

Procedure 311-02 Human Participants
Sponsor: Academic and Student Affairs

Purpose

The College uses ethical guidelines and professional standards to protect research participants.

Definitions

None

Procedure

Research involving students will relate to the College's mission.

Research participants are informed of their right to refusal, degree of confidentiality ensured, and the final use of the material collected. The researcher will collect signed consent forms from participants.

The College ensures that everyone involved in the research process maintains the confidentiality of research participants.
