Schedule Your Exam

1. AFTER you have purchased your NLN Assessment, go to **Proctor360** to schedule your online exam session. DO THIS AS EARLY AS POSSIBLE to increase the likelihood of a convenient date/time slot. You will need to schedule **AT LEAST 48 HOURS IN ADVANCE of your desired testing time**.

2. Click the blue “Register” button next to the name of the assessment you purchased.

3. On the page that loads, you will need to register as a student/test candidate on Proctor360’s platform if this is the first time you have used Proctor360. You **MUST** use the same email address that you used to purchase your assessment from NLN.

If you are a new user, click the box below the login button that says, "Don't have an account?". If you are a returning Proctor360 user, please log in to your account.

4. Choose from the available dates and times to schedule* your session.

5. Once you have scheduled your exam session, Proctor360 will send you an email with instructions to complete a System Inspection prior to your actual exam date. This process **MUST** be completed prior to your scheduled exam time to ensure that your computer and internet access are sufficient to take the exam online. Please note, **you will need either a laptop OR an external webcam** to complete the environment check while testing.

6. When your System Inspection is complete, you will receive another email from Proctor360 confirming that you have completed the process, and a link will be provided to check into your session on the day of your exam. If you do not receive this email within an hour after completing the System Inspection, please contact Proctor360’s Support Staff for assistance.
