Summer 2012
January 10, 2017

A. Identification:

1. Subject Area: Military Science (MSC)
2. Course Number: 230
3. Course Title: Leadership Lab II
4. Credit hrs: 1
5. Course Description: Studies military leadership through practical application and challenging outdoor activities. Includes training in troop leading organizational procedures, how to prepare operation orders, how to perform basic tactical exercises, and how to prepare and give classes in an outdoor environment in preparation for the Advanced Army ROTC Program and commissioning as an officer in the United States Army, Arizona National Guard, or United States Army Reserves. Co-requisites: MSC 201 and MSC 250 or Department Consent. Two lab.

B. Course Goals: To provide students knowledge and practice of small unit leadership and tactics that will prepare them for the Advanced Army ROTC Program and commissioning as an officer in the United States Army, Arizona National Guard, or United States Army Reserves.

C. Course Outcomes:

Upon successful completion of this course, student will:

1. identify components of small unit leadership;
2. apply small unit tactics;
3. demonstrate basic first aid;
4. apply knowledge and skill in land navigation and wilderness survival of land navigation;
5. communicate with Army radios and radio terminology;
6. wear a uniform; perform advanced facing movements and march;
7. and write operations orders.

D. Assessment: NAU conducts assessment for all MS (NAU) and MSC curriculum.

E. Course Content will include:

1. small unit leadership;
2. small unit tactics;
3. first aid;
4. land navigation;
5. army communication systems and terminology;
6. wear and appearance of the uniform;
7. troop leading procedures;
8. operation orders;
9. perform facing movements;
10. and marching.
