## **NexCopy Software Installation**

Pre-requisites:

- Can ONLY be installed on a Windows 7/10 computer
- Must have administrative rights to install software (contact the Service Desk for additional assistance, if needed)
- Only needs to be installed on the computer that is creating and securing the USB drive (typically the Title IX Coordinator)
- In your Internet Browser, go to the following page to download the NexCopy software needed to CREATE the secure USB drive from your Windows machine: <u>https://www.nexcopy.com/downloads/copysecurecurrent.zip</u>
- 2. Find the **copysecurecurent.zip** file that you downloaded from the previous step. Right click it and click on "Extract All...". Follow the Wizard steps to extract the contents to a location of your choice.

There will be 2 items extracted: The instruction manual – Copy\_Secure\_Wizard\_Manual.pdf The software setup file – InstallCS1.3.35.exe

3. Double-click the setup file "InstallCS1.3.35"
