Information Resources and Library Services Workshop Exercise

For extra credit, complete this worksheet and have it signed by an LEC employee.

Research Databases

Student Name _________________________________________________________
Date __________________

1. What types of materials are found in research databases?

2. How can you access the CCC Online Databases from off-campus?

3. What information should you record for creating a bibliography or works cited list?

4. Starting with keywords is a good approach. What can you do with an advanced search?

5. Where can you find the specific subject terms used by a database?
