earned in this program toward the Associate of Applied Science degree in Computer Software Technology. This is a Tech Prep articulated program. For more information about Tech Prep, see page 9.

Minimum credit hours required: 25
Certificate Requirements: 25 credit hours
- CIS 120 Intro to Computer Info Systems (3)
- CIS 110 Windows, The Internet, and Online Learning (3)
- ART 130 Computer Graphics (3)
- CIS 117 Introduction to Web Page Design (2)
- CIS 122 Introduction to MS Word (2)
- CIS 127 Introduction to Desktop Publishing (3)
- CIS 217 Web Publishing (3)
- ART 135 Photoshop (3)
- ART 136 Digital Photography (3)

Hospitality Certificate
The hospitality program prepares students for entry-level positions in the hospitality industry. Students completing this certificate will develop fundamental skills in which to compete in one of Arizona's fastest growing businesses. This is a Tech Prep articulated program. For more information about Tech Prep, see page 9.

Certificate Requirements: 14-20 credit hours
Core Requirements: 5 credit hours
- PPO 110 Maintenance Fundamentals (5)

Specialization Options: 9-15 credit hours
Certificate Programs

Plant Electrician
PPO 150 Electrician/Instrument Tech II (4)
PPO 200 Plant Electrician III (3)
PPO 250 Plant Electrician IV (3)

Plant Mechanic
PPO 151 Plant Mechanic II (5)
PPO 201 Plant Mechanic III (3)
PPO 251 Plant Mechanic IV (2)

Machinist
PPO 152 Machinist II 4
PPO 202 Machinist III 3
PPO 252 Machinist IV 2

Metal Fabricator
PPO 153 Metal Fabricator II (4)
PPO 203 Metal Fabricator III (4)
PPO 253 Metal Fabricator IV (5)

Instrument Technician
PPO 150 Electrician/Instrument Tech II (4)
PPO 204 Instrument Technician III (4)
PPO 254 Instrument Technician IV (5)

Construction and Maintenance
PPO 155 Construction & Maintenance II (5)
PPO 205 Construction & Maintenance III (5)
PPO 255 Construction & Maintenance IV (5)

Legal Assistant Certificate
The Legal Assistant Certificate program is designed to give students an introduction to legal assistant skills and to assist those students who desire to enhance their abilities on the job. Included in the curriculum are practical applications and knowledge. Students may apply credit hours earned in this program toward the Associate of Applied Science degree in Office Information Systems. This is a Tech Prep articulated program. For more information about Tech Prep, see page 9.

Minimum credit hours required: 39

Certificate Requirements: 39 credit hours
AJS 150 Rules of Criminal Procedures (3)
BUS 100 Mathematics of Business (3)
BUS 111 Business English (3)
CIS 113 Introduction to PowerPoint (1)
CIS 120 Introduction to Computer Information Systems (3)
CIS 122 Introduction to MS Word (2)

CIS 123 Introduction to Excel Spreadsheets (2)
CIS 222 Advanced MS Word (2)
OIS 110 Keyboarding Review & Speed (3)
OIS 130 Machine Transcription (3)
OIS 200 Professional Office Skills (3)
OIS 210 Keyboarding with Applications (3)
OIS 240 Legal Transcription (3)
LDR 115 Workplace Ethics (1)
PAR 100 Introduction to Paralegal Studies (3)
PAR 105 Legal Computer Applications (2)

Optional: 3-6 credit hours
OIS 289 Internship I (3-6)

1 Placement test and/or prerequisite required.
2 It is strongly recommended that students enroll in this elective course in addition to the required credit hours for completion of the Legal Secretary Certificate. Please see catalog for course description.

Medical Insurance, Coding & Billing Certificate
This certificate is designed for students seeking an introduction to medical insurance, coding, and billing in the office, clinic, or hospital. Completion of the program will enhance the knowledge and skills base of those already in the workplace. This is a Tech Prep articulated program. For more information about Tech Prep, see page 9.

Minimum credit hours required: 34

Certificate Requirements: 34 credit hours
AHS 100 Introduction to Health Services (3)
AHS 105 Communication & Behavior in the Health Care Setting (3)
AHS 110 Health Care Ethics & Law (3)
AHS 131 Medical Terminology (3)
AHS 135 Medical Coding, Insurance & Billing (3)
BIO 160 Introduction to Human Physiology & Anatomy (4)
ENG 100 Fundamentals of Composition (3) or
ENG 101 English Composition I (3)
CIS 102 Computer Literacy (2) or
CIS 120 Introduction to Computer Information Systems (3)
MAT 121 Intermediate Algebra with Review (4) or
MAT 151 College Algebra (strongly recommended if considering any type of academic transfer) (4)
OIS 110 Keyboarding Review & Speed (3)
OIS 200 Professional Office Skills (3)

1 Placement test and/or prerequisite required.
Medical Office Assistant Certificate

The Medical Office Assistant Certificate program prepares students for the varied and expanded responsibilities involved in working within medical offices today. Students will receive training in numerous areas, which will give them a complete understanding of the intricate workings within today’s medical businesses. Graduates will have the skills necessary to obtain a position as a medical office assistant that will be able to perform numerous duties in the front office. Students may apply credit hours earned in this program toward the Associate of Applied Science degree in Medical Office Assistant. This is a Tech Prep articulated program. For more information about Tech Prep, see page 9.

Optional: 0–6 credit hours
OIS 289  Internship I (0–6)

1 Placement test and/or prerequisite required.
2 AHS 161 must be taken in conjunction with AHS 160.

Network Engineering Certificate

Intermediate Certificate

The Network Engineering Intermediate Certificate is designed to develop skills related to network engineering and to enhance communications skills and professional readiness. Students may apply credit hours earned in this program toward the Associate of Applied Science degree in Network Engineering. This is a Tech Prep articulated program. For more information about Tech Prep, see page 9.

Minimum credit hours required: 26

Certificate Requirements: 26 credit hours

BUS 204  Business Communications (3)
BUS 111  Business English (3)
Certificate Programs

Network Systems Administration Certificate

The Network Systems Administration Certificate is designed to develop skills related to network operating software and to enhance communication skills and professional readiness. Students may apply some credit hours earned in this program toward the Associate of Applied Science degree in Network Engineering. This is a Tech Prep articulated program. For more information about Tech Prep, see page 9.

Minimum credit hours required: 26

Program Prerequisite: 4 credit hours
CIS 130  Computer Repair and A+ Prep (4)

BUS 100  Mathematics of Business (3)
BUS 111  Business English (3)
BUS 204  Business Communications (3)
CIS 230  Implementing and Supporting Windows (4)
CIS 240  Installing, Configuring, and Administering Microsoft Windows Server (4)
CIS 250  Implementing a Microsoft Windows Network Infrastructure (4)
CIS 260  Implementing and Administering Microsoft Windows Directory (4)
LDR 115  Workplace Ethics (1)

Phlebotomy Certificate

This certificate is designed to prepare students for entry-level positions as phlebotomists in acute care, clinic, or community-based agencies and settings. Addressing such skills as collection of specimens, infection control and safety, the operation of the clinical laboratory, health care delivery and terminology, and communication and professional behavior, this program meets the standards of the national accrediting organizations for phlebotomists. This is a Tech Prep articulated program. For more information about Tech Prep, see page 9.

Minimum credit hours required: 32

Certificate Programs

**BIO 160** Introduction to Human Physiology & Anatomy (4)
**BUS 111** Business English (3)
**CIS 102** Computer Literacy (2)
or
**CIS 120** Introduction to Computer Information Systems (3)
**MAT 121** Intermediate Algebra with Review (4)
or
**MAT 151** College Algebra (strongly recommended if considering any type of academic transfer) (4)

1 Placement test and/or prerequisite required.
2 AHS 161 must be taken in conjunction with AHS 160.

**Pre-Professional Nursing Certificate**

This certificate further develops the skills of the nursing assistant—adding to the caregiver's written communication skills and providing advanced applied knowledge of the human body and mind, computation, and nutrition. The Pre-Professional Nursing Certificate includes all prerequisite coursework requirements for application for admission to all regional community college associate degree-nursing programs and to the NAU baccalaureate-nursing program. This coursework may also be applied to most health science degrees. (The courses in this degree require prerequisites. Please see an advisor prior to enrolling in these courses.) This is a Tech Prep articulated program. For more information about Tech Prep, see page 9.

**Minimum credit hours required: 24**

**Certificate Requirements: 24 credit hours**

**BIO 181** Unity of Life I: Life of the Cell (4)
**BIO 201** Anatomy & Physiology (4)
**CHM 130** General Chemistry (4)
**ENG 101** English Composition I (3)
**ENG 102** English Composition II (3)
**MAT 142** College Mathematics (3)
**NTR 135** Human Nutrition (3)

1 Placement test and/or prerequisite required.

**Sheet Metal Apprenticeship Certificate**

**Intermediate Certificate**
The Intermediate Certificate in Sheet Metal is designed to introduce the student to the sheet metal industry. It provides the foundational classes in the layout and assembly of many sheet metal trades field applications in a progressively complicated sequence.

**Certificate Requirements: 35 credit hours**

**SMT 101** Sheet Metal I (5)
**SMT 102** Sheet Metal II (5)
**SMT 103** Sheet Metal III (3)
**SMT 104** Sheet Metal IV (5)
**SMT 105** Sheet Metal V (5)
**SMT 106** Sheet Metal VI (5)
**SMT 107** Sheet Metal VII (5)

**Advanced Certificate**
The Advanced Certificate in Sheet Metal is designed to continue to improve the student's expertise in the sheet metal industry. It provides more advanced classes in the layout and assembly of many sheet metal trades field applications in a progressively complicated sequence.

**Certificate Requirements: 50 credit hours**

Completion of the Intermediate Certificate (35)
**SMT 108** Sheet Metal VIII (5)
**SMT 109** Sheet Metal IX (5)
**SMT 110** Sheet Metal X (5)

1 Placement test and/or prerequisite required.
Course Descriptions

ACC—Accounting

ACC 100 (5)
Practical Accounting Procedures*
Practical approach to the study of accounting for office, sales, and small business personnel. Includes the basic accounting cycle, special journals, and procedures for controlling cash and payroll accounting. Accounting systems and procedures for small businesses are stressed. Five lecture. Spring, Fall.

ACC 101 (3)
Principles of Financial Accounting
Financial accounting theory as applied to corporate form of business involving service and merchandising activities. Includes analysis and recording of business transactions and preparation of financial statements. Prerequisite: MAT 142 or ACC 100 or placement. Three lecture. Spring, Fall, Summer.

ACC 102 (3)
Principles of Managerial Accounting
Accounting theory and practice as it applies to the use of accounting information in the management decision making process of an organization. Introduces manufacturing accounting (job order, process cost, and standard cost systems) and budgeting. Prerequisite: ACC 101. Three lecture. Spring, Fall, Summer.

ACC 103 (3)
Basic Office Accounting I
Techniques, tools, and composition of a basic bookkeeping system. Includes journalizing an opening entry, journalizing and posting routine transaction from source documents, closing entries, preparing simple financial statements and preparing a post adjusting trial balance to complete the bookkeeping cycle. For non-accounting majors. Three lecture.

ACC 104 (3)
Basic Office Accounting II
Developing and maintaining a set of books for small business. Includes an introduction to the following: special journals, payroll systems, sales taxes, bad debts, depreciation, notes and interest, accruals, and the partnership and corporate form of business. For non-accounting majors. Prerequisite: ACC 103. Three lecture.

ACC 105 (3)
Income Tax I
Internal Revenue Service Code and Regulations as they pertain to the individual. Tax principles are applied to problems and the preparation of the individual income tax return. Three lecture. Spring.

ACC 109 (3)
Budget & Forecasting
Roles, techniques, and uses of budgeting and forecasts. Application of budgets, and forecasting management decision-making and control. Prerequisite: ACC 101. Three lecture.

ACC 110 (3)
Payroll Accounting
A course that provides comprehensive and practical instruction in manual and computerized preparation and calculation of a business’s payroll records and tax returns. Prerequisite: ACC 100 or ACC 101 or instructor’s consent. Three lecture. Spring.

ACC 112 (2)
Managing Cash Flows
This course prepares organizational managers, business owners, and others to use financial statements in the preparation of developing, understanding, and analyzing cash flow statements. Two lecture. Fall.

ACC 201 (3)
Intermediate Accounting I
Critical analysis of balance sheet accounts. Introduces analysis of income statement expense and revenue accounts with emphasis on the matching process. Emphasis on studies made by professional accounting societies are studied. Prerequisite: ACC 102. Three lecture.

ACC 202 (3)
Intermediate Accounting II

ACC 206 (3)
Computerized Accounting
Electronic data processing systems as they apply to accounting systems. Provides hands-on experience with microcomputer hardware and software packages. Includes accounting cycle transaction and management decision-making applications. Three lecture. Fall.

ACC 210 (3)
Financial Statement Analysis
Characteristics of financial statements with a review of basic accounting principles as applied to financial statements. Emphasizes developing the tools and techniques used in analyzing financial statements, including the use of computer spreadsheets. Three lecture.

ACC 289 (1–6)
Accounting Internship
Designed for students who are looking for paid or voluntary, practical application of applied accounting principles. Agreed upon internship will have a direct link to responsibilities regarding the business aspects of transaction analysis, journalizing, adjusting, posting, creating financial statements, and doing fundamental evaluation of the state-

*Tech Prep articulated course.
Course Descriptions

Credit hours will be negotiated based on the successful completion of a course contract. Each credit hour requires the completion of a minimum of 45 hours of related work as indicated by the course contract. Prior experience or course work in the area of interest is required. One to six variable credit hours. May be taken for S/U credit.

ACC 298 (1–6)
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

AES—Air Force Studies

AES 101 (2)
The Air Force Today I
Survey course focusing on organizational structure and missions of Air Force organizations, military customs and courtesies, officer/wing and Corp values, and an introduction to written and oral communication skills, physical fitness training and demonstration of command. One lecture; two lab.

AES 102 (2)
The Air Force Today II
Survey course focusing on role and mission of U.S. strategic offensive and defensive forces, aerospace support forces, and general purpose forces; examination of topics in the use of national power; principles and theory of flight, and basic communication skills, physical fitness training and demonstration of personal leadership and managerial abilities. One lecture; two lab.

AES 201 (2)
Development of Air Power I
This course covers the historical survey of trends, events, and policies that led to the emergence of air power through the Persian Gulf War. It also provides an introduction to basic leadership and management skills, ethical decision-making, basic communication skills, and prepares students to attend field training. One lecture; two lab.

AES 202 (2)
Development of Air Power II
This course covers the establishment of the Air Force as a separate service, the Cold War, development of various concepts of employment and technological improvements of air power from the Korean Conflict to present; effective communication skills and application of elements of personal leadership. One lecture; two lab.

AGR—Agriculture

AGR 111 (1)
A Living Soil I

AGR 112 (1)
A Living Soil II
Nurturing the life in the soil: “Compost Happens, Mulching your Garden, Raising Earthworms.” Learn techniques to nurture the life in the soil. Topics include: Diverse methods of composting, using compost, benefits and uses of mulching for vegetables and landscaping, etc.; classifications, anatomy and lifestyles, methods of raising earthworms, value and uses of worm castings. One lecture.

AGR 113 (1)
A Living Soil III
Creating a balanced Eco-system in the garden: cover crops, crop rotation, and companion planting.” Topics include; benefits and uses of cover crops, planning/selecting and managing cover crops; importance of crop rotation, evaluating need and drawing up a rotation plan; efficient small spaces, protection and compatible combination; companion planting as a tool to create micro climates, beauty/landscaping; efficient small spaces, protection and compatible combinations. One lecture.

AGR 114 (1)
A Living Soil
Feeding your garden naturally: “Soil Amendments”, “Garden Tea Party,” and Homemade Remedies/Inoculants.” Topics include: Importance of a balanced soil system, Macro/micro nutrients, a look at rock minerals, seaweed derivatives, Humates, natural soil amendments and fertilizers, various liquid nutrients and foliar feeding, home remedies for garden solution, use of Inoculants, and beneficial insects in the garden. One lecture. May be taken for S/U credit.

AGR 116 (.5)
Greenhouse Organic Growing
Learn various options for how to plan and set up a solar Greenhouse and maintain a balanced ecosystem within it. Topics include: Functions of a greenhouse, effects of relative shade, heat levels and seasonal changes, container and plant selection, soils, water, ventilation, light, sanitation, and organic fertilization. .5 lecture.

AGR 117 (.5)
Raising your Plant Starts
Learn how to raise your own vegetable and flower seedlings for the garden. Topics include: Preparation, making potting soil, seed, germination, transplanting, quality light, watering, organic fertilizing, hardening off. Included is a hands-on opportunity to experience working with seeds, seedlings, transplanting and a sample to take home. .5 lecture.

AGR 118 (1)
Extending the Season
Learn techniques to extend the High Desert Gardening Season, and harvest year round. Topics include: various styles and methods of using cold frames, tunnels, frost and shade covers, wall-o-water, and greenhouses. Also discussed are choosing specific seed varieties, succession planting and raising sprouts. One lecture.

*Tech Prep articulated course.
AGR 119 (1)
Seed to Seed
Explore and learn about the beauty and magic of seeds. The importance of bio-diversity, heirloom/open pollinated seed and sources. Included are techniques for raising your own seed, pollination, flower structure; maintaining purity, seed cleaning, and storage. A review of some examples from easy to more difficult seed to save and hands on opportunity to work with seeds to take home. One lecture.

AGR 122 (.5)
The World of Chili Peppers
Explore “The World of Chile Peppers” from seed to garden, preserving and then to the dinner table. Topics include: Various pepper varieties from sweet to hot, soil preparations, starting seeds indoors, transplanting outdoors, seasonal care, harvesting tips, and saving seed. Learn methods of freezing, drying and preserving peppers. Hands on preparing and tasting salsas, chili sauces, and roasted chilies. .5 lecture.

AGR 123 (.5)
The World of Garlic
Explore “The World of Garlic” from garden to pantry to garlic cuisine. Topics include: Garlic varieties, soil preparation, when and how to plant garlic. Seasonal care, harvesting tips, saving seed, storing and preserving methods, and garlic braids. Taste and experience some quick and easy gourmet uses of garlic. 5 lecture.

AGR 124 (.5)
The World of Onions
Explore “The World of Onions” and learn how to grow, harvest, store and preserve them. Topics including: Various members of the onion family; bulbing onions, chives, shallots, etc., soil preparation, starting seeds indoors or out, seasonal care, harvesting and curing for storage, seed savings, cuisine tips for roasting and other methods of using onions. .5 lecture.

AGR 298 (1–6)
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

AHS—Allied Health Sciences

AHS 101 (3)
Careers in Health Care*
Presents an introduction to the breadth of health care provider and supportive roles in today’s rapidly diversifying health care industry. Three lecture.

AHS 105 (3)
Communication & Behavior in the Health Care Setting*
Introduces the student of health occupations to essential workplace communication and behavioral skills that fosters the provision of quality patient care, teamwork, and employee job satisfaction. Three lecture. Fall.

AHS 110 (3)
Health Care Ethics & Law*
Study of the central legal and ethical issues facing health care providers in today’s complex health care delivery system; examine managed care, bioethics, telemedicine, death and dying, workplace and practice employment issues, and liability and malpractice through the use of case studies and scenarios. Three lecture. Spring, Fall, Summer.

AHS 131 (3)
Medical Terminology I*
Medical vocabulary for beginning students in allied health and science fields. Includes word roots, prefixes, suffixes, and abbreviations. Emphasizes spelling, pronunciation, and definition. Three lecture. Spring, Fall.

AHS 135 (3)
Medical Coding, Insurance & Billing
Students learn to submit, trace, appeal, and transmit health care claims; includes step-by-step instruction for all major forms of claims using real-life cases and classroom instruction with current software that provides immediate feedback, self-tests, and additional self-paced exercises. Prerequisites: CIS 102 or 120, and OIS 110, and AHS 100. Corequisites: AHS 131, ENG 100 or ENG 101; or consent of instructor. Three lecture. Spring, Fall.

AHS 137 (3)
Back Office Procedures
Theory of basic medical assistant clinical duties. Focus is placed on basic information about common medical conditions, procedures and patient interaction and care within the medical office. Prerequisite: AHS 131. Three lecture. Spring.

AHS 157 (3)
Phlebotomy for Law Enforcement
This one-week, fast-track program is a very intense course of study. The course includes 45 hours of onsite phlebotomy coursework, and includes the practicum. Homework is necessary, and students will be required to perform venipunctures on each other during classes on campus. Additional venipunctures will be required outside the classroom setting for completion of the course. NO REFUNDS can be given once the officer begins the course. Prerequisites: Proof of (MMR) vaccination, must have had a negative TB skin test within the last 6 months, must be recommended by a law enforcement agency. One and one half lecture, one and one half lab.

*Tech Prep articulated course.
AHS 160 (3)
Phlebotomy Procedures
Theory and practice of basic phlebotomy and specimen processing including laboratory test codes, equipment, procedures, role development and the health care team, ethics and safety, and legal issues and quality assurance. Prerequisite: AHS 131. Co-requisite: AHS 161; this course must be taken in conjunction with AHS 161. Three lecture. Fall.

AHS 161 (4)
Phlebotomy Practicum
Theory and practice of basic phlebotomy and specimen processing; clinical experiences in acute care, clinic, and community agency settings. Co-requisite: AHS 160. One lecture; nine lab. Fall. This course must be taken in conjunction with AHS 160.

AHS 289 (1–6)
Internship I
Designed for students who are looking for paid or voluntary, practical learning experiences that apply academic and occupational education to real-life, on-the-job situations. Credit hours will be negotiated based on fulfillment of a contract. Each credit hour requires the completion of a minimum 45 hours of on-the-job participation. Prior experience or course work in the field of interest is required. One to six variable credit hours. May be taken for S/U credit.

AHS 298 (1–6)
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

AJS—Administration of Justice

AJS 101 (3)
Introduction to Administration of Justice
Organizational and jurisdiction of local, state, and federal law enforcement, judicial and corrections systems, terminology, and constitutional limitations of the system. General Education: Social and Behavioral Sciences. Three lecture. Fall, Spring.

AJS 102 (3)
Introduction to Military Justice
Basic overview of the organization and jurisdiction of military justice and judicial system. Three lecture.

AJS 105 (3)
Juvenile Detention Studies
Introduction to the field of juvenile detention, including responsibilities and job duties of the detention employee. The course will include both legal and procedural issues in the subject area. Three lecture. Fall.

AJS 110 (3)
The Correction Function
History and development of correctional theories and institutions. Three lecture. Fall.

AJS 120 (3)
Substantive Criminal Law
Philosophy and legal sanctions and historical development from the common law to modern American criminal law. Classifications of crimes, elements of and parties to crimes, general definitions of crime, common defenses utilized, and review of offenses and the essential elements of each defense. Three lecture. Fall.

AJS 130 (3)
The Police Function*
Theories of procedures and methods of operations with emphasis on the discretionary powers available to the working police officer. Career opportunities and current trends in law enforcement will be presented. General Education: Social and Behavioral Sciences. Three lecture. Spring, Fall.

AJS 141 (3)
Gang Behavior & Street Violence
Development of gangs, how society promotes them, and how they are self-sustaining through street violence. Includes a detailed look at victims’ rights and the history of vigilantes in America. Three lecture.

AJS 150 (3)
Rules of Criminal Procedures
Procedural criminal law including the judiciary role in the criminal justice systems, the right to council, pretrial release, grand juries, adjudication process, types and rules of evidence, and sentencing. Three lecture. Fall.

AJS 160 (3)
Justice System Management
Principles of administration and organization of management functions and services within criminal justice systems. Three lecture. Fall.

AJS 170 (3)
Security Issues in Private Industry
A historical overview of the development and evolution of law enforcement and its developing relationship and dependence on the need for private asset protection. Students will assess current prevention technology, its development and history, and future direction and application. The class will further examine the roles of law enforcement and private security officers as well as the inherent differences. Legal limitations and provisions, public/private security agency(s) and liability issues in the industry will be analyzed. Three lecture.

AJS 200 (3)
Community Relations
Examination, recognition, and understanding of community problems; community action programs; methods of coping with human behavior, conflict and communications; ethnic and minority cultures and environments; the community and the relationships with the criminal justice system. Three lecture. Spring.

*Tech Prep articulated course.
AJS 209 (3)  
Criminal Jurisdiction on Federal and Indian Land  
Jurisdiction of local, state, and tribal law enforcement AES agencies over crimes committed on federal military reservation, national parks, national forests, federal buildings, as well as Indian lands. Agreements with tribal governments, including courts, and police agencies of tribes, counties, states, and the federal government will also be examined. Three lecture. Spring.

AJS 215 (3)  
Crime, Justice, and the Media  
Examines the perceptions of the realities of crime and justice, and how these perceptions influence the media. Also studied are the effects of how the media influences the public’s perception of crime and the criminal justice system. Three lecture. Spring.

AJS 216 (13)  
Basic Detention Academy  
The Coconino Community College Basic Detention Academy is designed to provide entry level training to detention officer staff, meeting Arizona Detention Association standards. Prerequisites: Hired and/or recommended by approved law enforcement or correctional agency. Thirteen Lecture.

AJS 220 (3)  
Rules of Evidence  
Understanding of the rules of evidence which most often affect personnel concerned with the administration of the criminal law. Three lecture. Spring.

AJS 230 (3)  
Deviant Behavior  
Basic concepts of deviant behavior; evaluates current literature and studies the application of current criminological theories related to patterns of deviance. General Education: Social and Behavioral Sciences. Three lecture.

AJS 240 (3)  
Juvenile Justice Procedure  
History and development of juvenile procedures and institutions. Three lecture. Spring.

AJS 250 (3)  
Criminal Investigations  

AJS 260 (3)  
Constitutional Law  
Constitutional law as it relates to the operation of the criminal justice system. Three lecture. Fall.

AJS 265 (3)  
Probation & Parole  
The selection process for the release of both adults and juveniles under the supervision of probation and parole guidelines and the community values consistent with those under supervision. Three lecture. Spring.

AJS 280 (3)  
Criminology  

AJS 285 (3)  
Women and the Criminal Justice System  
Fundamental Components of the American criminal justice system with emphasis on the experiences of women regarding: crime, victimization, and the differential treatment of women in the system. This course is a basic overview of the American criminal justice system, women as perpetrators, women as victims, and women working in the field of criminal justice. Three Lecture. Fall.

AJS 289 (1–6)  
Internship I  
Designed for students who are looking for paid or voluntary, practical learning experiences that apply academic and occupational education to real-life, on-the-job situations. Credit hours will be negotiated based on fulfillment of a contract. Each credit hour requires the completion of a minimum 45 hours of on-the-job participation. Prior experience or course work in the field of interest is required. One to six variable credit hours. May be taken for S/U credit.

AJS 291 (3)  
Terrorism & Counter-Terrorism  
Nature of terrorism, terrorist threat, and countermeasures to combat terrorism. Three lecture. Summer.

AJS 292 (3)  
Hostage Negotiations  
Essentials of hostage negotiations for all personnel and may serve as a refresher for trained personnel. Three lecture. Summer.

AJS 295 (3)  
White Collar & Corporate Crime  
A close look at the theories, laws and issues surrounding white collar crime in contemporary society. Three lecture.

AJS 298 (1–6)  
Special Topics  
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

ANT—Anthropology

ANT 101 (4)  
Introduction to Physical Anthropology  
An introductory survey of the basic principles, concepts, assumptions, theories, and vocabulary of human evolution and world archaeology. General Education: Physical and Biological Sciences Three lecture; two lab. Spring. Fall.

*Tech Prep articulated course.
ANT 102 (3)
Introduction to Cultural Anthropology
Principles of cultural and social anthropology, with illustrative materials from a variety of cultures. The nature of culture; social, political, and economic systems; religion, aesthetics and language. General Education: Social and Behavioral Sciences. Special Requirements: Contemporary Global/International Awareness or Historical Awareness; Ethnic/Race/Gender Awareness. Three lecture. Spring, Fall, Summer.

ANT 103 (3)
Culture and Language
An introductory survey of the basic history, concepts, assumptions, theories, and vocabulary of linguistic anthropology and their application within the discipline. General Education: Social and Behavioral Science and Global/International Awareness or Historical Awareness. Three lecture.

ANT 110 (3)
Exploring Archaeology
History, methods, and theory of archaeology with an emphasis on modern techniques of studying prehistoric and historic populations and their cultural remains. General Education: Social and Behavioral Science. Three lecture. Fall.

ANT 210 (3)
Peoples of the World
A comparative study of selected peoples and cultures from various regions of the globe, including the historical and contemporary experiences of these groups. General Education: Social and Behavioral Sciences. Special Requirements: Ethnic/Race/Gender Awareness, Contemporary Global/International Awareness or Historical Awareness. Three lecture. Spring.

ANT 230 (3)
Peoples of the Southwest
Ethnohistorical survey of the American Southwest culture area, focusing on selected Pueblo and non-Pueblo peoples. This course is designed to expose the student to the richness of traditional Southwestern cultures in order to stimulate an appreciation for the Native history and ethnic diversity of the region. General Education: Social and Behavioral Sciences. Special Requirements: Ethnic/Race/Gender Awareness, Contemporary Global/International Awareness or Historical Awareness. Three lecture. Fall.

ANT 241 (3)
Anthropology of Religion
Anthropology of religious practices employed by both western and non-western peoples in dealing with adversity, misfortune, illness, death and similar phenomena beyond human control. Three lecture.

ANT 298 (1–6)
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

ART 100 (3)
Art Appreciation
Historical overview and appreciation of painting, sculpture, architecture, film, and crafts. Examines individual works of art with regard to both their formal qualities and the way they reflect the shifting patterns of culture. Field trips. General Education: Arts and Humanities. Three lecture. Spring, Fall, Summer.

ART 103 (3)
Native American Art of the Southwest
Survey of Native American artwork from the southwestern United States covering architecture, arts and crafts from the prehistoric period to the present. Also includes the history of native cultures of the region. Field trips to local prehistoric sites and museums. General Education: Arts and Humanities. Special Requirements: Ethnic/Race/Gender Awareness. Three lecture. May be taken for S/U credit.

ART 105 (3)
Beginning Art
Introductory course in drawing and painting techniques and materials for students who would like to explore their creativity. One lecture; five lab. May be taken for S/U credit.

ART 110 (3)
Drawing I
Perspective and visual perception as related to developing artistic visual growth in perceiving our environment. Emphasizes analysis of objects and their compositional placement within the pictorial construction. One lecture; five lab. May be taken for S/U credit. Spring, Fall, Summer.

ART 111 (3)
Drawing II
Further development of technical and perceptual drawing skills. Emphasis on composition and pictorial content. Pre-requisite: ART 110 or consent of instructor. One lecture; five lab. May be taken for S/U credit. Spring.

ART 114 (3)
Stained Glass I
Copper foil and lead techniques of stained glass, including precision glass cutting and creative application of these techniques in producing interior and architectural pieces. One lecture; five lab. May be taken for S/U credit. Spring, Fall.

ART 115 (3)
Color Theory
Principles of color theory related to the visual arts. Includes a variety of media. Prerequisite: ART 110 or consent of instructor. One lecture; five lab. May be taken for S/U credit.

ART 120 (3)
Ceramics I
Introduction to handbuilding techniques, wheel throwing, glazing and other decorative techniques, kiln firing and ceramics history. One lecture; five lab. May be taken for S/U credit. Spring, Fall, Summer.

*Tech Prep articulated course.
ART 121 (3)  
Ceramics II  
Emphasis on developing intermediate skill with the potter's wheel and handbuilding methods, glazing and decoration techniques, and kiln operations. Prerequisite: ART 120. One lecture; five lab. May be taken for S/U credit. Spring, Fall.

ART 130 (3)  
Computer Graphics I*  
An introductory course in computer graphics. Introduction to design principles and visual problem solving with software suitable for two-dimensional design and illustration. Prerequisite: CIS 102 or CIS 120 or consent of instructor. Recommended: ART 110 and ART 160. Two lecture; two lab. May be taken for S/U credit. Spring, Fall.

ART 133 (2)  
Calligraphy I  
Basic calligraphic skills including letterform, spacing, and page design. One lecture; two lab. May be taken for S/U credit.

ART 134 (2)  
Calligraphy II  
Expands calligraphic skills including letterform, spacing, and page design. One lecture; two lab. May be taken for S/U credit.

ART 135 (3)  
Adobe Photoshop*  
Introduction to Adobe Photoshop software, its variety of tools and basic techniques for working with them. Includes practice with basic scanning and printing devices and techniques. Three lecture. Prerequisites: CIS 120 or consent of instructor. May be taken for SU credit. Spring, Fall, Summer.

ART 136 (3)  
Introduction to Digital Photography*  
Introduction to digital photography; image editing and printing techniques. Course requirement: Students must have their own digital camera and basic computer skills. Two lecture, Three lab. May be taken for S/U credit. Spring, Fall, Summer.

ART 140 (3)  
Jewelry I  
Jewelry and the hand working of nonferrous craft metals and associated materials. One lecture; five lab. May be taken for S/U credit.

