Sponsor: Academic and Student Affairs

Policy

Coconino Community College (CCC) provides high quality instruction through online learning courses for its students. CCC ensures that all online learning courses comply with the Higher Learning Commission and State of Arizona guidelines.

Online learning at CCC is a formal education process where instruction and interaction occur via electronic means, with the faculty and students physically separated from each other. These courses provide curriculum, learning experiences, and outcomes that are equivalent to in-person instruction, actively engage students, and prepare them to meet learning outcomes.

The President of the College or designee, in conjunction with input from the faculty, will establish procedures and departmental guidelines for the development and implementation of high-quality online learning courses.
