Dropping classes: CCC must report any changes in enrollment to the VA. This has an impact on your benefits. Please contact the Veterans Center before you drop a class. If you have an extenuating reason to drop a class, we need to report that to the VA. Otherwise, they may require you to return all the money that was received for that class from the first day of school.

Monthly Certification: Chapter 30 and chapter 1606 students must verify their enrollment monthly by **Web Automated Verification of Enrollment (WAVE)** or by **Interactive Voice Response (IVR)**. The preferred method is WAVE, which includes features not in IVR. **WAVE** allows students to verify their enrollment on the Internet. [WAVE](#) is the Education Service web site.

Students can verify their enrollment on or after the last calendar day of each month. You must have a current or active benefit award. Active records are those with activity in the last 12 months. Benefits are paid in the arrears. Your benefit check is for the previous month of enrollment.

The [WAVE](#) system permits students to perform a multitude of functions. For instance, students may:

- Verify that their enrollment has not changed
- Report a change in their enrollment
- Change their mailing address
- Initiate or change their direct deposit information
- View their enrollment period and monthly benefit amount
- View their remaining entitlement
- Sign up for a monthly e-mail reminder

IVR allows students to “phone in” (**1-877-823-2378**) their monthly verification if there are no changes to the enrollment during the previous month. If there were, changes in the enrollment the student must use the WAVE system or speak with an Education Case Manager at 1-888-442-4551. The monthly verification of enrollment procedure has not been adopted for chapters 31 and 35.

Tutorial Assistance: This is for students who are using educational benefits and need tutoring during the semester. Students can receive additional VA assistance to defer the expenses incurred for tutoring services. To utilize this, the student must obtain a letter from the instructor indicating the exact tutoring needed, select a tutor and submit the VA Tutorial Assistance form, 22-1990t, to the Veteran Services Office, Coconino Community College, at the Lone Tree campus. The amount paid is at the rate of the monthly tutoring cost not to exceed \$100.00 per calendar month. The maximum amount payable is \$1200.00 with the first \$600 coming from the VA and the last \$600 being deducted from the student's remaining entitlement. Dependent students, Chapter 35, receive up to \$1200 without entitlement being charged.

Tuition Postponement

Per Title 38 United States Code Section 3679(e), CCC will not impose any penalty, including assessment of late fees, the denial of access to classes, libraries, or other institutional facilities, or the requirement that a covered individual borrow additional funds, because of the individual's inability to meet the financial obligations to the institution due to the delayed disbursement of eligible funds from VA under

Chapter 31 or 33. A covered individual is any individual who is entitled to educational assistance under Chapter 31, Vocational Readiness and Employment, or Chapter 33, Post-9/11 GI Bill® benefits. Covered individuals must have a Certificate of Eligibility on file and have requested to use entitlement by submitting a Request for Certification of Education Benefits form.

Individuals utilizing benefits under **Chapter 30 Montgomery GI Bill®** or **Chapter 35 Survivor's and Dependent's Educational Assistance** program benefits, must also have a Certificate of Eligibility on file and have requested to use entitlement by submitting a Request for Certification of Education Benefits form. In addition, a [CCC Veteran Promissory Note](#) must be submitted.

Individuals utilizing **Chapter 1606 Montgomery GI Bill® Select Reserve**, must provide a DD2384 Notice of Basic Eligibility, complete the Request for Certification of Education Benefits form, and the Veteran Promissory Note.

Those using **Military Tuition Assistance Program**, active duty from any military branch, National Guard and Reserve Component service members, must have an approved education plan in place with their specific service branch. They will also need to complete the Request for Certification of Education Benefits form and the Veteran Promissory Note.

Veterans Satisfactory Academic Progress Policy

This [Satisfactory Academic Progress Policy](#) applies to all Veteran students. The terms "Veterans" and "Veteran students" refers to students eligible for and receiving VA Education Benefits.

- Grades are published at the end of each semester.
- Students are placed on academic probation when their cumulative grade point average is less than 2.00. Veterans on academic probation maintain eligibility for Veteran benefits.
- Students on academic probation have two regular (fall and spring) semesters to raise their cumulative grade point average to 2.00, or they will be placed on academic suspension.
- Veterans on suspension are not eligible for Veteran educational benefits.
- Students on academic probation or suspension must meet with an academic advisor.
- Students may appeal academic probation or suspension, by submitting a letter to the Office of Registration and Enrollment.

Military Activation

To assist students attending Coconino Community College (CCC) who are members of the Reserve or National Guard (both US citizens and foreign nationals) when called for military active duty students can complete the [Military Activation Form](#) (MAF). The student would contact the School Certifying Official (SCO) in the Veteran Services Office, indicating activation for military duty and provide a copy of their Military Duty Activation orders. The student would then complete the MAF and choose from one of the options based on the point in the semester the student is called to military active duty.

- Remain Enrolled in Courses:
Students who wish to remain in their courses while activated may contact their instructors prior to departure to see if it is possible to complete the course requirements remotely. It is at the

instructor's discretion to approve the student remaining in the course. It is the student's responsibility to complete the course during the normal timeframe of the course if an agreement is made with the instructor. A written agreement between the instructor and student must be provided to the Veterans Services Office to be placed in the student's file.

- Administrative Incomplete:

Each instructor will submit a Student Incomplete Contract to the Registrar. The Registrar will administratively assign a grade of Incomplete to the transcript for each course. Appropriate documentation will be placed in the student's educational record. Requesting a grade of "I" (Incomplete) must adhere to the rules of Procedure 303-05 Grading.

- Administrative Drop with Refund:

Completion of the MAF will initiate the refund request, and the student will not be required to complete the Refund Request Form through Student Accounts. Student will receive a 100% refund of all tuition and fees. This refund will be applied toward the original payer of the tuition and fees, which may include Federal Financial Aid, Department of Veterans Affairs, or the student. Federal Financial Aid will be adjusted or refunded in accordance with existing College and Federal policies. Requesting an administrative withdrawal must adhere to the rules of Procedure 501-11 Student Withdrawal. The College will work with the student to re-enroll in courses upon return from Military Active Duty without penalty.

Reservists who are fulfilling their annual two-week active duty drill training do not complete a MAF and are not covered by the above procedure. Reservists are encouraged to schedule their drill time during periods when classes are not in session. When this is not possible, and the student's drill time lands within the semester, the instructor and student are encouraged to work together to meet the requirements of the course during the student's absence. Students may not be penalized for military responsibilities, including drill training if they satisfy all work required for the class as agreed upon by the student and the instructor.

In some instances, reservists may be called to duty or scheduled for drill training during finals week. If this occurs, the student should work with the instructor to adjust their finals schedule prior to the deployment without the use of a MAF.