ART 145 (3)  
Introduction to Silk-screen  
An introduction to the fundamentals of silk-screen (serigraphy) printmaking processes using traditional methods including reduction printing and photo stencil. Prerequisite: ART 110 or consent of instructor. One lecture. Five lab. May be taken for S/U credit.

ART 150 (3)  
Photography I  
Photography as an art form. Includes camera operation with emphasis on its use as a creative tool. Basic darkroom techniques, including film development, printing, and composition. Two lecture; four lab. May be taken for S/U credit. Spring, Fall.

ART 151 (2)  
Photography Techniques & Materials  
More advanced techniques and materials than the basic course. Emphasis on developing an alternative vision. Prerequisite: ART 150 or consent of instructor. One lecture; two lab. Spring.

ART 160 (3)  
Color & Design  
Fundamentals of two-dimensional design emphasizing study and utilization of the principles of design, development of a visual vocabulary, and study of color theory. Prerequisite: ART 110 or consent of instructor. One lecture; five lab. May be taken for S/U credit. Spring, Fall.

ART 165 (3)  
Three-dimensional Design  
Introduction to the fundamental concepts and design principles involved in organizing three-dimensional space and materials used in three-dimensional art forms. One lecture; five lab. Fall.

ART 180 (3)  
Sculpture I  
Introduction to sculptural processes, techniques and materials in clay, metal, wood, and stone. Includes sculptural history and criticism. Prerequisite: ART 165 or consent of instructor. One lecture; five lab. May be taken for S/U credit.

ART 190 (3)  
Oil/Acrylic Painting I  
Introduction to techniques and materials traditionally used in oil and/or acrylic painting. Prerequisite: ART 110 or consent of instructor. One lecture; five lab. May be taken for S/U credit. Spring, Fall, Summer.

ART 191 (3)  
Oil/Acrylic Painting II  
Intermediate course in developing expressive and descriptive skills using oil and/or acrylic paint. Prerequisite: ART 190 and ART 160 or consent of instructor. One lecture; five lab. May be taken for S/U credit. Spring, Fall, Summer.

ART 194 (3)  
Watercolor I  
Transparent qualities of watercolor medium. Techniques and materials will be used to stimulate personal creativity and uniqueness of expression. One lecture; five lab. May be taken for S/U credit. Fall.

ART 195 (3)  
Watercolor II  
Increased opportunity for independent development. Implements study of techniques to fit individual needs. Prerequisite: ART 194 or consent of instructor. One lecture; five lab. May be taken for S/U credit. Spring.

*Tech Prep articulated course.
ART 199 (0.5–6)  
**Workshop**  
Designed to provide workshop courses based on student and faculty interest in pursuing or presenting an original topic. Workshops may be developed to enhance existing curriculum or to give students experience that is not covered by existing curriculum. One-half to six variable credit hours. May be taken for S/U credit. Spring, Fall, Summer.

ART 201 (3)  
**Art History I**  
Study of the historical development of significant periods and styles in painting, sculpture, and architecture from the prehistoric through the Gothic periods. Emphasis is placed upon the cultural context within which the works of art are created. Pre-requisite: ENG 101. General Education: Arts and Humanities, Special Requirements: Contemporary Global/International Awareness or Historical Awareness. Three lecture. Spring, Fall.

ART 202 (3)  
**Art History II**  
Historical development of significant periods and styles in painting, sculpture, and architecture from the Renaissance to the twentieth century with an emphasis on the cultural context within which the works of art were created. Pre-requisite: ENG 101. General Education: Arts and Humanities, Special Requirements: Contemporary Global/International Awareness or Historical Awareness. Three lecture. Spring, Fall.

ART 203 (3)  
**Artist’s Business Course**  
Business skills for the practicing artist. Budgeting, bookkeeping, tax planning, contracts, marketing, and grantmanship. Three lecture.

ART 210 (3)  
**Life Drawing I**  
Application of the elements of drawing in the description of the human figure, drawing from the model. Topics include: light and shade, composition, and anatomy. Pre-requisite: ART 110 or consent of instructor. One lecture; five lab. May be taken for S/U credit. Spring, Fall.

ART 214 (3)  
**Stained Glass II**  
Design and construction of stained glass pieces using copper foil and/or lead processes, manipulation of the surface of glass using an etching process, basic glass design vocabulary, developing proficiency with glass working hand tools. Prerequisite: ART 114. One lecture; five lab. May be taken for S/U credit. Spring.

ART 220 (3)  
**Art of the United States**  
Study of the historical development of the arts and architecture in America from the Colonial period to the present. Pre-requisite: ENG 101. General Education: AGEC Special Requirements: Global/International Awareness or Historical Awareness. Three lecture. May be taken for S/U credit.

ART 221 (3)  
**Art of the Southwest**  
A historical survey of painting, sculpture, and architecture in the southwestern region of the United States from pre-historic time to the present. Prerequisite: ENG 101. General Education: Arts and Humanities. Special Requirements: Contemporary Global/International Awareness or Historical Awareness, Ethnic/Race/Gender Awareness. Three lecture. Spring.

ART 225 (3)  
**History of Photography**  
Historical development of the aesthetics and technology of photography from 1836 to the present. Prerequisite: ENG 101. Three lecture.

ART 230 (3)  
**Illustration I**  
Introduction to illustration styles, techniques and materials. Emphasis on creative solutions to visual communications projects. Prerequisite: ART 110. One lecture; five lab.

ART 231 (3)  
**Graphic Design I**  
An introduction to the fundamentals of graphic design concepts and processes using traditional media as well as software such as Adobe Illustrator and Photoshop. Prerequisites: ART 160 and ART 130 or consent of instructor. One lecture. Five lab.

ART 235 (3)  
**Adobe Photoshop II**  
Advanced techniques in Adobe Photoshop. Prerequisites: ART 135 or consent of instructor. Three lecture. Spring.

ART 236 (3)  
**Digital Photography II**  
Creative digital camera operation. Advanced equipment, lighting, color calibration, and workflow. Digital output processes for print and web. Prerequisites: ART 136 or consent of instructor. Three lecture. Spring.

ART 252 (3)  
**Documentary Photography**  
An introductory course in the field of documentary photography, to include camera use, documentary history and techniques. Field Trips. Prerequisite: ART 150, English 101, or consent of the instructor. Two lecture; two lab.

ART 280 (3)  
**Advanced Studio Workshop**  
A course for students interested in further developing artistic expression and skills in order to pursue personal artistic goals. Prerequisite: ART 111, or ART 190, or ART 195, or ART 210 or consent of instructor. One lecture; five lab. Spring, Fall, Summer.

ART 281 (3)  
**Advanced Ceramics Workshop**  
A course for students interested in further developing artistic expression and skills in order to pursue personal artistic goals in ceramics. Prerequisite: ART 220, ART 121 or consent of instructor. One lecture, Five lab.

*Tech Prep articulated course.*
ART 285 (3)
Ceramic Sculpture
Ceramic Sculpture is a course for students who want to further develop their hand building skills, glazing and firing techniques and individual artistic expression. Prerequisite: ART120, or consent of instructor. One lecture. Five lab.

ART 290 (3)
Visual Arts Practicum
Portfolio development and community based service learning experience for visual arts majors. One lecture; three lab. Spring.

ART 289 (1-6)
Internship I
Designed for students who are looking for paid or voluntary, practical learning experiences that apply academic and occupational education to real-life, on-the-job situations. Credit hours will be negotiated based on fulfillment of a contract. Each credit hour requires the completion of a minimum of 45 hours of on-the-job participation. Prior experience or course work in the field of interest is required. Credit hours: one to six. May be taken for S/U credit.

ART 294 (3)
Watercolor III
An advanced course in watercolor painting with increased opportunity for development of individual style through traditional and experimental techniques. Prerequisite: ART 195 or consent of instructor. One lecture; five lab. May be taken for S/U credit. Spring.

ART 298 (1–6)
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area. One to six variable credit hours.

ASL—American Sign Language

ASL 101 (4)
American Sign Language I
Principles, methods, and techniques for acquiring basic skills using American sign language, with emphasis on developing visual and receptive skills and basic communication. General Education: Options. Four lecture. Spring, Fall.

ASL 102 (4)
American Sign Language II
Further emphasis on American Sign Language vocabulary, grammar, receptive, and expressive technique development. Prerequisite: ASL 101 or consent of instructor. General Education: Options. Four lecture. Spring, Fall.

ASL 201 (4)
American Sign Language III
Enhanced focus on expressive and receptive American Sign Language sign skills. Application of syntactical and grammatical structure, idioms, body language, and cultural aspects of deafness. Prerequisite: ASL 102 or consent of instructor. General Education: Options. Four lecture. Fall.

ASL 202 (4)
American Sign Language IV
Further development of American Sign Language communication skills with emphasis on spontaneous conversation, discussions, narratives, and register. Prerequisite: ASL 201 or consent of instructor. Four lecture. General Education: Options. Four lecture. Spring.

ASL 298 (1–6)
Special Topics
Designed to meet the needs of an individual(s) who has an interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

AUT—Automotive

AUT 100 (3)
Automotive Basics*
Basic automotive knowledge as it relates to owner and operator of an automobile or light truck. It will give the student an understanding of systems and maintenance. Two lecture; two lab.

AUT 106 (3)
Automotive Engines*
An overview of the design, operation, diagnosis and service procedures of modern automotive engines. Students participate in the disassembly, inspection and reassembly. Service and technical data are presented to prepare the students for practical experience in engine servicing. Prerequisites: AUT 100 or consent of instructor. Two lecture. Two lab. May be taken for S/U credit.

AUT 107 (3)
Automotive Engine Short Block Service Lab
Laboratory experiences in engine service and rebuilding specializing in valve train, cooling, lubricating, exhaust and intake systems. Pre or Co-requisite: AUT 106. Two lecture. Two lab. May be taken for S/U credit.

AUT 108 (3)
Automotive Engine Long Block Service Lab
Continuing laboratory experience in engine service and rebuild emphasizing the "long block" assembly. Students will disassemble, inspect and service the engine block for warpage, alignment and bore, service crankshaft, service camshafts and timing, service pistons and rods and service plugs, seals, covers, damper and flywheel. Prerequisites: AUT 107. One lecture. Three lab. May be taken for S/U credit.

AUT 110 (3)
Automotive Electrical and Electronic Systems
A study of automotive electrical and electronic systems used on light and medium duty vehicles. Topics include Principles of Electrical/Electronic Systems, General Electrical System Diagnosis and Battery Diagnosis and Service. Pre or Co-requisite: AUT 100. Two lecture. Two lab. May be taken for S/U credit.

*Tech Prep articulated course.
AUT 111 (3)  
Automotive Electrical and Electronic Systems 
Emphasizes service of automotive and light truck starting and charging systems. Topics will include: Starting System Diagnosis and Repair, Charging System Diagnosis and Repair. Prerequisites: AUT 110. One lecture. Three lab. May be taken for S/U credit.

AUT 112 (3)  
Automotive Electrical and Electronic Systems-Lighting and Accessories Systems Lab 
Emphasizes hands-on service of automotive and light truck lighting, gauge, horn, and other accessories systems. Prerequisites: AUT 111. One lecture. Three lab. May be taken for S/U credit.

AUT 120 (3)  
Automotive Brake Systems Service Lab 
A study of braking systems used on light and medium duty vehicles with an overview of heavy duty brakes (air) which will include theory, operation, construction, maintenance, testing, diagnosis and repair of drum and disc brakes. Pre or Co-requisite: AUT 100. One lecture. Three lab. May be taken for S/U credit.

AUT 121 (3)  
Automotive Brake Systems Service Lab 
Emphasizes service of automotive and light truck brakes systems. Topics will include: Power Assist Units Diagnosis and Repair, Brakes Related (Wheel Bearings, Parking Brakes, Electrical, Etc.), and Antilock Brake and Traction Control Systems. Pre or Co-requisites: AUT 120. One lecture. Four Lab. May be taken for S/U credit.

AVT 132 (3)  
Instrument Pilot Ground School 
Non-flying aspects of instrument pilot aviation needed to prepare for the FAA written examination and to become an instrument-rated pilot. Topics include instrument flight environment, operational confederations, advanced meteorology, instrument flight planning, and regulations. Three lecture.

AVT 289 (1–6)  
Internship I 
Designed for students who are looking for paid or voluntary, practical learning experiences that apply academic and occupational education to real-life, on-the-job situations. Credit hours will be negotiated based on fulfillment of a contract. Each credit hour requires the completion of a minimum 45 hours of on-the-job participation. Prior experience or course work in the field of interest is required. One to six variable credit hours. May be taken for S/U credit.

AVT 298 (1–6)  
Special Topics 
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

AZG—Arizona Government University

AZG 298 (.25–3)  
Special Topics 
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. .25 to three variable credit hours.

BIO—Biology

BIO 100 (4)  
Biology Concepts 
Basic principles and concepts of biology. Explores methods of scientific inquiry and behavior of organisms and energy in biological systems. Prerequisites: MAT 087 and ENG 100 or placement. General Education: Physical and Biological Sciences. Three lecture; three lab. Spring, Fall.

BIO 105 (4)  
Environmental Biology 
Basic concepts of ecology and the importance of human interaction with the natural ecosystem. Field trips. Pre- or co-requisites: MAT 087, or placement; ENG 102; or consent of Instructor. General Education: Physical and Biological Sciences; Special Requirements: Contemporary Global/International Awareness or Historical Awareness; Intensive Writing/Critical Inquiry. Three lecture; three lab. Spring, Fall.

BIO 109 (4)  
Natural History of the Southwest 
Based on the life zone concept, an examination of the geologic history and ecological history of the Southwest.

*Tech Prep articulated course.
Emphasis is on the identification and adaptations of biotic populations. Involves field trips. General Education: Physical and Biological Sciences. Prerequisite: MAT 087 and ENG 100 or placement. Three lecture; three lab. Spring, Summer.

BIO 112 (2)  
Native Plants of Northern Arizona  

BIO 160 (4)  
Introduction to Human Anatomy & Physiology  
Biology 160 is the study of the structure and function of the human body. It is designed for students who want a one semester course in anatomy and physiology and those pursuing certificates in the allied health sciences; students majoring in the sciences or preparing for professional health science careers should enroll in the BIO 201/202 sequence. Prerequisite: MAT 087 and ENG 100 or placement. General Education: Lab Sciences. Three lecture; three lab. Spring, Fall.

BIO 181 (4)  
Unity of Life I: Life of the Cell  
An introductory course for Biology MAJORS emphasizing central principles related to cellular and molecular processes in the cell. Course will include molecular structure, cell structure, reproduction, metabolism, molecular genetics and evolution. Prerequisite: ENG 100 and MAT 121 or placement. Three lecture; three lab. Spring, Fall.

BIO 182 (4)  
Unity of Life II: Multicellular Organisms  
The second semester of introductory biology majors course. Builds on principles from BIO 181 to emphasize organism principles of life. Covers all multicellular organisms. Prerequisite: BIO 181. Three lecture, three lab. Spring.

BIO 201 (4)  
Human Anatomy & Physiology I  
Design and function of the human body. Topics include cells, tissues, integumentary, muscular, skeletal, nervous, and sensory systems. Prerequisite: BIO 181 or consent of instructor. General Education: Physical and Biological Sciences. Three lecture; three lab. Spring, Fall.

BIO 202 (4)  
Human Anatomy & Physiology II  
Design and function of the human body. Topics include body fluids, immune, cardiovascular, respiratory, digestive, urinary, and reproductive systems. Prerequisite: BIO 201 or consent of instructor. General Education: Physical and Biological Sciences. Three lecture; three lab. Spring, Fall.

BIO 205 (4)  
Microbiology  
Microorganisms and their relationships to health, ecology, and related areas. Prerequisite: BIO 181 or consent of instructor. General Education: Physical and Biological Sciences. Three lecture; three lab. Spring, Fall.

BIO 253 (4)  
Biotechnology & Current Issues  
Examinations of the natural and human-manipulated processes involved in genetics and gene expression. Concentrations on current genetic manipulations and potential consequences in biological, ecological, and social systems along with potential ethical, and legal concerns. Curriculum may vary depending on current concerns Field trips may be involved. Intended for those interested in the influence of science on society. Prerequisite: BIO 100 or consent of instructor. General Education: Physical and Biological Sciences. Three lecture; three lab.

BIO 289 (.1–6)  
Internship I  
Designed for students who are looking for paid or voluntary, practical learning experiences that apply academic and occupational education to real-life, on-the-job situations. Credit hours will be negotiated based on fulfillment of a contract. Each credit hour requires the completion of a minimum 45 hours of on-the-job participation. Prior experience or course work in the field of interest is required. One to six variable credit hours. May be taken for S/U credit.

BIO 298 (1–6)  
Special Topics  
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

BIO 299 (1.5–3)  
Biology Workshop  
Designed for community members to take courses in Biology that are of local, regional, or national interest. Prerequisite: ENG101 or consent of instructor. Co-requisite: MAT 087 or consent of instructor. 1.5 to three variable credit hours.

BUS—Business

BUS 100 (3)  
Mathematics of Business  
Mathematical concepts and procedures involved in financial transactions. Includes percentages, liabilities, insurance, investments, assets, amortization, proration, taxes, and banking as it pertains to business. Prerequisites: MAT 087 or placement. Three lecture. Spring, Fall.

BUS 103 (3)  
Personal Finance  
Problem solving for the financial needs of individuals. Includes budgeting, banking, home ownership and real estate, saving, investing, borrowing, insurance, and planning for wills and trusts. Three lecture. Fall.

BUS 105 (3)  
Basic Investments  
Study of inflation, taxation, government securities, stocks and bonds, real estate, and retirement plans. Three lecture. Spring.

*Tech Prep articulated course.
BUS 111 (3)
Business English
Effective listening, responding, reading, and writing with emphasis on using these skills in the work place, from job application and interview to on-the-job oral and written communications. Prerequisite: ENG 100 or placement. Three lecture. Spring, Fall.

BUS 203 (3)
Business Law

BUS 204 (3)
Business Communications
Solving business problems through effective oral and written communications. Letter forms and methods of writing business letters. Creating functional letters related to inquiry, response, good will, sales, credit, and adjustment and collection. Prerequisite: ENG 101 or BUS 111 or placement on the Business English Proficiency Test. Three lecture. Spring, Fall, Summer.

BUS 206 (3)
Principles of Management
Fundamentals of management including the management principles and techniques used for business objectives, structure, operational procedures, and control procedures. Principles and techniques discussed may be applied to any area of business and industry. Three lecture. Fall.

BUS 207 (3)
Principles of Marketing*
Environment of marketing including analysis of various marketing activities and discussion of the economic, psychological and sociological factors which influence marketing activities. Three lecture. Spring.

BUS 209 (3)
Principles of Supervision
Concepts and techniques used in the direct supervision of others. Supervisor's relationship to those directly supervised and others in the organization, management of human and physical resources, group processes, communication, and leadership skills. Three lecture.

BUS 211 (3)
Human Resources/Personnel Management
Human resources planning and its application to the organization's goals and objectives. Human resources policies, job analysis, employee selection, training, performance evaluation, benefits, compensation, labor relations, morale, safety, and termination. Three lecture. Fall.

BUS 213 (3)
Small Business Management*
Fundamentals of starting and operating a small business. Location, financing, organization, feasibility studies, and sales promotion. Three lecture. Spring.

BUS 214 (3)
Legal, Ethical & Regulatory Issues in Business
Legal theories, ethical issues, and regulatory climate affecting business policies and decisions. Prerequisite: ENG 101 or consent of instructor. General Education: Social and Behavioral Sciences. Three lecture. Spring, Fall, Summer.

BUS 216 (3)
Principles of Business Finance
Principles of financial management as applied to the operations of non-financial business and industry firms. Application of financial analysis tools and techniques needed for the process of business and industry financial administration and decision making, goals and functions of financial management, analysis and planning, working capital management, capital budgeting, and the cost of capital risk. Three lecture. Spring.

BUS 218 (3)
Customer Service
Effective communication skills to benefit the customer service contact personnel. Establishing contact, defining and resolving problems, and closing an encounter. Three lecture.

BUS 232 (3)
Business Statistics & Analysis
Business statistics, including the collection, tabulation, and analysis of business and economic data. Averages, dispersion, statistical inference, correlation and regression, and statistical decision making and problem solving. Prerequisite: MAT 142 or higher. Three lecture. Spring, Fall.

BUS 289 (1–6)
Business Internship
Designed for students who are looking for paid or voluntary, practical application of applied business principles. Agreed upon internship will have a direct link to responsibilities regarding the business aspects of management, finance, customer service, or marketing. Credit hours will be negotiated based on the successful completion of a course contract. Each credit hour requires the completion of a minimum of 45 hours of related work as indicated by the course contract. Prior experience or course work in the area of interest is required. One to six variable credit hours. May be taken for S/U credit.

BUS 298 (1–6)
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

CAP—Carpentry Apprenticeship

CAP 101 (5)
Introduction to the Carpentry Industry
Introduction to the carpentry trade as an apprentice carpenter and function and procedures of local apprenticeship. Hand and power tools, measurement and shop projects. Stu-
dent will also receive state OSHA 510 certification, industry safety certification, CPR, and first aid certifications. Prerequisite: Registered Apprentice Status or permission of the Apprenticeship Coordinator. Three lecture; four lab.

CAP 102 (5)
Carpentry Math Applications & Metrics
Basic math and mathematics for carpentry, SI metric system, Imperial weights and measures. The application, conversion formula and tables used in the construction industry. Prerequisite: Registered Apprentice Status or permission of the Apprenticeship Coordinator. Three lecture; four lab.

CAP 103 (5)
Print Reading & Advanced Blueprints
Understanding working drawings and blue prints for construction projects. Interpretation of blueprints, architectural symbols and specifications in the construction industry. Understanding and use of the different types of drawing including: elevations, sections, details and framing plan. Building codes, zoning, permits and inspections. Prerequisite: Registered Apprenticeship Status or permission of the Apprenticeship Coordinator. Three lecture; four lab.

CAP 104 (5)
Concrete Formwork
Concrete technology and the formwork used in the construction of basic footings and walls to the complex formwork of high and heavyway construction. Building layout footing and stemwall designs, retaining walls and wall form construction. Concrete technology and concrete estimation of various form designs. Heavy highway construction including wall form with pilaster, beam and girder, deck forms, concrete stairs, bridge and pier and culverts will be part of this course. Prerequisite: Registered Apprentice Status or permission of the Apprenticeship Coordinator. Three lecture; four lab.

CAP 105 (5)
Framing Walls, Roofs & Decks
Rough frame, post and beam, heavy timber construction theory and construction methods. Basic framing tables, roof structures, rafter frame tables, span tables and the construction codes involved in most framing projects. Tools used in the framing industry, such as the framing square and nail gun. Stair building and the different types of lumber used and grading systems. Prerequisite: Registered Apprentice Status or permission of the Apprenticeship Coordinator. Three lecture; four lab.

CAP 106 (5)
Carpentry Industry Technology
Carpentry industry technology used in the construction of building and other projects that define the professional carpenter. The use of scaffold, scaffold systems in various applications and the certification needed to meet the current OSHA regulations. The use of rigging tools and technology. The use of the builder’s level, transit level and the application to building layout in construction. Prerequisite: Registered Apprentice Status or permission of the Apprenticeship Coordinator. Three lecture; four lab.

CAP 107 (5)
Interior Systems
Materials, systems and the technology used in the interior construction of modern buildings. Metal stud construction, acoustical ceilings, pedestal floors, and clean room facilities, make up part of this growing industry. Tools, materials and the methods needed to construct interior systems used in commercial and industrial buildings. Prerequisite: Registered Apprentice Status or permission of the Apprenticeship Coordinator. Three lecture; four lab.

CAP 108 (5)
Interior Finish
Door hanging, finish hardware, and window installation, interior stairs, cabinets, shelving, moldings and plastic laminates are included in this course. Interior finish tools, materials and procedures needed to perform finish carpentry. Prerequisite: Registered Apprentice Status or permission of the Apprenticeship Coordinator. Three lecture; four lab.

CAP 289 (1–6)
Internship I
Designed for students who are looking for paid or voluntary, practical learning experiences that apply academic and occupational education to real-life, on-the-job situations. Credit hours will be negotiated based on fulfillment of a contract. Each credit hour requires the completion of a minimum 45 hours of on-the-job participation. Prior experience or course work in the field of interest is required. One to six variable credit hours. May be taken for S/U credit.

CAP 298 (1–6)
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

CHM—Chemistry

CHM 090 (3)
Preparatory Chemistry
Introductory course designed for students who have not had chemistry before and are planning to take CHM 130 or CHM 151. Includes basic principles and concepts of chemistry. Prerequisite: MAT 087 and ENG 090 or placement. Three lecture. S/U credit only. Spring, Fall, Summer.

CHM 130 (4)
Fundamental Chemistry
General inorganic chemistry, scientific methods, and general laboratory procedures. Prerequisites: MAT 121 or placement, and CHM 090, or consent of instructor. General Education: Physical and Biological Sciences. Three lecture. Three lab. Spring, Fall, Summer.

CHM 151 (5)
General Chemistry I
Fundamental concepts in chemistry. Stoichiometry, gas laws, atomic and molecular theory, and states of matter. Prerequisites: MAT 121 or placement and high school chemistry or

*Tech Prep articulated course.
satisfactory completion of CHM 090, or consent of instructor. General Education: Lab Sciences. Four lecture. Three lab. Spring, Fall.

CHM 152 (5)  
General Chemistry II  
Continuation of Chemistry 151 with an emphasis on kinetics and equilibrium, nuclear, aqueous solution, and electro-chemistry. Prerequisite: CHM 151. General Education: Physical and Biological Sciences. Four lecture. Three lab. Spring.

CHM 298 (1–6)  
Special Topics  
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

CIS—Computer Information Systems

CIS 102 (2)  
Computer Literacy  
Introduces students to general computer concepts including computer-related terminology, computer system components, and computer operations. Students will have an opportunity to become familiar with personal computers for personal or business applications and create documents using word processing, spreadsheet, charting, and database software. No prior computer experience is necessary. Two lecture. May be taken for S/U credit.

CIS 110 (3)  
Windows, the Internet, and Online Learning  
Introduces students to the Windows Operating System, the Internet, and online instruction with an emphasis on hands-on learning. Students will gain the skills necessary to work comfortably in the Windows and WebCT environments, manage files efficiently, use e-mail effectively, and conduct research on the World Wide Web. Students will become familiar with the skills and mindset necessary to succeed in online courses. Three lecture.

CIS 111 (2)  
Principles of Programming  
Introduction to programming logic and structures as applied to business computer applications and programming languages through structured techniques and high-level languages. No prior computer experience necessary. Two lecture. May be taken for S/U credit. Fall.

CIS 112 (2)  
Introduction to Windows*  
Basic operations and components of Windows environment through hands-on experience use many of the Windows tools and accessory applications. Two lecture. May be taken for S/U credit.

CIS 113 (1)  
Introduction to PowerPoint*  
An introduction to creating, modifying, enhancing and presenting a PowerPoint presentation. Students will learn basic techniques and skills needed to create slides with special effects, animation and transition elements for professional presentations. One lecture. May be taken for S/U credit. Fall.

CIS 115 (1)  
Introduction to the Internet*  
Introduces students to general concepts, components, and operations related to the use of the Internet. Through hands-on computer activities, students will gain the skills necessary to browse and search the World Wide Web and to use e-mail. No prior computer experience is necessary. One lecture. May be taken for S/U credit.

CIS 117 (2)  
Intro to Web Page Design*  
An introduction to creating and editing documents for the World Wide Web (www). Students will learn basic editing and design skills and develop a multi-page document including graphical elements. CIS 115 or prior fundamental working knowledge of the Internet is recommended. Two lecture. May be taken for S/U credit.

CIS 120 (3)  
Introduction to Computer Information Systems  
Concepts and theories regarding computer hardware, software, and information processing systems. Includes an intensive lecture component covering the most current technological and computer information available and a hands-on component using word processing, spreadsheet, database, and presentation, e-mail and web browsing application software packages. No prior experience necessary. General Education: Options. Three lecture.

CIS 122 (2)  
Introduction to MS Word*  
Concepts and capabilities of word processing software Microsoft Word in the Windows environment through extensive hands-on experience with business applications creating, editing, and enhancing documents appropriate to the work environment and personal use. No prior computer experience required. Two lecture. May be taken for S/U credit.

CIS 123 (2)  
Introduction to Excel Spreadsheets*  
Concepts and capabilities of electronic spreadsheet software using Microsoft Excel through extensive hands-on experience. Students will gain the necessary knowledge and skills to: create, edit, enhance worksheets and charts; use the data features of filtering, summarizing through sub-totals and totals, and pivot tables; link and embed objects between various Microsoft Office application software appropriate for workplace or personal use. Prior computer experience is not required. Two lecture. May be taken for S/U credit.

CIS 125 (3)  
Introduction to Databases  
Database design using the relational model and entity-relationship diagrams. Concepts and capabilities of database man-

*Tech Prep articulated course.
CIS 127 (3)
Introduction to Desktop Publishing*
Creation of professional publications using desktop publishing software in a Windows environment. Extensive hands-on experience creating business and personal applications. Prerequisite: CIS 122 or consent of instructor. Three lecture, May be taken for S/U credit. Spring.

CIS 130 (4)
Computer Repair and A+ Prep*
This course will prepare students for the A+ CompTIA Core and OS exams. Focus will be on installations, configuration, and upgrading, diagnosing and troubleshooting, preventive maintenance, motherboards, processors, memory, printers, basic networking, system and bus architecture, expansion boards and slots, floppy/hard drive components and controllers, input and output devices, power supplies, operating system’s functions, file concepts and procedures, Windows installations, configuration and upgrading, boot system sequences, diagnosing and troubleshooting error messages, basic system network procedure and connections. Four lecture. May be taken for S/U credit. Fall.

CIS 135 (4)
Basic Server Operating Systems
This course will prepare students for the A+ CompTIA OS exam. Focus will be on operating system’s functions, file concepts and procedures, Windows OS 9X, 2000, and XP installations, configuration and upgrading, boot system sequences, diagnosing and troubleshooting error messages, basic system network procedure and connections. Prerequisite: CIS 130 or consent of instructor. Four lecture. May be taken for S/U credit. Spring.

CIS 140 (4)
CISCO Network Academy Semester 1*
This is the first of four semester courses designed to provide students with classroom and laboratory experience in current and emerging networking technology that will empower them to enter employment or further education and training in the computer networking field. A task analysis of current industry standards and occupational analysis was used to develop the content. Instruction includes, safety, networking, networking terminology and protocols, network standards, local-area networks (LANs), wide-area networks (WANs), Open System Interconnection (OSI) models, cabling, cabling tools, routers, router programming, Ethernet, Internet Protocol (IP) addressing, and network standards. Particular emphasis is given to the use of decision-making and problem-solving techniques in applying science, mathematics, communication, and social-studies concepts to solve networking problems. In addition, instruction and training are provided in the proper care, maintenance, and use of networking software, tools, and equipment. Prerequisite: CIS 120. Four lecture. Fall.

CIS 150 (4)
CISCO Network Academy Semester 2*
This is the second of four semesters in the Cisco Networking Academy Program. The program is designed to teach students the skills they will need to design, build, and maintain small to medium size networks. This provides them with the opportunity to enter the workforce and/or further their education and training in the computer-networking field. Prerequisite: CIS 140. Four lecture. Spring.

CIS 160 (4)
CISCO Network Academy Semester 3
This is the third of four semesters in the Cisco Networking Academy Program. The program is designed to teach students the skills they will need to design, build, and maintain small to medium size networks. This provides them with the opportunity to enter the workforce and/or further their education and training in the computer-networking field. Prerequisite: CIS 150. Four lecture. Fall.

CIS 161 (4)
UNIX Administration I
This is the first of two semester courses designed to provide students with classroom and laboratory experience in current and emerging UNIX Administration that will empower them to enter employment or further education and training in the computer administration/networking field. A task analysis of current industry standards and occupational analysis was used to develop the content. Instruction includes, but is not limited to, safety, UNIX Administration, UNIX networking, UNIX terminology and related protocols, network operation system standards, local-area networks (LANs), Network Management tools, Open System Interconnection (OSI) models, Ethernet, Internet Protocol (IP) addressing, User Administration, Files and Directories, Backup and recovery. Particular emphasis is given to the use of decision-making and problem-solving techniques in applying science, mathematics, communication, and social-studies concepts to solve UNIX Administration/Networking problems. In addition, instruction and training are provided in the proper care, maintenance, and use of UNIX software, tools, and equipment. Co-requisite: CIS 120. Four lecture. Fall.

CIS 170 (4)
CISCO Network Academy Semester 4
This is the last of four semesters in the Cisco Networking Academy Program. The program is designed to teach students the skills they will need to design, build, and maintain small to medium size networks. This provides them with the opportunity to enter the workforce and/or further their education and training in the computer-networking field. Prerequisite: CIS 160. Four lecture. Spring.

