## Never Thought You Could Do Comedy?

*Monday, June 10, 2019 | 6-7PM*

CCC Fourth Street Innovation Center | Rm. B34

Think again. Joe Maniglia is a local actor, teacher, and chaplain. But before moving to Flagstaff, Joe was a member of the Second City Conservatory in Chicago where he learned about improvisational acting. Now what does improv have to do with me, you may ask? Well improv teaches you the skills to handle:

- \*Business Meetings
- \*New directions at work
- \*Dealing with aging and/or ailing parents and loved ones
- \*Enjoying life

Interested? Then come on down for an evening of laughter, surprises and endless possibilities as Joe presents the improvisational keys to life (and possibly the secret to the universe).
