2. DISCUSSION/INFORMATION ITEMS

A. Redistricting – Mr. Steve Peru

Mr. Steve Peru presented the proposed redistricting options for Coconino County to the Board. The County is expected to hear public comments and adopt the redistricting on April 12, 2022. The goal of redistricting is to equalize the population in each district. The Board asked questions about the proposed redistricting:

- If there are differences between these districts and legislative districts.
- What would happen to people who were elected under the current districts? For example, could incumbents be redistricted out of their positions?

Mr. Peru reviewed Coconino County’s redistricting website and YouTube site to reiterate some of the points from the presentation and answered additional questions, including the following:

- When the redistricting would apply at the Statewide and County levels.
- How congressional districts interact with this process.
- How the districts are made up and the parameters for making up a district.
- How the parameters for developing a district are developed.
- What the considerations are when there are significant changes in geographical areas.
- If there was any indication of which scenario would be approved.

Dr. Smith thanked Mr. Peru for his wonderful partnership with the College and for the many ways he has helped with legislative efforts. The Board also thanked Mr. Peru for the presentation.