CIS 171 (4)
UNIX Administration II
This is the second of two semester courses designed to provide students with classroom and laboratory experience in current and emerging UNIX/Linux Administration that will empower them to enter employment or further education and training in the computer administration/networking field. A task analysis of current industry standards and

*Tech Prep articulated course.
occupational analysis was used to develop the content. Instruction includes, but is not limited to, safety, UNIX/Linux Administration, UNIX/Linux networking, UNIX/Linux terminology and related protocols, network operation system standards, local-area networks (LANs), Network Management tools, User Administration, Files and Directories, Backup and recovery, and Internet Protocol (IP) addressing. Particular emphasis is given to the use of decision-making and problem-solving techniques in applying science, mathematics, communication, and social studies concepts to solve UNIX Administration/Networking problems. In addition, instruction and training are provided in the proper care, maintenance, and use of UNIX/Linux software, tools, and equipment. Prerequisite: CIS 161. Four Lecture. May be taken for S/U credit: Spring.

CIS 217 (3)
Web Publishing I*
Design and creation of presentations for publishing on the World Wide Web. Through extensive hands-on experience, students will gain the necessary authoring skills to design, prepare, edit, publish and maintain Web sites that incorporate tables, forms, image maps, Common Gateway Interface (CGI) scripts, animation, multimedia, and HTML programming. Covers emerging issues in Web publishing. Prior understanding of the fundamentals of Web page design and experience creating Web pages is required. Prerequisites: CIS 117 or consent of instructor. Three lecture. May be taken for S/U credit: Spring.

CIS 220 (4)
Computer Programming I
This course will provide students with a good foundation in object-oriented programming concepts and practices. Emphasis is placed on the development of small business systems applications. CIS 111 Principles of Programming strongly recommended prior to this course. Prerequisite: CIS 120 or consent of instructor. Four lecture.

CIS 221 (4)
Computer Programming II
Focuses on features to construct Java applets, Java applications, control structures, methods, arrays, character and string manipulation, graphics, object-oriented programming, and structuring. Prerequisite: CIS 220 or consent of instructor. Four lecture. Spring.

CIS 222 (2)
Advanced MS Word
Extensive hands-on experience in advanced concepts and capabilities of MS Word. Prior experience creating, editing, and formatting documents required. Prerequisite: CIS 122 or consent of instructor. Two lecture. May be taken for S/U credit.

CIS 223 (2)
Advanced Excel Spreadsheets
Advanced features of MS Excel spreadsheet software that can be applied for personal use or in a business environment. Features will include: multiple worksheets and summary sheets, mail merge, range names, financial functions, macros, scenario. Prior experience creating, editing, and formatting spreadsheets and charts required. Prerequisite: CIS 123 or consent of instructor. Two lecture. May be taken for S/U credit. Spring.

CIS 230 (4)
Implementing & Supporting Windows
Installing, configuring, customizing, optimizing and troubleshooting Windows Client operating system. This course includes integrating Windows Client with various networks. This course helps to prepare students to take the Microsoft Certified Professional exam for Windows Client Prerequisite: CIS 130. Four lecture. Fall.

CIS 240 (4)
Installing, Configuring, and Administering Microsoft Windows Server
Installing, configuring, managing and supporting Microsoft Windows environment. This course helps to prepare students to take the Microsoft Certified Professional exam for implementing a Microsoft Windows Server Environment. Prerequisite: CIS 130 or consent of instructor. Four lecture. May be taken for S/U credit. Spring.

CIS 250 (4)
Implementing a Microsoft Windows Network Infrastructure
Installing, configuring, managing, and supporting a network infrastructure that uses the Microsoft Windows Server products. This course helps to prepare students to take the Microsoft Certified Professional exam for implementing a Microsoft Windows Network Infrastructure. Prerequisite: CIS 130 or consent of instructor. Four lecture. May be taken for S/U credit. Fall.

CIS 260 (4)
Implementing and Administering Microsoft Windows Directory
Installing and configuring Microsoft Windows Active Directory. Implementing Group Policy and performing the Group Policy-related tasks that are required to centrally manage users and computers. This course helps to prepare students to take the Microsoft Certified Professional exam for Windows. Prerequisite: CIS 130 or consent of instructor. Four lecture. May be taken for S/U credit. Spring.

CIS 289 (1-6)
Internship I
Designed for students who are looking for paid or voluntary, practical learning experiences that apply academic and occupational education to real-life, on-the-job situations. Credit hours will be negotiated based on fulfillment of a contract. Each credit hour requires the completion of a minimum 45 hours of on-the-job participation. Prior experience or course work in the field of interest is required. One to six variable credit hours. May be taken for S/U credit.

CIS 298 (1-6)
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

*Tech Prep articulated course.
CPS—Colorado Plateau Studies

CPS 100 (3)
Overview of the Colorado Plateau
Introduction to the history, art, literature, physical and cultural geography of the Colorado Plateau, and contemporary issues of the region. Prerequisites: General Education: Arts and Humanities, Social and Behavioral Sciences. Special Requirements: Global/International Awareness or Historical Awareness. Three lecture. Fall.

CPS 220 (3)
A Sense of Place: Writers on the Colorado Plateau
Literature of the land and peoples of the Colorado Plateau and contemporary concerns of writers of the region. Pre- or Co-requisite: ENG 102. Three lecture. Spring.

CPS 290 (3)
Colorado Plateau Studies Seminar
Colorado Plateau Studies Seminar is the capstone course for the Colorado Plateau Studies program. Topics will include historical and contemporary issues pertaining to the Colorado Plateau region with the intention of establishing a sense of stewardship in students. Prerequisites: ANT 230, CPS 100, ENG 220, and GLG 232, or consent of instructor. Three lecture. Spring, odd years only.

CPS 289 (1-6)
Internship I
Designed for students who are looking for paid or voluntary, practical learning experiences that apply academic and occupational education to real-life, on-the-job situations. Credit hours will be negotiated based on fulfillment of a contract. Each credit hour requires the completion of a minimum 45 hours of on-the-job participation. Prior experience or course work in the field of interest is required. Credit hours: one to six. May be taken for S/U credit.

CPS 298 (1-6)
Special Topics
Designed to meet the needs of an individual(s) who has an interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

CTM—Construction Technology Management

CTM 111 (3)
Plumbing
This course will define the plumber’s responsibility and introduce the student to the plumbing trade. Topics include: plumbing plans, safety, plumbing materials and fittings, pipes joining techniques, drain-waste and vent systems, water supply systems, fixture installations and leak testing. Emphasis will be placed on safe operation of all trade tools and equipment and job site safety. Three lecture. May be taken for S/U credit. Fall.

CTM 120 (3)
Building the Human Environment
Addresses architectural design and construction building practices, relating some of their psychological and environmental impacts. Historical, current and projected solutions to the human need for shelter and infrastructure is explored. Three lecture. Fall.

CTM 122 (3)
Construction Material & Equipment Safety
This course will introduce the student to safety in the Construction Industry. Emphasis will be placed on safe operation of trade tools and equipment, job site safety and early hazard recognition. Topics covered include: early hazard recognition, safety plans, safe transport and handling of construction materials and equipment, scaffolding set-up techniques, trench shoring and safety, fall prevention planning and associated hazards. Three lecture.

CTM 123 (4)
Building Construction Methods I*
Floor foundations and interior and exterior framing, including various types and methods of building foundations and framing systems. Three lecture. Two Lab. Spring, Fall.

CTM 124 (4)
Building Construction Methods II*
Construction methods, materials, and safe working practices as they relate to carpentry framing with wood. Floor, interior and exterior walls, ceilings, and roof and stair framing are described. Window, door, insulation, drywall, flooring, roofing and cabinetry systems are described for residential construction. Prerequisite: CTM 123. Three lecture. Two Lab. Spring, Fall.

CTM 130 (3)
Blueprint Reading & Estimating
Reading construction blueprint documents and estimating the amount of building materials needed for building projects. Reading and interpreting architectural schedules, symbols, and specifications. Three lecture. Spring.

CTM 134 (1)
Rain Water Harvest Systems
This class will introduce students to rain water as a source of water for domestic and/or landscape use. All system components for proper and safe use of rainwater will be presented and discussed. Components include: roofing materials, gutters and gutter sizing, first flush diverters and downspouts, plumbing piping to and from tank, tanks, water purification, filtration and analysis issues, sources of contamination, water pumps and control devices, water conservation fixtures, water conservation strategies for domestic and landscape use, guiding principles for water conservation, examples of rain water harvest systems will be shown. One lecture. One lab. May be taken for S/U credit.

CTM 151 (3)
House Wiring I
Basic Electrical theory and safety presented. Survey of electrical construction processes for residential applications. Determining materials, installation processes, safety, and code

*Tech Prep articulated course.
requirements of electrical construction will be emphasized and applied. Students will apply a variety of common residential receptacle and switch circuits in a shop practice setting. Two lecture. Two lab. May be taken for S/U credit. Fall.

CTM 152 (3)
House Wiring II
Survey of electrical construction processes for residential applications. Determining materials, installation processes, safety, and code requirements of electrical construction will be emphasized and applied. Prerequisites: CTM 151 House Wiring I or consent of instructor. Two lecture. Two lab. May be taken for S/U credit. Spring.

CTM 155 (4)
Commercial Wiring I
This class will emphasize Light Commercial Wiring Applications to determine sizes of service entrance conductors and feeders, conduit sizes and boxes, Transformer types, theory & sizing, and protection of transformers: referencing to the National Electric Code. Prerequisite: CTM 151 or consent of instructor. Three lecture. One lab. May be taken for S/U credit. Fall.

CTM 211 (3)
International Residential Code
Safety principles of building construction under the Uniform Building Code, including structural requirements for wood, masonry, fire resistant materials and ratings, and occupancy requirements. Three lecture. Spring.

CTM 221 (3)
Structural Design & Building Materials
Structural analysis in building design, basic relationships between structures and architectural form, principles, concepts, and procedures from statics and mechanics of materials, and analysis of reactions including shear, deflection, flexural, and shearing stresses. Prerequisite: MAT 121 or placement. Three lecture.

CTM 224 (3)
Concrete & Concrete Form Systems
This course will provide instruction in structural and architectural applications of concrete. It will examine concrete chemistry, mix designs, placement and finishing methods, and forming systems. Two lecture; two lab. Spring.

CTM 226 (3)
Mechanical Systems
Addresses heating, ventilation, air conditioning systems and plumbing systems in residential structures. Emphasis is placed on system design and layout as well as installation practices. One lecture; four lab.

CTM 235 (3)
Solar Home Design
Alternative passive solar building techniques such as adobe, earth brick, rammed earth, sand bag, and earth ship will be presented, along with environmental and aesthetic design considerations. Three lecture. May be taken for S/U credit. Spring.

CTM 236 (3)
Photovoltaics & Wind Power
This course will define the design and installation of photovoltaic and wind power systems. Emphasis will be placed on electrical safety and operation of trade tools and equipment and job site safety. Topics covered: photovoltaic and wind power system plans, safety, electrical materials and fittings, solar cell panel and wind generator wiring techniques, battery systems, inverters and charge controllers. Three lecture. Spring.

CTM 250 (3)
Innovative & Alternative Building Techniques
Innovative and alternative building techniques such as steel framing, SIP, Integra or Rastra block, adobe, earth brick, rammed earth, cast earth, sand bag, papercrete, straw bale and earth ship will be presented along with environmental and aesthetic design considerations. These concepts will be integrated with a "pattern language" and passive solar design approach for student design projects. Recommended: CTM 123/124, CTM 235, CTM 120, or prior construction related experience. Three lecture; one lab. May be taken for S/U credit. Fall.

CTM 253 (3)
Plane Surveying & Building Layout
Building layout and surveying to establish building location for excavation and for the accurate placement of the building foundation, including finish floor elevation. Three lecture. Spring.

CTM 270 (3)
Contractor's License
Overview of construction business practices and government requirements designed to help the student prepare for obtaining a contractor's license. Three lecture. May be taken for S/U credit. Fall.

CTM 288 (3)
Construction Supervision & Scheduling
Function of the construction site supervisor and the process used in scheduling, pre- and post-construction, communications, and documentation of records and reports. Three lecture.

CTM 289 (1–6)
Internship I
Designed for students who are looking for paid or voluntary, practical learning experiences that apply academic and occupational education to real-life, on-the-job situations. Credit hours will be negotiated based on fulfillment of a contract. Each credit hour requires the completion of a minimum 45 hours of on-the-job participation. Prior experience or course work in the field of interest is required. One to six variable credit hours. May be taken for S/U credit.

CTM 298 (1–6)
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.
DAN—Dance

DAN 100 (2)
Beginning Dance Movement

DAN 102 (2)
Pilates
Introduction to the Pilates method for improving flexibility, strength and total body conditioning. Two lecture. May be taken for S/U credit. Spring, Fall, Summer.

DAN 103 (1)
Cardio-Fitness Workout
An intense cardiovascular workout that combines aerobic exercise, free-weights, body-sculpting and nutrition. One lecture. May be taken for S/U credit. Spring, Fall, Summer.

DAN 105 (2)
Aerobic Dance I
Aerobic dance as a fun way to develop strength, endurance, and flexibility through strengthening, stretching, and cardiovascular activity. One lecture; two lab. May be taken for S/U credit.

DAN 110 (2)
Ballet I
Basic ballet techniques and appreciation of ballet as a form of artistic expression. One lecture; two lab. May be taken for S/U credit. Spring, Fall, Summer.

DAN 111 (2)
Beginning Yoga
Beginning Yoga including yoga postures, breathing, history, and philosophy. One lecture, two lab. May be taken for S/U credit. Spring, Fall, Summer.

DAN 115 (1)
Social Dance I
Introduction to basic social dance concepts and skills related to rhythm, dance steps, partner and non partner dances. No previous dance experience is required. One lecture. May be taken for S/U credit.

DAN 116 (1)
Social Dance II
Review of basic social dance concepts and skills. Beginning instruction in partner and non partner dances. Prerequisite: DAN 115 or consent of instructor. One lecture. May be taken for S/U credit.

DAN 120 (2)
Modern Dance I
Beginning modern dance technique. One lecture; two lab. May be taken for S/U credit. Spring, Fall.

DAN 130 (1)
Company Class and Rehearsal
Class and rehearsal for the student dance company. Four lecture. Prerequisite: by audition. May be taken for S/U credit. Spring, Fall.

DAN 140 (1)
Folk Dance I
Elements of folk dancing. Two lab. May be taken for S/U credit.

DAN 150 (2)
Jazz Dance I
Basic jazz dance technique. One lecture; two lab. May be taken for S/U credit. Spring, Fall, Summer.

DAN 151 (2)
Turkish-Egyptian Dance I
An introduction to basic Turkish and Egyptian dance movement. Two lecture. May be taken for S/U credit. Spring, Fall.

DAN 152 (2)
Turkish-Egyptian Dance II
Intermediate Turkish and Egyptian dance movement. Two Lecture. May be taken for S/U credit. Spring, Fall.

DAN 153 (2)
Beginning Flamenco I
Introduction to Flamenco dance and its cultural history. Two Lecture. May be taken for S/U credit. Spring, Fall.

DAN 154 (2)
Beginning Flamenco II
Intermediate Flamenco dance. Prerequisite: DAN 153. Two Lecture. May be taken for S/U credit. Spring, Fall.

DAN 160 (3)
Awareness through Dance
This is a class for students wishing to gain a greater sense of awareness of themselves through movement and dance techniques. The class incorporates different movement and awareness modalities such as Feldenkrais, yoga, Tai Chi, and improvisational dance. Three lecture. May be taken for S/U credit.

DAN 170 (3)
Dance for Performing Artists
Movement techniques and styles for the performing artist. Beginning dance, improvisation, mime, vocalization and a stage presence are among the topics covered. Designed for students and performers involved in theatre, musical theatre and opera. Two lecture; two lab. May be taken for S/U credit.

DAN 180 (3)
Dance Production
Theory and practice of lighting, scenery, sound, and stage management for dance production. Three lecture. May be taken for S/U credit.

*Tech Prep articulated course.
DAN 199 (0.5–6)
Dance Workshop
Designed to provide workshop courses based on student and faculty interest in pursuing or presenting an original topic. Workshops may be developed to enhance existing curriculum or to give students experience that is not covered by existing curriculum. One-half to six variable credit hours. Spring, Fall, Summer.

DAN 200 (2)
Improvisation
Introduces principles of dance improvisation. Study and development of creative movement sources and potential through exploration of human and environmental relationships. One lecture; two lab. May be taken for S/U credit. Fall.

DAN 201 (3)
Dance History
History of dance from the ancient world to the present including cultural dance, performance dance, and social dance. Three lecture. Spring.

DAN 211 (3)
Ballet II
Ballet techniques for the student with previous ballet experience. Prerequisite: DAN 110 or consent of instructor. Two lecture; two lab. May be taken for S/U credit. Spring, Fall.

DAN 212 (3)
Ballet III
Advanced ballet technique. Prerequisite: DAN 211 or consent of instructor. Two lecture. Two lab. May be taken for S/U credit. Spring, Fall.

DAN 215 (3)
Teaching Methods in Dance
Theory and practice of teaching creative dance. Prerequisites: DAN 200 and one of the following: DAN 211 or DAN 221 or DAN 250; or consent of instructor. Three lecture. May be taken for S/U credit.

DAN 221 (3)
Modern Dance II
Intermediate modern dance techniques. Two lecture; two lab. May be taken for S/U credit. Spring, Fall.

DAN 222 (3)
Modern Dance III
Advanced modern dance technique, theory and aesthetics. Prerequisite: DAN 221 or consent of instructor. Two lecture. Two lab. May be taken for S/U credit.

DAN 230 (3)
Beginning Choreography
Introduction to basic choreographic principles including composition and form and content in dance. Prerequisites: DAN 200 and one of the following: DAN 210 or DAN 221 or DAN 250; or consent of instructor. Two lecture; two lab. Spring.

DAN 250 (3)
Jazz Dance II
Study of technical detail in the development and conditioning of the body for jazz and professional dance today. Two lecture; two lab. May be taken for S/U credit. Spring, Fall, Summer.

DAN 251 (3)
Jazz Dance III
Advanced study of the art and technique of jazz dance at a pre-professional level. Prerequisite: DAN 250 or permission of the instructor. Two lecture; two lab. May be taken for S/U credit. Spring, Fall.

DAN 298 (1–6)
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

DFT—Drafting

DFT 110 (3)
Technical Drafting & CAD Fundamentals*
Technical drafting fundamentals, supported by introductions to computer-aided drafting (CAD), enabling the familiarization and visualization of drafting principles, standards, tools, and techniques. Two lecture; two lab.

DFT 125 (3)
Architectural Drafting I*
Principles of architectural drafting design and techniques. This board-drafting course covers fundamentals of design, space, utilization, drafting tool usage, construction drafting requirements, and the development of a set of blueprints. Prerequisite: DFT 110 or consent of instructor. Two lecture; two lab.

DFT 150 (3)
Auto CAD 2D*
This course will enable students to utilize computer-aided drafting (CAD) in a 2D medium. Prerequisite: DFT 110 or consent of instructor. Two lecture; two lab.

DFT 170 (3)
CADKey I
Working knowledge of geometric construction and an introduction to computer-aided manufacturing software program in creating 2D drawings. Two lecture; two lab.

DFT 200 (3)
AutoCAD 3D
This course furthers a student's mastery of computer-aided drafting (CAD) by exploring how to unlock the power of 3D through the use of advanced AutoCAD applications. Prerequisite: DFT 150. Two lecture; two lab.

DFT 210 (3)
Technical Drafting II: CAD 2D
Application of technical drafting technology using computer-aided drafting (CAD) as the medium for drafting.

*Tech Prep articulated course.
Course Descriptions

Auxiliary views, revolutions, dimensioning, tolerancing, fasteners, design, and working drawings shall be covered, utilizing several working drawings. Prerequisite: DFT 150. Two lecture; two lab.

DFT 225 (3)
Architectural Drafting I: CAD
Application of constructing architectural drawings uses the power of computer-aided drafting (CAD) as the medium for drafting. Utilizes working drawings to focus on scale to drawing parameters, symbol libraries, dimensioning, and drawing enhancement. Prerequisites: DFT 125 and DFT 150. Two lecture; two lab.

DFT 260 (3)
Architectural Drafting II: CAD
Advanced application of construction architectural drawings using the power of 2D and 3D computer-aided drafting (CAD) as the medium for drafting. Advanced 2D detail views, electrical, mechanical, and plumbing; 3D drawings including floor plans, plot plans, elevations, perspectives, landscape, and detail views, utilizing several working drawings interfacing with a multi-pen plotter. Prerequisites: DFT 200 and DFT 225. Two lecture; two lab.

DFT 270 (3)
CADKey II
Advanced knowledge of the 3D capabilities of the computer-aided drafting (CAD) software and the Cartesian coordinate system common to most CAD systems with the addition of the Z axis or depth of a given design. Prerequisite: DFT 170. Two lecture; two lab.

DFT 289 (1–6)
Internship I
Designed for students who are looking for paid or voluntary, practical learning experiences that apply academic and occupational education to real-life, on-the-job situations. Credit hours will be negotiated based on fulfillment of a contract. Each credit hour requires the completion of a minimum 45 hours of on-the-job participation. Prior experience or course work in the field of interest is required. One to six variable credit hours. May be taken for S/U credit.

DFT 298 (1–6)
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

ECE—Early Childhood Education

ECE 100 (3)
Introduction to Early Childhood Education
An introduction to the profession of early childhood education, including an historical overview, developmentally appropriate practice, cultural diversity, family roles, teacher roles, professional development and current issues. Three lecture. Fall.

ECE 110 (3)
Early Childhood Curriculum
The fundamentals of curriculum theory and design appropriate to the developmental needs of young children. Three lecture. Spring.

ECE 120 (3)
Health, Safety & Nutrition for the Young Child*
Provides a study of health, safety and nutrition with related activities including current issues, guidelines and practices in early childhood settings. Three lecture. Fall.

ECE 200 (3)
Child Guidance*
Exploration, through observation and recording, of behaviors of young children. Emphasis placed on positive guidance techniques to promote pro-social behaviors and self-guidance for young children. Three lecture. Spring.

ECE 210 (3)
Creative Arts for the Young Child
Evaluating and designing developmentally appropriate activities for the young child. Emphasis given to visual art, dramatic play, creative music and movement, exploration and discovery. Three lecture. Spring.

ECE 220 (3)
Language Arts for the Young Child
Study of theories and practices to assist young children in language and literacy development. Focus on both oral and written literacy through listening, speaking, reading and writing. Three lecture. Fall.

ECE 230 (3)
Exploration & Discovery for the Young Child

ECE 234 (3)
Child Growth and Development
Child development from conception to eight years old, emphasizing cognitive, social and physical growth. Including theories of development. Three Lecture. Fall.

ECE 240 (3)
School, Family & Community Relations
Study of the relationship between the child, the family, the community and the early childhood educator. Involves multicultural issues and diversity. Prerequisite: ECE 100. Three lecture. Fall.

ECE 250 (3)
Children with Special Needs
Survey of information regarding young children with special needs. Includes assessment of needs, curriculum development, available resources, advocacy roles and legislative issues. Prerequisite: ECE 234. Three lecture. Spring.

*Tech Prep articulated course.
ECE 289 (1–6)  
Internship I  
Designed for students who are looking for paid or voluntary, practical learning experiences that apply academic and occupational education to real-life, on-the-job situations. Credit hours will be negotiated based on fulfillment of a contract. Each credit hour requires the completion of a minimum 45 hours of on-the-job participation. Prior experience or course work in the field of interest is required. One to six variable credit hours. May be taken for S/U credit.

ECN—Economics

ECN 204 (3)  
Macroeconomic Principles  

ECN 205 (3)  
Microeconomic Principles  
Microeconomic topics of market structures, elasticity, price and output determination, and general equilibrium. General Education: Social and Behavioral Sciences. Three lecture. Spring, Fall, Summer.

ECN 298 (1–6)  
Special Topics  
Designed to meet the needs of individual with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

EDU—Education

EDU 200 (3)  
Introduction to Education*  
An examination of the development of education in the United States, the historical development and social foundations of education and teachings, the student as learner, and current issues and trends in education. This course includes 30 hours of classroom experiential involvement in local schools. Three lecture. Spring, Fall.

EDU 222 (3)  
Introduction to Special Education  
Study of special education with emphasis on factors relating to current practices, identification, and characteristics of the exception learner, one who differs from the average learner. Pre or Co-requisite: ENG 102. Three lecture. Spring, Fall.

EDU 230 (3)  
Cultural Diversity in Education*  
Examination of the relationship of cultural values to the formation of the child’s self-concept and learning styles, as well as the examination of the role of prejudice, stereotyping and cultural incompatibilities in education. Emphasis on preparing future teachers to offer an equal educational opportunity to children of all cultural groups. Three lecture. Spring, Fall.

EDU 235 (3)  
Relationships in Classroom Settings  
Provides an introduction to K-12 classroom settings and the relationships between teachers and their students. Includes a focus on class management, developing positive and appropriate individual relationships with students, and classroom observations and participation. Course includes fieldwork in actual classroom settings. Prerequisite: EDU 222. Two lecture. Two lab. Spring, Fall.

EDU 240 (3)  
Teaching Basic Literacy  
Examines effective reading and writing instruction for children. Focusing on the skills and knowledge necessary to educate thoughtful, competent readers through an integrated program of reading, writing, speaking and listening skills. Three lecture. Spring.

EDU 250 (3)  
The Community College  
Development and purpose of the community college in the United States including current practices and issues. A methods course that focuses on analysis of teaching and learning styles, delivery, student assessment at course and program level, and curriculum development. Three lecture.

EDU 289 (1–6)  
Internship I  
Designed for students who are looking for paid or voluntary, practical learning experiences that apply academic and occupational education to real-life, on-the-job situations. Credit hours will be negotiated based on fulfillment of a contract. Each credit hour requires the completion of a minimum 45 hours of on-the-job participation. Prior experience or course work in the field of interest is required. One to six variable credit hours. May be taken for S/U credit.

EDU 298 (1–6)  
Special Topics  
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

ELT—Electronics

ELT 100 (3)  
Concepts of Electricity & Basic Electronics  
Electronics, including DC and AC, transistors, optoelectronic devices, linear and digital ICs, and electronic career opportunities. One lecture; three lab.

ELT 120 (3)  
Direct Current (DC)  
Basic electricity theory and components beginning with Ohm’s Law and atomic structure and progressing to circuit analysis techniques used in solving series, parallel and series-parallel networks. Uses network theorems to evaluate

*Tech Prep articulated course.
multisource circuits. Prerequisite: MAT 121 or placement. Two lecture; two lab.

ELT 130 (3)
Alternating Current (AC)
Basic electrical theory as it applies to circuits containing capacitance, inductance, and resistance with sinusoidal voltages applied. Simple and complex circuits are studied and measured using instruments such as a signal generator and oscilloscope. Prerequisite: MAT 121 or placement. Two lecture; two lab.

ELT 135 (3)
Microcomputer Operating Systems & Architecture
Theory of digital logic gates, characteristics of input and output devices, memory hierarchy, central processing action, program processing, data transfer groups, interrupts, programmable peripheral group, C high level language, parallel and serial ports. Operation of utility programs to analyze system performance, diagnosis and correction of disk problems using real-world applications. Prerequisite: CIS 111. Co-requisite: MAT 121 or consent of instructor. Two lecture; two lab. May be taken for S/U credit.

ELT 289 (1–6)
Internship I
Designed for students who are looking for paid or voluntary, practical learning experiences that apply academic and occupational education to real-life, on-the-job situations. Credit hours will be negotiated based on fulfillment of a contract. Each credit hour requires the completion of a minimum 45 hours of on-the-job participation. Prior experience or course work in the field of interest is required. One to six variable credit hours. May be taken for S/U credit.

ELT 298 (1–6)
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

EMS—Emergency Medical Services

EMS 100 (3)
Emergency Medical Services First Response Training Course
Working knowledge of emergency medicine per the U.S. Department of Transportation guidelines. Two lecture; two lab. Spring, Fall.

EMS 105 (4)
Wilderness First Responder
Wilderness First Responder course using the curriculum of the Wilderness Medical Society (WMS), a nonprofit organization consisting of physicians and healthcare providers from around the world who have approved and recommended practice guidelines and minimum course topics on the best methods of handling wilderness related trauma, illness and environmental emergencies. Four lecture. Spring, Summer.

EMS 131 (7)
Emergency Medical Technician
Uses the 1994 curriculum adapted by the Arizona Department of Health Services. Helps prepare students for the Arizona State Department of Health Services EMT Examination. Prerequisites, per DHS standards, are required prior to entry into the course: 18 years old, must have current level "C" CPR certification, show proof of passing certified ninth-grade reading level proficiency exam. Evidence of MMR vaccination, TB test six months prior to the start of class. Seven lecture. Spring, Fall.

EMS 211 (2)
Emergency Medical Technician Refresher
Updates basic EMT graduates on new techniques and reviews important principles in client care, basic life support, and transportation of the sick and injured. Emphasizes practical usage and experience in all phases. Meets Arizona Department of Health Services refresher training requirements. Prerequisite: EMS 131 or equivalent. May be repeated for additional credit as an exception to general college policy; maximum of six credits in EMS 211 may apply toward a degree. Two lecture. Spring, Fall, Summer.

EMS 262 (47)
Certified Emergency Paramedic
Preparation of the Certified Basic Emergency Medical Technician for transition to an advanced Certified Emergency Paramedic provider level. Includes human anatomy and physiology, physical assessment, advanced airway and ventilation techniques, interventional therapy, medical emergencies, and trauma patient management. Interested students will go through a rigorous testing process and should contact the EMS program coordinator. Prerequisite: One year as a Certified EMT-Basic and acceptance to the program. Lecture twenty-seven. Lab forty.

EMS 298 (1–6)
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

ENG—English

ENG 020 (1)
Sentence Structure
Individualized, self-paced instruction in basic sentence construction, adding elements, and writing a variety of sentences. Prerequisite: consent of advisor. Three lab. May be taken for S/U credit.

ENG 021 (1)
Grammar Skills
Individualized, self-paced instruction in grammar with emphasis on correct verb, pronoun, adverb, and adjective usage. Prerequisite: consent of advisor. Three lab. May be taken for S/U credit.

*Tech Prep articulated course.

| ENG 023 (1)          |
| Paragraph Development|
| Individualized, self-paced instruction in writing topic sentences and organizing specific support in basic paragraphs. Prerequisite: consent of advisor. Three lab. May be taken for S/U credit. |

| ENG 024 (1)          |
| Spelling Improvement |
| Individualized, self-paced instruction in spelling with emphasis on hearing, seeing, and writing common English words. Prerequisite: consent of advisor. One lecture. May be taken for S/U credit. |

| ENG 025 (1)          |
| Vocabulary Improvement|
| Individualized, self-paced instruction in strengthening vocabulary with emphasis on prefixes, suffixes, roots, and understanding words in context. Prerequisite: consent of advisor. Three lab. May be taken for S/U credit. |

| ENG 036 (2)          |
| Introduction to English as a Second Language |
| Individual and small group works in listening to, speaking, reading, and writing the English language. Prerequisite: consent of instructor. Two lecture. May be taken for S/U credit. |

| ENG 037 (3)          |
| English as a Second Language |
| Intensive study for improving basic skills in listening to, speaking, reading, and writing in English. Prerequisite: placement or consent of instructor. Three lecture. May be taken for S/U credit. Spring, Fall. |

| ENG 089 (4)          |
| Basic Reading Skills |
| Word identification, vocabulary in context, and comprehension. Prerequisite: Placement or consent of instructor. Four lecture. May be taken for S/U credit. Spring, Fall. |

| ENG 090 (4)          |
| Intensive Writing Skills |
| Individual and small group work emphasizing grammar in the context of sentence writing and essay development. Pre or Co-requisite: ENG 089 or placement. Four lecture. May be taken for S/U credit. Spring, Fall. |

| ENG 099 (4)          |
| Advanced Reading Improvement |
| Individual and small-group instruction in mastery of reading skills with emphasis on vocabulary improvement, comprehension, and flexibility of reading rate. Prerequisite: ENG 089 or placement. Three lecture. May be taken for S/U credit. Spring, Fall. |

| ENG 100 (4)          |
| Fundamentals of Composition |
| Integrated reading/critical thinking/writing approach to basic skills needed for success in college. Extensive writing practice with emphasis on purpose, organization, and revision for clarity and correctness. Prerequisite: ENG 090 and 089 or placement. Pre or Co-requisite: ENG 099. Four lecture. Spring, Fall. |

| ENG 101 (3)          |
| College Composition I |
| Extensive practice in critical reading, thinking, and writing, with emphasis on using the writing process to communicate in multiple formats, both formal and informal, and for multiple audiences and purposes. Includes documented research. Prerequisites: ENG 100 and ENG 099, or placement. General Education: English Composition. Three lecture. Spring, Fall, Summer. |

| ENG 102 (3)          |
| College Composition II |
| Continued development of ideas and strategies introduced in ENG 101. Extensive practice in critical thinking, reading, and writing with emphasis on composing analytical essays on literary topics and a documented research paper. Prerequisite: ENG 101. General Education: English Composition. Three lecture. Spring, Fall, Summer. |

| ENG 137 (3)          |
| Introduction to Technical Writing |
| A practical introduction to technical writing that emphasizes proposals, technical descriptions, abstracts, reports, letters, memos, document format together with instructions and applicable graphics. Pre-requisite: ENG 100 and ENG 30 or placement. Three lecture. Spring. |

| ENG 139 (3)          |
| Introduction to Creative Writing |
| Techniques of writing poetry, fiction, and creative nonfiction, with analysis of both published and student writing. Prerequisites: ENG 100, ENG 101 or consent of instructor. Three lecture. May be taken for S/U credit. Fall. |

| ENG 140 (3)          |
| Fundamentals of Screenwriting |
| An integrated approach to basic skills needed for the successful completion of a feature-length script. Extensive screenwriting practice with critical analysis and group workshops to compliment the revision process. Prerequisites: ENG 101. Three lecture. |

| ENG 229 (3)          |
| Introduction to Native American Literature |
| Reading and analysis of Native American literature addressing historical and contemporary cultural concerns. Pre-requisite: ENG 101 or consent of instructor. Three lecture. |

| ENG 234 (3)          |
| Information Age Communication |
| Extensive practice in audience-centered, professional and technical communication. Emphasizes reading and critical analysis of technical writing, and computer-based compos.
Course Descriptions

ENG 236 (3)
Introduction to the American Short Story
Reading and critical analysis of a broad representation of American short stories including the examination of ethnic, race, and gender issues. Prerequisite: ENG 101 or consent of instructor. General Education: Arts and Humanities. Special Requirements: Ethnic/Race/Gender Awareness. Three lecture. Fall.

ENG 237 (3)
Women in Literature
Literature by and about women emphasizing stereotypes, changing roles, and psychological and philosophical concerns. Prerequisite: ENG 101 or consent of instructor. General Education: Arts and Humanities. Special Requirements: Ethnic/Race/Gender Awareness. Three lecture. Spring.

ENG 238 (3)
Literature of the Southwest
Literature of the land and peoples of the Southwest, the influence and interaction of Native American, Chicano, and Anglo cultures, and contemporary concerns of Southwestern writers. Prerequisite: ENG 101 or consent of instructor. General Education: Arts and Humanities. Special Requirements: Ethnic/Race/Gender Awareness. Three lecture. Spring.

ENV—Environmental Studies

ENV 111 (3)
Local Environmental Issues
Learners will examine their local biophysical environment, survey the regional history and economics, and then assess local environmental issues that may affect the health and well being of the local environment. Topics of concern vary depending on specific location and issues of concern. Learners may submit comments of concern to appropriate government officials. Field trips required. May be taken for S/U credit. Three lecture.

ENV 150 (3)
Introduction to Environmental Engineering
Environmental engineering, science, and technology. Methods of calculating contaminant levels and associated risk, regulatory approaches, and engineering design of environmental pollution control. Pre- or co-requisites: MAT 151 and CHM 130 or CHM 151. Three lecture.

ENV 213 (3)
Global Environmental Issues
Students will examine the scientific basis of and reasons for concern about human population growth, loss of biodiversity and atmospheric alterations (global warming and ozone depletion). Prerequisite: any science course numbered 100-level or above, or consent of instructor. Three lecture.

ENV 298 (1–6)
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

ENG 299 (.5–3)
Environmental Studies Workshop
Designed for community members to take courses in Envi-
For Forensics

FOR 101 (3)
Introduction to Forensics
Students in this course will study the techniques and technologies of the various forensic sciences as they relate to criminal investigations. Students will become fully aware of the legal issues that pertain to these activities and current forensic practices. Three lecture. Spring, Fall.

FOR 150 (3)
Death Investigations
This course is designed to provide students with an overview of the procedures of Scene Investigators, and the Medical Examiner’s Office, in determining cause and manner of death. Students will study the techniques and technologies utilized in modern death investigations, and become fully aware of the legal issues surrounding these activities. Three lecture. Fall.

FOR 170 (3)
Forensic Interviewing
This course will examine the legal aspects, required skills, psychological issues, and current investigative techniques relating to forensic interviewing. Three lecture. Spring.

FOR 289 (1–6)
Internship I
Designed for students who are looking for paid or voluntary, practical learning experiences that apply academic and occupational education to real-life, on-the-job situations. Credit hours will be negotiated based on fulfillment of a contract. Each credit hour requires the completion of a minimum 45 hours of on-the-job participation. Prior experience or coursework in the field of interest is required. One to six variable credit hours. May be taken for S/U credit.

FOR 298 (1–6)
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

French

FRE 101 (4)
Beginning French I
Basic grammar, vocabulary, and culture. Practice in speaking, reading, and writing French. General Education: Options. Four lecture. Fall.

FRE 102 (4)
Beginning French II
Further emphasis in basic grammar, vocabulary, and culture. Practice in speaking, reading, and writing French. Prerequisite: FRE 101 or consent of instructor. General Education: Options. Four lecture. Spring.

FRE 128 (2)
French for Travelers
A short course for students who have little or no prior experience with French and need specific vocabulary and cultural information for their anticipated adventures in traveling to countries where French is used. Two lecture. May be taken for S/U credit. Spring, Fall.

FRE 131 (3)
Conversational French I
Basic grammar, vocabulary, and culture in conversational practice. Three lecture. May be taken for S/U credit.

FRE 201 (4)
Intermediate French I
Improving basic skills of speaking, comprehension, reading, and writing. Taught in French. Prerequisite: FRE 102 or consent of instructor. General Education: Options. Four lecture. Fall.

FRE 202 (4)
Intermediate French II
Further development of speaking and writing communication skills with emphasis on compositions and readings. Taught in French. Prerequisite: FRE 201 or consent of instructor. General Education: Options. Four lecture. Spring.

FSC—Fire Science

FSC 135 (3)
Fundamentals of Fire Prevention
Role and functions of fire prevention. Practical rather than theoretical aspects of fire prevention. Three lecture.

FSC 136 (4)
Fire Apparatus & Hydraulics
Principles of care, maintenance, and operation of fire apparatus and pumps. Pump construction, pumping and pump accessories, power development and transmission, driving, trouble shooting, and producing effective fire streams. Three lecture; two lab.

FSC 138 (2)
Hazardous Materials/First Responder
Definition, detection, identification, scene management, basic training, equipment planning, strategy, and tactics in the management of hazardous materials incidents. Preparation for Department of Emergency Services certificate. Two lecture.

FSC 180 (8)
Firefighter I & II
For the new firefighter or student interested in fire fighting. Fire behavior and basic fire fighting skills, with hands-on use of fire fighting equipment. Pre or Co-requisites: FSC 138 and EMS 131, or consent of Fire Science Coordinator. Six lecture; four lab.

Tech Prep articulated course.
FSC 233 (3)
Introduction to Wildland Fire Suppression
Provides a fundamental knowledge of the factors affecting wildland fire prevention, fire behavior, and control techniques along with an introduction to the Incident Command System. Covers material from S-190, S-310, I-100, and standards for survival (PMS 416-1). After completion, students may qualify for Red Card Certification. Three lecture.

FSC 234 (3)
Fire Investigation
Methods of determining point of fire origin and fire cause, and detection of incendiary fires. Includes simplified physics and chemistry necessary to analyze fire behavior. Three lecture.

FSC 235 (3)
Fire Protection Systems
Required standard for water supply, protection systems, automatic sprinklers, and special extinguishing systems, including analysis of various automatic signaling and detection systems. Prerequisite: FSC 180 or consent of instructor. Three lecture.

FSC 236 (3)
Firefighter Occupational Safety
Informational base to reduce injuries to fire fighting personnel. Awareness, training, and research of equipment to develop a safety program to meet the needs of the fire service. Three lecture.

FSC 238 (3)
Emergency Scene Management
Effective methods of managing emergency incidents including multiple alarm fires, high-rise fires, brush fires, hazardous materials incidents, and multi-casualty medical incidents. Includes effective interaction among numerous agencies to achieve control. Prerequisite: FSC 180 or consent of instructor. Three lecture.

FSC 239 (3)
Fire Department Company Officer
Administrative methods for the fire department in fire safety, department organization, and personnel supervision. Includes elements of management needed for the fire department first-level supervisor. Prerequisite: BUS 209 or consent of instructor. Three lecture.

FSC 241 (3)
Firefighter Safety & Building Construction
Safety for firefighters on the fire ground. Effects of fire and heat on various types of building construction resulting in the loss of structure will be explored. Includes signs and symptoms of structural damage. Three lecture.

FSC 243 (5)
Intermediate Wildland Fire Suppression
Instructions for an initial attack on wildland fires and the incident command system. Covers material from S-205, S-290, and I-200. After completion students may qualify for Red Card Certification. Prerequisite: FSC 233 or consent of instructor. Five lecture.

FSC 253 (5)
Advanced Wildland Fire Suppression
Designed to train qualified squad bosses in firing techniques and firing devices along with advanced training in the incident command system. Covers material from S-234, S-336, and I-300. Prerequisite: FSC 233 and FSC 243 or consent of instructor. Five lecture.

FSC 298 (1–6)
Special Topics
Special Topics Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

GEO—Geography

GEO 102 (3)
Human Geography
Thematic approach towards the study of global attributes to provide a bridge between the social and environmental sciences. Emphasis consists of comparisons and contrasts among regions of the world regarding the social, cultural, economic, and political aspects of human life and understanding interactions between people and their environment. Three lecture.

GEO 131 (4)
Introduction to Physical Geography
Natural processes of weather, climate, hydrology, ecology, geology and tectonics, diastrophism, volcanism, denudation, soils, glaciation, and coastal processes emphasizing geographic distribution. General Education: Physical and Biological Sciences. Three lecture; three lab.

GEO 133 (3)
World/Regional Geography
Physical (climate, vegetation, landform) and cultural (ethnic, religious, political, economic) attributes of the world's major regions and the interplay between them. Includes a study of world place-name geography. General Education: Social and Behavioral Sciences. Special Requirements: Contemporary Global/International Awareness or Historical Awareness. Three lecture.

GEO 298 (1–6)
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

GER—German

GER 101 (4)
Beginning German I
Basic grammar, vocabulary, and culture. Practice in speaking, reading, and writing German. General Education: Options. Four lecture. Fall.

*Tech Prep articulated course.
GER 102 (4)
Beginning German II
Further emphasis in basic grammar, vocabulary, and culture. Practice in speaking, understanding, reading, and writing German. Prerequisite: GER 101 or consent of instructor. General Education: Options. Four lecture. Spring.

GER 128 (2)
German for Travelers
A short course for students who have little or no prior experience with German and need specific vocabulary and cultural information for their anticipated adventures in traveling to countries where German is used. Two lecture. May be taken for S/U credit. Spring, Fall.

GER 201 (4)
Intermediate German I
Improving basic speaking and writing communication skills with emphasis on comprehension, reading, and writing. Prerequisite: GER 102 or consent of instructor. Taught in German. Four lecture. Fall and/or Summer.

GER 202 (4)
Intermediate German II
Further development of German communication skills with emphasis on comprehension, reading, and writing. Prerequisite: GER 201 or consent of instructor. Taught in German. Four lecture. Spring.

GER 298 (1–6)
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

GIS—Geographic Information Systems

GIS 101 (4)
Geographic Information Systems
Basic concepts of spatial analysis and history of GIS technology. Principles of cartography, map interpretation, and student preparation for training in specific GIS software packages. Four lecture.

GIS 201 (3)
Introduction to Arc View
Technical and quality control aspects of ArcView GIS software. Hands-on experience, training, and exposure to ArcView applications in spatial analysis. Three lecture.

GIS 289 (1–6)
Internship I
Designed for students who are looking for paid or voluntary, practical learning experiences that apply academic and occupational education to real-life, on-the-job situations. Credit hours will be negotiated based on fulfillment of a contract. Each credit hour requires the completion of a minimum 45 hours of on-the-job participation. Prior experience or course work in the field of interest is required. One to six variable credit hours. May be taken for S/U credit.

GIS 298 (1–6)
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

GLG—Geology

GLG 101 (4)
Physical Geology
The study of Earth’s processes and materials including rocks and minerals, structures, landforms and their origins. General Education: Physical and Biological Sciences. Three lecture; three lab. Spring, Fall, Summer.

GLG 102 (4)
Historical Geology
Chronological study of the sequence of events involved in the creation of the earth and its inhabitants as revealed in the rock record. Prerequisite: GLG 101. General Education: Physical and Biological Sciences. Three lecture; three lab. Spring.

GLG 105 (4)
Introduction to Planetary Science
A survey of solar system objects and their geologic evolution, surfaces, interiors and atmospheres, and the methods used to study them; weekly laboratory for data analysis and experiments; may include field trip(s). Three lecture; three lab. Spring.

GLG 110 (4)
Geologic Natural Disasters
Examine the forces behind the geology processes that have caused great loss of life and property throughout history as a result of natural disasters. Three lecture. Three lab. Spring, Fall.

GLG 111 (2)
Geology of Northern Arizona
Concepts in stratigraphy, volcanology, geomorphology, and glacial and structural geology in the Northern Arizona region. Field trips. One lecture; three lab. Spring, Fall.

GLG 112 (2)
Geology of the Grand Canyon
Concepts in stratigraphy, volcanology, geomorphology, and glacial and structural geology in the Grand Canyon. Field trips. One lecture; three lab. Spring, Fall, Summer.

GLG 199 (.5–6)
Geology Workshop
Designed to provide workshop courses based on student and faculty interest in pursuing or presenting an original topic. Workshops may be developed to enhance existing curriculum or to give students experience that is not covered by existing curriculum. .5 to six variable credit hours.

GLG 232 (4)
Geology of the Colorado Plateau
Examine and observe the geology and geologic processes of the Colorado Plateau and how it has affected its inhabitants. Three lecture. Three lab. Fall.

*Tech Prep articulated course.
GLG 240 (2)
Fundamentals of Geologic Field Methods
Fundamental procedures and techniques of gathering field data in a geologic setting. Emphasis on regional landforms, structures and stratigraphy. Field trips required. Prerequisite: GLG 101 or consent of instructor. One lecture; three lab.

GLG 298 (1–6)
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

HDE—Human Development Education

HDE 101 (2)
Self & Career Exploration
Exploration of personal interests and strengths and compatible career choices with practical job-hunting information. Two lecture. May be taken for S/U credit.

HDE 102 (3)
College Study Skills
Exploration of techniques that facilitate learning, improve academic performance, and help students succeed in the college environment. Topics include time management, reading textbooks, taking notes, critical thinking, learning styles, library research and preparing for tests. Three lecture. Spring, Fall.

HDE 131 (2)
Assertive Training
Consideration of personal rights, identifying blocks to standing up for those rights, and practice in being more assertive. Two lecture. May be taken for S/U credit.

HDE 132 (1)
Stress Management
Identifying the sources and effects of stress and learning methods to reduce stress. One lecture. May be taken for S/U credit.

HDE 133 (1)
Motivation Skills
Motivation and positive attitude in relationship to personal, interpersonal, academic, and career enhancement and success. One lecture. May be taken for S/U credit.

HDE 134 (1)
Building Self-Esteem
Self-image and self-esteem, how to stop negative thinking and behavior, and improve self-esteem. One lecture. May be taken for S/U credit.

HDE 135 (2)
Self Management Skills I
Assists in the transition from dependency and low self-esteem to independence, a higher level of self-esteem and personal empowerment. An interactive seminar. Two lecture. May be taken for S/U credit.

HDE 136 (2)
Self Management Skills II
Personal and professional development. An interactive working seminar. Prerequisite: HDE 135 or consent of instructor. Two lecture. May be taken for S/U credit.

HDE 141 (1)
The Job Search
Job search strategies, interview skills, and résumé preparation. One lecture. May be taken for S/U credit.

HDE 298 (1–6)
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

HIS—History

HIS 131 (3)
U.S. History to 1877
Study of the peoples and forces that comprise the history of the United States from the pre-Columbian era to the end of Reconstruction (1877). General Education: Social and Behavioral Sciences. Special Requirements: Contemporary Global/International Awareness or Historical Awareness, Ethnic/Race/Gender Awareness. Three lecture.

HIS 132 (3)
U.S. History from 1877
History of the United States and the peoples and forces that shape it from the end of Reconstruction to the present. General Education: Social and Behavioral Sciences. Special Requirements: Contemporary Global/International Awareness or Historical Awareness, Ethnic/Race/Gender Awareness. Three lecture.

HIS 135 (3)
History of Mexico
Political, economic, and social forces which have created the history of Mexico from pre-Columbian times to the present. Three lecture.

HIS 136 (3)
Women in American History
Roles and contributions of women in the history of the U.S., with an emphasis on the social and cultural aspects of the feminist movements in the nineteenth and twentieth centuries. General Education: Social and Behavioral Sciences. Special Requirements: Ethnic/Race/Gender Awareness, Contemporary Global/International Awareness or Historical Awareness. Three lecture. Fall.

HIS 201 (3)
Western Civilization to 1660
Interdisciplinary approach to the history and development of Western civilizations from the ancient civilization of Egypt and Mesopotamia to 1660 or the dawn of modern Europe. General Education: Social and Behavioral Sciences. Special Requirements: Contemporary Global/International Awareness or Historical Awareness. Three lecture. Fall.

*Tech Prep articulated course.
HIS 202 (3)  
*Western Civilization from 1660*  
Interdisciplinary approach to the history and development of Western civilizations from 1660 to the present. General Education: Social and Behavioral Sciences. Special Requirements: Contemporary Global/International Awareness or Historical Awareness. Three lecture. Spring.

HIS 211 (3)  
*World History to 1500*  
This course introduces students to the wide range of civilizations and cultural traditions in the world prior to 1500. Course highlights how various civilizations found unique solutions to common problems, which, combined with increasing contact and exchange, resulted in the diverse contemporary world. General Education: Social and Behavioral Sciences. Three Lecture.

HIS 212 (3)  
*World History from 1500*  
This course is to introduces students to the global community that develops after 1500 out of the diverse civilizations and cultures that existed before 1500. Course highlights various civilizations found unique solutions to common problems, which, combined with increasing contact and exchange, resulted in the diverse contemporary world. General Education: Social and Behavioral Sciences. Three Lecture.

HIS 236 (3)  
*History of the Southwest*  
History of the American Southwest from pre-Colombian times to the present with emphasis on how the physical geography has influenced human settlement and on the various cultures and their contributions. Three lecture.

HIS 237 (3)  
*Arizona History*  
Arizona history from the pre-Colombian period to present with emphasis on the waves of immigration and the various cultures that has shaped Arizona history. Three lecture.

HIS 238 (3)  
*Navajo History*  
Examines Dine (The People) history with emphasis on the role the Navajo have played in the economic, cultural, and political life of the Navajo nation. Three lecture.

HIS 250 (3)  
*Asian Civilization through 1644*  
Study of the political, social, economical, cultural, and intellectual history of China, Japan, and India to 1644 A.D. General Education: Social and Behavioral Sciences. Special Requirements: Contemporary Global/International Awareness or Historical Awareness, Ethnic/Race/Gender Awareness. Three lecture.

HIS 251 (3)  
*Asian Civilization from 1645*  
Study of the political, social, economical, cultural, and intellectual history of China, Japan, and India since 1644 A.D. General Education: Social and Behavioral Sciences. Special Requirements: Contemporary Global/ International Awareness or Historical Awareness, Ethnic/Race/Gender Awareness. Three lecture.

HON—Honors  

HON 298 (1–6)  
*Special Topics*  
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

HRM—Hotel & Restaurant Management  

HRM 100 (3)*  
Introduction to Hospitality History, policies, and procedures of the hospitality industry relating to hotel/restaurant management. Three lecture. Fall.

HRM 140 (3)  
*Food Production Concepts*  
Introductory course identifying and describing the various interrelated components of systematic food service management. Three lecture. Fall.

HRM 144 (3)  
*Gourmet Foods I*  
Appreciation of international foods and their preparation. Includes foods of France, Italy, China, Japan, and Mexico. Three lecture; one lab. May be taken for S/U credit.

HRM 145 (3)  
*Gourmet Foods II*  
Advanced principles and materials used in international gourmet cooking and baking, including uses of more advanced cookbooks, and expanded identification and use of kitchen tools. Progressive use of spices, herbs, wines (for *Tech Prep articulated course.*
Cooking purposes only), and sauces. Students will, through practical application, prepare, bake, and serve international gourmet foods. Prerequisite: HRM 144 or consent of instructor. Three lecture; one lab. May be taken for S/U credit.

HRM 170 (3)
Hospitality Information Technology
Introduction to information processing principles specific to the hospitality industry, basic concepts of hardware and software, and generic software applications. Two lecture; two lab. Fall.

HRM 210 (3)
Guest Service Management
Overviews of the hotel industry, front office management, guest expectations, reservations, uniformed services, and guest accounting. Also emphasizes the importance of communication and the key role front office plays within the framework of the entire hotel. Three lecture. Spring.

HRM 220 (3)
Property Management
Introduction to the direction and control of housekeeping operations, personnel and facilities management, problem solving techniques, and guest security and safety. Three lecture. Spring.

HRM 225 (3)
Hospitality Accounting
A study of financial statement analysis, management of assets, ratio analysis, analytical techniques, operating budget and investment decision-making. Prerequisite: ACC 101. Three lecture. Fall, Spring.

HRM 235 (3)
Hospitality Law
Differentiates legal issues and laws that impact the hotel’s general operations and relationships with its employees and guests. Three lecture.

HRM 240 (3)
Commercial Food Production*
Introduction to the operations, principles, and presentation techniques associated with the large and small commercial food services industry. Two lecture. Three lab. Spring.

HRM 270 (3)
Hospitality Information Technology II
Study and learn to use hotel and restaurant information management systems. Learn how to manage functionality of industry specific application to meet the goals of the organization. Prerequisite: HRM 170. Three lecture. Spring.

HRM 289 (1–6)
Hotel and Restaurant Management Internship
Developed for students who are looking for paid or voluntary, practical application of applied hotel and restaurant management skills. Agreed upon internship will have a direct link to responsibilities regarding customer service, employee responsibility, proper handling, preparation or management of resources (food, equipment, supplies, linen, etc.). Credit hours will be negotiated based on the successful completion of a course contract. Each credit hour requires the completion of a minimum of 45 hours of related work as indicated by the course contract. Prior experience or course work in the area of interest is required. One to six variable credit hours. May be taken for S/U credit.

HRM 298 (1–6)
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

HUM—Humanities

HUM 205 (3)
Technology and Human Values
Explores the relationship between technological development and individual and social values in the Western World from ancient times through the present. Includes technologies connected with a variety of areas, such as medicine, printing, agricultural production, work, ethics, art and architecture. Pre or Co-requisite: ENG 102. Three lecture. Fall.

HUM 235 (3)
American Arts & Ideas
Cultural development of the arts, literature, and philosophical and religious movements within the United States from the colonial period through the present. Pre- or co-requisite: ENG 101. General Education: Arts and Humanities. Three lecture. Fall.

HUM 237 (3)
Mexican-American Arts & Ideas
Cultural development of the arts, literature, history, religion, ideas, identity, and political impact of the Mexican-American people and their contribution to life in the United States. Three lecture. Summer.

HUM 241 (3)
Humanities I
Cultural development of the western world from the ancient Greeks to the Renaissance as reflected in the literature, visual arts, architecture, and performing arts of the various periods. Pre- or co-requisite: ENG 102. General Education: Arts and Humanities. Special Requirements: Intensive Writing/Critical Inquiry. Three lecture. Spring, Fall, Summer.

HUM 242 (3)
Humanities II
Cultural development of the Western World from the Renaissance to the present as reflected in the literature, visual arts, architecture, and performing arts of the various periods. Pre- or co-requisite: ENG 102. General Education: Arts and Humanities. Special Requirements: Intensive Writing/Critical Inquiry, Contemporary Global/International Awareness or Historical Awareness. Three lecture. Spring, Fall, Summer.

*Tech Prep articulated course.
COURSE DESCRIPTIONS

HUM 298 (1-6) Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

ITALIAN

ITA 101 (4)
Beginning Italian I
Basic grammar, vocabulary, and culture. Practice in speaking, reading, and writing Italian. Four lecture. Fall.

ITA 102 (4)
Beginning Italian II
Further emphasis on basic grammar, vocabulary, and culture. Practice in speaking, reading, and writing Italian. Prerequisite: ITA 101 or consent of instructor. Four lecture. Spring.

ITA 128 (2)
Italian for Travelers
A short course for students who have little or no prior experience with Italian and need specific vocabulary and cultural information for their anticipated adventures in traveling to countries where Italian is used. Two lecture. May be taken for S/U credit. Spring, Fall.

ITA 201 (4)
Intermediate Italian I
Improving basic skills of speaking, comprehension, reading, and writing. Taught in Italian. Prerequisite: ITA 102 or consent of instructor. Four lecture. Fall.

ITA 202 (4)
Intermediate Italian II
Further development of speaking and writing communication skills with emphasis on writing and reading. Taught in Italian. Prerequisite: ITA 201 or consent of instructor. Four lecture. Spring.

LAT 298 (1-6)
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

LATIN

LAT 101 (4)
Beginning Latin I
Basic grammar, vocabulary, and culture. Practice in speaking, reading, and writing Latin. Four lecture.

LAT 102 (4)
Beginning Latin II
Further emphasis on basic Latin grammar, vocabulary, and culture. Practice in speaking, reading, and writing Latin. Prerequisite: ITA 101 or consent of instructor. Four lecture.

LAT 298 (1-6)
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

LEADERSHIP

LDR 115 (1)
Workplace Ethics

LDR 200 (2)
Leadership Training
Introduction to leadership, teambuilding and communication models in theory and practice. One lecture; two lab.

LDR 201 (2)
Leadership Basics
Introduces the student to leadership in which students will develop a personal leadership philosophy, learn to articulate a vision, and practice leading by serving. Two lecture. Spring, Fall.

LDR 202 (2)
Leadership and Decision-Making
Exploration of goal-setting, decision-making, and time management as they relate to personal and organizational success. One lecture; two lab. Spring.

LDR 203 (2)
Leadership and Communication
Development of communication skills, team-building strategies, and change management techniques. One lecture; two lab. Spring, Fall.

LDR 204 (2)
Leadership and Power
Exploration of the complexities inherent in ethical leadership, conflict resolution, the use of power, and the empowerment of others. Upon completion of LDR 204, students may request an Award of Completion. Two lecture. Fall.

LDR 289 (1-6)
Leadership Internship
Designed for students who are looking for paid or voluntary, practical application of applied leadership principles. Agreed upon internship will have a direct link to responsibilities regarding goal-setting, decision-making, conflict resolution, team building, supervision, and service. Credit hours will be negotiated based on the successful completion of a course contract. Each credit hour requires the completion of a minimum of 45 hours of related work as indicated by the course contract. Prior experience or course work in the area of interest is required. One to six variable credit hours. May be taken for S/U credit.

*Tech Prep articulated course.
LDR 298 (1–6)
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

MAT—Mathematics

MAT 033 (1)
Math Workshop
Designed for students suffering from "math anxiety." "Math anxiety" is defined, discussed and reduction techniques practiced. Study and test-taking skills. Co-requisite: Enrollment in a mathematics course. One lecture.

MAT 055 (3)
Arithmetic Review
Review of arithmetic skills, including fractions, decimals, percent, measurement, and geometry. Three lecture. Spring, Fall, Summer.

MAT 057 (3)
Mathematics for Health Occupations
Mathematics vocabulary, tools, and concepts needed in the health care workplace including fractions, metric, apothecary, and household measurements, ratios, proportions, and percents. Three lecture.

MAT 087 (4)
Beginning Algebra with Review
Basic algebraic concepts including operations with signed numbers, exponents and radicals, linear equations and inequalities, polynomials, and graphing. Prerequisite: MAT 055 or placement. Four lecture. Spring, Fall, Summer.

MAT 121 (4)
Intermediate Algebra with Review
Review of basic algebraic concepts, including exponents and radicals, systems of equations, polynomials, and graphing quadratic equations. Prerequisite: MAT 087, or placement. Four lecture. Spring, Fall, Summer.

MAT 124 (3)
Technical Problem Solving
Mathematics topics geared for technical degrees, including ratio, proportion, geometry, coordinate geometry, trigonometry and applications. Prerequisite: MAT 121 or placement. Three lecture.

MAT 130 (3)
Mathematics for Elementary Teachers I
Mathematical foundations of elementary school mathematics curriculum. Including problem solving, principles of whole numbers, integers, rational numbers, ratios, proportions and percentages. Emphasizes the use of models and manipulatives to increase understanding of the mathematical concepts. Pre- or co-requisite: MAT 142 or higher. Three lecture. Spring, Fall, Summer.

MAT 131 (3)
Mathematics for Elementary Teachers II
Mathematical foundations of the elementary school mathematics curriculum including measurement, geometry, probability and statistics. Emphasizes the use of models and manipulatives to increase understanding of the mathematical concepts. Prerequisite: MAT 130. Three lecture. Spring, Fall, Summer.

MAT 142 (3)
College Mathematics
Students will examine finance, growth, probability, statistics, and common applications encountered in society. General Education: Mathematics. Prerequisite: MAT 121 or placement. Three lecture. Spring, Fall, Summer.

MAT 151 (4)
College Algebra
College level algebra, including equations, functions, matrices, inequalities, sequences and series, and fundamental algebra theorems will be studied. Prerequisite: MAT 121 or placement. General Education: Mathematics. Four lecture. Spring, Fall, Summer.

MAT 160 (3)
Introduction to Statistics
Statistical tools and techniques used in research and general applications. Includes descriptive statistics, probability and probability distributions, point and interval estimates of population parameters, hypothesis testing, and correlation and regression. Prerequisite: MAT 142 or higher. General Education: Options. Three lecture. Spring, Fall, Summer.

MAT 172 (3)
Finite Mathematics
Various analytical methods used in business and social sciences, including algebra review, functions and modeling, systems of linear equations, matrices, linear programming, mathematics of finance, probability, and combinations. Prerequisite: MAT 151 or placement. Three lecture. Spring, Fall, Summer.

MAT 187 (5)
Pre-Calculus
College level algebra and trigonometric topics to prepare for calculus. Functions, equations, and inequalities, matrices, trigonometry, and fundamental algebra theorems will be studied. Prerequisite: MAT 121 or placement. General Education: Mathematics. Five lecture. Spring, Fall, Summer.

MAT 212 (3)
Business Calculus
Integral and differential calculus with business and social science applications. Prerequisite: MAT 151 or higher, or placement. General Education: Mathematics. Three lecture. Spring, Fall.

MAT 220 (5)
Calculus & Analytic Geometry I
Limits, continuity, differential, and integral operations on algebraic and trigonometric functions and applications. Pre-
requisite: MAT 187 or placement. General Education: Mathematics. Five lecture. Spring, Fall, Summer.

MAT 230 (5)
Calculus & Analytic Geometry II
Applications and methods of integration, Taylor polynomials and series, differential equations, multivariable functions and vectors. Prerequisite: MAT 220. General Education: Mathematics. Five lecture. Spring, Fall, Summer.

MAT 241 (4)
Calculus & Analytic Geometry III
Multidimensional calculus. Includes conic sections, polar coordinates, partial derivatives, gradients, directional derivatives, extrema, multiple and iterated integrals, vector calculus, line integrals, and Green’s Theorem. Prerequisite: MAT 230. General Education: Mathematics. Four lecture. Fall.

MAT 262 (3)
Differential Equations

MAT 298 (1–6)
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

MCH—Machine Shop
MCH 110 (3)
Intro to Machine Shop
Overview of metal machine practices and shop safety designed to help the student have a better understanding of machine shop procedures. Two lecture; two lab. May be taken for S/U credit.

MCH 111 (3)
Level II Machining
Operation of machine shop tools including: engine lathe operation: set-up, cutting speeds and feed, threading tapers; milling operations: set-up, boring and gear cutting; CNC milling machine programs in computer numerical control and set-ups. Two lecture; two lab. May be taken for S/U credit.

MCH 289 (1–6)
Internship I
Designed for students who are looking for paid or voluntary, practical learning experiences that apply academic and occupational education to real-life, on-the-job situations. Credit hours will be negotiated based on fulfillment of a contract. Each credit hour requires the completion of a minimum 45 hours of on-the-job participation. Prior experience or course work in the field of interest is required. One to six variable credit hours. May be taken for S/U credit.

MCH 298 (1–6)
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

MSC—Military Science
MSC 101 (1)
Basic Military Science I
Studies the defense establishment and organization of the U.S. Army. Introduces military discipline, traditions, and historical perspectives. Studies the roles of the different branches of the U.S. Army in our nation’s defense. Includes training in marksmanship, field craft, rappelling, and first aid. One lecture.

MSC 102 (1)
Basic Leadership
This course is an introduction to problem solving, decision-making, leadership and helps students become more effective leaders and managers, whether they serve in the military or become leaders in civilian life. Topics addressed include problem solving and methods, critical thinking, leadership theory, followership, group cohesion, goal setting, and feedback mechanisms. One lecture.

MSC 130 (1)
Leadership Lab I
Studies military leadership through practical application and challenging outdoor activities. Includes training in troop-leading organizational procedures, how to prepare operation orders, how to perform basic tactical exercises, and how to prepare and give classes in an outdoor environment. This is in preparation for the Advanced Army ROTC Program and commissioning as an officer in the United States Army, Arizona National Guard, or United States Army Reserves. This course is offered in fall semester only. One lab.

MSC 131 (1)
Leadership Lab I
Studies military leadership through practical application and challenging outdoor activities. Includes training in troop leading organizational procedures, how to prepare operation orders, how to perform basic tactical exercises, and how to prepare and give classes in an outdoor environment. This is in preparation for the Advanced Army ROTC Program and commissioning as an officer in the United States Army, Arizona National Guard, or United States Army Reserves. This course is offered in spring semester only. One lab.

MSC 150 (1)
Army Physical Fitness I
Improves the physical fitness of students and develops a physical fitness program tailored to the student’s needs and abilities. The focus of the course is to develop personal knowledge of the components of a good fitness program, improve individual fitness levels through scheduled train-
ing, and gain an understanding of the U.S. Army physical fitness training (PT) and testing doctrine. The course is designed to train students to meet Army physical fitness standards. Includes training in troop leading procedures in preparation for the Advanced Army ROTC Program and commissioning as an officer in the United States Army, Arizona National Guard, or United States Army Reserve. This course is offered in fall semester only. One lecture.

MSC 151 (1)
Army Physical Fitness I
Improves the physical fitness of students and develops a physical fitness program tailored to the student's needs and abilities. The focus of the course is to develop personal knowledge of the components of a good fitness program, improve individual fitness levels through scheduled training, and gain an understanding of the U.S. Army physical fitness training (PT) and testing doctrine. The course is designed to train students to meet Army physical fitness standards. Includes training in troop leading procedures in preparation for the Advanced Army ROTC Program and commissioning as an officer in the United States Army, Arizona National Guard, or United States Army Reserve. This course is offered in spring semester only. One lecture.

MSC 201 (2)
Advanced Leadership
Theoretical and practical leadership instruction, in which students will examine several aspects of communication and leadership concepts such as written and oral communications, effective listening, assertiveness, personality, adult development, motivation, and organizational change. Students will be well grounded in fundamental leadership principles and will be better prepared to apply such principles to a wide variety of life experiences. Prerequisites: MSC 101 and MSC 102. Two lecture.

MSC 202 (2)
Officership
Provides an extensive examination of the unique purpose, roles, and obligations of commissioned officers. It includes a detailed look at the origins of U.S. Army values and their practical application in decision-making and leadership. Includes military tactics, values and ethics, leadership, oral and written communications, and the Army's successes and failures from the Vietnam War to present. Prerequisite: MSC 201. Two lecture.

MSC 203 (1)
Land Navigation & Orienteering
Studies land navigation and orienteering techniques as well as first aid. Acquaints students with basic soldier skills. Includes training in how to use a map and compass, land navigation, direction finding, and first aid. One lecture.

MSC 204 (1)
Basic Military Skills
Studies the skills necessary to successfully navigate in diverse terrain with map and compass and to survive in the outdoors under various conditions with limited resource, taught through a combination of classroom instruction and practical exercises. Includes map reading and land navigation and wilderness survival and primitive living techniques. This course is offered in the spring semester only. One lecture.

MSC 230 (1)
Leadership Lab II
Studies military leadership through practical application and challenging outdoor activities. Includes training in troop leading organizational procedures, how to prepare operation orders, how to perform basic tactical exercises, and how to prepare and give classes in an outdoor environment. This is in preparation for the Advanced Army ROTC Program and commissioning as an officer in the United States Army, Arizona National Guard, or United States Army Reserve. This course is offered in fall semester only. One lab hour.

MSC 231 (1)
Leadership Lab II
Studies military leadership through practical application and challenging outdoor activities. Includes training in troop leading organizational procedures, how to prepare operation orders, how to perform basic tactical exercises, and how to prepare and give classes in an outdoor environment. This is in preparation for the Advanced Army ROTC Program and commissioning as an officer in the United States Army, Arizona National Guard, or United States Army Reserve. This course is offered in spring semester only. One lab hour.

MSC 250 (1)
Army Physical Fitness II
Improves the physical fitness of students and develops a physical fitness program tailored to the student's needs and abilities. The focus of the course is to develop personal knowledge of the components of a good fitness program, improve individual fitness levels through scheduled training, and gain an understanding of the U.S. Army physical fitness training (PT) and testing doctrine. The course is designed to train students to meet Army physical fitness standards. Includes training in troop leading procedures in preparation for the Advanced Army ROTC Program and commissioning as an officer in the United States Army, Arizona National Guard, or United States Army Reserve. This course is offered in fall semester only. One lecture.

MSC 251 (1)
Army Physical Fitness II
Improves the physical fitness of students and develops a physical fitness program tailored to the student's needs and abilities. The focus of the course is to develop personal knowledge of the components of a good fitness program, improve individual fitness levels through scheduled training, and gain an understanding of the U.S. Army physical fitness training (PT) and testing doctrine. The course is designed to train students to meet Army physical fitness standards. Includes training in troop leading procedures in preparation for the Advanced Army ROTC Program and commissioning as an officer in the United States Army, Arizona National Guard, or United States Army Reserve. This course is offered in spring semester only. One lecture.
MSC 298 (1-6)
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

MUP—Music Performance

MUP 101 (2)
Beginning Piano I
Basic techniques of piano playing, including some literature. No prior piano experience required. Two lecture. May be taken for S/U credit. Spring, Fall.

MUP 102 (2)
Beginning Piano II
Further instruction in beginning piano techniques. Prerequisite: MUP 101 or consent of instructor. Two lecture. May be taken for S/U credit. Spring, Fall.

MUP 103 (2)
Intermediate Piano
Advanced instruction in piano techniques. Prerequisite: MUP 102 or consent of instructor. Two lecture. May be taken for S/U credit. Spring, Fall.

MUP 104 (2)
Advanced Piano
Piano techniques and music reading for music majors or intermediate-level piano students. Prerequisite: MUP 103 or consent of instructor. Two lecture. May be taken for S/U credit. Spring, Fall.

MUP 105 (1)
Voice Class I
Fundamentals of singing. Three lab. May be taken for S/U credit.

MUP 107 (1)
Guitar I
Beginning instruction on guitar including open position scales, arpeggio studies, chord forms, rhythm accompaniment, and the fundamentals of music theory, note-reading studies, and picking techniques. Instruction in and exploration of basic classical and flamenco, folk, country, blues, and rock styles of playing. No guitars provided. One lecture; one lab. May be taken for S/U credit. Spring, Fall, Summer.

MUP 108 (2)
Guitar II
Second level instruction on guitar including moveable position scales and arpeggios, moveable chord form, melodic rhythm accompaniment, music theory, all major keys, reading music and notation, picking variations. Instruction in and exploration of more complex music styles in classical and flamenco, folk, country, blues, and rock. Prerequisite: MUP 107 or consent of instructor (audition). One lecture; two lab. May be taken for S/U credit. Spring, Fall.

MUP 110 (1)
Woodwind Ensemble
Rehearsal and public performance of standard ensemble literature for woodwind instruments. Two lab. May be taken for S/U credit.

MUP 111 (1)
Community Band
Performance group focusing on band music from the popular literature of the Gay Nineties through the World Wars, as well as music from Broadway and the theaters. Two lab. May be taken for S/U credit.

MUP 113 (1)
Jazz Ensemble
Performance group focusing on jazz from 1900 to the present. The works performed will depend on the available instrumentation of the group and the choice of the instructor. Two lab. May be taken for S/U credit. Spring, Fall.

MUP 117 (2)
Community Orchestra
Rehearsal and public performance of standard orchestral literature. Two lecture. May be taken for S/U credit.

MUP 120 (1)
String Ensemble
Rehearsal and public performance of standard ensemble literature for string instruments. Two lab. May be taken for S/U credit.

MUP 121 (2)
College Choir
Performance group with participation based on auditions with the director. Attendance at all rehearsals and participation in all public performances is required. Two lecture. May be taken for S/U credit. Spring, Fall.

MUP 125 (1)
Community Choir
Performance group focusing on choral music from the popular literature of the Gay Nineties through the World Wars, as well as music from Broadway and the theatres. Two lab. May be taken for S/U credit.

MUP 128 (1)
Jazz Improvisation I
Basic jazz scales, chords, and rhythms, and jazz pieces exemplifying these basics. Two lab. May be taken for S/U credit.

MUP 199 (0.5–6)
Music Performance Workshop
Designed to provide workshop courses based on student and faculty interest in pursuing or presenting an original topic. Workshops may be developed to enhance existing curriculum or to give students experience that is not covered by existing curriculum. One-half to six variable credit hours.

MUP 207 (2)
Guitar III
Third level of instruction on guitar. Emphasis on playing

*Tech Prep articulated course.
techniques which combine scales, arpeggios, chords, rhythm and lead guitar patterns; control over rhythm patterns including triplet and sixteenth note exercises, syncopation, and constant base coordination. More intricate techniques applied to classical and flamenco, folk, country, blues, and rock styles of music. No guitars provided. Prerequisite: MUP 108 or consent of instructor (audition). One lecture; two lab. May be taken for S/U credit.

MUP 209 (2)
Blues Guitar
Introduction to a variety of blues guitar styles and techniques. Course will include blues rhythm and lead guitar techniques, finger picking and beginning slide guitar. Delta, Texas, Chicago styles, and others will be covered. No guitars provided. Prerequisite: MUP 108 or consent of instructor (audition). Two lecture; one lab. May be taken for S/U credit.

MUP 298 (1–6)
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

MUS—Music

MUS 100 (3)
Music Appreciation
Development of understanding and enjoyment of various musical forms and styles. Including an introduction to musical history. Relates concepts of music style and technique to those of other arts. General Education: Arts and Humanities. Three lecture. Spring, Fall, Summer.

MUS 101 (1)
Private Music I
Individual, self-paced instruction in piano, organ, voice, guitar, band, or orchestra instruments. One 30-minute lesson each week. Two lab.

MUS 120 (3)
Theory Preparation
Review of the fundamentals of music: reading, notation, rhythm, scales, intervals, triads, sight singing, and dictation. Three lecture. May be taken for S/U credit.

MUS 121 (2)
Harmony I
Review of the fundamentals of music followed by study of diatonic melodies, chords, progression, inversion, voicing, voice leading, cadences, and non-chord tones. Prerequisite: MUS 120 or consent of instructor. Four lab. May be taken for S/U credit.

MUS 130 (3)
Fundamentals of Music
Basic elements of music including study of the staff, clefs, signatures, notes, rhythms, definitions, ear training, sight singing, and dictation. Three lecture.

MUS 131 (3)
Sight Singing & Dictation I
Introductory course in conceptualizing written diatonic melodies before hearing them (sight singing) and transcribing them into musical notation after hearing them (dictation). Prerequisite: MUS 120 or consent of instructor. Four lab. May be taken for S/U credit.

MUS 145 (3)
Jazz History & Literature
History and development of jazz music from its origin to the present day. General Education: Arts and Humanities. Three lecture. Spring, Fall.

MUS 199 (0.5–6)
Music Workshop
Designed to provide workshop courses based on student and faculty interest in pursuing or presenting an original topic. Workshops may be developed to enhance existing curriculum or to give students experience that is not covered by existing curriculum. One-half to six variable credit hours.

MUS 207 (3)
American Popular Music
Develops listening skills and an understanding of how American geography, history, politics, and economics relate to the development of selected musical styles. General Education: Arts and Humanities, Special Requirements: Ethnic/Race/Gender Awareness. Three lecture.

MUS 298 (1–6)
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

NAV—Navajo

NAV 101 (4)
Beginning Navajo I
Basic grammar, vocabulary, and culture. Practice in speaking, reading, and writing Navajo. General Education: Options. Four lecture. Fall.

NAV 102 (4)
Beginning Navajo II
Further emphasis on basic grammar, vocabulary, and culture. Practice in speaking, reading, and writing Navajo. Prerequisite: NAV 101 or consent of instructor. General Education: Options. Four lecture. Spring.

NAV 201 (4)
Intermediate Navajo I
Emphasis on improving basic skills in speaking, comprehension, reading, and writing. Taught in Navajo. Prerequisite: NAV 102 or consent of instructor. Four lecture. Fall.

NAV 202 (4)
Intermediate Navajo II
Further development of speaking and writing communication skills with emphasis on compositions and readings of

*Tech Prep articulated course.
the Dine language. Taught in Navajo. Prerequisite: NAV 201 or consent of instructor. Four lecture. Spring.

**NAV 298 (1–6)**

**Special Topics**

Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

---

**NTR—Nutrition**

**NTR 135 (3)**

**Human Nutrition**

Principles of nutrition in critical periods throughout the life cycle, diet in disease, and the essentials for the nutritional care of people suffering from various diseases. Prerequisites: CHM 090, CHM 130 or CHM 151. Three lecture. Spring, Fall.

**NTR 298 (1–6)**

**Special Topics**

Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

---

**NUR—Nursing**

**NUR 110 (4)**

**Nursing Assistant I**

Basic concepts common to all members of the health team in acute and long-term care settings. Basic principles of communication, nutrition, emergency care, medical terminology, environmental safety and comfort, and how ethical and legal aspects of health care apply. Basic nursing skills based upon fundamental nursing concepts in giving individualized client care. Students wishing to become a Certified Nursing Assistant must pass NUR 110 with a B or better and then complete NUR 111. Prerequisite: Appropriate reading placement score Three lecture; One lab. Spring, Fall, Summer.

**NUR 111 (1)**

**Nursing Assistant Clinical**

To provide students with the necessary clinical time required for application for state certification as a Certified Nursing Assistant. Students will practice basic concepts common to all members of the health team in acute and long-term care settings which include basic principles of communication, nutrition, emergency care, medical terminology, environmental safety and comfort, ethical/legal aspects of health care, basic nursing skills based upon fundamental nursing concepts in giving individualized client care. Pre- or co-requisite: NUR 110 with a grade of B or better. Prerequisite: Current American Heart Association Health Care Provider CPR certificate; health requirements including evidence of TB testing within the past year, measles, mumps, and rubella immunization or titers. One lab. May be taken for S/U credit. Spring, Fall, Summer.

**NUR 114 (2)**

**Nursing Pharmacology**

This course examines the use of the nursing process in the safe administration of medication. Basic principles of pharmacotherapeutics, pharmokinetics, and pharmacodynamics will be addressed. Includes nursing implications of selected peri-operative medications. Prerequisite: Admission to the nursing program. Pre or Co-requisites: BIO 201, PSY 101. Co-requisites: NUR 116. Two lecture. One lab. Fall

**NUR 116 (8)**

**Foundations of Nursing**

This introductory nursing course focuses on the core components of nursing practice and emphasizes caring as the essence of nursing. Content includes professional roles of the nurse, nursing process, critical thinking, assessment, communication, and nursing skills. Prerequisites: Admission to the nursing program. Pre or Co-requisites: BIO 201, PSY 101. Co-requisites: NUR 114, Four lecture; Twelve lab. Fall.

**NUR 122 (9)**

**Adult Nursing**

This course focuses on the utilization of the nursing process and critical thinking in the care of clients with common alterations in basic needs. Continuing emphasis is placed on the core components of nursing practice. Clinical experiences will provide the student with opportunities to care for clients with common alterations in basic needs. Prerequisites: NUR 114, NUR 116, BIO 201, PSY 101. Pre or Co-requisites: BIO 202, PSY 240. Five lecture; twelve lab. Spring.

**NUR 125 (3)**

**Transition to Practical Nursing**

This course focuses on the role and scope of practice of the practical nurse. Includes nursing care of childbirth, clients, children and families, and clients with alterations in mental health. Prerequisite: NUR 114, NUR 116, NUR 122, BIO 201, BIO 202, PSY 101, PSY 240. Two Lecture; Three Lab. Summer.

**NUR 130 (3)**

**Transition to Professional Nursing**

This course is designed for Licensed Practical Nurses admitted to the nursing program with advanced placement. The course focuses on scope of practice issues for registered nurses and the core components of professional nursing practice. Includes nursing care of clients with common alterations in basic needs. Prerequisite: Admission to the nursing program; current licensure as a Licensed Practical Nurse; BIO 201, BIO 202, PSY 101, PSY 240. Pre or Co-requisites: ENG 101. Two Lecture; Three Lab. Summer.

**NUR 210 (3)**

**Mental Health Nursing**

This course focuses on the client and family with alterations in mental health. Continuing emphasis on the core components of nursing practice. Clinical experiences will provide opportunities for students to care for clients and families experiencing alterations in mental health. Pre-requisites: NUR 114, NUR 116, and NUR 122, or NUR 130, and completion of all first year general education courses. Pre or Co-requisites: BIO 205, ENG 102. Co-requisites: NUR 212. NUR 214. 1.5 lecture; 4.5 lab. Fall.

*Tech Prep articulated course.*
NUR 212 (6)
Maternal Child Nursing
This course focuses on the utilization of the nursing process and
clinical thinking in clinical decision-making in the care
of the client with complex, multi-system alterations in basic
needs. Clinical experiences will provide opportunities for
students to care for clients with complex, multi-system altera-
tions in basic needs. Prerequisites: NUR 122 or NUR 130,
and completion of all first year general Education courses.

NUR 220 (11)
Advanced Nursing Concepts
This course focuses on the utilization of the nursing process and
clinical thinking in clinical decision-making in the care
of the client with complex, multi-system alterations in basic
needs. Clinical experiences will provide opportunities for
students to care for clients with complex, multi-system altera-
tions in basic needs. This is a culminating course where
emphasis is placed on synthesis and application of clinical
decision-making in the management of a group of clients.
Includes concepts related to management, leadership, and
entry into practice. Student will participate in a capstone
clinical experience with a clinical preceptor. Prerequisites:
NUR 212. Pre or Co-requisites: 6 credit hours of humanities.
Six lecture. Fifteen lab.

NUR 298 (1–6)
Special Topics
Designed to meet the needs of an individual(s) with interest
in pursuing an original topic in an instructional area under
faculty supervision. One to six variable credit hours.

OIS—Office Information
Systems

OIS 100 (1)
Keyboarding
Touch-method skills while keyboarding on a ten-key or
computer keyboard. One lecture; one lab.

OIS 110 (3)
Keyboarding Review & Speed
Keyboarding skills with specific word processing and gen-
eral computer application skills. Review touch method
skills. Elementary keyboarding skills recommended. Three
lecture. May be taken for S/U credit.

OIS 130 (3)
Machine Transcription
Transcribing business correspondence and documents from
machine dictation with speed and accuracy. Emphasizes
improving business grammar and proofreading techniques.
Prerequisites: OIS 110 or consent of instructor, and CIS 122
or CIS 120. Three lecture.

OIS 200 (3)
Professional Office Skills*
Standard office procedures including specific practical skills
needed in technical and computer knowledge, office sup-
port activities, communication, decision-making, and career
employment and advancement. Prerequisite: OIS 110 or con-
sent of instructor. Three lecture.

OIS 210 (3)
Keyboarding with Applications
Emphasis on keyboarding, specific word processing, and
formatting skills needed for personal and workplace com-
munications. Speed and accuracy is required in all docu-
ment production activities. Prerequisite: OIS 110 or consent
of instructor. Three lecture. May be taken for S/U credit.

OIS 230 (3)
Medical Transcription
Terminology used in a medical office with emphasis on
preparing medical documents accurately and developing
transcription skills using transcription machines. Prerequi-
ties: OIS 130 or consent of instructor, and AHS 131. Three
lecture. May be taken for S/U credit.

OIS 240 (3)
Legal Transcription
Terminology used in a legal office with emphasis on prepar-
ing legal documents accurately and developing transcrip-
tion skills using transcription machines. Prerequisite: OIS
130 or consent of instructor. Three lecture. May be taken for
S/U credit.

OIS 289 (1–6)
Internship I
Designed for students who are looking for paid or volun-
tary, practical learning experiences that apply academic and
occupational education to real-life, on-the-job situations.
Credit hours will be negotiated based on fulfillment of a
contract. Each credit hour requires the completion of a mini-
imum 45 hours of on-the-job participation. Prior experience
or course work in the field of interest is required. One to six
variable credit hours. May be taken for S/U credit.

OIS 298 (1–6)
Special Topics
Designed to meet the needs of an individual(s) with interest
in pursuing an original topic in an instructional area under
faculty supervision. One to six variable credit hours.

PAR—Paralegal Studies

PAR 100 (3)
Introduction to Paralegal Studies
Introduction and definition of the role of the paralegal in
today’s legal system. This will include federal, state and
tribal legal systems, ethics, professional regulation and
responsibilities. In-depth legal analysis and basic legal con-
cepts are included. Three lecture. Spring, Fall.

PAR 104 (3)
Wills, Trusts & Probate
Issues, roles, legal requirements and research recourses in
estate planning administration and adjudication. Prerequi-
ts: ENG 101 and PAR 100 or consent of department chair.
Three lecture. Fall.

*Tech Prep articulated course.
PAR 105 (2)
Legal Computer Applications
Introduction to legal computer applications including billing, document assembly, litigation support, and research. Prerequisite: ENG 101 and PAR 100 or consent of department chair, and CIS 122 or equivalent. Two lecture. Fall.

PAR 203 (3)
Family Law
Legal aspects of domestic matters and family relationships. Emphasis on dissolution of marriage, community property, adoption, and child custody. Prerequisites: ENG 101 and PAR 100 or consent of department chair. Three lecture. Spring.

PAR 209 (2)
Administrative Law
Laws and procedures relating to powers and controls of agencies, which administer governmental services. Agency purposes, procedures, enabling acts, and rights of private parties. Prerequisites: ENG 101 and PAR 100 or consent of department chair. Two lecture. Fall.

PAR 210 (2)
Bankruptcy Procedures
Procedures for individual and business bankruptcy proceedings. Preparation of basic bankruptcy documents and review of creditor and debtor remedies under the bankruptcy laws. Prerequisites: ENG 101 and PAR 100 or consent of department chair. Two lecture. Spring.

PAR 215 (3)
Legal Research Writing I
Principles and techniques for conducting legal research. Emphasis placed on the sources of law, utilization of both primary as well as secondary sources. Extensive practice in writing research documents. Three lecture. Spring.

PAR 216 (3)
Legal Research Writing II
Application of research and writing skills preparing complex legal documents including summary judgment motion and appellate brief preparation. Prerequisites: PAR 215. Three lecture. Fall.

PAR 220 (3)
Civil Tort Litigation I
Principles and procedures of civil litigation. Jurisdiction and venue, parties to action, and pleadings. Introduction to drafting of documents from inception of civil action through the pleading stage, up to trial. Co-requisite: PAR 215. Three lecture. Fall.

PAR 221 (3)
Civil Tort Litigation II

PAR 289 (1–6)
Internship I
Designed for students who are looking for paid or volunteer, practical learning experiences that apply academic and occupational education to real-life, on-the-job situations. Credit hours will be negotiated based on fulfillment of a contract. Each credit hour requires the completion of a minimum 45 hours of on-the-job participation. Prior experience or course work in the field of interest is required. One to six variable credit hours. May be taken for S/U credit.

PAR 298 (1–6)
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

PHE—Physical Education

PHE 106 (3)
Basic Self Defense Concepts
This course will give each student the necessary physical conditioning and mental confidence to develop basic self defense skills, by developing personal attributes. Three Lecture.

PHE 200 (2)
Scuba Diving
This course prepares students for certification in scuba diving. It involves classroom lecture, lab hours in swimming pool. Key topics in dive safety, physical requirements, equipment use, marine life and other diving interests. The check out dive is not included in the course costs and is scheduled after completion of the course. Two lecture. May be taken for S/U credit.

PHE 220 (2)
Water Safety Instructor
Water safety techniques leading to certification by the American Red Cross. Two lecture. Spring, Fall, Summer.

PHE 298 (1–6)
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

PHI—Philosophy

PHI 101 (3)
Introduction to Philosophy
Philosophical readings, discussion, and analysis on topics including metaphysics, truth, knowledge, and ethics. General Education: Arts and Humanities. Special Requirements: Contemporary Global/International Awareness or Historical Awareness. Three lecture. Spring, Fall, Summer.

PHI 103 (3)
Introduction to Logic
The systematic study, with emphasis on analysis and evaluation of arguments. Topics will include both classical and current arguments from various disciplines of study. Three lecture. Fall.

*Tech Prep articulated course.
PHI 105 (3)  
Introduction to Ethics  
Key concepts and problems in ethics and social and political philosophy. Historic and contemporary reading with application to modern concerns. General Education: Arts and Humanities. Special Requirements: Ethnic/Race/Gender Awareness. Three lecture. Spring, Fall, Summer.

PHI 298 (1–6)  
Special Topics  
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

PHY—Physics

PHY 111 (4)  
College Physics I  
Algebra-based study of motion, static and dynamic mechanics, waves and sound. Prerequisites: MAT 187. General Education: Physical and Biological Sciences. Three lecture; three lab. Spring, Fall.

PHY 112 (4)  
College Physics II  
Algebra-based study of electricity and magnetism, light, optics, and atomic structure. Prerequisite: PHY 111. General Education: Physical and Biological Sciences. Three lecture; three lab. Spring, Fall.

PHY 161 (4)  
University Physics I  
First semester calculus-based physics course designed for pre-engineering and pre-science majors. Mechanics, motion, statics and dynamics, work, power and energy, impulse, and momentum will be studied. Prerequisites: MAT 220. General Education: Physical and Biological Sciences. Three lecture; three lab. Fall.

PHY 180 (4)  
Introduction to Astronomy  
Motion and structure of the sun, planets, constellations, comets, asteroids, and meteors. Cosmic explosions, quasars, and stellar evolution including white dwarfs, neutron stars and black holes. Lab component requires numerous night observations. General Education: Physical and Biological Sciences. Three lecture; three lab. Spring, Fall.

PHY 253 (4)  
Archaeoastronomy  
Examination of how pre-historical societies used celestial movements to anticipate ceremonial and survival activities. Concentrates on motions of the sky, research methodologies and cultural interpretation of sites. Field trips. Co-requisite: MAT 151 or consent of instructor. General Education: Physical and Biological Sciences. Special Requirements: Ethnic/Race/Gender Awareness, Contemporary Global/International Awareness or Historical Awareness. Three lecture; three lab. Fall.

PHY 262 (4)  
University Physics II  
Second semester calculus-based physics course. Topics include electrostatic phenomena, conductors, electric and magnetic fields, resistance, capacitance, and other basic circuit components and analysis, and magnetic forces and currents. Prerequisite: PHY 161. Pre- or co-requisite: MAT 230. General Education: Physical and Biological Sciences. Three lecture; three lab. Spring.

POS—Political Science

POS 101 (3)  
Introduction to Politics  
Issues in contemporary political analysis, human values, and political goals; how governments differ and change; relationship between individuals and government; how nation-states influence one another. General Education: Social and Behavioral Sciences. Special Requirements: Ethnic/Race/Gender Awareness. Three lecture.

POS 110 (3)  
American National Government  
Introduction to the American national government; constitutional and philosophical foundations, federalism, structure and evolution of the federal government, and recent trends and issues in the federal government. General Education: Social and Behavioral Sciences. Three lecture.

POS 120 (3)  
Introduction to World Politics  
Introduction to the international system, its actors and their capabilities; international political economy; ends and means of foreign policy; international cooperation, tension, and conflict. General Education: Social and Behavioral Sciences. Special Requirements: Contemporary Global/International Awareness or Historical Awareness. Three lecture.

POS 140 (3)  
Introduction to Public Administration  
Political context of American public administration, alternative frameworks for the analysis of the policy process in government agencies, the budgetary process, accountability and responsibility in government, bureaucratic politics, and administrative reform and reorganization. Three lecture.

POS 201 (3)  
Introduction to Political Ideologies  
Political ideas and belief systems, including liberalism, conservatism, Marxism, fascism, and feminism: the functions of ideology for the individual and society. Three lecture.

POS 220 (3)  
Arizona & National Constitution  
Basic course in Arizona and United States governments and

*Tech Prep articulated course.

POS 221 (1)
Arizona Constitution & Government
Arizona Government and Constitution designed to meet the requirements for Arizona state teaching certification. One lecture.

POS 222 (2)
National Constitution & Government
United States Government and Constitution designed to meet the requirements for Arizona state teaching certification. Two lecture.

POS 233 (3)
Global Environmental Politics
International environmental policies, issues and concerns involving environmental ethics, resource use, global environmental divisions, ecological degradation, biodiversity and other global changes. General Education: Social and Behavioral Sciences. Special Requirements: Contemporary Global/International Awareness OR Historical Awareness. Three lecture.

POS 298 (1–6)
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

PPO—Power Plant Operations

PPO 110 (5)
Maintenance Fundamentals
Introduction to the basic skills needed for individuals working as maintenance technicians in a power plant. Prerequisite: Admission into the Navajo Generating Station maintenance apprenticeship program. Five lecture.

PPO 150 (4)
Electrician / Instrument Tech II
Introduction to electricity, circuits, and electronics, as well as types, function, maintenance, and troubleshooting of electronic equipment. Prerequisite: PPO 110. Four lecture.

PPO 151 (5)
Plant Mechanic II
Introduction to the operation, maintenance, and troubleshooting of various types of mechanical systems. Prerequisite: PPO 110. Five lecture.

PPO 152 (4)
Machinist II
Introduction to the components and operation of various types of mechanical equipment. Prerequisite: PPO 110. Four lecture.

PPO 153 (4)
Metal Fabricator II
Introduction to rigging, the tools of the metal fabricator’s work bench, and properties of different types of metals. Prerequisite: PPO 110. Four lecture.

PPO 155 (5)
Construction & Maintenance
Introduction to sheet metal, insulating, painting, masonry, scaffolding, concrete construction, carpentry, and plumbing. Prerequisite: PPO 110. Five lecture.

PPO 200 (3)
Plant Electrician III
Training in types, uses, maintenance, and repair of different mechanical and electronic systems. Prerequisite: PPO 150. Three lecture.

PPO 201 (3)
Plant Mechanic III
Builds upon the knowledge gained in PPO 151 to give training in energy conservation and further knowledge on the operation, maintenance, and troubleshooting of various types of mechanical systems. Prerequisite: PPO 151. Three lecture.

PPO 202 (3)
Machinist III
Training on power machines used in a machinist shop. Prerequisite: PPO 152. Three lecture.

PPO 203 (4)
Metal Fabricator III
Introduction to metallography and an overview of safe practices and technique for gas and arc welding. Prerequisite: PPO 153. Four lecture.

PPO 204 (4)
Instrument Technician III
Training on a variety of mechanical, hydraulic, pneumatic, and electrical systems. Prerequisite: PPO 150. Four lecture.

PPO 205 (5)
Construction & Maintenance III
Builds upon the material presented in PPO 155 to give further instruction in the areas of sheet metal, insulating, painting, masonry, concrete finishing, carpentry, and plumbing. Prerequisite: PPO 155. Five lecture.

PPO 250 (3)
Plant Electrician IV
Training in energy conservation, computer systems, industrial rigging, and basic welding principles. Prerequisite: PPO 200. Three lecture.

PPO 251 (2)
Plant Mechanic IV
Training on rigging, installation of large equipment, and different types of welding. Pre-requisite: PPO 201. Two lecture.
PPO 252 (2)
Machinist IV
Training on using machinist tools and welding techniques. Prerequisite: PPO 202. Two lecture.

PPO 253 (5)
Metal Fabricator IV
Training on interpreting and producing mechanical drawings with an emphasis on drawings of steel structures. Prerequisite: PPO 203. Five lecture.

PPO 254 (5)
Instrument Technician IV
Training on computer and process control systems. Prerequisite: PPO 204. Five lecture.

PPO 255 (5)
Construction & Maintenance IV
Builds upon the material presented in PPO 205 to give advanced instruction in the areas of sheet metal, insulating, painting, masonry, carpentry, and plumbing. Prerequisite: PPO 205. Five lecture.

PPO 298 (1–6)
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

PSY - Psychology

PSY 100E (2)
Effective Psychology for Parents
Designed to assist parents or those who work with children in developing effective communication skills and understanding the fundamental principles of behavior. Two lecture. May be taken for S/U credit.

PSY 101 (3)
Introduction to Psychology
A foundation course in the science of behavior; including a survey of the basic principles, methods and fields of psychology such as learning, memory, emotion, perception, physiological, developmental, social and abnormal. General Education: Social and Behavioral Sciences. Three lecture. Spring, Fall, Summer.

PSY 102 (3)
Personal Growth & Development
Adjustment problems such as marriage, work, anxiety, and prejudice. Contemporary sources of stress such as alcohol and drug abuse, violence against women, sexual dysfunction, aging, job hunting, career decisions, and other issues. Three lecture.

PSY 205 (3)
Introduction to Abnormal Psychology
Distinguishes between normal behavior and psychological disorders. Subjects may include stress disorders, problems with anxiety and depression, unusual and abnormal sexual behavior, schizophrenia and addictive behaviors. Causes and treatments of psychological problems and disorders are discussed. Prerequisite: PSY 101. Three lecture. Spring, Fall.

PSY 227 (3)
Personality Development
Survey and comparison of different personality theories, including the dynamics that underlie personality development, assessment, and research. Prerequisite: PSY 101. General Education: Social and Behavioral Sciences. Three lecture. Fall.

PSY 230 (3)
Introduction to Statistics
Basic concepts in descriptive and inferential statistics, emphasizing application to the behavioral sciences. Includes methods of data collection, sampling techniques, central tendency, standard scores, correlation and regression, and hypothesis testing. Student's t test, non-parametric analysis, and analysis of variance. Prerequisite: MAT 142 or higher, or placement. Three lecture. Spring, Fall.

PSY 234 (3)
Child Development
Genetic, prenatal, and postnatal influences on the development of the child, emphasizing motivation, learning and perception. Prerequisite: PSY 101 or consent of instructor. Three lecture.

PSY 236 (3)
Psychology of Women
Cross-cultural study of the definition, trends, and issues of the psychological status of women by examining and evaluating theories of psychology, as well as operative forces behind women's role in society. General Education: Social and Behavioral Sciences. Special Requirements: Ethnic/Race/Gender Awareness. Three lecture. Fall.

PSY 238 (3)
Men and Masculinity
A historical and cross-cultural study in the psychology of men and masculinity, including different theoretical models for understanding male gender development across the life cycle, and the issues involved in the changing roles of men in modern societies. Prerequisite: PSY 101. Three lecture. Spring.

PSY 240 (3)
Developmental Psychology
Life span development, including the scientific study of normal physiological, emotional, cognitive, and social development and the factors that influence this development, from conception until death. Prerequisite: PSY 101. General Education: Social and Behavioral Sciences. Special Requirements: Ethnic/Race/Gender Awareness. Three lecture. Spring, Fall.

PSY 241 (3)
Substance Abuse
Physical, social, and psychological effects of substance abuse. Three lecture.

*Tech Prep articulated course.
PSY 250 (3)
Social Psychology
Introduction to the study of social psychological processes including those of persuasion and conformity, leadership and dominance, aggression and altruism, attraction and friendship formation, attitude formation and change, intercultural encounters and nonverbal behavior. Prerequisite: PSY 101. Pre- or co-requisite: ENG 102. General Education: Social and Behavioral Sciences. Special Requirements: Ethnic/Race/Gender Awareness; Contemporary Global/International Awareness or Historical Awareness; Intensive Writing/Critical Inquiry. Three lecture. Spring.

PSY 280 (3)
Introduction to Health Psychology
A survey of the contributions of psychology to health promotion and maintenance, illness prevention and treatment, and related health issues. Prerequisite: PSY 101. Three lecture.

PSY 298 (1–6)
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

REL 200 (3)
Native American Religions
This course is designed to give a brief overview of the history, experiences, and religious traditions of the Native Americans of the Americas. The survey provides a sufficient knowledge base upon which to build further study and will familiarize students with basic patterns and issues in the study of Native religious traditions. Three lecture. May be taken for S/U credit. Fall.

REL 201 (3)
Comparative Religions
Study of the world’s religions including philosophical concepts pertaining to the existence and nature of God. Prehistoric and recent non-literate religions, Native American religions, Judaism, Christianity, Islam, Hinduism, and eastern religions. General Education: Arts and Humanities. Special Requirements: Contemporary Global/International Awareness or Historical Awareness. Three lecture. Spring, Fall, Summer.

REL 202 (3)
New Testament

REL 203 (3)
Old Testament (Hebrew Bible)
An examination of the Old Testament canon, which formulates the Hebrew Bible, together with a study of ancient Near Eastern backgrounds. Three lecture. Fall.

REL 241 (3)
Asian Religions
An examination of Hinduism, Buddhism, Jainism, Sikhism, Confucianism, Taoism, and Shintoism, including their respective myths, symbols, rituals, doctrines, moral codes and artistic expressions. General Education: Arts/Humanities, Global/International Awareness or Historical Awareness. Three lecture. Fall.

REL 298 (1–6)
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

RES—Real Estate

RES 101 (3)
Real Estate Principles
National and Arizona real estate requirements, real estate business, real estate law, agency, contracts, ownership, legal descriptions, title, finance, listing, and leases. Three lecture. Fall.

RES 102 (3)
Real Estate Practices
National and Arizona real estate requirements, property management, appraisals, land use, fair housing, real estate investment, closings, and real estate mathematics. Three lecture. Spring.

RES 105 (3)
Real Estate Law
Legal concepts of real estate land description, real estate property rights, estates in land, contracts, conveyances, encumbrances, foreclosures, recording procedures, and evidence of title. Three lecture.

RES 106 (3)
Real Estate Appraisal
Purpose and function of an appraisal, determinants of value, and appraisal case studies. Emphasizes cost, market data, and income approaches to value estimates including correlation and report writing. Prerequisite: BUS 100 or consent of instructor. Three lecture.

RES 298 (1–6)
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

SOC—Sociology

SOC 101 (3)
Introduction to Sociology
Fundamental concepts of social organization, culture, socialization, social institutions and social change. General Education: Social and Behavioral Sciences. Special Requirements: Ethnic/Race/Gender Awareness. Three lecture. Spring, Fall, Summer.

*Tech Prep articulated course.
SOC 125 (3)
**Domestic Violence**

SOC 130 (3)
**Human Sexuality**
Sociological, biological, psychological, and cultural factors which influence human sexuality, including ethics, gender roles, and changing values in contemporary society. Three lecture. Spring, Fall.

SOC 132 (3)
**Social Problems**

SOC 140 (3)
**Marriage & the Family**
Helps prepare students to improve the quality of individual and family life. Includes parent-child relationships, parenting roles, marital violence, and aspects of divorce. Three lecture. Spring.

SOC 142 (3)
**Race & Ethnic Relations**
Sociological perspectives and theories on race and ethnic relations including; contemporary and historical racial and ethnic intergroup relations, cultural origins, developments, and problems experienced by minority groups. General Education: Social and Behavioral Sciences. Special Requirements: Ethnic/Race/Gender Awareness. Three lecture. Spring, Fall.

SOC 200 (3)
**Women & Health**
Designed to empower women by enabling them to make accurate decisions regarding their health. Aspects of health and health-related topics germane to political, cultural, and socio-economic issues as they relate to women. Three lecture.

SOC 210 (3)
**Sociology of Gender**
Overview of theories of gender development; examination of social, cultural, political and economic conditions affecting the experience of gender; and exploration of issues involved in the different roles and expectations placed on women and men in various cultures at different periods in history, with particular emphasis on contemporary American culture. General Education: Social and Behavioral Sciences. Special Requirements: Ethnic/Race/Gender Awareness; Intensive Writing and Critical Inquiry. Pre- or co-requisite: ENG 102. Three lecture.

SOC 220 (3)
**Introduction to Social Work**
An introduction to the fields within the area of social work through a study of the disciplines of social case work, social group work, and community organization and opportunities to experience the various techniques of practice within each discipline. Prerequisite: ENG 101. Three lecture.

SOC 236 (3)
**Crime & Delinquency**
Deviance in American society, emphasizing the extent of crime, crime trends, types of crime and criminals, theories and factors in crime causation, the impact of crime on society and the individual, and the relationship between social variables and crime. Three lecture.

SOC 285 (3)
**Health Care Systems**
Predominant health care systems in the U.S. including Medicare and Medicaid. Examines the availability and utilization of various resources, as well as ethics and quality of care. Three lecture.

SOC 296 (3)
**Internship**
Opportunity to gain experience in applying knowledge and skills in an appropriate setting. Three lecture; three lab.

SOC 298 (1–6)
**Special Topics**
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

**SMT—Sheet Metal Technology**

SMT 101 (5)
**Sheet Metal I**
History and background of the sheet metal apprentice. Basics of drafting, layout and pattern development used in the sheet metal trade. Prerequisite: Indentured Apprentice with the Phoenix Sheet Metal Joint Apprenticeship and Training Committee. Five lecture.

SMT 102 (5)
**Sheet Metal II**
The importance of time management. Layout and pattern development. Use of power equipment and common sheet metal materials, trade mathematics and orientation to air flow movement. Prerequisite: SMT 101, Indentured Apprentice with the Phoenix Sheet Metal Joint Apprenticeship and Training Committee. Five lecture.

SMT 103 (5)
**Sheet Metal III**
Safe use of hand tools. Also, seams and locks and types of materials common to the sheet metal industry. Basic mathematics and introduction to service work, and field installation covered. Prerequisites: SMT 102, Indentured Apprentice with the Phoenix Sheet Metal Joint Apprenticeship and Training Committee. Five lecture.
SMT 104 (5)  
Sheet Metal IV  
Field installations emphasizing hanging duct, inserts, equipment and housings. Includes roofs and roof pitch, blueprint reading and sheet metal drafting. Also, residential heating and air conditioning, blowpipe, plastics and fiberglass. Overview of food service equipment. Prerequisites: SMT 103, Indentured Apprentice with the Phoenix Sheet Metal Joint Apprenticeship and Training Committee. Five lecture.

SMT 105 (5)  
Sheet Metal V  

SMT 106 (5)  
Sheet Metal VI  
Advanced layout and pattern development. Use of special sheet metal power equipment. Also, trigonometric functions as applicable to the sheet metal trade and basic principles of refrigeration and air conditioning, field installation procedures. Prerequisites: SMT 105, Indentured Apprentice with the Phoenix Sheet Metal Joint Apprenticeship and Training Committee. Five lecture.

SMT 107 (5)  
Sheet Metal VII  
Various types of formulas and functions. Moving heavy equipment and planning a duct job in the field. Requirements, types, seams, and locks for architectural sheet metal are covered. Also, blueprint reading, residential heating and air conditioning, and blowpipe systems. Prerequisites: SMT 106, Indentured Apprentice with the Phoenix Sheet Metal Joint Apprenticeship and Training Committee. Five lecture.

SMT 108 (5)  
Sheet Metal VIII  
Advanced blueprint and detailing including materials estimates. Solar heating principles and installation procedures. Also, use of plastics, installation of food service equipment and sign building. Rigid fibrous duct board, sound attenuation, testing and balancing. Prerequisites: SMT 107, Indentured Apprentice with the Phoenix Sheet Metal Joint Apprenticeship and Training Committee. Five lecture.

SMT 109 (5)  
Sheet Metal IX  

SMT 110 (5)  
Sheet Metal X  
Components of blueprint plans to coordinate sheet metal work with other trades. Reading and interpreting specifications, mechanical plans, electrical plans, industrial plans and specialty plans. Basic principles of air-conditioning. Emphasizes air distribution, outlets, applied load estimating, commercial and residential load estimating, residential and commercial controls, and the metric system. Prerequisites: SMT 109, Indentured Apprentice with the Phoenix Sheet Metal Joint Apprenticeship and Training Committee. Five lecture.

SMT 289 (1–6)  
Internship I  
Designed for students who are looking for paid or voluntary, practical learning experiences that apply academic and occupational education to real-life, on-the-job situations. Credit hours will be negotiated based on fulfillment of a contract. Each credit hour requires the completion of a minimum 45 hours of on-the-job participation. Prior experience or course work in the field of interest is required. One to six variable credit hours. May be taken for S/U credit.

SMT 298 (1–6)  
Special Topics  
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

SPA—Spanish

SPA 101 (4)  
Beginning Spanish I  
Basic grammar, vocabulary, and culture. Practice in speaking, reading, and writing Spanish. General Education: Options. Four lecture. Recommended: Spanish placement exam if you have previous Spanish experience of any kind. Spring, Fall, Summer.

SPA 102 (4)  
Beginning Spanish II  
Further emphasis on basic grammar, vocabulary, and culture. Practice in speaking, reading, and writing Spanish. Prerequisite: SPA 101 or placement. General Education: Options. Four lecture. Spring, Fall, Summer.

SPA 125 (2)  
Spanish for Health Professionals  
Develops practical speaking knowledge of common medical terms frequently used in a variety of health care settings. Prerequisites: SPA 101, SPA 131, or consent of instructor. Two lecture. May be taken for S/U credit.

SPA 126 (2)  
Spanish for Law Enforcement Personnel  
Develops a practical speaking and/or writing knowledge of common terminology frequently used in the law enforcement field. Prerequisites: SPA 101, SPA 131, or consent of instructor. Two lecture. May be taken for S/U credit.

SPA 127 (3)  
Spanish for Elementary Teachers  
Develops a practical speaking and/or writing knowledge of common terminology frequently used in the elementary school classroom. Three lecture. May be taken for S/U credit.

*Tech Prep articulated course.
SPA 128 (2)
Spanish for Travelers
A short course for students who have little or no prior experience with Spanish and need specific vocabulary and cultural information for their anticipated adventures in traveling to countries where Spanish is used. Two lecture. May be taken for S/U credit. Spring, Fall.

SPA 129 (2)
Spanish for Business Professionals
A course for students who have little or no prior experience with Spanish and need specific vocabulary, grammar, and cultural information for their professional purposes. Two lecture. May be taken for S/U credit.

SPA 131 (3)
Conversational Spanish I
Basic grammar, vocabulary, and culture in conversational practice. Three lecture. May be taken for S/U credit. Spring, Fall.

SPA 132 (3)
Conversational Spanish II
Further emphasis on basic grammar, vocabulary, and culture in conversational practice. Prerequisite: SPA 131 or consent of instructor. Three lecture. May be taken for S/U credit.

SPA 201 (4)
Intermediate Spanish I
Improving basic skills of speaking, comprehension, reading, and writing. Taught in Spanish. Prerequisite: SPA 102 or placement. General Education: Options. Four lecture. Spring, Fall.

SPA 202 (4)
Intermediate Spanish II
Further development of speaking and writing communication skills with emphasis on compositions and readings. Taught in Spanish. Prerequisite: SPA 201 or placement. General Education: Options. Four lecture. Spring, Fall.

SPA 212 (2)
Introduction to Translation & Interpretation
Designed specifically for native or fluent speakers of Spanish, to introduce and familiarize them with the techniques of proper written translation and oral interpretation. Serves only as an introduction to the broad field; intended to help students decide if they want to pursue it further. Two lecture.

SPA 213 (3)
Health Care Interpreting
Designed specifically for fluent speakers with confident speaking ability in English/Spanish, this course provides preparation for health care interpreting and includes: ethics and protocol, consecutive, simultaneous, and sight translation practice. Prerequisites: Bilingual proficiency in English/Spanish and consent of instructor. Three lecture.

SPA 298 (1–6)
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

SPC—Speech

SPC 100 (3)
Fundamentals of Speech Communication
Fundamentals of speech communication emphasizing public speaking skills and improved self-confidence. Performance based, improving speaking skills. General Education: Options. Three lecture. Spring, Fall.

SPC 298 (1–6)
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

STU—Student Development Education

STU 101 (2)
Successful Transition to College
Transitioning to College includes an understanding of one’s own personal and educational vision and the resources available at the institution to help achieve that vision. Includes self assessment, exploration of life and career goals, development of an educational plan, career/academic exploration, knowledge of general education, knowledge of student policy, and strategies to assist in navigating the educational system. Two lecture.

THR—Theatre

THR 101 (3)
Introduction to Theatre
A survey of theatre, introducing basic elements and principles of production, styles and/or historical perspectives of theatre, dramatic literature and criticism. General Education: Arts and Humanities. Three lecture. May be taken for S/U credit. Spring, Fall.

THR 110 (3)
Acting I
The fundamental techniques of acting are explored through physical and vocal expression, improvisation and scene work with an emphasis on the performer’s approach to characterization. Three lecture. May be taken for S/U credit. Spring, Fall.

THR 111 (2)
Stagecraft
Principles of the operation and effects of various types of stages and stage scenery. Includes the construction of stage scenery and the history and construction of costumes and properties. Co-requisite(s): THR 112 and 113. Two lecture. May be taken for S/U credit.
THR 112 (1)
Stagecraft Lab
Practical application of techniques for constructing stage scenery and properties. Includes uses of various materials, construction of flats, steps and platforms, and rigging systems. Co-requisite(s): THR 111 and 113 or consent of instructor. Three lab. May be taken for S/U credit.

THR 113 (1)
Stagecraft Crew
Preparing, organizing, setting up, running and shifting of theatrical sets, properties and costumes for theatrical productions. Three lab. May be taken for S/U credit.

THR 130 (3)
Children’s Theater
This course introduces the student to children’s theater by providing a hands-on performance opportunity through improvisation and acting. This course is suitable for teachers, actors, writers, and others who enjoy working with children. Three lecture. May be taken for S/U credit.

THR 199 (0.5–6)
Theater Workshop
Designed to provide workshop courses based on student and faculty interest in pursuing or presenting an original topic. Workshops may be developed to enhance existing curriculum or to give students experience that is not covered by existing curriculum. One-half to six variable credit hours. May be taken for S/U credit.

THR 210 (3)
Acting II
The fundamental techniques of acting are further explored through script analysis, rehearsal and in-class performance of scenes with emphasis on various styles. Prerequisite: THR 110 or consent of instructor. Three lecture. May be taken for S/U credit. Spring.

THR 298 (1–6)
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

WLD—Welding Technology

WLD 102 (3)
Basic Welding Fabrication*
Fundamentals of basic arc welding procedures, equipment, and safety techniques. Various arc welding tasks in the flat, horizontal, vertical-up, and overhead positions. Two lecture; two lab.

WLD 106 (3)
Intermediate Welding*
Advanced arc welding procedures, equipment, and safety techniques. Instruction in the selection of electrode, gas, cups, and filler rod for gas tungsten arc weld (GTAW) welding. Techniques and practice in welding butt-joint, t-joint, lap and corner joints in various positions and numerous cutting procedures. Prerequisite: WLD 102 or consent of instructor. Two lecture; two lab.

WLD 289 (1–6)
Internship I
Designed for students who are looking for paid or voluntary, practical learning experiences that apply academic and occupational education to real-life, on-the-job situations. Credit hours will be negotiated based on fulfillment of a contract. Each credit hour requires the completion of a minimum 45 hours of on-the-job participation. Prior experience or course work in the field of interest is required. One to six variable credit hours. May be taken for S/U credit.

WLD 298 (1–6)
Special Topics
Designed to meet the needs of an individual(s) with interest in pursuing an original topic in an instructional area under faculty supervision. One to six variable credit hours.

*Tech Prep articulated course.
Admission and Registration

Admission Information

Admission Requirements
Coconino Community College is open to any person for either regular or special admission if that person satisfies one of the following categories established by Arizona Revised Statutes:

Eligible for "Regular Student" Admission (501.1.1)
- A graduate of a high school which is accredited by a regional accrediting association as defined by the United States Office of Education or approved by a state board of education or other appropriate state educational agency, or
- A person who has completed a GED certificate of high school equivalency, or
- A transfer student in good standing from another college or university, or
- A mature person who is 18 years of age or older and demonstrates evidence of potential to succeed at CCC. (A student admitted in this category who is not a high school graduate or a GED completer will be encouraged to attain a GED prior to completion of 15 hours at CCC.) Mature student applicants may be required to complete testing and other assessment activities designed to help the College determine their ability to benefit from college-level instruction. They are restricted to enrollment of 12 credit hours or fewer each semester with advisor approval required.

Eligible for "Special Student" Admission (501.2.2)
- A student not meeting any of the provisions for "Regular Student" Admission (listed above) may be admitted on an individual basis with the approval of College officials and, as appropriate, the consent of parents and recommendation of the student's school. This includes, but is not limited to, students under 18 and those still enrolled in high school. For students still enrolled in high school, completion of the 10th grade is a requirement for admission as a special student.
- A special student must meet the established requirements of the course(s) for which he/she chooses to enroll, and college officials must determine that admission is in the best interest of the student. For example, a special student seeking admission to attend an algebra class must be qualified to enter a mathematics course at that level; qualification in this case would be determined by a placement examination, or ACT/SAT scores and high school grades.
- A student who is under age 18 and scores a composite of 22 or higher on the American College Test (ACT), or a composite (verbal and mathematics) of 930 or more on the Scholastic Aptitude Test (SAT) may be admitted. A student who shows evidence of such test scores shall not be denied admission because of age, lack of a high school diploma or high school certificate or equivalency (GED), grade in school, lack of permission of school officials, or lack of concurrent enrollment in public or private school. However the College requires parental permission for those under the age of 18. A student admitted in this category is not guaranteed admission to a specific degree program or to all courses offered by the College and may enroll for a maximum of 6-8 credit hours unless special arrangements have been made and approved prior to the registration period.
- All special student applicants should contact Admissions, Records and Registration for more information and required forms.
- Applicants with status “SP” are limited to 6-8 credit hours or two classes; advisor approval is required.

Admissions Procedures
International Students (501.1.3)
At present, Coconino Community College is not approved as a study site for students who are not United States citizens except persons lawfully admitted to the United States as immigrants. CCC is not authorized to issue I-20 documents nor will full-time attendance at CCC by a non-citizen satisfy F-1 student status. International students with a visa status other than F-1, as well as those F-1 visa students attending and in status at Northern Arizona University, may be eligible for limited study at CCC. A minimum TOEFL score of 450 is required. Contact Admissions, Records and Registration for further information.

Residency Requirements (501.2)
Coconino Community College determines a student's residency status for tuition purposes based upon information supplied on college applications, affidavits, and additional information provided by the student. CCC notifies a student of his/her residency status upon admission. Appeals or questions regarding residency status should be directed to Admissions, Records and Registration or the College Registrar.

Proposition 300—Important Information for All Students in Credit Courses and Adult Education Courses
Proposition 300 prohibits certain benefits and instruction for persons who are not lawfully in the U.S. It impacts residency for tuition purposes, financial assistance that includes or is subsidized by state monies, Adult Education classes, and reports that the College must make to the legislature. Also, you will be required to show proof of lawful status in the U.S. and possibly other documentation. Please go to www.coconino.edu/prop300 to read about this and see how you can give input if you wish to.
Residency Procedures (501.2.1)
The following guidelines concerning the determination of residency for tuition purposes are established by the ARS 15-1802. Students having difficulty in determining their residency should contact Admissions, Records and Registration for further explanation.
- Each applicant shall have the question of legal residence determined at the time of admission. Registration and payment of fees will be in accordance with the residency assigned at the time of official admission.
- The Registrar/Director for Admissions is responsible for making the initial domicile classification. The College may consider all evidence, written or oral, presented by the student and any other relevant information received from any source. The College may request written or sworn statements or sworn testimony of the student.
- An appeal of the initial classification may be made to the Registrar/Director for Admissions. The appeal must be in writing, signed by the student, and accompanied by a sworn statement of all relevant facts. The appeal must be filed with Admissions, Records and Registration within ten days of notification of residency classification. Failure to properly file a request for review within the prescribed time limit constitutes a waiver of review for the current enrollment period.

Definition of Terms (501.2.2)
Armed Forces of the United States
The Army, the Navy, the Air Force, the Marine Corps, the Coast Guard, the commissioned corps of the United States Public Health Service and the National Oceanographic and Atmospheric Administration, the National guard and any military reserve unit of any branch of the armed forces of the United States.

Continuous Attendance
Enrollment at an Arizona educational institution for a normal academic year since the beginning of the period for which continuous attendance is claimed is continuous attendance. Enrollment in summer sessions or other such intersessions beyond the normal academic year is not required in order to maintain continuous attendance.

Domicile
A person's true, fixed and permanent home and place of habitation. It is the place where one intends to remain and to which one expects to return when one leaves without intending to establish a new domicile elsewhere.

Emancipated Person
A person who is neither under a legal duty of service to parents, nor entitled to the support of such parents under laws of the state.

Parent
Father or mother, custodial parent, or legal guardian of an emancipated person. Circumstances must not indicate that guardianship was created primarily for the purpose of conferring the status of an instate student on the unemancipated person.

In-State Student Status (501.2.3)
- Except as otherwise provided in this article, no person having a domicile elsewhere than in this state is eligible for classification as an instate student for tuition purposes.
- A person is not entitled to classification as an instate student until domiciled in this state for one year (previous twelve months) unless he/she meets one of the following requirements:
  - His/her parent's domicile is in this state and that parent is entitled to claim him/her as an exemption for state and federal tax purposes.
  - He/she is an employee or spouse of an employee transferred to this state for employment purposes.
  - The domicile of an unemancipated person is that of his/her parent.
- An unemancipated person, while in continuous attendance toward the degree for which currently enrolled, does not lose instate classification if his/her parent moves from this state.
- A person who is a member of the armed forces of the United States stationed in the state pursuant to military orders or his/her spouse or dependent child (as defined in Section 43-1001) is entitled to classification as an instate student. The student, while in continuous attendance toward the degree for which currently enrolled, does not lose instate student classification.
- A person who is a member of an Indian tribe recognized by the United States Department of the Interior whose reservation land lies in the state and extends into another state and who is a resident of the reservation is entitled to classification as an instate student.

Alien In-State Student Status (501.2.4)
An alien resident is entitled to classification as an instate refugee student if such person has been granted refugee status in accordance with all applicable laws of the United States and has met all other requirements for domicile.

Presumptions Relating to Student Status (501.2.5)
Unless the contrary appears to the satisfaction of the registering authority of the community college at which a student is registering, it shall be presumed that:
- No emancipated person has established a domicile in the state while attending any educational institution in this state as a full time student, as such status is defined by the State Board of Directors for Community Colleges.
- Once established, a domicile is not lost by mere absence unaccompanied by intention to establish a new domicile.
- A person who has been domiciled in this state immediately prior to becoming a member of the Armed Forces of the United States shall not lose instate status by reason of his/her presence in any other state or country while a member of the Armed Forces of the United States.
Western Undergraduate Exchange (WUE) Program

WUE is the Western Undergraduate Exchange, a program coordinated by the Western Interstate Commission for Higher Education (WICHE). Through WUE, students in western states may enroll in many two-year and four-year college programs at a reduced tuition level: 150 percent of the institution’s regular in-state resident tuition. In all cases, WUE tuition is considerably less than nonresident tuition. If the student is a legal resident of Alaska, California, Colorado, Hawaii, Idaho, Montana, Nevada, New Mexico, North Dakota, Oregon, South Dakota, Utah, Washington, or Wyoming then they are qualified for this program. Mark the appropriate residence code on the application for admission form to be declared a WUE student.

Registration Information (501.3)

Students should register for classes in accordance with calendars and procedures published in the appropriate Schedule of Classes. To participate in registration, new students must have completed an application for admission. Students in the following categories are admitted conditionally pending receipt of documents verifying or clarifying their status (see also Admission Information). Categories include: high school graduates; GED completion; transfer students; mature students (without high school diploma or GED); students on academic probation at a previous college; students on academic suspension at a previous college; and “special” students especially those taking classes while still enrolled in high school. Students in the foregoing categories who do not provide required documents may be barred from participation in future registrations.

Academic Load

Semester

The normal full-time academic load is defined as 12 credit hours per semester. A student may take no more than 18 credit hours in a single fall or spring semester without prior approval. A student with a grade point average of 3.00 or better for 12 or more credit hours during one semester or summer session is eligible to petition to the Registrar/Director for Admissions to carry credit hours in excess of the 12 credit hour maximum. Exceptions to this procedure are considered on a case-by-case basis.

Summer

Summer classes are intensive; therefore, the recommended maximum academic load for the entire summer is 12-credit hours. A student with a grade point average of 3.00 or better for 12 or more credit hours during one semester or summer session is eligible to petition to the Registrar/Director for Admissions to carry credit hours in excess of the 12 credit hour maximum. Exceptions to this procedure are considered on a case-by-case basis.

Add/Drop Procedures (501.3)

Fall and Spring Semester

In accordance with calendars and procedures in the appropriate Schedule of Classes, students may make adjustments in their registered schedules by dropping and/or adding classes. Students may drop without a “W” (withdrawal) being recorded on their transcript prior to, and including, the 45th calendar day. On the 46th calendar day, and thereafter, a student drop will be recorded on the transcript as a “W” (withdrawal). A student may initiate a withdrawal prior only to the last two weeks of instruction of the semester. Written petitions for exception to this procedure may be presented to the Registrar/Director for Admissions for action. The instructor may drop or withdraw students for nonattendance at the first class session or for unexcused absences. See Academic Procedures: Attendance, for more information.

Summer Session

In accordance with calendars and procedures in the appropriate Schedule of Classes, students may make adjustments in their registered schedules by dropping and/or adding classes. Students may drop without a “W” (withdrawal) being recorded on their transcript no later than the 7th calendar day after the beginning of the session. On the 8th calendar day and thereafter, a student drop will be recorded on the transcript as “W” (withdrawal). A student may initiate a withdrawal prior only to the last two weeks of instruction of the summer session. Written petitions for exception to this procedure may be presented to the Registrar/Director for Admissions or designee for action. The instructor may drop or withdraw students for nonattendance at the first class session or for unexcused absences. See Academic Procedures: Attendance, for more information.

Short Courses

Registration for short courses (those meeting less than a full semester in fall or spring, less than a full summer session, or pre- and post-sessions) will be accepted prior to the first class meeting. Short courses may be added, with the approval of the instructor, prior to the second class meeting. If a short course is dropped after the second class meeting, a “W” (withdrawal) will be recorded on the student transcript. A student may initiate a withdrawal prior only to the last one-third of the class meeting dates. Written petitions for exception to this procedure may be presented to the Registrar/Director for Admissions or designee for action. The instructor may withdraw students for nonattendance at the first class session or for unexcused absences. See Academic Procedures: Attendance, for more information.
Withdrawal from Class (501.3)
The terms "withdrawal" and "drop" refer to actions which terminate the student's class enrollment. If a drop occurs prior to, or on, the 45th calendar day of a regular full semester, no record will appear on the student's transcript. However, a student who drops a class on the 46th calendar day of a regular full semester or later will be assigned a "W" (withdrawal) on the student transcript. A student may also be dropped (assigned a "W") by the instructor for nonattendance.

If a short course is dropped once the class has begun, a "W" (withdrawal) will be recorded on the student transcript. Written petitions for exception to this procedure may be presented to the Registrar/Director for Admissions or designee for action.

A student who withdraws or is withdrawn from all classes is required to process the withdrawal through the Admissions, Records and Registration Office.

Audit (501.3)
A student wishing exposure to a class may elect to audit the course. The decision to audit, or to change from an audit to A-F (letter grade) or S/U status, must be made no later than the last day to add classes (as published in the Schedule of Classes). Regular attendance at all class meetings is the responsibility of the student, but writing assignments and examinations are not mandatory.

Courses audited carry no credit toward the grade point average, toward graduation, or toward meeting professional requirements. An audited course will not satisfy the prerequisite for a course in which the student wants a letter grade. Audited credit hours do not count toward determining eligibility for Financial Aid purposes. Audited classes may be repeated for credit. Once a student registers for and completes a class as an auditor, the audit on the permanent record may not be changed to a credit-earning grade.

Credit Free Courses Procedure (303.8)
The College offers credit free courses periodically. A credit free course or credit free workshop carries its own fee, and the class time invested cannot, under any circumstances, be converted to credit. For information concerning credit free courses or workshop offerings, refer to the Schedule of Classes.

Catalog Choice (501.5)
A student may choose to be governed by the degree/certificate requirements outlined in any one CCC catalog in effect beginning with the term of his/her initial enrollment while maintaining continuous enrollment for credit at the College or any public Arizona community college or university. The rules for continuous enrollment are:

- A semester in which a student earns credit will be counted towards continuous enrollment. Non-credit courses, audit courses, failed courses or withdrawing from all courses does not count towards continuous enrollment.

- If the student does not maintain continuous enrollment for more than 2 consecutive regular (fall and spring) semesters, the student must meet the requirements of the catalog in effect at the time of re-enrollment or any subsequent catalog during continuous enrollment. Students enrolling or re-enrolling during a summer term must follow the following fall catalog or any subsequent catalog during continuous enrollment.

- No student may choose to be governed by the requirements of a catalog issued more than five years prior to the year in which catalog choice is made.

A student must choose only one catalog and will not be allowed to choose a combination of requirements from differing catalogs. A student may petition for waiver or substitution of certain catalog requirements. The academic advisor and/or other college officials may initiate course substitutions for program requirements. These substitutions must be approved by the Department Chair for the Flagstaff Campus or Campus Dean for the Page Campus, for the specific degree and/or certificate.

Note: Students planning to transfer to an Arizona public university who are completing a transfer degree from a catalog prior to the 1999–2000 catalog may choose to replace the TGECC (Transfer General Education Core Curriculum) with an AGEC (Arizona General Education Curriculum). Since the TGECC is 41 credits and the AGEC is 35 credits, students replacing the TGECC with the AGEC may be required to complete additional degree core requirements and/or transferable elective credits to complete the degree.

Student Classification and Standing
(501.6)
Freshman
A student who has earned fewer than 30 credit hours.

Sophomore
A student who has earned 30 or more credit hours, but has not earned a degree.

Full-Time Student
Enrolled for:
12 or more credit hours During fall or spring semester
6 or more credit hours During summer sessions

Part-Time Student
Enrolled for:
1–11 credit hours During fall or spring semester
5 or fewer credit hours During summer sessions
Transfer and Credit by Exam

Transferring Credit to CCC
Basic Guidelines (501.7.1)
Course work completed at accredited institutions with a grade of "C," its equivalent, or better will be evaluated for transfer credit, with the following exceptions: above 200-level courses and coursework not equivalent to a CCC course will not be transferred. Admissions, Records and Registration must receive an official transcript directly from the college or university where credit was earned. Upon receipt of the official transcripts, Admissions, Records and Registration staff will evaluate official transcripts for credit accepted by the College. Using the following system of prioritization, up to 45 credit hours will be accepted for transfer, which may include up to 30 hours of credit for prior learning:
- General education classes equivalent to CCC general education courses.
- Other coursework evaluated as equivalent to a CCC course and included in a degree or certificate program, up to the 45 credit limit.
- Courses will only be counted once. Additional occurrences (repeats) of courses will be coded "NT" (Not Transferred).
- Once the limit has been met, courses will be coded "NT" (Not Transferred), regardless of equivalency to a CCC course.

An academic advisor will review credit for applicability toward the student’s program objective at CCC. Transfer grades are not calculated in the student’s CCC grade point average.

Transfer Procedure (501.7.2)
Students who desire to transfer previous college or university credit to Coconino Community College must formally submit official transcripts to CCC. Following are helpful guidelines for students considering transfer of credit to CCC:
- Transcripts will be officially evaluated only when CCC has received official copies of all transcripts. An official copy is one that has been mailed directly from the student’s previous school to CCC. Students must request transcripts by contacting their previous colleges and universities.
- Transcripts from all previous colleges or universities attended, regardless of how long ago courses were taken and regardless of the grades earned, must be submitted to the College. Credits earned more than five years ago may be subject to special evaluation. The official transcript evaluation requires that students certify they are declaring all previous credits.
- The transcript evaluation procedure includes a review process during which the student can request clarification. If a student is refused transfer credit for a course, or if credit is not granted in an area the student feels is appropriate, the student may request a review with a transcript evaluator to discuss his/her concerns. It is the student’s responsibility to provide the transcript evaluator with previous school catalogs or other information which will assist in clarifying the classes in question.

Transfer of General Education Courses
and Arizona General Education
Curriculum (AGEC) Courses from Other
Arizona Community Colleges or
Universities to CCC (501.7.3)
If a course is in the General Education Core Curriculum (GECC) of the transferring institution, CCC will accept the credits as a CCC GECC course using the following procedures:
- The course will be transferred as an equivalent course if the equivalency is determined by:
  a. a review of transfer course description in comparison to CCC course description, or
  b. a comparison of Course Equivalency Guide (CEG) equivalencies between the transferring institution and
  the universities with CEG equivalencies between CCC and the universities. For example, per the CEG, the
  transferring institution’s MAT 130, College Algebra, has the following university equivalencies: at NAU,
  MAT 110; at ASU, MAT 117; at U of A, MATH 117.
  CCC’s MAT 151, College Algebra, has the same university equivalencies; therefore, the transferring
  institution’s MAT 130 is equivalent to CCC’s MAT 151.

The Transcript Evaluator will record these equivalencies on the Course Articulation form.
- If CCC does not have an equivalent course, the course will be transferred as a specified number of credits satisfying requirements of the appropriate General Education area (Arts/Humanities, Social/Behavioral Sciences, Physical/Biological Sciences, or Options) and/or Arizona General Education Curriculum (AGEC) Special Requirements area(s) (Intensive Writing/Critical Inquiry, Ethnic/Race/Gender Awareness, and/or Contemporary/Global or International Awareness). The student requesting the transfer evaluation must provide documentation that the course is part of the GECC at the transferring institution. A Request for Substitution form must be initiated by the student, completed by an advisor, and approved by the appropriate Division Chair for the Flagstaff Campus or Campus Dean for the Page Campus.
Admission and Registration

- If the course fulfills one or more of the AGEC Special Requirements at the transferring institution, CCC will transfer it to fulfill those requirements. The student requesting the transfer evaluation must provide documentation that the course meets the AGEC requirements at the transferring institution. A Request for Substitution form must be initiated by the student, completed by an advisor, and approved by the appropriate Division Chair for the Flagstaff Campus or Campus Dean for the Page Campus.

- University credits may be transferred back to CCC to satisfy AGEC requirements and/or CCC degree requirements. To obtain an AGEC stamp on the transcript, however, students need to comply with the 15 credit hours in residence requirement below.

Per the Arizona state AGEC policy, “A minimum of 15 semester credits of course work must be completed within the community college district certifying completion of the AGEC.” The 15 hours of course work referred to in the policy can be in any area and do not have to be GECC or AGEC courses.

Credit for Prior Learning (501.7.5)
Students enrolled at CCC may be awarded a total of 30 credit hours for prior learning completed through the College Level Examination Program (CLEP), Defense Activity for Non-Traditional Support Examination Program (DANTES), Advanced Placement Examinations (AP), and/or military training. Credit awarded for prior learning does not count as hours in residence for graduation requirements. Credit granted by CCC may not transfer to other colleges or universities.

Official test scores for CLEP, DANTES, and AP must be sent directly by the testing agency to Admissions, Records and Registration. A written request for an evaluation of test scores must be filed by the student with Admissions, Records and Registration. Students seeking an evaluation for military training should consult the Registrar/Director for Admissions or designee regarding proper documentation.

CLEP offers general examinations in Social Science/History, Natural Sciences, Humanities, English, Mathematics and additional examinations in specific subject areas. CCC may grant credit for general examinations with a minimum score of 500 and credit in applicable subject areas with a minimum score of 50. CCC may grant credit for DANTES examinations with a minimum score of 50.

The Advanced Placement Program recognizes that some students are able to complete college-level courses while attending high school. Students who have taken an Advanced Placement course in their secondary school and who scored 3, 4 or 5 on the AP may receive college credit. The awarding of credit varies by discipline. Official scores must be sent directly from the testing agency to CCC for evaluation. A written request for an evaluation of test scores must be filed by the student with Admissions, Records and Registration.

Credit by Exam (501.7.6)
1. Acceptance of credit by examination is based on the belief that some students may have previously acquired the knowledge and/or competencies required to complete a particular class and that instruction in this area would be repetitive.  
2. Credit by exam, achieved by completing a CCC developed departmental examination is subject to the following restrictions:
   • Credit through college developed exams will be granted only to students with a declared major in a degree or certificate program.
   • A student cannot receive credit by examination for a course that is equivalent to or lower than that in which they are currently enrolled, or for which they already have received credit, nor for a prerequisite for a course already completed.
   • Before a student may take an exam, she/he must have signed approval from the appropriate area coordinator and division chair.
   • The charge for credit by exam is equivalent to the current tuition rate per credit hour.
   • Fees paid by the student to take examinations must be paid in advance and are nonrefundable.
   • In order to receive credit for the challenged course, the student must meet or exceed the defined level of competency for the exam.
   • The student will be permitted not more than one retest per course. The retest must occur within the semester during which the first test was taken.
   • Notification by Testing Services of credit award or non-award will be sent to the Admissions, Records and Registration Office, advising, and the student.
   • Transcripts will reflect only that credit by examination has been granted. Satisfactory performance on the exam will be indicated by a “CE” for pass on the student’s transcript. No record is made of failing scores.
   • The exam grade will not be calculated into the student’s cumulative grade point average.
   • Credit by exam may be used to satisfy CCC AGEC course requirements.
   • Credits earned by exam are not considered as part of the total credits that must be earned at CCC toward a degree or certificate.
   • Evaluation of the credit by examination for transfer will be determined by each college and/or university. It is the responsibility of the student to work with the college or university of choice on transferability.
   • Credit by exam is not available for all courses. Availability is determined by the area coordinator for each discipline.
   • Approved tests will be kept on file in Testing Services.
Transferring Credit from CCC
The Coconino County Community College District is one of ten state community college districts. The academic policies and the operation of CCC are governed by the local CCC District Governing Board. CCC adheres to the Arizona General Education Curriculum approved by the Arizona Board of Regents (governing board for state universities) and by the former State Board of Directors for Community Colleges of Arizona. CCC is accredited by the North Central Association of Colleges and Schools, the regional accrediting body. Courses numbered 100–299 may be eligible for transfer to other colleges and universities.

The procedure for determining the transferability of a particular CCC course is as follows:
- For CCC courses taught Fall semester 1991 or Spring semester 1992, one of Arizona's accredited community colleges (Yavapai College) permitted CCC to use its course prefix and number system and its course outlines to facilitate the transfer process during CCC's initial two semesters of operation. Students or institutions wishing to determine the transferability of a particular CCC course taught either Fall semester 1991 or Spring semester 1992 should consult the Yavapai College section of the 1991–92 Course Equivalency Guide published by the Arizona Commission for Postsecondary Education.

- For CCC courses taught summer session 1992 forward, students or institutions should consult the CCC section of the appropriate Course Equivalency Guide published by the Arizona Commission for Postsecondary Education.

Transferring to Arizona Public Universities (501.7.8)
Arizona public community colleges and universities (Northern Arizona University, University of Arizona, Arizona State University) have agreed upon a common structure for a transfer general education curriculum. This curriculum provides students attending any Arizona state community college with the opportunity to build a general education curriculum that is transferable upon completion without loss of credit to another Arizona state community college or university. This common agreement is called the Arizona General Education Curriculum (AGEC).

Completion of the AGEC will fulfill lower division general education requirements at all Arizona state community colleges and universities and will be fully applicable to the baccalaureate degree, but may not apply to degrees articulated with the Transfer Guide Pathway (TG-XR). Students completing the AGEC will still be required to fulfill lower division major requirements and prerequisites within their college and major/minor area of study. Some majors have significant prerequisites and/or program requirements that must be completed before a student may be admitted to upper division course work. Community college students who are undecided about which of the Arizona public universities they plan to attend or what program of study they intend to pursue are advised to explore educational options while they complete the AGEC.

If a student does not complete all 35 credits of the AGEC, lower division general education is not fulfilled at all Arizona public universities. When the AGEC is not completed, the general education credits will be evaluated by the university on a course-by-course basis using the Course Equivalency Guide and applied depending on the degree and college. For more information regarding the AGEC, see Quick Reference for Programs and General Education Requirements in this catalog.

Students intending to transfer to an Arizona public university are strongly encouraged to meet regularly with an advisor to understand students' rights and responsibilities related to the transfer and applicability toward a degree of program core curriculum, courses and credits.

Transfer Ombudsperson (TSO) (501.7.9)
Each Arizona state university and community college has appointed a TSO to resolve problems by transfer students as reported by students, advisors, faculty members and college officials. The TSO has the responsibility to ensure compliance with the transfer and articulation agreements and resolve problems concerning the transfer and applicability of community college credit to university programs. Students may file complaints with the university TSO or report complaints to the TSO at the community college where the transfer course work was completed.

Coconino Community College Transfer Ombudsperson (TSO) (501.7.10)
Students wishing to report a problem in transferring CCC credit to a university should provide a written request to the CCC TSO including:
- the name of the university
- the declared major at university
- a comprehensive statement regarding the problem or complaint related to transfer of credit or core curriculum
- a summary of the action taken by the student prior to submitting the complaint
- copies of any documentation provided to the student from university officials
**Financial Information**

**Dual Enrollment**

Dual enrollment course offerings meet CCC’s curricular requirements and competencies. The participating high school instructors meet qualifications established by CCC and students meet college prerequisite/placement requirements. Instead of being offered at the college campus, these classes are part of the student’s regular high school schedule at the high school campus.

This catalog was prepared on the basis of the best information available at the time of publication. All information is subject to change without notice, obligation, or liability.

**Non-Payment of Fees**

A student who fails to meet financial obligations to CCC may be dropped from classes and will be barred from future enrollment until debts are settled.

**Returned Checks**

Any check returned by the bank will result in the assessment of a $25 processing fee to the student’s account. A student who pays for registration or any other college obligation with a returned check may be subject to legal action and/or the cancellation of registration. The College reserves the right to refuse credit cards or checks for any transaction. Paying for the use of other college services by personal checks may be disallowed for any individual who has a check returned by the bank. If any payment tendered is unauthorized, incomplete, or received after the due date, registration fees will be considered as unpaid and the student will be dropped from all classes.

**Tuition and Payment**

Tuition costs are summarized in the appropriate Schedule of Classes. Tuition does not include additional charges for class fees, books, or supplies. To complete advance registration, tuition must be paid (or financial aid arrangements completed) by the payment deadline for advance registrants. To register for classes at any other registration period, payment or financial aid arrangements must be made by 5pm the next business day.

**Withholding Student Records**

Coconino Community College may deny enrollment, official transcripts, degrees, and/or certificates to students with outstanding obligations to the College relating to fees, college equipment or materials, or any other obligation. Failure to respond to notifications regarding outstanding obligations may result in the withholding of student records and involuntary withdrawal from the College.

**Canceled Classes**

In the event a class is canceled by the College, a 100% refund of tuition and fees will be issued. The refund due the student will be processed after the add/drop period and will be mailed to the student’s last known address unless prior arrangements have been made with the Business Office.

**Refund Policy**

A refund of tuition is made only to students who follow official withdrawal procedures. A withdrawal is not official until cleared through Financial Aid Services and processed by Admissions, Records and Registration. Note that the refund information below differs for full semester classes and shorter classes.
Semester
Tuition paid will be refunded to students officially withdrawn from full semester classes on or prior to the 15th business day of the semester based on the following schedule:
• 100% of tuition and fees through the 10th business day of the semester.
• 50% of tuition and fees from the 11th through the 15th business day of the semester.
• No refund on or after the 16th business day of the semester.

Note: Business days are defined as Monday through Friday, excepting official holidays. See the semester calendar in the Schedule of Classes for actual published dates. The date used to calculate the refund is the date of official withdrawal.

Summer Session
Tuition will be refunded to students officially withdrawn from summer session classes based on the following schedule:
• 100% of tuition and fees through the 5th business day of the session.
• No refund on or after the 6th business day of the session.

Short Courses
Tuition will be refunded to students officially withdrawn from short courses (those meeting less than a full semester) based on the following schedule:
• 100% of tuition and fees up to and including the 1st class session. To be eligible for a 100% refund, the withdrawal must be initiated no later than the 1st business day following the 1st class session.
• No refund on or after the 2nd business day following the first class session.

This restricted refund schedule for short courses is necessary due to the limited period of class time.

Processing of Refunds
Note: Refund processing will not begin until after the add/drop period.
All refunds that may be due a student will first be applied to debts owed the College. Refunds will be mailed to the student’s last known address unless prior arrangements have been made with the Business Office. It is the student’s responsibility to notify the College of any change in address by completing a Change of Address form and submitting it to Admissions, Records and Registration. Note: If paid by credit card, refund will be credited to the credit card originally used for payment.

Exceptions to Refund Policy
In the event the following circumstances arise, the student enrolled in the course may request a refund by submitting a completed Refund Request Form to the cashier:
• Refunds for Serious Illness
  A pro rate refund will be made to a student suffering from a serious illness that necessitates a withdrawal from class(es), as long as the request is made prior to the end of the semester in which the illness occurs. The student must produce a verifiable doctor’s statement certifying that the illness prevents the student from attending class(es).
• Refunds for Death of Student or Student’s Spouse, Parent, or Child
  A 100% refund will be made to the student or the student’s estate, in the event of death of the student or student’s spouse, parent, or child that results in a withdrawal from class(es). The Request must be made prior to the end of the semester in which the death occurs. The student must provide a death certificate or newspaper obituary notice with proof of relationship (i.e., birth certificate, marriage license, etc.). In the event of a student death, the estate must produce a death certificate.
• Refunds for Military Service
  A student belonging to the Armed Forces or the Arizona National Guard who is called to active duty and assigned to a duty station will be allowed to withdraw and receive a 100% refund of tuition and fees, provided the course has not been completed. The student must provide a copy of the military orders within six months of the student’s withdrawal. Refund Requests will be determined by the Controller. The Controller may determine that the Refund Request does not meet the criteria above and deny the Request. The student may process a Petition for Exception to Refund Procedures upon denial by the Controller.

Petition for Exception to Refund Procedures
A student may submit a written petition to the Controller requesting an exception to the refund procedures for circumstances not included in the Refund Policy. The written request must include the following information:
• Date
• Student Name
• Address
• Phone Number
• Student ID Number
• Term
• Course Number(s), Title(s), and Sequence Number(s)
• Reason for refund request; supporting documentation may be attached
• Student Signature

Petitions for Exception to Refund Procedures must be submitted to the Controller within the term for which the refund is being requested. The Refund Review Committee is established to provide equitable and consistent determinations on Petitions for Exception to Refund Procedures not covered by the Refund Request Procedures. The Refund Review Committee membership will include the Controller, a Student Affairs representative, and a full-time faculty representative.
Financial Information

The Refund Review Committee will determine refunds requested through the petition process. Petitions will be reviewed within ten business days following submission by the student. The Controller will notify the student in writing of the Committee’s determination within five business days of the decision. The written notification will include the reason, if denied.

Appeal Procedures
A student may appeal the action of the Refund Review Committee by submitting a written request to the Vice President for Student Affairs or designee within five business days following notice of the Refund Review Committee’s decision. The statement of appeal must include a copy of the:

- student’s petition,
- the finding by the Review Committee,
- the reason for the appeal.

The Vice President for Student Affairs may consult with appropriate personnel when necessary. The Vice President will inform the student of his/her determination concerning the appeal, in writing, within five business days of receiving the appeal. The decision of the Vice President is final.

Refund and Repayment Policy for Financial Aid Recipients (520.1.17)
The Higher Education Amendments of 1998 require that if a recipient of federal financial aid withdraws from a school during a semester in which the recipient began attendance, the school must calculate the amount of federal financial aid the recipient did not earn and those funds must be returned.

Withdrawal Date
The withdrawal date is:

- The date the student began the withdrawal process as defined by the school;
- The date the student otherwise provided official notification to the school of the intent to withdraw; or
- If the student did not begin the withdrawal process or otherwise notify the school of the intent to withdraw, the midpoint of the semester for which federal financial aid was disbursed or a later date documented by the school.

Calculation of Federal Financial Aid Earned (520.1.18)
The percentage of the semester completed is the total number of calendar days in the semester divided by the number of days completed by the student as the withdrawal date. The student has earned 100% of the federal financial aid received if the withdrawal date occurs after 60% of the semester has been completed. If the student’s withdrawal date occurs before 60% of the semester has been completed, the percentage of federal financial aid earned is equal to the percentage of the semester completed as of the withdrawal date.

Return of Unearned Federal Financial Aid Funds (520.1.19)
If the student receives more federal financial aid funds than the amount earned, the school, the student, or both must return the unearned funds as required, and in the order specified below. The school must return the less of:

- The total amount of unearned aid; or
- The amount of institutional charges incurred for the semester multiplied by the percentage of unearned aid.

The student must return 50% of the remaining grant funds.

Method of Return of Unearned Funds by the Student Repayment of grant funds will be due to the school within 45 days of repayment notification. Grant funds not repaid after 45 days will be referred to the Department of Education for collection.

Order of Return of Federal Financial Aid Funds
1. Federal Pell Grant
2. Federal SEOG
3. LEAP

Samples of Title IV Funds Repayment
1. A student completes 40 days of a 111-day semester. He has received a total of $2,150 in federal financial aid as follows: $1,650 Federal Pell Grant, $500 Federal SEOG. His total school charges are $396.
   a. % of earned federal aid = 40/111 = 36%
   b. % of unearned federal aid = 100% - 36% = 64%
   c. Total amount of unearned federal aid = 64% X $2,150 = $1,376
   d. Amount of unearned federal aid attributed to school charges = 64% X $396 = $253. The school must return $253 to the Federal Pell Grant.
   e. Amount of unearned federal aid attributed to non-school charges = $1,376 - $253 = $1,123 is allocated to the Federal Pell Grant. Federal regulation only requires that the student pay 50 percent of this amount. This means that the student must pay $561.50 back to the Federal Pell program. The school will bill the student.
   f. The student owes $253 for school charges and $561.50 for non-school charges for a total of $814.50.

2. A student completes 69 days of a 111-day semester. She has received a total of $2,075 in federal financial aid as follows: $1,575 Federal Pell Grant, $500 LEAP. Her total school charges are $401.
   a. % of earned federal aid = 69/111 = 62%
   b. The student has earned 100% of the federal financial aid received because the student completed over 60% of the semester.
Financial Aid (520.1)

Coconino Community College offers a variety of financial aid to full and part-time students. The types of financial support available include the Federal Pell Grant, Federal Supplemental Educational Opportunity Grant (FSEOG), Federal Work Study (FWS), Federal Academic Competitiveness Grant (ACG), and Leveraging Educational Assistance Partnership (LEAP), Federal Stafford Student Loan, Federal PLUS Loan, campus employment, and scholarships. The College uses the Free Application for Federal Student Aid (FAFSA) as its application for all federal financial aid programs. A separate application is required for scholarships. Complete information concerning these programs and necessary applications for scholarships and grants is available through the office of Student Financial Assistance.

General Eligibility Requirements for Federal Financial Aid (520.1.3)

To be eligible for federal financial assistance, a student must:

- Self certify that he/she has a high school diploma or a GED, or was home schooled, on the admissions application.
- Be enrolled in and pursuing a degree or certificate program. Transfer students must have official academic transcripts evaluated by and on file with Admissions, Records and Registration. Financial aid will not be awarded until this is completed.
- Demonstrate financial need. Need is the difference between the cost of education and what the parent(s) and/or student are expected to contribute.
- Be making satisfactory academic progress. For more information, see the Satisfactory Academic Progress policy.
- Meet one of the following citizenship requirements: U.S. citizen; U.S. national; U.S. permanent resident who has an Alien Registration Receipt Card (I-151 or I-551).

If you are not in one of the above categories, you must have one of the following documents from the U.S. Immigration and Naturalization Service:

- An I-94 with one of the following endorsements: "refugee," "asylum granted," "indefinite or humanitarian parole," or "Cuban-Haitian entrant."
- A temporary residency card (I-668).

Students from the Marshall Islands, the Republic of Palau, and the Federated States of Micronesia should consult with Financial Aid Services concerning their eligibility for federal student aid.

Students attending school only on an F1 or F2 student visa, a J1 or J2 exchange visitor visa or a G series visa are not eligible for federal financial aid.

- Have a social security number.
- Be registered with Selective Service, if required.

Financial Aid Application Process (520.1.4)

Federal regulations require the submission of a number of documents by students applying for financial aid. In most instances, the documents listed below will constitute a complete file; however, any additional documentation requested by Financial Aid Services must be submitted before a file will be considered complete.

Free Application for Federal Student Aid (FAFSA) (520.1.5)

This no-cost need-analysis form provides the information necessary for any federal financial aid award.

There are 3 different ways to complete this form:

- Paper Application Process
  Obtain a FAFSA, complete, and mail to the Federal Processor. CCC's institutional ID number is 031004. This process can take as long as six to eight weeks and possibly longer if information changes during the process. The information provided on the FAFSA is sent to CCC electronically; the student will receive the results at approximately the same time. If required additional documents will be requested by Financial Aid Services when the electronic data is received.

- Renewal Application
  Dependent upon when the student applied for federal financial aid in the previous academic year, the student will receive a Renewal Application in the mail or by e-mail. Update the Renewal Application with current financial information and mail to the Federal Processor or process through FAFSA on the WEB. The paper renewal process can take as long as the Paper Application Process. The FAFSA on the WEB process can take up to two weeks. The information provided on both types of Renewal Application is sent to CCC electronically. If the student's application was processed through the mail the student will receive the results at approximately the same time. If the student processed his or her application through FAFSA on the WEB, CCC will receive the student's information usually within two weeks. Additional documents may be requested from the student by Financial Aid Services when the electronic data is received.

- Internet Application Process
  The student may complete the FAFSA on the World Wide Web at www.fafsa.ed.gov. The student will need a computer that has access to the internet and that is attached to a printer. For additional information or technical assistance about the FAFSA on the web, contact FAFSA's customer service at (800) 801-0576.

In addition to completing the FAFSA in one of the three ways mentioned above, all students will need to submit a Statement of Educational Purpose. The Statement of Educational Purpose is a statement that all aid applicants must sign affirming that the student will use his/her
Financial Assistance for Educational Purposes; is not in default on any Title IV loan or owes a refund on any Title IV grant; and authorizes the College to use his/her Federal Pell Grant and any other financial assistance to pay tuition and fees and any other College charges.

Verification (520.1.6)
If the student is selected for verification by the Federal Processor or files electronically, the student will be required to submit the following in addition to the documents listed above:
- Verification Worksheet with required signatures (if the student is dependent, one parent’s signature is required; student signature is also required)
- Copies of signed federal tax returns of the student, spouse (if applicable), and if the student is dependent, signed copies of the parents’ tax returns
- Copies of W-2’s will be requested for student, spouse (if applicable), and if the student is dependent copies of W-2’s for parents.
- Other documents requested by Financial Aid Services to resolve conflicting or questionable information.

Refund and Repayment Policy for Financial Aid Recipients (520.1.17)
The Higher Education Amendments of 1998 require that if a recipient of federal financial aid withdraws from a school during a semester in which the recipient began attendance, the school must calculate the amount of federal financial aid the recipient did not earn and those funds must be returned.

Financial Aid Student Rights and Responsibilities (520.1.7)
Student Rights
The student has a right to:
- Know which financial aid programs are available at the College.
- Know the deadlines for submitting applications for each of the programs available.
- Know how financial need is determined. This includes cost for tuition, room and board, travel, books and supplies, and personal and miscellaneous expenses considered in your budget.
- Know how the refund and repayment policies of the College work.
- Know how Financial Aid Services monitors satisfactory academic progress and the consequences of failing to maintain satisfactory academic progress.

Student Responsibilities
The student has the responsibility to:
- Keep his/her address current with Admissions, Records and Registration and Financial Aid Services.
- Complete all applications accurately and submit them on time to the right place.
- Provide correct information. In most instances, misreporting information on financial aid application forms is a felony offense under federal law.
- Submit all additional documentation, verification, corrections, and information requested by the College.
- Read, understand, and keep a copy of all forms that he/she signs.
- Accept responsibility for all agreements that he/she signs.
- Make satisfactory academic progress toward a degree.
- Notify Financial Aid Services of any changes in his/her financial situation, the number of family members attending college, or household size.

Satisfactory Progress Policy for Financial Aid Recipients (520.1.8)
It is the student's responsibility to meet and maintain satisfactory progress while earning a degree or certificate. This policy applies to students receiving federal and state financial aid and should not be confused with the College’s Academic Progress policy. The Satisfactory Progress policy includes three elements:
1. Minimum grade point average (GPA);
2. Maximum number of credit hours after which a degree/certificate must be granted;
3. Minimum number of credit hours completed per semester or academic year.

These three standards measure both qualitative and quantitative progress. Students will be ineligible for federal and state financial aid if these standards are not met. Student progress will be reviewed at the end of the academic year (spring semester) to determine eligibility for federal and state financial aid for the upcoming semester, academic year, and/or summer session. The academic year begins with Fall semester and continues through spring. Students who have completed a sufficient number of credit hours within the academic year are eligible to receive federal and state financial aid for the summer session. Students who have not completed the required number of credit hours for which they were funded will be placed on probation for the next semester. Students who receive Title IV funds on a probationary basis must meet the stated probation requirements or their eligibility will be suspended.

Qualitative Standards (520.1.9)
Students receiving Title IV funds must maintain a minimum cumulative grade point average of 2.00 after completion of their second semester.

Students transferring in with a cumulative grade point average of less than 2.00 and less than 24 credit hours will be placed on probation their first semester in attendance.

Student transferring in with a cumulative grade point average of less than 2.00 and greater than 24 credit hours are not considered to be making satisfactory academic progress and are not eligible for financial aid funds.
Foundation Courses (520.1.10)
A maximum of 30 credit hours of foundation classes may be counted towards a student’s “Minimum Credit Hour per Academic Year” requirement; however, the credit hours for foundation classes will not be charged against the total maximum credit hours allowed. The exact number of allowable foundation credit hours will be determined by the student’s academic skill assessment results.

Continuance of Eligibility (520.1.11)
Student records are reviewed at the end of each academic year for compliance with the three Satisfactory Progress elements: minimum cumulative GPA, maximum number of credit hours earned, and minimum number of credit hours completed per academic year. Students who meet all three of these standards are eligible for further federal and state financial aid consideration for the following academic year.

Students receiving Title IV funds are strongly encouraged to meet with an academic advisor to ensure they are meeting certificate/degree requirements.

Quantitative Standards (520.1.12)
Maximum Number of Credit Hours
The maximum time frame for completion of a degree or certificate is measured by the total number of credit hours a student has attempted. This includes transfer hours and all semesters of enrollment (including summer session) and applies to each degree or certificate pursued whether or not financial aid was received. Once the maximum number of hours is completed, the federal financial aid eligibility ends.

The maximum number of credit hours for which a student may receive federal financial aid funding toward the completion of a degree or certificate, includes all transfer and CCC credits, cannot exceed 150% of the credit hours required for that program. Once this 150% of credit hours is reached, students are not considered to be making Satisfactory Academic Progress and are not eligible for financial aid funds.

A student with a Bachelor’s degree or higher will be considered to have exhausted maximum timeframe eligibility.

Second Degree or Certificate
The student must meet the College’s criteria for a second degree. The student may be eligible for federal financial aid funding beyond first degree or certificate, ranging from 7 to 24 credit hours depending on program type, certificate or degree.

Dual Majors
The student may be eligible for federal financial aid up to 24 credit hours beyond first major.

Minimum Number of Credit Hours per Academic Year
Students receiving Title IV funds are expected to complete at least 80% of the semester credit hours enrolled as outlined in the following chart:

<table>
<thead>
<tr>
<th>Credit hours load</th>
<th>80% Minimum completion each semester</th>
</tr>
</thead>
<tbody>
<tr>
<td>Full time based on 12 credit hours</td>
<td>9 credit hours</td>
</tr>
<tr>
<td>3/4 time based on 9 credit hours</td>
<td>7 credit hours</td>
</tr>
<tr>
<td>1/2 time based on 6 credit hours</td>
<td>4 credit hours</td>
</tr>
<tr>
<td>Less than 1/2 time based on 5 credit hours</td>
<td>4 credit hours</td>
</tr>
</tbody>
</table>

Students enrolled for less than five hours must complete the number of hours funded (i.e., if a student is funded for one credit hour, the student must complete the 1 credit hour).

The following grades do not count toward the “Minimum Credit Hours per Academic Year” requirement: W, I, AU, U and NR, F. Repeated courses will be treated in accordance with established College policy. In progress (IP) grades will not be counted until a final grade has been posted.

Failure to Maintain Satisfactory Progress (520.1.13)

- Students, both continuing and transfer, who fail to meet the minimum cumulative GPA must use their own financial resources (unless an appeal is approved for a probationary semester) and attend one semester or summer session earning at least six credit hours at CCC to raise their cumulative GPA.
- Students who fail to complete the required minimum number of credit hours for which they were funded will be placed on probation the following semester.
- Students who have exceeded the established maximum credit hours will be required to submit an appeal and have eligibility status determined on an individual basis. Until a determination is made on the appeal, the student will be ineligible to receive federal financial aid funds.
- Students who have been placed on financial aid probation must meet the conditions of the appeal or attain academic good standing by the end of the semester or eligibility will be suspended. Suspended students will not be eligible to receive funds until such time as academic good standing is attained.
- Students in this category will be required to appeal in order to be reevaluated to have eligibility reinstated.
- Students who are placed on academic probation will automatically be placed on financial aid probation.
- Students who are placed on academic suspension will automatically be placed on financial aid suspension.
Right to Appeal (520.1.14)
In order to receive funds during the probationary period, students must submit a Satisfactory Academic Progress Appeal Form with supporting documentation to Financial Aid Services. Satisfactory progress appeals may fall into one of three categories:

- Withdrawals/Waiver of a Semester
  Students who have not completed the necessary number of credit hours for federal funding because the student withdrew from the semester may appeal to have the semester waived under extenuating circumstances such as personal illness or accident, serious illness or death within the immediate family, serious personal problems or other circumstances beyond the reasonable control of the student. The following supporting documentation is required: letter from attending physician, counselor, medicine man/woman, hand trembler/shakers, etc., addressing the specific problem, dates student was unable to attend school, and a comment on their current condition and ability to complete course work in the future.

- Probation Extension (one semester only)
  Students who have failed to earn the minimum number of credit hours during a probationary semester for which the student was funded may appeal to receive federal funding for the following semester if extenuating circumstances, as identified above, have prevented completion of the minimum number of credit hours. The following supporting documentation is required: letter from attending physician, counselor, medicine man/woman, hand trembler/shakers, etc., addressing the specific problem, dates student was unable to attend school, and a comment on the student's current condition and ability to complete course work in the future.

- Maximum Credit Hour Extension
  Students may appeal for an extension of the maximum credit hour limit if extenuating circumstances, as identified above, have prevented completion of a degree in a timely fashion. The following supporting documentation is required: letter from attending physician, counselor, medicine man/woman, hand trembler/shakers, etc., addressing the specific problem, dates student was unable to attend school, and a comment on the student's current condition and ability to complete course work in the future and a letter from advisor providing number of hours needed to graduate and projected graduation date.

Appeals that fall outside the scope of these three categories will be evaluated on an individual basis by the Director for Student Support Services and Financial Assistance.

Veterans’ Services

Veterans’ Educational Benefits (520.1.20)
Coconino Community College is approved to train students under government educational programs for veterans and eligible dependents of deceased or disabled veterans. Eligible students and those who wish to determine their future eligibility should apply through Financial Aid Services.

It is recommended for Veterans making an initial application for their benefits to submit a certified copy
of their DD 214 (member four copy). Eligible dependents making an initial application under Chapter 35 must provide their parent's or spouse's VA claim number.

Students planning to attend the College under the VA vocational rehabilitation program should contact their vocational rehabilitation specialists before registration. This contact may be made through Financial Aid Services. Additional services to be offered by Financial Aid Services include application for all VA benefits, professional educational counseling, tutorial assistance, and referral services.

Veterans' Admission (520.1.21)
By Arizona statute, no failing grades received by a veteran at an Arizona university or community college prior to military service may be considered when determining admissibility. This exception applies only to veterans who were honorably discharged, have served in the U.S. Armed Forces for a minimum of two years, and have previously enrolled at a university or community college in Arizona.

All veterans must declare a major and list their educational goal as degree/certificate (DC) or degree to transfer out (DT). They must also submit Official Academic Transcripts from all previous schools attended by the end of their first semester of attendance. They must also request those transcripts to be evaluated by Admission and Records.

Proper advising and course planning are strongly encouraged. Veterans and their dependents are not allowed to enroll in course repeats, course audits, or independent study courses without prior approval by Financial Aid Services.

Students admitted or readmitted to the College under this statute are subject to academic standards, graduation, and other academic regulations in this catalog.

Veterans' Retention (520.1.22)
All veterans and dependents of veterans must successfully complete 60% of their coursework with the individual grades and cumulative grade point average required by the College to continue toward graduation. If less than 60% of the coursework is completed, or if the grade point average falls below that required by the academic probation, suspension, or dismissal policy, veterans or veterans' dependents will be placed on probation the following semester. If individual grades and the cumulative grade point average are not maintained during that semester, the veteran or veterans' dependents will be suspended or terminated from their educational allowances effective the ending date of the semester, and notice will be sent to the VA regional office within thirty days following.

When the progress or status of a veteran is changed, a notice will be sent by the College to the VA regional office, within thirty days following the date of the change or the last day of attendance.

Veterans' Attendance (520.1.23)
Veterans and veterans' dependents are paid to attend and complete coursework. Attendance records are maintained by all faculty. If at any time Financial Aid Services is notified that a veteran's attendance is inconsistent with College standards, benefits may be reduced accordingly and the VA regional office notified. In some cases, the veteran may be dropped for nonattendance. See Academic Procedures for more information.

Academic Standards and Procedures

Academic Integrity (303.11)

Honesty (303.11.1)
Honesty in academic work is a central element of the learning environment. The presentation of another individual's work as one's own or the act of seeking unfair academic advantage through cheating are violations of the College's Student Code of Conduct. The general descriptions below emphasize those boundaries of academic conduct that are essential to the learning environment. The following acts of academic dishonesty are among those that may lead to college disciplinary action or possible dismissal:

Plagiarism (303.11.2)
Plagiarism is defined as submitting assignments, examinations, or other academic work which is not entirely the work of the student. This can include, but is not limited to such practices as: quoting without giving proper credit to a source, expanding someone else's work without giving proper credit, adopting as one's own an actual document (including the copying of computer or other electronic media), directly using someone else's ideas rather than words without giving proper credit.
Cheating (303.11.3)
Cheating is defined as submitting assignments, examinations or other work that is based upon sources or activities forbidden by the instructor. Cheating includes the furnishing of materials to another person for purposes of aiding that person to cheat. When an unfair academic advantage is gained by a person through deception or other means, that action is defined as cheating.

Violation of Copyright (303.11.4)
The unauthorized copying of copyrighted material, whether print or computer media, is unacceptable and is considered an act of academic dishonesty. Moreover, such practice is illegal and makes the violator subject to legal penalty.

Penalties (303.11.5)
The following penalties may be applied in instances of academic dishonesty:
- A student caught in an act of academic dishonesty on an assignment may or will, at the discretion of the instructor, be assigned a grade of "F" for that assignment or for the entire course, regardless of the length of time the student has been in attendance.
- A student found to have committed an act of academic dishonesty may be dismissed from CCC. The length or time period of the dismissal will depend upon the nature of the offense and may be permanent.

Academic Progress (303.12)

Notification (303.12.1)
Students affected by the procedures in this section will be notified of academic probation and/or suspension on the semester grade reports, which are sent to the student’s last known address.

Students receiving financial aid are subject to Satisfactory Academic Procedures. For more information, see Satisfactory Progress Policy for Financial Aid Recipients. Refer to CCC policy (520.1.8) as stated in this catalog.

Probation (303.12.2)
A student will be placed on academic probation if the cumulative grade point average is less than 2.00. Students should be aware that graduation requires a minimum cumulative grade point average of 2.00.

Students on academic probation may not take more than 12 credit hours per fall or spring semester (4 credit hours per summer session). Advisor approval is required prior to registration. A student placed on probation status has two regular (Fall and Spring) semesters to raise the cumulative grade point average to 2.00. If the minimum cumulative grade point average is not met at the end of two cumulative semesters, the student is placed on academic suspension.

Suspension (303.12.3)
A student on academic probation for two regular (Fall/Spring) semesters who fails to raise the cumulative grade point average to the required minimum will be placed on academic suspension and barred from registration for the period of one regular (Fall/Spring) semester.

Re-Admission (303.12.4)
An academically suspended student may apply for re-admission by submitting a petition for re-admission at least one month prior to the beginning of the semester or summer session for which the student seeks enrollment. The petition will be reviewed by the Registrar/Director for Admissions or designee.

The Registrar/Director for Admissions or designee may elect to approve the petition as submitted, to approve the petition with conditions (e.g. limited coursework, specific classes allowed, other classes denied, etc.), to uphold suspension, or to take other action which is deemed in the best interest of the student. Re-admission may include a change in major, removal of grades, adjustment of cumulative grade point average, etc. If the student is readmitted, he/she will automatically be placed on academic probation.

Appeals (303.12.5)
Students who desire to appeal a probation, suspension, or denial of re-admission decision must submit a letter detailing the basis of the appeal to the Registrar/Director for Admissions within 4 months of the decision. The Student Academic Appeals Committee will review the student’s case and make a recommendation to the Vice President of Academic Affairs. The Vice President will render a decision which will be considered final and will convey that in writing to the student via certified mail within five business days. A copy of the letter will be sent to the Registrar and to the Student Academic Appeals Committee.

Attendance (303.2)
Because attendance is essential to academic success, CCC students are expected to attend regularly and punctually all classes in which they are enrolled. Attendance requirements must be published in the course syllabus distributed to students.
First Class Session Requirement
All students are required to attend the first class session of each course in which they are enrolled. Failure to attend the first class session or to notify the instructor prior to the class session of an inability to attend may result in the student being dropped from the class by the instructor.

Absences
- Instructors may drop a student whose unexcused absences exceed the equivalent of one week of class of a regular full semester.
- It is recommended that an instructor drop a student whose unexcused absences exceed the equivalent of three weeks of class of a regular full semester.
- Instructors may grant excused absences at their discretion.

Lateness
- At the instructor’s discretion, late arrivals (tardy) may count as an unexcused absence for that class meeting.

Other
- Instructors may establish a more stringent attendance policy that must be stated on their syllabus.
- Instructors are under no obligation to make special arrangements for students who have missed class assignments due to unexcused absences.
- Students are responsible for notifying their instructors in advance of any planned absences and for completing all class assignments as required.
- Instructors have the discretion to excuse absences for illness, optional activities related to other classes, or personal emergencies.
- Absences due to the student representing the College in some official capacity or due to participation in a required field trip in another class will be excused upon presentation of verifying evidence by an authorized college official.
- Web or online courses are special category. As web courses come in a variety of modalities, instructors must publish their attendance policy in their syllabus on the course website. There must be a definition of what qualifies as attendance for the course in the published attendance policy.

Grade of Withdrawal
Regular Semester
After the midpoint of the instructional period, instructors may drop a student for excessive absences with a "W" grade (withdrawal). Students may drop a class until the deadline published in the appropriate academic calendar and in the Schedule of Classes. Students who prefer to be dropped with a "W" grade (withdrawal) rather than receiving the grade earned must, after the deadline of a student initiated withdrawal, request this from the instructor. The instructor has the discretion to grant or deny such requests. If a withdrawal is not granted, the student will receive the grade earned for the course. No student may drop a class during the last two weeks of a regular semester or the equivalent in non-traditionally scheduled courses.

Short Course
Withdrawals and drops in short or non-traditionally scheduled courses will be handled according to a timeline proportional to the regular semester timeline.

Absences after Student-Initiated Withdrawal Deadline
If an absence, which would otherwise result in a student being dropped, occurs after the deadline for student-initiated withdrawal, the instructor may either drop the student by indicating a "W" grade (withdrawal) on the grade roster or retain him/her on the class roster and award the grade warranted by the student’s performance. All drops must conform to the college policy. Written petitions for exception to procedures may be presented to the Registrar/Director for Admissions or designee for action.

Class Cancellation Due To Inclement Weather
Should CCC need to cancel classes due to inclement weather, the media will be so informed. Please listen to local radio and television stations for announcements. If the public schools cancel classes due to inclement weather, CCC classes held at those schools will not meet. If CCC cancels classes and NAU does not, CCC classes scheduled to meet at NAU will meet as scheduled. The cancellation of CCC classes will only affect those areas receiving the inclement weather and areas affected will be identified in the media announcements.

Class Orientation
(303.3)
At the beginning of each credit course, instructors will give each student a written course syllabus which includes attendance requirements, an assignment schedule, a formal evaluation plan, a semester calendar, grading criteria for the course, and other pertinent information.

Final Examinations
(303.4)
Final examinations or projects are scheduled for most courses and may not be taken early except under exceptional circumstances and with the instructor’s consent. Students should consult the course syllabus before making any plans that could conflict with finals.
Grades and Grade Appeals (303.5)

Letters | Grades | Grade Points/Credit Hour
---|---|---
A | Excellent | 4
B | Good | 3
C | Average | 2
D | Unsatisfactory | 1
F | Failure | 0
I | Incomplete | Not computed in GPA
W | Withdrawal | Not computed in GPA
Au | Audit (no credit) | Not computed in GPA
IP* | In Progress Grade | Not computed in GPA
NC | Non-Credit (no credit) | Not computed in GPA
S* | Satisfactory | Not computed in GPA
U* | Unsatisfactory | Not computed in GPA

* These grades are used for approved courses only.

To calculate your GPA:
1. Multiply the number of credit hours earned in each class by the points assigned to the letter grade
2. Add the points of all classes
3. Divide by the total number of credits

Example

<table>
<thead>
<tr>
<th>Course Number</th>
<th>Course Title</th>
<th>Grade</th>
<th>Credit</th>
<th>Grade Points/Letter</th>
<th>Total Grade Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>ENG 101</td>
<td>College Composition I</td>
<td>A</td>
<td>3</td>
<td>x 4</td>
<td>12</td>
</tr>
<tr>
<td>FRE 101</td>
<td>Beginning French I</td>
<td>B</td>
<td>4</td>
<td>x 3</td>
<td>12</td>
</tr>
<tr>
<td>Total</td>
<td></td>
<td></td>
<td>7 cr.</td>
<td></td>
<td>24</td>
</tr>
</tbody>
</table>

Your GPA = Grade Points/Credits = 24/7 = 3.4 GPA

Continuing Education Units (303.7)
Continuing Education Units (CEUs) may be awarded for participation in individual and professional development courses, workshops and seminars. One CEU typically represents ten contact hours of participation in an organized continuing education experience under responsible sponsorship, capable direction and qualified instruction as approved by the Vice President for Academic Affairs. CEUs provide students with a standard of measurement to quantify their education experience. CEUs also provide recognition of one’s efforts to broaden his or her knowledge, skills and experiences by establishing a permanent record of educational history.

Incomplete Grades (303.5.3/303.5.4)
A grade of "I" may be requested by a student only at the end of a semester in which the student has done the following:
- Averaged a grade of "C" or better in at least 80% of the work required for the course
- Presented a case documenting circumstances which prevent completion of the course requirements by the end of that semester
- Entered into the Contract for Incomplete Grade with the instructor

All contracts must be reviewed and approved by the Extension Site Coordinator, Department Chair, or appropriate Dean. It is the exclusive responsibility of the student receiving a grade of "I" to contact the instructor and complete the course. A Contract for Incomplete Grade will not extend beyond one regular semester following its approval. "I" grades issued during a summer session must be completed by the end of the following fall semester. All contracts must be reviewed and approved by the Extension Site Coordinator, Department Chair, or appropriate Dean. If the contract is not completed during the semester following the approval of the contract, the grade specified on the contract will be posted to the student's permanent record.

In-Progress Grade (303.5.5)
In cases where circumstances warrant, the instructor may assign an "IP" grade. An "IP" grade is not to be used in place of an "I" grade. The "IP" grade is used where it is known at the time of registration that class completion will require work in excess of a single semester or session. An "IP" Grade Contract, available at the registration office or from a faculty secretary, should be completed by the instructor and the student. The contract must have definite starting and ending times. The "IP" Contract must be approved in advance by the Extension Site Coordinator, Department Chair, or appropriate Dean. Once the contract is successfully completed, the "IP" grade will be changed to a letter grade assigned by the supervising faculty.

Satisfactory/Unsatisfactory Grades (303.5.6)
If a course description in the College Catalog indicates a course may be taken for an "S/U" grade, the student may elect the S/U option. A S/U Grade Contract, available at the registration office, must be completed, with the consent of the instructor, no later than the deadline to add classes as published in the appropriate Schedule of Classes. The deadline to add classes is also the deadline to change from an S/U to A-F or Audit status. Students electing the S/U option should be aware that:
- Once awarded, the "S" or "U" grade may not be changed to a letter grade.
- The "S" grade is equivalent to a grade of "C" or better; however, neither the "S" nor the "U" grade is calculated in the grade point average.
- The "S" grade may carry credit toward graduation or toward meeting professional requirements.
• The "S" grade shows on the transcripts as credit hours earned for the semester and will be used toward meeting the credit hours required of a full-time student and toward determining Financial Aid eligibility. Refer to CCC policy (303.13.8) as stated in this catalog.
• The "U" grade shows on the transcript but not as credits earned for the semester; therefore, the "U" grade does not count toward meeting the hours required of a full-time student or toward determining Financial Aid eligibility.
• Courses taken for S/U credit for which a grade of "S" is earned will satisfy prerequisites.

Grade Appeals and Other Course Requirement Decisions (303.6)
Students may appeal a grade or other decision pertinent to completion of course requirements through administrative procedures. These procedures will be determined by the College President after consultation with faculty and administrators.

Students may appeal a grade or other decision affecting completion of course requirements as follows:
• Students must represent themselves in the appeal process, i.e. third parties will not be permitted to represent students
• Potential intervention by third parties or examination of educational records is subject to the Family Educational Rights and Privacy Act of 1974 as amended. Questions or clarification regarding educational records should be directed to Admissions, Records and Registration.
• Students must first appeal through informal procedures as noted in the Student Handbook before initiating formal procedures. Formal procedures may be initiated only for final course grades. Refer to CCC policy (308.6.4.C) as stated in this catalog.

Timelines for Appeal (303.6.3)
Students who fail to initiate an appeal within the timelines defined below forfeit their right to appeal:
• Non-final grades and other decisions within twenty business days from the date the grade was assigned or other decision made, or twenty business days from the date the student learned of the assigned grade or decision.
• Final course grades within four months following course completion.

Methods for Appeal (303.6.4)
Appeal customarily begins (and often ends) with a discussion between the student and the instructor, leading to a mutually satisfactory understanding. If such understanding is not reached, the student may then appeal to the responsible Extension Site Coordinator, Department Chair or appropriate Dean. The responsible Extension Site Coordinator, Department Chair, or appropriate dean will meet with the student and the instructor and make a reasonable attempt to mediate a mutually satisfactory understanding.

If such understanding is not reached, the student may then contact the Registrar's office within 20 business days and begin the formal process for appeal to the Student Academic Appeals Committee.

The Registrar will be responsible to contact the members of the Student Academic Appeals Committee and set up a hearing.

The membership of the Student Academic Appeals Committee will consist of 3 students, 3 faculty and 3 non-academic college staff, including the Registrar. Their goal will be to determine the most appropriate action to be taken when students appeal a grade. In order to best accomplish this, the committee will adhere to the following guidelines:
• No member of the Student Academic Appeals Committee who has a personal interest in the particular case will be permitted to sit in judgment during the proceedings.
• The Student Academic Appeals Committee shall allow an initial presentation by the student and then by the instructor involved (if necessary), after which it may call such other witnesses, as it deems necessary.
• The student and instructor will be given every reasonable opportunity to present their case.
• Both the student and the instructor shall have the right to be present during the presentation of any testimony before the Student Academic Appeals Committee.
• Student Academic Appeals Committee hearings shall be closed to all but the parties involved.
• The burden of proof shall be on the student.
• The Student Academic Appeals Committee's final decision in any particular case must be based solely upon testimony and other evidence given to the Student Academic Appeals Committee in that case.

Student Responsibility (303.6.5)
The Student can obtain a Grade Appeal Form from the Registrar's office for the purpose of the hearing, the student must provide written information regarding:
• The nature of the appeal, specifying the grade, relevant conditions about the issue, and any descriptive evidence of major significance.
• The reasons for the appeal, including any evidence which supports the student's belief that the grade was unfairly or incorrectly assigned, unsubstantiated by evidence, inaccurate, or otherwise unreasonable.
• A solution acceptable to the student.
• A completed Grade Appeal Form, attached to the documentation.

The Registrar will inform the student of the hearing with reasonable notice.

After the hearing, the Student Academic Appeals Committee will render a recommendation to the Vice
President of Academic Affairs, which may confirm or alter the final course grade. The Vice President of Academic Affairs will render a decision based upon the recommendation of the Student Academic Appeals Committee. That decision is considered final and will be communicated to the student in writing via certified mail within five days of the decision. The Registrar and the instructor will receive a copy of the letter as will the Student Academic Appeals Committee. All pertinent documentation shall become part of the student’s permanent file.

Graduation Procedures (303.13)

Application for Graduation (303.13.1)
Students who believe they will be eligible to graduate with a CCC degree or certificate at the close of Fall semester must consult their Academic advisor and submit an application for graduation no later than the first Monday of October. Summer and spring semester applications for graduation must be completed no later than the first Monday of March. A choice of catalog must be declared at the time of application, refer to Catalog Choice Procedures (501.5) in this catalog. All required documents, including official transcripts, must be submitted to the Admissions, Records and Registration Office by the stated deadline for each session. A nonrefundable fee for each degree is required to initiate a graduation check. The graduation application initiates the graduation check procedure, completed by the Admissions, Records and Registration Office, to ensure that all requirements are met by the graduation semester.

Commencement Ceremonies (303.13.2)
Procedures for participation in commencement ceremonies will be announced the semester prior to the ceremony. Spring commencement will include students who have been awarded degrees the prior summer and fall semesters and candidates for spring degrees.
Students requiring 6 or fewer credits to be eligible for graduation and will complete those credits during the summer session following the annual commencement ceremony may apply for graduation and participate in the commencement ceremony. Upon final degree clearance, an official College diploma or certificate will be issued either by mail or the student may pick up their degree or certificate at the registration office. Refer to the Application for Graduation.

Courses Numbered Below 100 (303.13.3)
Only students graduating with an Associate of General Studies Degree may count courses numbered below 100 toward graduation. A maximum of 12 credits may be completed in courses numbered below 100.

Graduation Requirements (303.13.4)
The requirements to earn each CCC degree and certificate are detailed in the Degrees and Certificates section of this catalog. Requirements are also summarized below. Degree and certificate-seeking students are advised to work closely with their academic advisor to ensure that they are making appropriate progress toward fulfilling graduation requirements.

Minimum CCC Hours (303.13.5)
To graduate from CCC, a student must complete a minimum number of credit hours at CCC with a "C" or better.
- To earn an Associate of Arts, Associate of Business, Associate of Science, Associate of Applied Science, or Associate of General Studies degree the student must successfully complete at least 15 credit hours of CCC coursework applicable to the degree.
- To earn a certificate, the student must successfully complete at least one-third of the required credit hours in CCC coursework applicable to the certificate. Refer to Transfer Procedure (501.7.2) in this catalog.

Minimum Grade Point Average (303.13.6)
No student may graduate with a cumulative CCC grade point average of less than 2.00. Students completing a transfer degree (Associate of Arts, Associate of Business, or Associate of Science degree) must complete all courses with a grade of "C" or better.

S/U Grades (303.13.7)
A maximum of 12 credits may be completed with a grade of "S" in applicable associate degree programs. No more than 3 credit hours of "S" may count for the certificate if the program allows. Refer to Grading Procedures (303.5.6) in this catalog.

Special Topics Courses: 298 (303.13.8)
A limited number of credits earned in Special Topics (298) courses may count toward meeting graduation requirements, depending on the degree. Students should consult with their academic advisor prior to arranging for Special Topics courses. Refer to Special Topics (303.10) in this catalog.

Waiver or Substitution of Program Requirements (303.13.9)
Students may request a substitution of graduation course requirements. Program substitution requests will be evaluated on a case-by-case basis as recommended by the academic advisor or other College officials, and approved by the appropriate Division Dean for the Flagstaff Campus or Campus Dean for the Page Campus.

Graduation with Honors (303.13.10)
Students graduating with a degree who complete at
least 30 credits at CCC, and whose grades qualify will be
granted the following designations:
- Cum Laude 3.40 to 3.69 Cumulative CCC GPA
- Magna Cum Laude 3.70 to 3.89 Cumulative CCC GPA
- Summa Cum Laude 3.90 to 4.00 Cumulative CCC GPA

Students graduating with a certificate who complete at least 15 credits at CCC, and whose grades qualify will be
granted the following designations:
- Honors 3.50 to 3.89 Cumulative GPA
- High Honors 3.90 to 4.00 Cumulative GPA

These designations will be shown on the student’s diploma and on official transcripts.

Scholastic Honors (303.13.11)
Students who complete at least 6 credits during a
semester and whose grades qualify will be granted the
following designations:
- Vice Presidents’ List 6 or more credits per semester
  3.50 to 3.99 Semester GPA
- President’s List 6 or more credits per semester 4.00
  Semester GPA

Placement and
Prerequisites (501.4)

Belief and Purpose (501.4.1)
Coconino Community College believes academic
achievement is directly related to the course placement
students receive prior to their enrollment. We are
committed to providing our students with opportunities
for a successful academic experience.
The purpose of the course placement policy is to
enhance student success by requiring placement in
English, mathematics, Spanish and reading. Placement is
designed to help students determine their current skills
and knowledge levels, and to direct them to the
appropriate classes.

Requirements (501.4.2)
Students will be required to complete placement
assessments under the following conditions:
- The student is taking his/her first college credit English
  or Mathematics Course, with the exception of MAT 055.
- English and Mathematics placement testing and the
  reading assessment should be completed prior to the
  first semester of enrollment. The English, Mathematics,
  and Reading requirements should be pursued in each
  subsequent semester until those requirements are
  fulfilled. See Graduation Procedures for more
  information.
- The student is degree seeking and does not have
  previous college credit in English, Reading, or
  Mathematics. (Degree-seeking students will not be
  allowed to enroll in classes after completion of 18
  hours if they have not taken appropriate placement
  tests and completed the reading assessment.)
- Transfer students who completed prerequisite courses
  more than five years prior to the semester in which
  prerequisite proof is required must take CCC
  Mathematics and English placement tests.

Exemptions (501.4.3)
Students may be exempt from the placement test if at
least one of the following conditions applies:
- The student has already earned at least an Associate's
degree
- The student has earned transferable college credits in
  English, mathematics, and/or reading, with a grade of
  “C” or better within the five years previous to date of
  enrollment
- The student has earned transferable college credits in
  Spanish with a grade of “C” or better within the 2
  years previous to the date of enrollment
- The student has a record of previous placement
  assessment at CCC
- The student has provided SAT or ACT scores

Course Placement (501.4.4)
A student’s score on a CCC’s placement test, the SAT, or
ACT, determines his/her placement in a specific course.
This placement should be discussed with an advisor
who is skilled in assessing the student’s need in the
context of factors that affect student success.

CCC course placement in mathematics and English
based on ACT or SAT scores:

<table>

</tr>
</tbody>
</table>

Appeal (501.4.5)
If a student wishes to appeal class placement, the
student must follow the procedures established by the
academic department.

Implementation of Policy (501.4.6)
To ensure consistency of student placement within the
Coconino Community College District in the
implementation of this policy, the following will apply:
- All sites shall use the same assessment instruments or
  their equivalents
- All sites shall adhere to the same cut-off scores
- Placement scores will be valid for two years from the
date of the original assessment
• The student will be permitted no more than one re-test per discipline each semester
• Copies of placement test results will be kept on file in the Registrar’s Office

Proficiency Tests (501.4.7)
Proficiency Tests are designed to help students determine their preparedness for taking specific courses. Check the Schedule of Classes or the Testing Services web site at www.cocco.cc.az.us/~lec/testing/default.htm for test dates and times.

1. Business English
All students who wish to enroll in the BUS 204 (Business Communications) course must have completed ENG 101 (College Composition I) and either BUS 111 (Business English) or satisfy appropriate placement on the Business English Proficiency Test. This test is an option for students who do not wish to take BUS 111.

2. Emergency Medical Services
The Department of Health Services requires the following prior to registration for EMS 131:
• 18 years of age or older (picture ID required)
• Current “Health Care Provider” CPR Certification
• Passing score on the CCC administered reading placement test for EMS
• Evidence of MMR vaccination
• TB test within six months of the start of class
Students taking courses at the Page campus and performing clinicals at the Page hospital will also require to provide the following:
• Current Hepatitis-B vaccination
• Proof of current health insurance

Course Prerequisites
Prerequisites are listed below in the Schedule of Classes, as well as in the Course Descriptions in this catalog. A prerequisite may be an appropriate placement test score, a class or classes that precede the class in question; skills; or consent of instructor. A course taken to satisfy a prerequisite must be completed with a grade of "C" or better. A student will not be allowed to enroll in a course that requires a prerequisite unless he/she has presented evidence of having satisfied that prerequisite. Evidence includes CCC mathematics or English placement test scores, appropriate ACT/SAT scores, a copy of transcripts or a grade report showing completion of an appropriate prerequisite course, or consent of instructor. Students seeking to prove prerequisites with evidence such as transcripts, grade reports, or score reports, must submit their evidence in person or with their mail-in registration. An audited course will not satisfy the prerequisite for a course in which the student wants a letter grade. The College reserves the right to require official transcripts or other documents if the evidence presented by the student does not clearly prove that course prerequisites have been met. Students who completed prerequisite classes or tests more than five years prior to the semester in which prerequisite proof is required must take CCC mathematics and English placement tests.

Repeating Courses (303.9)
Credit bearing courses at CCC will only be counted once toward fulfilling the credit requirements for any degree or certificate unless allowed in the degree or certificate requirements.

Students may repeat up to four times:
• Courses for credit in the case of music and dance performance, art studio, physical health and wellness, creative writing, and foundation courses needed to raise skill levels necessary for success in college-level work

Students may repeat a course as necessary:
• in order to acquire certification
• in order to update knowledge and/or skills due to periodic content changes (e.g. Tax Preparation)
• for retraining in or upgrading of job-related skills

Students may repeat, but not receive duplicate credit for:
• a course one time in order to improve a grade of C or better
• a course two times for which the previous grade(s) received was "E," "D," or "U"

Only the higher grade(s) will be used in computing the grade point average. All grades will be posted on the permanent record and transcript.

A student may be allowed to repeat a course beyond the limit with recommendation from the appropriate Extension Site Coordinator, Department Chair, or appropriate Dean, and approval of the Vice President of Academic Affairs.

Repeating In Violation of Policy
A student found to be repeating a course in violation of this policy will have registration for the course canceled, without refund of tuition and fees. Such cancellation may occur at the time of registration or whenever a college official becomes aware of the violation. Refer to Repeating Courses Procedures (303.9) in this catalog.

Second Degree Policy
The student must meet the requirements of that degree as outlined in the current Catalog at the time the second degree is declared.
1. The student must complete a minimum of 15 credit hours beyond those earned in the previously awarded degree of which at least one-third must be completed at CCC.
2. All other graduation requirements must be met as outlined in the graduation procedures (303.13).
Special Topics Courses: 298 (303.10)

Basic Guidelines (303.10.1)
Special Topics courses are intended to:
- Allow students opportunities for academic learning beyond what the College provides in its regular curriculum.
- Allow students to design a special academic course to meet a special need that the College does not otherwise meet. Usually this study will be more advanced or specialized than the regular 2-year college curriculum, and can be taken only after a student has completed the introductory courses in the discipline of interest.

Special Topics courses are not intended for: (303.10.2)
- Transfer to a university, 4-year, or 2-year college, although they "may" be accepted elsewhere.
- Credit for prior experience or learning.
- Developmental studies or non-college credit activities.
- Cooperative job placements, work study, internships or similar activities if the course activity is part of routine job responsibilities and the work is not directly supervised by a faculty member.
- Individualized study of a course in the college catalog. Special Topics courses are studies outside our catalog offering. (Independent Study allows students in special cases to take a course from our college catalog individually.)

Rules/Limits/Deadlines (303.10.3)
- A student may register for up to six credit hours of Special Topics courses each semester or summer session.
- A limited number of credits earned in Special Topics courses may count toward meeting graduation requirements. See Graduation Procedures for more information.

Enrolling in a Special Topics Course (303.10.4)
To enroll in a Special Topics course, the student must:
- Decide on a Special Topic.
- See an advisor.
- Complete a proposal for Special Topics courses. See Student Proposal Guidelines for more information.
- Identify a faculty member who has knowledge/expertise in the area to be studied. The student must complete the contract form and send it with the faculty signature, along with the proposal, to the Division Chair or appropriate Dean for approval.

Student Proposal Guidelines (303.10.5)
The proposal provided to faculty members should include a detailed description of the project and the following information:
- Area of subject the student intends to study.
- Method of study the student proposes to use.
- Explanation of why the student is interested in proposing this course.
- Description of the course objectives (e.g. What does the student hope to learn by taking this course?)
- Timeline for the completion of the course.

Student Rights and Responsibilities (503.1)
To obtain a full text copy of the Student Code of Conduct, contact the Vice President for Student Affairs or go to the College's web site at www.coconino.edu.

All students at Coconino Community College are considered to be responsible adults. Therefore, they are accountable for their own personal behavior. The College expects all students to obey local, state, and federal laws and conform to the College's standards of conduct.

Students enrolled at Coconino Community College are responsible for abiding by the laws governing the College and are expected to observe standards of conduct set by the College. The College receives its authority to set conduct standards under the policies of the State Board of Directors for Community Colleges of Arizona. These policies, in turn, are guided by laws enacted by the Arizona State Legislature.

Administrative procedures relating to student conduct, disciplinary action, and involuntary withdrawal will be determined by the President in consultation with appropriate administrative staff, faculty and students. Procedures will be followed to ensure due process should a student violate a college rule or regulation not directly involving academic performance and achievement. The College President is expressly authorized to enforce the rules set forth under the "Student Code of Conduct."

Assuming Self-Responsibility (503.1.1)
Self-responsibility entails respect for student rights, eliminating blame, acknowledging mistakes, working toward constructive change, and challenging injustice and unethical acts of others. As a member of the campus community, students are expected to be responsible for themselves, to assist others in accepting their responsibilities, and to help make the college community a better place.
Academic Standards and Procedures

Statement of Commitment to Students (503.1.2)
Coconino Community College provides personalized and accessible opportunities in higher education by offering transfer, career and technical programs, and community interest courses.

Student Code of Conduct (503.1.3)
Coconino Community College offers its students the opportunity to learn in an environment where individual rights are respected. As in any group situation, respect for individual rights is best achieved when each group member acts in ways that are reasonable and responsible. Conduct is expected to be consistent with the learning environment and is subject to standards set by the College.

The Student Code of Conduct is designed for the promotion and protection of such an environment at the College and to balance the rights and needs of the individual with the responsibility of the individual to the college community.

Listed below are the behaviors that may lead to college disciplinary actions or possible dismissal:
• Conviction of a crime or continued misconduct of any type that is an infraction of the established laws of the city, county, state or nation.
• Possession, use, solicitation, or distribution of intoxicating liquors, narcotics, controlled substances or illegal drugs on college-owned or controlled property.
• Theft or conversion of college-owned or personal property, possession of stolen property, or unauthorized entry into college-owned or controlled property.
• Malicious destruction of college or personal property.
• Endangering or threatening the life or physical safety of others or self, including detention or physical abuse of any person.
• Failure to meet financial obligations to the College.
• Falsification, misuse, or forgery of college records or documents including the Student ID card.
• Knowingly furnishing false or incomplete information to the College or to a college representative or official in response to an authorized request, including a legitimate request by an identified college official, that a person identify him/herself.
• Possession or use of firearms, explosives, dangerous chemicals, or other dangerous weapons or instruments on college-owned or controlled property except as expressly authorized by the law or by institutional regulation.
• Behavior that interferes with the orderly functioning of the College, interferes with an individual’s pursuit of an education, or disrupts the learning environment on college-owned or controlled property or during an authorized college class, field trip, seminar, or other meeting, or college-related activity on or off college property.
